## HOKE SMITH THE VICTOR IN THE GOVERNORSHIP RACE IN GEORGIA

(By Leased Wire to the Enterprise) Atlanta, Ga., Aug. 24.—Hoke Smith's majority over Governor Brown in the Democratic convention will be 25. His popular majority is estimated this morning at about 25,000.

Impartial estimates place Smith's majority at 40 votes when the state convention meets to ratify the action of the primary. Brown has issued a statement to the effect that the race was rather close, but that from the most careful estimates he would have a majority of six convention votes.

Both sides claim to be very confident of success, but in the minds of those who have no interest whatever in the outcome there is little doubt that Hoke Smith will again be governor of Georgia.

In some of the counties the fight is exceedingly close.

### SWALLOWED GLASS.

This morning the ten-year-old son of Mr. and Mrs. M. H. Shiplett happened to a very serious accident. While playing in the yard he put a piece of glass in his mouth and a few minutes later he fell down, swallowing the glass. Fortunately it lodged in his throat and this fact probably saved his life.

Physicians were hurriedly summoned and an operation was performed to remove the glass.

The piece was about two inches long and very sharp at one end and it is probable if it had not lodged in his throat that it would have caused serious trouble.

While the operation was painful and the boy has suffered a good deal, it is thought that he will be alright in a few days.

Miss Lorette Paschall, of Reidsville, is visiting Mrs. B. S. Cummings and is honor guest at the Bridge Club, which Mrs. Cummings is entertaining this afternoon.

## PLACES HIMSELF IN OPPOSITION TO SHERMAN

### COLONEL STARTS ON WESTERN TRIP

Utica, N. Y., Aug. 23.—Theodore Roosevelt wound up the first day of his pilgrimage into the West by placing himself directly in opposition to Vice-President Sherman. Speaking today in the Vice-President's own country he warmly endorsed State Senator Frederick Davenport, who is a staunch Progressive, and whom Mr. Sherman has said that he would not support. Mr. Sherman was out of town today and did not see Colonel Roosevelt.

It was late in the afternoon when Colonel Roosevelt reached Summit Park, ten miles west of here, a summer resort overlooking the Mohawk River. Ten thousand persons who attended were waiting for him, and raised a cheer as the ex-President appeared on the platform. At every stopping place along the way from New York to Utica the colonel was cheered, but the roar of applause which went up from the throng at the park shook the pavilion.

Colonel Roosevelt spoke Senator Davenport at once, and greeted him warmly. As soon as he began his speech he turned to the Senator and said: "I am glad to see you on the platform, Senator Davenport. The only kind of politics I care for is the kind of politics in which decency is combined with efficiency. I hold that the only way in which a politician can really serve his party is by helping that party efficiently to serve the people. Because the Senator and the men who have acted with him have stood for this principle, I am glad to be on the platform with him."

There was more cheering as the colonel uttered these words. When he could be heard again he added: "You will at least notice that my utterances are free from ambiguity."

### THE MEMORIAL BRIDGE COMPLETED.

The Memorial Bridge near the old Mills farm, was completed yesterday. This bridge was built with the thousand dollar award money given Guilford county by the Atlanta Journal this county having the best roads between Roanoke and Atlanta. Our readers will remember that this money was turned over to the County Commissioners, who in joint session gave it over to the Highway Commission, who were responsible for the building of the splendid public roads of Guilford. It was through Mr. F. M. Pickett that the amount was donated for a bridge over Smith creek. The undoing of this, however, and substituting the Mills creek location for the Smith creek is well remembered, when a number of High Point's representative citizens headed by Mayor Tate, W. G. Bradshaw, S. E. Davis, W. C. Jones and others, appeared before a joint meeting of the Highway Commissioners and the County Commissioners. We would like to reproduce some of the remarks offered by this committee, but they are well remembered by our readers.

### NEW FIRM.

Geo. T. McLamb & Co. is the name of the new wholesale grocery firm which is opening up in the brick store house belonging to Mr. A. E. Tate on Rankin street. Mr. McLamb will be manager of the firm and comes from Greensboro. The stock of goods is being moved in this week and the store will be opened for business the first of September.

## RAIN AND SNOW AID THOSE FIGHTING THE GREAT FOREST FIRES

(By Leased Wire to the Enterprise)

Spokane, Wash., Aug. 24.—While new fatalities add to the horrors of forest fires in which the dead are now estimated at from 300 to 600, the first hopeful news in three days came out of the furnace-like district today. Rain and snow have come to aid the fire fighters in Montana, Idaho, Washington and Oregon. Not enough rainfall has come yet, however, to stop the fires but it has given the troops and foresters a new impetus. Two inches of snow fell in western Montana last night. Hundreds of people are still missing some say as many as 1,000. Great task of work is now given to the rescue of the living.

Butte, Mont., Aug. 23. Refugees arriving here tonight from the district which is being swept by forest fires, report that probably nine hundred persons are dead.

Six hundred fire fighters who left Thompson Falls four days ago are unheard from.

The entire panhandle section of Idaho is now ablaze. A fierce wind is blowing to night which is sweeping the flames in every direction.

At Spokane it is estimated that three hundred more are dead in addition to the six hundred unaccounted for at Thompson Falls.

Spokane, Wash., Aug. 23.—The heroism of women saved Elk City from the ravages of the forest fires. While the male population is fighting the advances of the conflagration they guarded the homes and business houses, extinguishing incipient blazes started by brands from the burning forests. Many stayed on the roofs of buildings all Saturday night.

The town is out of danger but the fire continues in the surrounding regions, and is growing worse.

### RECEIVING BIDS FOR NEW COTTON MILL

Today is the day set apart to receive bids for the building of the new cotton mill to be known as the Pickett Cotton Mills, and a good many bidders are here today. The bids will be received through the architects, Messrs. Lockwood Green & Co., of Boston, whose southern office is at Greenville, S. C.

Among the contractors who have representatives here today are Ebaugh and Ebaugh, Greenville, S. C., T. C. Thompson & Co., Birmingham, Central Carolina Construction Company, Greensboro, Fiske Carter Construction Co., Mass., Gallivan Building Co., Spartanburg.

Mr. F. M. Pickett, secretary and treasurer of the company says the work will be pushed ahead from now on.

Mr. and Mrs. S. L. Davis and their guests, Mrs. Johnson, Mrs. McMillan, Misses Capitola King and May Holiday and Miss Edith Bradshaw formed a pleasant party spending the day in Salisbury.

## NEW PRESIDENT OF MONON RAILROAD ASSUMES ACTIVE DUTIES

(By Leased Wire to the Enterprise)

Chicago, Aug. 24.—Fairfax Harrison, who was elected president of the Monon Railroad to succeed the late Ira G. Rawn, assumed his duties here today. He announced that he would relinquish his former position as vice-president of the Southern Railway and make Chicago his permanent headquarters.

The burned district, generally speaking, extends east to Missoula Montana; north to the headwater of St. Joe, and in other directions nobody knows how far.

The losses at Wallace are still estimated at a million dollars with \$350,000 insurance.

Offers of assistance have been received from many sources, but none have been accepted. Fires are reported all around Murray, but the town is still untouched.

The fires along the Northern Pacific in Western Montana have diminished.

The Pen d'Oreille Valley, heavily timbered, is on fire in several places, and loss of life is feared. It is difficult to get news from that region.

Dispatches state that four soldiers of Company G Twenty fifth Infantry (colored), are missing, and also that a number of families near Avery have been burned out, and many persons are dead or missing.

Railroad employees at Avery say that all the Bitter Root Mountains are burning, and that the entire Coeur d'Alene national forest may be destroyed.

Four families of homesteaders, reported burned to death on La Four Creek, Kootenai county, Idaho, escaped to St. Joe, wading fifteen miles along the bed of the creek, with fire burning down to the water's edge, forcing the refugees frequently to submerge themselves when the flames reached their faces. An old man in the party was borne on a stretcher all the way. Their clothes were nearly burned off.

While 900 forest rangers are missing in Idaho and Montana, it is probable that most of them will escape death.

The telephone lines through the national forest have been destroyed or interrupted, and the rangers might be safe, but unable to report.

### GAYNOR ABLE TO LEAVE HOSPITAL.

(By Leased Wire to the Enterprise) Hoboken, Aug. 24.—Robert Adamson, secretary to Mayor Gaynor, announced today that the mayor had so far improved that he would be taken out for a ride soon. Physicians say he will be able to leave the hospital next week. One of the first things the mayor said this morning was that he would like to go for a ride.

### DEATH OF SENATOR.

(By Leased Wire to the Enterprise) Washington, D. C., Aug. 24.—Former Senator Wilkinson Call of Florida, died here today. He was stricken with apoplexy Saturday. He served in the Senate from 1879 to 1897.
