Extension Order Puts Blue Eagle On Limited Basis

James L. O'Neill Named By The
President As New Admin-
istrator Of NRA Law

TWO OTHERS CHOSEN FOR DIVISION JOBS

Leon C. Marshall To Gather Data On
Business And Industry; Prentiss L.
Cooney To Head Section Charged
With Helping Business Set Up Own
Codes.

Washington, June 16—President
Roosevelt built a new NRA tonight on
the ruins of what was left of the or-
ganization outlawed by the Supreme
Court.

He issued an executive order that
will continue the framework of the re-
covery agency until April 1, 1936, and
named three men to guide it.

The new NRA administrator will be
James L. O'Neill, vice-president of the
Guaranty Trust Company, New York,
who has been control officer of the
agency.

To gather data on business and in-
dustry, Mr. Roosevelt created the Di-
vision of Review. At its head he placed
Leon C. Marshall, a member of the
seven-man NRA board that went out
of existence today.

The president also made provisions
for business firms that desire to main-
tain voluntary codes by creating a
Division of Business Co-operation. To
head that he named Prentiss L. Cooney,
a code administration director.

Berry Assistant

George L. Berry was named assist-
ant to the administrator to represent
labor, and an NRA advisory council
consisting of the following was ap-
pointed:

Charles Edison, son of the late in-
ventor, Howell Cheney, Phillip Murray,
Emily Newell Blair; William Green,
president of the American Federa-
tion of Labor and Walton Hamilton.

Mr. Roosevelt said the reduction of
NRA personnel—now at 5,400—would
be made gradually. He hinted that some
time there might be legislation sent
to Congress to bulwark the present
stop-gap arrangement when he said:

"So long as there is possibility of
further legislation, it will be desirable
to maintain the general structure of
the Recovery Administration in Wash-
ington and in field offices, and to re-
tain those essential members of a trained
personnel who can be usefully em-
ployed. There will be lasting values in
a careful appraisal of the two-year ac-
complishment of NRA and in pre-
serving for permanent use the records
of that experience.

"A steady, but gradual reduction of
personnel is, therefore, a sound public
policy which will avoid imposing un-
due hardships on faithful public em-
ployees who can continue to render a
service of exceptional value to the
government.

"It will be necessary, of course, to
retain a sufficient field force to report
on the effects of code abolition. This
will include information covering the
changes in labor and fair practice
standards."

ISABELL WALKER HAS RETURNED HOME

Isabell Walker, who has been in the
hospital in Gastonia for more than 12
months, has returned home. It will be
remembered that Isabell was the lit-
tle girl who was discovered suffering
with a dreadful case of tuberculosis of
the bone. The case attracted consider-
able attention, as publicity of a dis-
criminatory nature was carried in the
columns of one of the dailies. The
Rotary club got behind the case, and
with the help of the citizens of the
town and County she was sent first
to a hospital in Durham, and then
transferred to Gastonia. Her recovery
has been simply marvelous.

IN HOSPITAL

Mrs. Ruth McCollum O'Briant was
carried to Watis Hospital Friday. At
this writing she is resting comfortably
and it is thought that she will be able
to come home in a week or ten days.
During her absence from the Health
Department Miss Clara Gentry is ac-
ting Health Nurse.

TO NEW YORK

Mr. and Mrs. D. W. Long, Mr. and
Mrs. Bruce Clayton, and Dr. Robert
Long left Sunday morning for a week's
trip through the Valley of Virginia,
central Pennsylvania and New York
City. They also plan to stop at Atlan-
tic City, N. J., on the return trip.

Funeral Services Sunday Afternoon For Mr. C. G. Whitt

63-Year-Old Resident Of Olive Branch Community Dies Following Illness

Mr. Charles Green Whitt, 63, and
a resident of the Olive Branch church
community was buried Sunday after-
noon at four o'clock in the Olive Branch
Church cemetery following his death
Saturday at 8:00 P. M.

Mr. Whitt had been in declining
health for about a year, but his con-
dition became acutely worse just one
week prior to his passing. He is sur-
vived by his wife, Mrs. Sallie Dewberry
Whitt, five daughters, Mattie Larry
of Virgilina, Va., Mrs. Callie Clark
of Manson, N. C., Mrs. Rose Carmichael
of Clarksville, Va., Mollie Larry of
Virgilina, Va., and Mrs. Margula Mont-
gomery of Person County. His death,
which was attributed to heart trouble
and high blood pressure occurred at
the home of his daughter and son-in-
law, Mr. and Mrs. C. T. Montgomery.
One adopted son, Sammie Whitt, also
survives.

The funeral services were held from
the Olive Branch Church and were in
charge of its pastor, Rev. Joe B. Currin.

Rotarians And Kiwanians May Engage In Game

Rotarians Want Revenge For Defeat Of Last Week. Date Not Set Yet

Now that sore limbs are just about
well again and the taste of defeat
is beginning to get sour in the mouths
of the Rotarians, they want to play
another ball game. And the Kiwan-
ians, proud of their win last week, are
just as anxious to risk their laurels
in another encounter.

So, it may be that the two clubs will
engage in another affray on the high
school grounds next week, the date not
having been definitely set as yet. How-
ever, it is thought that they will play
on Tuesday, June 25.

Claud Hall says that his arm is in
fine shape to pitch against the Ki-
wanians, and, if he should not be able
to pitch, that Howard Strang will no
doubt be glad to handle the mound
position.

Somebody suggested that a hard ball
be used in the next game, but Otey
McBroom and Carton McGregor say
that the one that was used was hard
enough.

The Important Thing Is To Cor- rect Abuses. Not To Abol- ish A Useful Instrument

Washington, D. C., June 17—"I see no
more reason for abolishing the hold-
ing company merely because abuses
have crept into its operation than I
do for abolishing the automobile be-
cause of the disasters which come from
reckless drivers," Owen D. Young,
Democratic leader and Chairman of the
Board of the General Electric Com-
pany, stated in a letter which he wrote
to Senator B. K. Wheeler of Montana.

"The important thing is to restrain
and correct the abuses and not to
abolish a useful instrument," said
Young. "I am convinced that the
holding company is a very useful in-
strument through which to group uti-
lity operating companies which, by
their nature, must be local, into an ef-
ficient economic unit. In this way
the cost of power can be reduced, ser-
vice can be given to communities
which could not otherwise obtain it
and the safety of the investment can
be increased through the diversity fac-
tor over what it would be in any one
of the individual operating companies."

Mr. Young, in his letter, quoted testi-
mony he gave recently before a Sub-
Committee of the Senate in which he
stated that "there is a very real re-
ason for having holding companies.
There is a great advantage, not only
from the standpoint of connecting
different units with transmission, but
there is a great advantage on the
technical side in unifying those dif-
ferent operating companies; and there
is also on the financial side justifica-
tion for it through diversifying the
risk. You can only get diversity in
the public utility field through a hold-
ing company whereas in the manufac-
turing business you are able to get it
by one straight operating company."

Tri-County Health Proposal Gets Favor- able Action At Hands Of The Commissioners

The County Board of Commissioners,
in session here today, passed with fa-
vorable action the proposal to set up
a three county health organization,
consisting of Person, Orange, and Caswell
counties.

The cost to this county is an addi-
tional thousand dollars to the present
two thousand that is now being spent
annually in the interest of health here.

This is a forward step and the board
is to be congratulated upon taking this
action.

STATE OF NEBRASKA HAS A NICE TREASURY BALANCE

financial record for its fiscal year and
for the biennium today was written
in a reassuring black, while many other
states worried over debts.

State Treasurer George E. Hall said
the forthcoming report, as of June 30,
will show approximately a million and
a half dollars in the general fund, com-
pared with \$782,000 at the correspond-
ing date two years ago.

"The state is in better financial con-
dition today than it was two years ago,
notwithstanding the strenuous and dif-
ficult times it has gone through," Hall
said as he glanced at the records, un-
tarnished by red ink.

Mr. J. W. Allgood Suffers Slight Stroke This A. M.

Well Known Local Citizen Is
Stricken About 2:30 A. M.
Resting Comfortably

Mr. J. W. Allgood, superintendent of
Roxboro Cotton Mills, and one of our
most prominent and useful citizens, who
suffered a slight stroke of paralysis at
his home on Webb Street, is reported
to be resting comfortably at this writ-
ing. About 2:30 A. M. Mr. Allgood arose
from his bed and made his way to a
nearby bathroom. Mrs. Allgood heard
him fall and summoning her son,
James, went to investigate. They found
him fallen in the bath tub.

James carried his father back to the
bedroom and summoned a doctor. A
specialist was called in from Durham
and the two doctors worked over him,
draining a quart of blood from his
system. Though Mr. Allgood is resting
comfortably, it is thought that he will
be confined for some time.

gun work on an additional floor space

ment affected.

Roxboro and Person county since its
establishment here. It has given em-

Filing Time For HOLC Loans Will Expire June 27th

Attention Of Distressed Home
Owners Called To Filing
Deadline

Salisbury, N. C. June 15, 1935—The
attention of home owners in distress
who desire aid of the Home Owners'
Loan Corporation, was today called to
the fact that under the amendment of
the HOLC Act, recently passed by Con-
gress, the period for filing new ap-
plications will expire at midnight, June
27th, 1935. After that date, it was
stated by T. C. Abernethy, State Man-
ager of the Corporation here, no ap-
plications will be received from home
owners who are in distress and who
are eligible under the law for assis-
tance, and he urged that all those de-
siring assistance file their applications
at once.

Mr. Abernethy stated that regula-
tions, as to eligibility, remain virtually
unchanged, and those desiring com-
plete explanation of what cases are
eligible may receive it either by calling
at the State Office, Post Office Build-
ing, Salisbury, N. C., or one of the Dis-
trict Offices, or by writing for full
information. Office hours of the Cor-
poration, for the summer, became ef-
fective two or three weeks ago, and
are from 8:30 A. M. to 4:30 P. M.
Mr. Abernethy stated that these hours
have been changed, for the convenience
of the public, and application clerks
will be on hand in the State and Dis-
trict Offices until 5:30 and later every
afternoon until the time limit for
filing applications expires.

District Offices are located as follows:
Raleigh, Charlotte, Greensboro, Ashe-
ville and Greenville.

During Campaign Against In- fantile Paralysis Keep Chil- dren Away From Public Gatherings

Since the cases of Infantile Paralysis
have begun to increase, the State Board
of Health has been called upon to give
advice concerning travel in North Car-
olina and the advisability of attending
summer camps, etc., in the State. We
have advised that children under fif-
teen years of age avoid crowds regard-
less of whether Sunday Schools, church
es, theatres, summer camps, picnics,
parties, or neighborhood gatherings.
For this reason swimming pools should
also not be patronized by this group.

All health departments have received
the above instructions concerning In-
fantile Paralysis from the State Board
of Health Department, but our knowl-
edge of Infantile Paralysis leads us to
believe that there is a possibility of
there being a greater number of cases
during the months of June and July,
with probably the peak of incidence be-
ing reached in the first two weeks of
August. Therefore, we hope that the
parents in Roxboro and Person County
will co-operate with us in keeping their
children from public places.
