MAYOR TATE OUT-SPOKEN

He Denounces Lawlessness and Gives Assurance of Protection.

In the Recorder's court this morning, after the disposition of the case before the court, Mayor Tate in very timely and strong words defined his position with regard to upholding the law within the limits of his jurisdiction. He said that he hoped cases of the kind now before the court would be dealt with severely and the culprits given the full penalty allowed by law hereafter. He did not wish to sway the mind of the Recorder either way in the case before him, but hoped, perhaps, that leniency might be shown this defendant as it was the first case of the kind which the new Recorder's court had to deal with, but hereafter the majesty of the law would be upheld and the persons of retiring officers of the law would be protected as far as it was his duty as chief magistrate of the city allowed him to interfere. It was his desire that those who were superceded at the election in June should feel perfectly safe as private citizens and know that they would be fully protected from threats which he was aware had been made against them. His plea for all these grudges to be buried and forgotten and all work together in peace and harmony for the upbuilding of our beautiful city was very opportune and well received.

BEFORE THE RECORDER.

Fruit Case Continued.

Recorder Johns continued the case against this defendant until tomorrow morning at 10 o'clock. When the case was disposed of Magistrate Brown asked permission to make a statement. He claimed that as the defendant had been tried and sentenced by him, a magistrate duly authorized by the constitution of the State and that on that account and for that reason the case should be dismissed. The Recorder replied that his understanding of the section of the new charter which applied to should either remand them or bind them over to the Recorder's court and that he should continue the case until tomorrow morning at 10 o'clock and he would require the defendant to render his bond for his appearance at that time.

A POINT AT ISSUE.

The case of Clarence Fruit came up in another light and points growing out of it have brought up another question.

Fruit appeared before Magistrate Brown again this time with a witness and he was allowed to submit. He was fined \$5.00 and the costs, paid it and took a receipt for the same.

Capt. Johns acting Recorder, refused to recognize this disposition of the case and had Fruit re-arrested and put under bond. The case was called this morning but was postponed until tomorrow at 10 o'clock.

The only point at issue at all is whether or not our new charter took away certain duties of magistrates inside the incorporate limits and in the district prescribed. The charter gives the Recorder "final, exclusive, original jurisdiction" in all cases in the district prescribed by the new charter. It all depends what this means and how much it can mean under the constitution. If there is very much doubt about it of course it is a case for the higher courts to decide.

Sec. 12 art. 14 of the constitution, says:

The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction which rightfully pertains to it as a co-ordinate department of the government, but the General Assembly shall allot and distribute that portion of this power and jurisdiction which does not pertain to the Supreme Court, among the other courts prescribed in this constitution, or which may be established by law, in such manner as may seem best.

There are other sections in the constitution that might bear on the case but this is the main one.

What does "distribute" and allot mean? Can a magistrate in High Point hold less power than a magistrate in Jamestown? Take the case.

GOOD RIDDANCE

BUCKET SHOP MUST GO Special to the Enterprise.

Cincinnati, O., May 7.—The jury in the case of Louis W. Foster, and five others, charged with using the mails to defraud in the running of so-called "Bucket Shops," returned a verdict of guilty in the United States District Court today. The men found guilty are Louis W. Foster, John Gorman, W. J. Campbell, A. C. Baldwin, John Scott and Edwin F. Heil.

HOTEL MEN TO MEET.

In conversation with Mr. J. B. Rector, secretary of the North Carolina Hotel Men's Association we learned that the Associations of North Carolina and Virginia would meet at Asheville, June 8 to 12. This promises to be the best meeting in the history of the Association as many visitors from Tennessee, Georgia and South Carolina are expected.

Gov. Kitchin will deliver an address. Hotel men in the State who are not already members should also attend this meeting. The Association is proving great benefit to the hotel men.

DEPLORABLE AFFAIR

CHILD DIES

From After Effects of Wound Inflicted by Rock Thrown by Boy There is quite a deplorable case in town.

The facts as gathered by the Enterprise this morning are that last Tuesday a boy by the name of Scott, aged about eight years, threw a rock and struck another boy, six years old, on the chin. Blood poison set in on Wednesday and on yesterday the child died. The remains were taken to the country today for burial. The child who died was the son of C. L. Cecil, and the father of the other boy who threw the rock is Bud Scott. The case is a very sad one.

LOCAL AND PERSONAL

Rev. J. L. Morgan is spending a few days in Salisbury.

Mr. Gilbert is in the city en route to Asheboro.

Mrs. Wm. Tucker is visiting in Raleigh for a few days.

That hitching lot would please the people, Mr. Councilmen.

Miss Violet Welch has entered the Lawn City Business College.

Let all new questions that come up be decided without excitement and free from prejudice.

The closing exercises of the Liberty Piedmont Institute at Wallburg will be held May 26 and 27.

Miss Grace Curtis went to Thomasville today to attend the commencement exercises of the Thomasville Graduate School.

Mr. and Mrs. W. W. Moseley, of Lynchburg are in the city, visiting Mrs. Moseley's mother, Mrs. J. W. Lineback.

Another fishing party will leave Monday for a week's sport in Moore county.

An auto party of eight came over from Winston today and returned after looking over the town.

The summer weather has struck us with a vim. When are you going to take 'em off?

The Enterprise would like for all to get interested in the Farmers meeting which will be held here soon.

The painters seem to have possession of Main street this spring and they are doing a good work. A little paint brings about great improvements.

The local High School team will play the Salisbury High School at the Park Saturday. This game was postponed one day last week on account of rain. The boys are confident of winning. Let every one come out and see a good exhibition of ball.

The entertainment at the Reading rooms was fairly well attended last night and those who were present seemed to enjoy the exercises very much. The ladies did their part in making the entertainment a success as they always do.

NEW ADS.

Special sale of laces tomorrow at Newlin-Brooks Co.—Good values.
J. C. Thomas & Co.—Underwear, all kinds.

THE WHITLA KIDNAPPERS

MRS. HELEN BOYLE ON TRIAL

Special to the Enterprise.
Mercer, Pa., May 7.—The trial of Mrs. Helen Boyle, implicated in kidnaping Willie Whitla, is in progress today. Crowds of angry women about the court house threaten to renew the demonstration of last night, when they tried to mob her. Willie Whitla was the first witness. Testimony was along the same lines as yesterday. He told of meeting the woman in Cleveland and identified Mrs. Boyle as the woman.

NARROW ESCAPE.

People Who Saw It Looked Away Fearing the Worst.

This morning a man from the country was driving up the street with a horse and wagon. When he got in front of the graded school one of the boys was crossing the street, but looking back, talking to another boy. He did not notice the horse nor did the man driving see him. The boy ran right between the horse's fore legs and was knocked down. Miraculous as it may seem the horse and the vehicle passed over him but he came out none the worse except that he was covered with dust. Those who saw it say that it scared the man worse than it did the boy.

COMPANY M GOES TO CHARLOTTE MAY 20

Capt. Carpenter will take his company to Charlotte to take part in the parade on the 20th of May. This was decided on at a meeting of the company last night. They will leave about 6 o'clock in the morning and return the same night.

GUARD RAIL FELL

DASHED FROM BALCONY—200 INJURED, MANY FATALLY.

Special to the Enterprise.
Seattle, Wash., May 7.—Shortly after midnight nearly 200 people were injured, many fatally, when the iron guard rail in the balcony of the National guard armory gave way. There was an exciting track race in the pit below and spectators had crowded to the rail. It gave away and some 300 people were thrown in to the pit sixteen feet below. They landed in a tangled mass of suffering, moaning humanity. Many arms and legs were broken, several suffered fractured skulls and most victims suffered serious internal injuries. There was a wild panic inside and as soon as the news became known thousands more people tried to crowd into the building and the accident is charged to faulty construction.

GOVERNOR ORDERS SPECIAL TERM.

Special to the Enterprise.
Raleigh, May 7.—Governor Kitchin today ordered a special term of court for Wayne county, cases only etaoi n Judge Lyon to preside. It will be for the trial of civil cases only, May 31, one week.

BOMB EXPLODED INJURING THREE.

Special to the Enterprise.
New York, May 7.—Three persons were injured and the windows in every house in the neighborhood were shattered early today by the explosion of a bomb. Policeman Patrick McMahon discovered the bomb in front of the stable and carried it into the middle of the street, where it exploded. McMahon was badly injured and two other persons nearby were also hurt. The man who owned the stable said he had discharged two drivers in January and had been threatened several times since.

SOUTHERN POWER COMPANY

WILL PROBABLY BE IN HIGH POINT BY JULY 1.

Special to the Enterprise.
The Southern Power Company will have its line into High Point by July 1. This is the opinion of Mr. O. N. Richardson, who is in touch with the work now going on.

The company has 300 hands at work between Great Falls, S. C. and Greensboro. They are building the line at the rate of seven miles a day. When the line is completed they will have expended \$500,000. The company hopes to be Salisbury by the 20th of May, and it is probable that by July 1 the line will be completed to High Point. This power coming to High Point will necessitate many changes in motors, etc., which will be looked after in time.

MR. GALT IN HIS NEW HOME.

Annapolis, Md., R. F. D. 1, May 4, 1909

My Dear Enterprise:

As I was an occasional visitor at your sanctum, I feel very much interested in you and your welfare and like to keep up with you. By the way, we have missed your daily visits, which are due us, till February 22, 1910, and we hope they will be resumed.

We reached Washington at about 11 o'clock, Wednesday, of last week, and went out to the Zoo Park, where we had a very pleasant and profitable time till about 3 o'clock. We then took the train (part of the way steam, part electric) to Annapolis, and were met by about six members of my old congregation, who greeted us most cordially. We then drove out to the Rectory and there a party of ladies had prepared a hot supper for us and had fixed enough furniture in the house to use, till our own furniture reaches here. Our reception could hardly have been more cordial, if we had been members of the families represented.

Our drive out from town is only four miles, over a shell road—crossing two creeks about 1.8 mile wide each, and about 9 feet deep, and the bridge over Seven River is 7-8 of a mile long. From this bridge we have a view of the Navy Yard and the warships lying in the harbor, and also any boats going up or down Chesapeake Bay. The country is beginning to look beautiful as the Judas tree and Dogwood are just in full bloom—four weeks later than about High Point. The truck farmers are busy preparing for the summer crops.

On Sunday at the 11 o'clock service the church was well filled with familiar faces, and everybody seemed to enter heartily into the spirit of worship.

After dinner I took the trolley line for Glen Burnie, where we have an afternoon service; and on entering the car, I saw over the door the sign, "Southern Car Works, High Point, N. C.," so you see we cannot entirely get away from High Point. And in sitting there contemplating the name, various thoughts passed through my mind, and I wondered just what kind of Sunday you were having, and how I would like to have taken a little look at you all at that time.

The outlook for church life here seems good, for the Methodists, as well as ourselves, have just secured a new minister.

I have been told that much of the peach crop has been killed by the freeze that came when the trees were in bloom. But I believe that the berry prospect is very good.

We have a good telephone service at \$1.50 a month with 25 per cent. discount to all ministers, that is \$1.13 a month. We can cover at this rate all the city of Annapolis, twenty-five miles south and about fifteen north, without extra toll.

These few lines leave us well. With best wishes for your continued success and assuring you that we miss you very much, I remain very truly yours,

Alexander Galt.

GIVE US AN INVENTORY.

Mr. Editor:
One of the first duties of the city council which will please the people would be for each head of the department to give an inventory of the city's property. This should specially include the water and light plants.

Citizen.

SMART SUITS
