

LOOKING BACK TEN YEARS

The Following Items Were Picked At Random From The Courier This Week Ten Years Ago

Another Old Landmark Going: Judge J. C. Pass, the owner, is having the old Reade Hotel torn down. This is an old three-story structure, and on account of its location and being of frame construction was some time since condemned, hence Judge Pass is having it torn down. This removes the last fire trap on Main street, all other buildings in the fire district being of brick construction.

Mary Hambrick Missionary Society: The Mary Hambrick Missionary Society met October 12th in the Sunday School room with 45 members and one visitor present. A committee was appointed to visit the County home and conduct services twice a month. Another committee was appointed to arrange the program and places of meeting for Week of Prayer, which will be Nov. 9 to 14. Our new member brings our membership to 110—Sec.

Successful Raid: Sheriff Brooks received a tip that something was doing down in Holloway Township section, so yesterday morning, in company with Deputies Gentry and Jack Oliver they went down and captured two men, Lee Stone and J. H. Smith, both colored, ten bushels of meal and about four hundred pounds of sugar, and destroyed the still. One man made his escape. They were just "mashing in"—whatever that means, when the Sheriff and his force closed in on them.

Greenville Cotton Mills: We are always glad to note progress made by any of our citizens, and we are glad to see our young business men branching out, but we would much prefer to have been able to announce this progressiveness for Roxboro. Messrs. J. A. Long and M. R. Long and R. L. Harris have purchased the Greenville Cotton Mills, Greenville, N. C., Mr. M. R. Long being the treasurer. Two of these young men Messrs. J. A. Long and R. L. Harris have had long experience in the cotton business and have demonstrated their ability by the success of the mills they have been running.

Frost and Ice Sunday Morning: On last Saturday morning there was a slight frost in this section, followed Sunday morning with a heavy frost and some ice. Notwithstanding the warning Saturday morning quite a good many farmers were caught with tobacco standing.

Mr. Wade With J. Y. Blanks: Mr. J. T. Wade, one of the most popular salesmen of the town, has accepted a position with Mr. J. Y. Blanks and cordially invites his friends to give him a call before buying their grocery supplies.

IN MEMORY OF MABEL C. GLENN

It is with a sad heart I attempt to write a few lines of this dear friend; her age was fifty-seven years and five months and 6 days. She was the daughter of Stephen W. and Elizabeth Frances Glenn. She was laid to rest in the family cemetery amid a concourse of relatives and friends.

Her flowers were beautiful and numerous. Her life was a life of beauty, always bearing her afflictions with patience, always looking on the bright side of everything. Her life was an exemplary one and to know her was to love her. Oh, how we will miss her. I feel that I have lost a very dear friend. As I think of her I think of those dear smiles she would always greet you with. Always so kind and affectionate to every one. My heartfelt sympathy goes out to the bereaved ones, but He knew best. He wants the sweetest and best for himself.

Oh, Father, make us submissive to thy will. May we be drawn in a closer relationship with Thee. May we

ALLENSVILLE SCHOOL NEWS

P. T. A. Has Second Meeting Of Year. New Members Solicited Interesting Program Given

The second meeting of the P. T. A. was held Thursday night, Oct. 17. On account of the attendance contest between the grades this meeting was unusually well attended; ninety parents were present. The fourth grade had the greatest per cent of its parents present, which was twenty-five per cent, and received the promised treat from Mr. Satterwhite, as well as a cake from Mrs. B. G. Crumpton.

Among the matters of business attended to were the election of Miss Mary Eddie Gentry for secretary to fill the place made vacant by the resignation of Mrs. T. B. Davis; appointment of several committees; and the settlement of the amount to be paid for the years dues. It was decided that fifty cents should be paid by each member, and already there is a paid membership of forty.

Mr. R. B. Griffin, county superintendent, was a welcome guest of the association and made some interesting remarks concerning some aims and hopes for our own elementary school in the future. Prior to this Mr. Satterwhite had made a talk on New Problems of elementary schools. Other numbers on the program, a group of Halloween songs and recitations and a quartet, were all well received by the audience.

The executive board of the P. T. A., composed of Mrs. G. C. Vickers, president of P. T. A.; and Mr. S. B. Satterwhite, principal, furnished the refreshments for the occasion.

strive to meet her knowing there will be one so dear to welcome us at the beautiful gate. 'Tis sweet to know that she put her trust in one who never changes. She made a profession early in life in the Missionary Baptist Church at Berry's Grove then later moved her membership to Clement where she was a member until death. Funeral services were conducted from the home at 3 o'clock, Monday afternoon. Rev. L. V. Coggins, and Rev. W. F. West were in charge of the services.

She is survived by two brothers, I. T. Glenn and J. A. Glenn of Person County. Two sisters, Mrs. J. A. Daniel and Miss Minnie E. Glenn, of Person County.

Pall bearers were: Arthur Whitfield, C. E. Mabe, O. R. Yarboro, John R. Williams, J. R. VanHook, S. J. Stephens.

Flower bearers were: Misses Bessie Hester, Addie Hester, Mesdames Arch Wrenn, Lex Blalock, Beulah Stanfield, J. A. Whitfield, John Williams.

Let us be thankful we have one we can go to in time of bereavement, one who never forsakes. We realize she can't come back to us but we are trusting we can go to her. We are here only for a season then we too must go into the great beyond. May he find us watching, waiting when the Lord says come.

One of her friends.

terwhite, principal, furnished the refreshments for the occasion.

HONOR ROLL—FIRST MONTH

The requirements for making honor roll have been raised several points above the standards of last year. To make the honor roll a student must make A, a grade of 94 to 100, on department and A on all subjects except one; the grade on that subject must be B, which is from 85 through 93.

The students making honor roll for the first month are:

Second grade—Elbert Hargis, Benjie Gentry and Charlie Dickerson.

Ninth grade—Anna Chandler and Nell Crumpton.

Tenth grade—Dwight Gentry.

Eleventh grade—Katie Gentry and Ivey Gentry.

SEVERAL CLUBS ORGANIZED

A number of clubs have been organized and are hard at work on their chosen projects. Miss Willie Mae Whitt and Mr. T. O. Gentry, directors of athletics in the school, are putting on a play Oct. 23 with members of the athletic association as the cast. This play is titled "Here Comes Charlie" and promises to be a lovely comedy. Miss Patty Slaughter, sponsor for the Dramatic Club, already has her group at work on a Halloween party to be staged Thursday night, Oct. 31. Some noteworthy work is expected later on in the year from the Debater's Club. Mr. T. O. Gentry will head this group of young public speakers.

The introduction of club work into the school is bringing color and new interest to ordinary school routine.

OBSERVATION AND COMMENT

By F. O. CARVER, JR.

The mounting toll of fatal accidents with automobiles have caused many to express a fear of travelling in such vehicles. But progress comes not as a result of fear but of a boldness tempered with a serious and thoughtful consideration. Had there never been any one bold and courageous enough to give the "horseless carriage" a trial, we would never have had automobiles. But since there is an ever present streak of daring in the most of us, we now speed down the highways in luxurious carriages that far exceed anything that two generations ago ever dreamed of.

But that doesn't deny the fact that there are too many, entirely too many, lives being wiped out in automobile wrecks now. Do we want to regress to the day when there were no automobiles and go back to horse-pulled method of travel? It is the opinion of the majority that this is not the inclination of the age. But obviously the highways of America must be made safer to travel on or a few years might see few people left to travel them.

As road conditions improved automobile manufacturers improved their product to meet the demands of the times. As hard-surfaced highways came into general use the demand for greater speed increased, until now a car must be able to do 60, 70 or 80 miles an hour before it will even be

considered by the buying public. It must have speed, pep, stamina, and easy-riding comfort to create a desire for it.

Why not cut down on the speed somewhat and see if that doesn't help the accident situation? Fear isn't going to get us very far for the automobile is here and more and more becomes a vital necessity in the life of the American people. We used to have speed limits and folks used to pay much attention to them, but now they skeddaddle over the highways with very little regard to speed limit laws, a statute that has almost become a dead letter on the statute books.

Should the manufacturer begin to make his cars to run at a little less high rate of speed and pay some more attention to its peppiness and its lasting qualities, we might be getting somewhere in solving one of the major accident problems in our country. It is generally admitted that fifty miles an hour, five miles above the present speed limit in North Carolina, will get you there quick enough, so why not manufacture cars that won't run but at about that speed and put the excess speediness into more lasting qualities that will make the life of an automobile much longer than at present?

In Memory Of My Dear Mother

On October 20, 1935 at 5:00 A. M. God called mother, Mrs. Pattie Vaughan, to complete his holy band. We all loved mother but God loved her best.

We will miss you mother, for you were all the world to us. We will miss your smiles and your voice, mother, we hope on that peaceful shore we will meet again never more to part.

The funeral services were conducted by Rev. J. Hartz Monday evening at 4:00 P. M. She was laid to rest at Providence Church. She leaves to mourn two daughters, Mrs. Ida Mills

and Miss Ollie Vaughan, and three sons, Willie, Walter and Jessie all of Jalong.

She is sleeping, sweetly sleeping in a new made grave today. While we are weeping, sadly weeping, for their loved one who was taken away. Her gentle voice and tender smile will be missed in our home. But the Lord giveth and the Lord taketh away. Blessed be the name of the Lord.

Written by one who loved her best, her son, Walter Vaughan.

"NEW DEAL" GENIUS

Visitor to Art Gallery—Well, that painting seems to be intended to be a picture of a cow. But it don't look

any more like a cow than I do.

Artist Friend—Yes—but that's the way they are painting cows now. You haven't been keeping up with the progress of art. This is the work of a "modern" artist. The government is aiding him, as a man of genius.

LARGE ORDER

"Do you make life-size enlargements from snapshots?" asked the girl.

"Certainly, miss," answered the photographer. "That's our specialty."

"Well," said the girl, "let's see what you can do with this picture of the Grand Canyon." — Vancouver Province.

CLEAN .. fresh .. FULL-WEIGHT
DIXIE CRYSTALS

Best Wishes For Another... GOOD SEASON

During the present season we have exchanged flour for thousands of bushels of wheat, giving in every case our

"DeSoto" Patent

and almost without exception the wheat grower has returned for 'more of that good flour.' A more wholesome, cleaner or better milled flour cannot be had. In the same grade we also sell "White Rose" and for a little less cost we recommend our Silver Leaf flour.

DeSoto Silver Leaf White Rose

In selecting any one of these brands be sure to look for the Mill name on each package, as we guarantee every sack. Insist upon good flour whatever you buy, as low quality flour is always high at any price.

Be sure to carry the folks at home a sack of DAN VALLEY

Dan Valley Mills
Danville, Virginia

...but, after all is said and done, it's the cigarette itself that counts
... the question is, does it suit you?

Now, when it comes to a cigarette that will suit you ... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident ...

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding
.. for mildness
.. for better taste
