YOUNG MAN MAY DIE FROM INJURIES

GREENSBORO YOUTHS FIGHT WITH PROBABLE FATAL RESULTS

As a result of a quarrel over a game of pool, Frank Hudson, a 15-year-old boy, is lying in St. Leo's hospital with a cruel gash through his lung and liver, and his assailant, Will Busick, a year or two his senior, is behind the bars of the city jail in Greensboro. The fight took place last night between 9 and 10 o'clock, near the Elks home on Greene street, and was witnessed by some eight or ten boys, companions of the two principals.

It is reported the two boys began quarreling in the Guilford pool room and Hudson dared Busick to come to the back street. Busick went with him and after they had shoved each other about several times and passed a few blows, Hudson stated that he was cut and started for a drug store. A hasty examination by several physicians showed the wound, between the ribs, to be a serious one, and the young boy was hastily bound about the body with cotton and hurried to the hospital in an automobile. A more thorough examination showed that the knife blade had penetrated through between the ribs and cut a long gash in both the right lung and the right lobe of the liver.

Who the Young Men Are. Both of the boys are well known young Busick being the son of D. F. Busick. Although a young boy, he spends most of his time in poolrooms. Young Hudson is the son of Mrs. Ida Hudson and is employed by J. W. Jones as a chauffeur. Both boys have the reputation of being wild and reckless. Hudson is a brother-in-law of Chief Leeley.

It was stated at the hospital at a late hour last night that young Hudson has an even chance for recovery if no complications arise. Pneumonia is feared on account of the exposed and lacerated condition of the lung.

IMPORTANT MEETING TONIGHT.

The Monthly business meeting of the Friends Church will be held tonight at 8 o'clock at the church. Timothy Nicholson, of Richmond, Indiana, one of the foremost men of that state, will be present. Josiah Nicholson and wife of Belvidere, N. C., will also be present. The special topic for consideration will be Meeting for Worship. A full attendance of members and those interested are requested.

BUY YOUR FALL SUIT.

The reputation of this well known house for tailor made clothing is well known in this community where they have built up a large business. Go early and select your pattern.

SHOULD BE A THOUSAND

Prof. Davis so far has between 300 and 400 lyceum season tickets sold. He says that the sale will reach 500 or more. There should be a thousand.

Mr. P. C. Oaks has been elected Chief of Police at Raeford, N. C., and left today to take charge of his new duties.

Dr. E. S. White, of Norfolk was a business visitor here yesterday.

R. E. Allen, of Greenville, S. C., is here.

The pool room tragedy in Greensboro, was brought on by idleness.

President Sends in Special Message

Washington, D. C., Aug. 15.—President Taft, in a special message to the House of Representatives today, vetoed the joint resolution providing for admission of New Mexico and Arizona to statehood.

The President's reason for exercising the veto power is based on his thorough disapproval of the recall of judges clause in the Arizona constitution. The fact that New Mexico statehood was bound up with that of Arizona meted out to her the same fate. Neither territory can come into the Union now unless friends of the joint resolution in Congress muster the two-thirds vote necessary to pass the resolution over the veto. This may be attempted.

Condemning the recall feature of the Arizona constitution, Taft said it would compel judges to make their decisions "under legalized terrorism," that recall provision would operate against all elective officers of Arizona; that when twenty five per cent of the voters of a previous election petitioned for a special election to remove an official, such an election would be compulsory. The President says, "This provision is likely to subject the rights of individual to possible tyranny of a popular majority, so injurious to the cause of free government, I must disapprove of a constitution containing it."

Shot By Moonshiner

WOUNDED OFFICER WILL RECOVER, 'TIS THOUGHT

Capt. William Crews, of the "Morning Star," who came in from North Wilkesboro, today reported that Field Deputy Robert Henry, who was shot Monday by an alleged "moonshiner" in the Brushy Mountains of Wilkes county, was resting quite comfortably early this morning and that the attending physicians say he will recover, provided, of course, no bad symptoms develop that are now unforeseen.

Officers Henry John R. Shepherd and a man named Ashworth were in the "Brushies" looking for illicit distilleries when they were fired upon. Two of the horses ridden by the officers were shot and killed from under the riders.

The officers fired upon their assailants and a number of shots were exchanged. Mr. Henry was brought to Hotel Bluemont in North Wilkesboro, where he is under the care of two physicians. The ball entered his breast, just above the heart, but the doctors say it did not go very deep and they hope to locate and remove it within the next few days.

Will Have Big Reduction Sale

We have just closed contract to enlarge and remodel our building, and to reduce our stock we will give a special discount of 20 per cent on all goods until August 29th.

No closing the store to rearrange stock—no push or jam—no confusion. The same close prices in all goods, and then we deduct one-fifth of the amount, a saving of 20 cents on each dollar.

More Double Track

Chattanooga, Aug. 15.—The Southern Railway Company has just completed the revision and double tracking of the line connecting its Chattanooga passenger terminals and freight yards with Coltwah Junction where the tracks of the Atlanta and Knoxville Divisions meet. Though this line is only 11 miles in length, its importance is readily realized when it is considered that over it is handled all traffic between Chattanooga and Knoxville and Chattanooga and Atlanta which includes, besides local freight and passenger traffic, through business between the East and the Southwest via the Memphis, New Orleans and Vicksburg gateways and through business between the West and Florida and the Southeast via Cincinnati, Chattanooga, Atlanta and Macon.

ASKS FOR MASS MEETING.

Mr. Editor—Would it not be a good idea that in order to facilitate the hospital question, to call a big mass meeting in the auditorium to discuss this important question?

IMPROVEMENTS AT WELCH

ODD FELLOWS ORPHANS COMING.

A class of twelve children from the Odd Fellows Orphans Asylum at Goldsboro, will give a concert here Saturday night, August 26th in the school auditorium. The entire proceeds will go to the orphans. The program will consist of music and recitations and it will be neither too long nor too short and is expected to afford much pleasure to all who attend.

Let us hear these orphan children, help them and encourage a good cause.

CHILDREN BEING VAC- CINATED.

It is now only about three weeks before school opens and many of the children are being vaccinated in accord with the request from the city physician.

All children who have never been vaccinated should call on their family physician within the next two weeks and be vaccinated. All children who have previously been vaccinated and there was not a successful take will also have to be vaccinated again.

To save time and trouble get a certificate from the physician doing the vaccinating and hand to the superintendent or teacher.

The trial of Steele was continued to give his father time to get here.

AS TO STREET BETTERMENT

INDIVIDUAL MACADAM

A number of our citizens, property owners, are taking advantage of the offer made by the city to have beautiful and improved streets at a nominal cost. Most cities compel the property owners to assume the expense for two-thirds of such improvements, the city paying the remainder, but the city is not forcing any person to do this simply giving our wide awake citizens an opportunity to greatly benefit themselves, at a very small outlay.

The offer is a good one, and any citizen living on, or owning property along such streets as are to be macadamized, the city will lay the macadam 12 feet 4 feet or 16 feet in width, according to the width and importance of each particular street and the amount of traffic on same.

In this offer made by the city where the property owners on any block of such streets desire the macadam to cover the full width, this can be done by making your arrangements for same with the contractor, Mr. D. H. Hall, and paying him direct for such work. The city will guarantee to supervise the entire work to insure the whole width being up to specifications and according to contract.

BUILDING IMPROVEMENTS

Geo. T. Penny is making great improvements on his stock farm which is located two miles out on North Main street.

A large force of carpenters under the management of Contractor, Brown started work this morning on a ten room bungalow which will be completed soon. Hands have been at work for several days improving a number of spruces that are on this farm. A number of our buildings will be both and other improvements made, and work will soon start on a dam for a large lake. Road have already been graded and will soon receive a heavy coat of sand gravel making a beautiful drive at the foot of the small mountains near the lake.

Mr. Penny has just purchased a number of horses well bred with plenty of style, step and muscle which can be seen at his farm. He has lots of well bred hogs, cattle, etc. All kinds of live stock at all times for sale or exchange. It is well worth your time to go out and take a look and see the improvements that are going on around the city.

AT LUTHERAN CHURCH

The Rev. R. R. Sowers, of Salisbury, will preach at the Lutheran church here next Sunday at 11 a. m. and 8 p. m. Rev. Sowers has preached here before and will be heard again with interest.

Mrs. P. F. Jarrell has made a number of improvements on the block of buildings on the east side of Main street, occupied by Allen Bros. and Amos Furniture.

Mrs. Lois Threadgill of Enkegee, Ala., who has been visiting Mrs. C. B. Overman returned to her home this morning.

Troy Fitzgerald who is serving a term in the workhouse and who made his escape was caught here yesterday by Chief Ridge and delivered over to the county authorities.

The City Hospital question, a citizen suggests, ought to be discussed in public mass meeting, and that at an early date.

FLANDERS MAKES NEW RECORD

Detroit, Mich., Aug. 15. Davis, Kirkman & Co., High Point, N. C.

Another and the third great national victory for Flanders came within a month. The time a clean sweep in America's bill-rolling class, the three speed Flanders (250) won event in her class Saturday at Worcester, Mass., climbing dead horse hill in 1 minute 48 1/2 sec. breaking all previous records for her class by 1/2 second, and defeating second car in her class by 37 seconds. She also beat records made by the following highpower and higher priced cars in other classes: Velie, Buick, Cole, Hudson, Firestone, Oakland, Cameron, Kurt and Empire. Flanders (250) was the lowest priced car in the contest. Dead horse hill is one mile long with a rise of over 400 feet to the mile.

New-paper accounts say course was slow because of bad surface and one very bad spot near finish line. Flanders' time better than time made in 1909 by any car but one of three times her size and price. She averaged a little over 60 miles an hour up the eight per cent grade strictly stock class event run under A. V. rules and supervision. Flanders (250) was sensation of the day, sixty and seventy horsepower cars barely beating her phenomenal performance. Sending you photograph of Wett in victorious Flanders on the hill. She has now only to win the three hundred Southern road race to prove her phenomenal speed is the proof of her reliability in the little golden hot-shaving powers of America's hill-climbers. Montana hill-climber and her hill-climbing qualities on dead horse hill. Watch the little wonder at Savannah.

Studebaker Corporation, E. M. E.

HIGH POINT STRUCK HIM.

A travelling man stopped in front of the Enterprise office this morning and we engaged in conversation. He remarked that this looked like a good town. We told him that there were none better and he was glad to start in to see it. Here we have a busy town with a cosmopolitan population. Every man who comes here to work and not to kick receives a welcome which makes him feel at home. A man who is disposed to join hands with the people in building up gets built up himself. Such an experience more advice than the eyes and ears heartily into the cooperative spirit. This policy pursued has brought prosperity to the community and we are still growing. Again there are a greater number of people doing well in proportion to population than in any town in the south. This cannot be questioned. This gives the town an impetus. It has even acted as a safeguard to a result that might have come from the dormant, self-satisfied and sometimes bigoted attitude of a few who have had what we call luck. General prosperity such as we have overrides what under other conditions would be a misfortune to a community.

There the future promises much. Everything points to an unusual development in all lines and the inauguration of new enterprises. Our people are planning for the future and there is much to look forward to—all based on a solid foundation.

We gave him a town book and he said he would spend a longer time in the city on his next round.
