STORIES OF SUCCESS

CORNELIUS N. BLISS

Power is never very far from necessity, the vigor of the human mind quickly appears when there is no longer any place for doubt or hesitation. In after years, when the name of Cornelius N. Bliss was one to inspire respect from New Orleans to Boston, he acknowledged that the necessity to make not only his own success, but to provide for a large family of brothers and sisters, gave him the sense of thrift to which he attributed the realization of his dreams.

When the opportunity was given him to make a small investment in his employer's business, this boy of eighteen was ready.

Constant saving and careful financing developed the young clerk into the master merchant of his day.

System in saving brings independence.

Push, pluck and perseverance are as strong as an army when backed by the battery of thrift, industry and economy.

Start a savings account today, for it is what you save that counts.

A dollar in the bank is worth two in the pocket, and the interest on it grows and grows.

may please him, but try serving him a dinner without ice and see how quickly his demeanor will change. It is annoying to the housewife to be without plenty of ice during the warm months. No iced deserts or toothsome ice cream, no crisp vegetables or tempting butter without good ice. Let us serve you—we do it at a fair price. The quality of our ice and system of delivery is the BEST.

WILSON'S CAMPAIGN FUND AIDED BY REPUBLICANS

Special to Enterprise.

Seagirt, N. J., July 25.—The third term movement is losing ground so fast there will be nothing left of it soon, according to hundreds of Republicans who have written to Governor Wilson in the last few days announcing their intention of voting the Democratic ticket.

The Governor's assistants have completed a list of twenty-five hundred letters of this class. The letters are practically the same, declaring the writers are tired of the third term candidate and announcing they are working for Mr. Wilson's election.

One letter was from the vice-president of an independent oil company in New York, another from the president of a savings bank in Brooklyn, and others from business and professional men and farmers.

From most of the Republicans came contributions, ranging from \$5 to \$250, for the Governor's campaign fund. The total receipts amount to about \$6,000, and the greater part are one or two dollar contributions.

As to Annexing Mechanicville

Mr. Fair

What do you think of the annexation plan for Mechanicville to High Point?

Resident

We think that it would extend to the residents of your village the benefits of every municipal convenience now enjoyed by High Point.

It would join you to the liveliest city in this state, giving you a population of 14,000 in which you will share the large natural influx of new people and industries that are building High Point to greater dimensions fast making it the largest industrial center in the state. Such advantage arising from this annexation would accrue to you in tenfold giving you the added prestige as a center for new life and progress.

This is true because you would receive the benefits of the public utilities maintained by our municipality, and in a number of other respects profit by a closer alliance with High Point.

It would extend to a large portion of your working population many benefits which it does not now enjoy and change ill-served suburban communities into ideal residence districts.

In short it would boom your town! If you like your own suggestions get busy. Get your committee busy co-operating with the separate settlements in the work of gathering data as to population, assets, possible revenue and other items of information, and we will submit your findings to the city council.

Our able young representative, Hon. T. J. Gold, will then put the matter before the next General Assembly.

Great Annual Meeting of Good Roads Association

Let High Point Attend

Over 3,000 delegates have thus far been notified by the Secretary of the North Carolina Good Roads Association of their appointment to the Annual Convention of the North Carolina Good Roads Association. This however does not include all the delegates appointed for many counties and cities have appointed delegates without notifying the Secretary of the Association, so that it has not been possible to send special notices to them from the Secretary's office. Everything points to the biggest and most enthusiastic Convention ever held in North Carolina or even in the State.

Everyone who is interested in good roads or wishes to know more about good roads, and especially those who are opposed to good roads are cordially invited to attend the Convention and take part in the discussion of the various subjects relating to good roads, which will be taken up. It makes no difference whether you have been appointed a delegate or not, you will be cordially welcomed at the meetings.

The Southern has authorized round trip tickets at greatly reduced rates from all points in North Carolina; also from Norfolk, Portsmouth, Suffolk and Danville, Va., to Charlotte, N. C., on account of Good Roads Association. Tickets will be on sale July 31st and August 1st, and for trains arriving at Charlotte before noon on August 2nd, with final return limit August 5th.

FINISHING WORK ON WASHINGTON STREET

We note that the W. N. Coler engineering department who have been putting in the gas mains on Washington street have about finished except within two blocks of Main street. The gas mains average about 3 1-2 feet under the roadway. The company has had a force of men busy building back the streets, using the steam roller on them to a great advantage. YOU Can Always Tell a Cheap Piano by the Method Used in Selling It.

Pianos sold by Agents begging to place them in your home on trial or to save storage or forcing them in your home without your consent.

"Coupon Schemes," "Guessing Schemes," "Club Schemes," "Special Sale Schemes," "Special Introductory Sales Schemes," etc., are fake methods, pure and simple, for unloading cheap pianos on people who don't realize the difference between a fine piano and a cheap one, and don't know that high grade pianos are not sold through fake schemes.
