

### Mr. Carl Goerch Chairman Of The Committee

#### To Create A Worthwhile Fund To Erect Monument To Will Rogers

Raleigh, N. C., Nov. 6.—A campaign for funds to help create a worthwhile memorial for Will Rogers will get under way throughout the nation this week and North Carolina expects to cooperate to the fullest extent, according to Carl Goerch, of Raleigh, who has been appointed state chairman of the Will Rogers Memorial Commission. Mrs. J. M. Hobgood, of Farmville, has been appointed chairman of the Woman's Division, and Governor Ehringhaus is honorary chairman.

In outlining plans for the drive in North Carolina, Mr. Goerch said today that he plans to enlist the cooperation of the various newspapers throughout North Carolina. In view of the fact that Will Rogers was so closely allied to the newspaper fraternity, Mr. Goerch said that it was both fitting and proper that the members of that profession should take the lead in this matter.

Local chairmen are being appointed and their names will be announced within a few days. Practically every bank in the state has expressed a willingness to serve as a depository for the Will Rogers Memorial Fund. Wholehearted cooperation on the part of the public generally is expected.

Will Rogers had hundreds of intimate friends in North Carolina and visited this state on numbers of occasions. Many thousands who never saw him were acquainted with him through his writings in over fifteen different newspapers in the state. There is no question but that the response for a memorial fund will be liberal.

The Will Rogers Memorial Commission is a national organization of which Vice-President John N. Garner is chairman. Captain Eddie Rickenbacker, American War Ace, is in charge of operations. State organizations have been completed in practically every state in the Union.

"The people of North Carolina from time to time have been asked to contribute to various funds," said Mr. Goerch today, "but I don't think that there ever has been a drive which will meet with more wholehearted endorsement than this campaign to raise money for a Will Rogers Memorial. He was one of the most lovable characters that this country ever produced and millions of people were made happier through his writings and talks. In view of his popularity throughout North Carolina, I am confident that this state is going to do more than its share."

### Baptist State Convention To Meet In Asheville

Asheville, Nov. 6.—The 105th annual session of the North Carolina Baptist State Convention will convene in the First Baptist church of Asheville on next Tuesday, November 12, for a 3 day session, the concluding program being rendered on Thursday night, November 14.

As is this denomination's custom, the pastors of the state always meet in their annual session at the convention city a day earlier. Accordingly, the Baptist pastors of the state will meet in the same place on Monday afternoon, November 11, and will carry their sessions through that afternoon, that evening and through Tuesday morning, adjourning at noon Tuesday afternoon at two o'clock.

The Baptist denomination is the largest in North Carolina, and each year when the Pastors' Conference and Convention meet this constitutes the largest religious meeting of any denomination to be held anywhere in this state. It is expected that twelve to fifteen hundred delegates and visitors will be present at the Asheville meetings. Notable speakers will be present, among whom are Dr. Ellis Fuller, pastor First Baptist church, Atlanta; Dr. Millard A. Jenkins, Texas; and Dr. Charles E. Madry of the Foreign Mission Board, Richmond.

The Baptists number nearly one-half million in this state, and have 2,400 churches, with as many Sunday schools. All indications point toward a great meeting in Asheville. This is the first time the annual sessions have been held there in 15 years.

### New Dollar Bill To Be Issued By U. S. This Month

Washington, Nov. 1.—The government will issue this month a new dollar bill, described by Secretary Morgenthau as "the handsomest ever."

It will be a silver certificate, and though the size will be the same as the present currency, there will be changes in design.

For the first time on any American money there will be printed a picture of both sides of the Great Seal which was adopted in 1782, even before the Constitution was drawn up. This seal will be on the back of the money.

### In Memory Of Our Beloved Father

On Sunday morning, November 11, 1934, the death angel visited our home and took away our beloved father, Mr. G. W. Stone. He had been indeed a good father to us all, and we all loved him dearly, but his suffering had been so intense for three long months, we

felt it was good for the good Lord to take him home to glory. We give thanks to our heavenly Father for the wonderful way He manifested himself in our father's life during his long illness, he was so patient, kind and good, he never murmured or complained of anything during the whole time of his suffering. We also thank God for the way he kept our good mother able to wait on him, so we try to be resigned to God's will and not grieve because our loss was his gain, as we feel sure that he is gone to a better home and is there awaiting our coming. So we say grieve not, dear mother, but keep your hand in God's hand, and some day you will join him in that beautiful land where

"There's a beautiful home  
Where God is the light;  
Where no tears ever come  
And there is no night.

No sickness, no sorrow,  
No gasping for breath;

No pain or discomfort  
For there is no death.  
Such a beautiful place  
With God and our kin;  
And all of the bloodwashed  
Redeemed from all sin.  
The beautiful mansions  
The bright topless dome;  
With golden streets  
Make our heavenly home.

The Stone Family
