## BURLINGTON HAS EXCITING FIRE

Early this morning fire broke out in a large tobacco warehouse at Burlington and under a high wind it spread and at one time half dozen buildings were on fire. This caused great excitement and at one time it seemed that the business portion of the town was an imminent danger. A telegram was sent to Greensboro for aid. A special train was sent a mile north to convey the Greensboro fire department to the scene.

A fire of stater plants in size at midnight from the Burlington News stated that the fire was then under control.

The fire originated in a barn which was a tobacco warehouse and contained a defective fuse. The damage was about \$25,000 partly covered by insurance.

**RANDOLPH & CUMBERLAND AND GREENSBORO**

There has been more activity this morning about the place of registration for the kind of plant number.
