GIVING HIM TAFFY.

may please him, but try serving him a dinner without ice and see how quickly his demeanor will change. It is annoying to the housewife to be without plenty of ice during the warm months. No iced deserts or toothsome ice cream, no crisp vegetables or tempting butter without good ice. Let us serve you—we do it at a fair price. The quality of our ice and system of delivery is the BEST.

**New Gas Plant Now
In Successful Operation**

People on Steel, Washington and Main streets are already using gas. Just now gas is being made only two or three times a week.

As this is not only one of the newest but one of the most complete gas plants in the south, it might be well to note something of the way in which gas is manufactured here. In the first place this is a high pressure plant, the plant in Goldsboro being the only other high pressure one in the state. From this plant consumers as far away as five miles can get the same amount of gas as those a block away from the place of production. This is not so with low pressure plants.

Most of the old fashioned plants make gas from coal, this plant makes it from coke, oil and steam. Steam added at the bottom of a generator passes up through coke at a very high temperature, taking the carbon from the coke, then goes to the carburettor where oil is added. From the carburettor it goes to the super heater and is here so fixed as to make carburetted water gas. From the super heater the gas goes to the scrubber which takes out the tar and by-products, then to the condenser, thence to the tar extractor, which takes out the remaining tar. From the tar extractor the gas is sent to the purifying boxes which fix it ready for the consumer.

From the purifying boxes the gas is passed through the station meter, which measures gas as it is produced and finally it is run to the storage tank, the big red steel tank that is expected to supply High Point with gas for a number of years—space on the grounds, however, being left for another tank when High Point grows so as to demand it.

From this large tank the gas goes through a compressor thence into a smaller tank, and from this smaller tank it goes into the mains all over the city. The large tank holds 50,000 cu. ft. of gas, the smaller one 15,000, making a storage capacity of 65,000 cu. ft.

Mr. Crawford, the superintendent informs us that the work at the plant will be completed by the first of October, but just now they are ready to put in gas anywhere and while the work is going on the cost of connections will be nothing extra to the consumer.

Today the office of the company is being moved from North Main street to their new office building on S. Main St., and here the company will be ready to hear company will be ready to hear and adjust complaints of any kind.

On yesterday at the teachers meeting of the High Point city schools it was decided that the different departments should be organized and meetings held separately with only a general teachers meeting when Supt. Haynes should think it necessary. The departments are the High School department, the Grammar School department, and the Primary School department. Miss Ada Blair was elected president of the Grammar School department. As yet the officers of the others have not been chosen.

Interesting Contest

WHO ARE THE MOST POPULAR GIRLS AND BOYS IN HIGH POINT.

A Voting Contest To Be Held And Valuable Prizes Given

The World Famous Boy Orator and Newspaper Globe Trotter is in High Point in the interest of Farm and Fireside Magazine for the purpose of distributing valuable presents and prizes to the boys and girls receiving the largest number of votes in the voting contest. Mr. Canaran wants every boy and girl in High Point to enter this contest and invites them to call at the New York Cafe, 110 N. Main Street and leave their names which is the only condition required of them to become a candidate.

There will be beautiful presents given to all that enter the test in addition, to this magnificent special prizes which will be awarded to the leaders in the number of votes attained. The prizes will be placed on exhibition in the window of the New York Cafe, in a few days.

M. Canaran is making a 2500 mile trip in behalf of Farm and Fireside magazine, carrying out a gigantic advertising campaign involving tremendous expense in order to make the Farm and Fireside a byword in every household and realizing that the boys and girls are the best friends of a magazine they decided to use the money which was set aside for advertising purposes in distributing prizes and presents among them and has made fast friends of the boys and girls in every town he has visited.

Mr. Canaran was engaged to make this advertising campaign on account of his previous record as a Globe Trotter, having covered many thousands of miles into all sections of this and foreign countries as a newspaper correspondent and lecturer. Many tales of interest for the boys and girls as well as the grown ups and his presence among us is a tribute to the progressive and up-to-date methods of the Farm and Fireside which can be attested to by more than half a million who are numbered among the regular subscribers.

It stands in a class by itself in the field that it covers. Each addition of its pages being filled with valuable and interesting articles covering such subjects as law, literature, art, science, economics, politics, educational and commercial topics, a veritable encyclopedia for the home, and the object of Mr. Canaran's presence is to so thoroughly impress these facts upon the minds of the people that whenever the word magazine is mentioned that instinctively Farm and Fireside will immediately suggest itself to their minds.

Rev. E. C. Caldwell, of Austin, Texas, who is preaching so ably at the Presbyterian church this week, made a most able, interesting and inspiring talk to the children and teachers at the South Main street school on yesterday.

The Richmond Boosters will be in High Point from 10.25 to 10.50 on Thursday morning.

OFFICIAL BULL MOOSE ORGAN

J. W. Walker, owner of the Elwood Newstand, announces that he will have on sale the New York Press, the official Bull Moose organ.

A Statement Forthcoming

Representatives of the various insurance agencies representing the different fire and life insurance companies, liability and bonding companies are in session as we go to press. A forthcoming statement which is looked for will set all rumors straight regarding the insurance business of John M. Harrell.

PRESBYTERIAN MEETING.

Rev. E. C. Caldwell, D. D. preached an interesting sermon at the Presbyterian church last night on the Parable of the Talents. The meeting will continue over Wednesday night. Come out tonight, there will be special music by the choir, Mrs. Kephart and others.

FOR PUBLIC SERVICE.

Mr. Editor: The railroad commission of North Carolina will do the public a great service if it will require telegraph companies to insert on each telegram the time it was filed by the sender for transmission. We see no reason why the telegraph companies would object to such a requirement. It would strengthen the public's belief in the quick service that is claimed.

On the other hand, business men receiving telegrams want this information, as it would enable them to transact a greater volume of business in one day, and its general effect would be quickly felt.

Business Man.

MADAME SHERRY

George W. Lederer's name as a producer of musical pieces usually spells something near the last word in approximate perfection of production. Playgoers familiar with the manager's successes while he held forth at the New York Casino, at a time when he controlled the fortunes of Lillian Russell, Jefferson De Angelis, Walter Jones, David Warfield, Louis Mann, Edna May, Maybelle Gilman, Paula Edwards and other stars had opportunity during that period to observe the finished quality of his theatrical equipments. In "Madame Sherry" a musical production that has scored a success of greater popular magnitude than any musical piece offered in the metropolis in a score of years, the Lederer touch and the Lederer manner are said to be vitally contributing elements accounting for the production's furor. Aside from the notes of mirth struck by the story—and past performances have demonstrated that on a better than Lederer knowshow to effect stage fun—"Madame Sherry" is said to fascinate not alone by its score with its ravishing "Ev'ry Little Movement Has a Meaning All Its Own" theme, but to enthrall as well by the general beauty shimmering throughout the productions three acts. The scenic opportunities for the Lederer artistry are a New York gilded youth's studio, with bevy of dancing feminine guests devoted to Grecian torchpore, the salon of a millionaire's yacht, under full sail in the waters off Coney Island, with her feminine guests as models for the Lederer ingenuity and taste in costuming. The conduct of every member of the cast, which term takes in the feminine chorus, is said, too, to reflect this general sense of beauty, a quality that one unconsciously appreciates, who listens to many of the airs of the published score of the production. "Madame Sherry" is to be presented at the Auditorium, Friday, September 20.

ITEMS OF INTEREST

Local and Personal

Miss Withers, of Linden, who has been the guest of her sisters, Misses Bessie and Ruth Withers, left for her home today.

Lee A. Briles has returned from Hickory.

Miss Clara Stanton has gone to Raleigh, where she enters St. Mary's College.

Mrs. Lawson has gone to Greensboro to make a visit of several weeks.

Architect John Young left this morning to visit the Reidsville postoffice. Mr. Young has recently been put in charge of this extension contract price of which is \$40,000.

On yesterday it was stated that the Park street school got the banner for the most well kept building. It should have been the Third Ward school.

T. J. Jerome, Esq., of Salisbury, spent yesterday here on legal business with the Public Service Co.

Mrs. E. P. Carpenter is at home again after an extended northern trip.

A protracted meeting is in progress at Hickory Grove church, northeast of town.

Miss Shattuck has gone to St. Mary's at Raleigh, where she will teach in the department of English.

There was a most pleasant meeting of the Ladies' Foreign Missionary Society of the Washington St. M. E. church with Miss Pattie Newlin on Tuesday afternoon.

The hats seen at the millinery display of the Moffitt Furnishing store on yesterday and today are most attractive. The position, hanky-panky and Robespierre shapes in fushia, taupe and amber shades are the new note in millinery. Black and white is very good both for street and dress, and most fetching was the under brim trimming on some of these hats. White wings set under the brim of a small flat trimmed black hat make a most becoming little walking affair, while the large black and white creations seen in the windows are for dress occasions.

R. R. King, Esq., is here today on legal business for the insurance company represented by J. M. Harrell.

Mr. Harry R. Williamson and Miss Lula Webb, of Charlotte, N. C., were married September 11, at Tryon St. M. E. church, Charlotte, N. C. They will make High Point their home. Mr. Williamson is a book-keeper at the Standard Mirror.

Little Mary Alice Sicheloff is having a birthday party this afternoon at the home of her parents, Mr. and Mrs. C. E. Sicheloff on North Main street.

On September 28th this department of the Woman's Club is to have "Tag Day" to raise money for the coming year and every man, woman and child in High Point will want to help in this good cause. So remember the date, Saturday, the 28th, and be ready with your money.

Who does not know of the good work done last year by the Philanthropic Department of the Woman's Club. We may not know much about it in detail for they do their good work in secret, but we do know that many burdened hearts were made lighter because this department lent a helping hand when it was most needed. None of us know when misfortune may overtake us and a little friendly help at such a time to tide us over the hard place serves to encourage us to put forth our own best efforts to prove our gratitude for the friendly helping hand.

Rev. S. H. Hilliard will preach tonight at the South Main Street Methodist church is increasing. Deep interest was manifest last night, not only by Christians, but also by the unsaved. Service every night at 7.30.

The meeting at Green street church increases in interest at every service. Rev. J. E. Black, of Dallas, Texas, is assisting Pastor Hilliard, and is preaching the word with great power, conversions at every service. The public are cordially invited to attend as many services as they can.

There will be a lawn party given next Thursday night at Prospect church for the benefit of the new church.

G. H. Kearns has returned from a business trip south.

Mrs. A. E. Frazier leaves tomorrow for Rocky River Springs where she expects to spend about two weeks.

The Raleigh News & Observer had a special Richmond edition on Sunday with one supplement entirely made up of Richmond advertisements.

NOTICE TO VOTERS IN SOUTH HIGH POINT PRECINCT.

The voters of South High Point Precinct, High Point township, Guilford county, North Carolina, will take notice that at a regular meeting of the County Board of Elections, for Guilford county, North Carolina, held on Friday, the 13th day of September, 1912, at Greensboro, N. C., it was ordered by the Board that South High Point Precinct be divided into two voting places for the regular election to be held on November 5th, 1912, and that all the territory of the said South High Point Precinct lying South of the main line of the Southern Railroad and West of South Main street and what is known as the Old Plank Road to the Randolph County line, shall be known as South High Point Precinct No. 1, and that the voting place be changed from the livery stable of J. C. Welch on East side of Rankin street to the store of Hunter C. Sechrest on West side of said South Main street, High Point, N. C., for this said Precinct No. 1.

That all the territory lying South of the main line of the said Southern Railroad and East of said South Main street and old plank road to Randolph County line shall be known as South High Point Precinct No. 2, and that a new voting place, at which said election shall be held, will be at the old Lindsay Chair Co., building on East side of Hamilton street, High Point, N. C., now occupied by Parker Paper & Twine Co.

This September 13, 1912.

Thos. C. Hoyle, Chairman,
W. C. Jones, Secretary.

And the voters of said precincts are further notified that a new registration for said precincts was ordered at the registration books for said precincts will be kept open for the registration of voters for twenty days at the time or places required by law.

NOTICE.

The chairman of each department of the Woman's Club, and all officers are urgently requested to meet at the Manufacturers Club rooms Wednesday afternoon at 3.30 o'clock for business of importance. Any new members wishing to join must have name presented at this meeting. Miss I. Irvin Paylor, Pres. Mrs. A. E. Frazier, Cor. Sec.

IT'S STRANGE

That people of refinement and in many cases people of means are fooled into buying the cheapest kind of pianos at an unreasonably big price considering the grade of the piano, through the practice of mis-leading schemes.

The time honored firm of

CHAS. M. STIEFF

has never advocated the sale of cheap pianos nor allowed unbusiness-like methods to enter their business calculated to mislead their patrons.

Our motto is to sell pianos at a price that represent actual value and thereby give the public a square deal.

CHAS. M. STIEFF

Manufacturer of the Artistic Stieff, Shaw and Stieff Self Player Pianos
