Proceedings of Third Day of W. N. C. Conference

No single feature of the present session of the Western North Carolina Conferences of the Methodist Episcopal church, South, attracts more attention and interest than is true of the devotional addresses which Bishop Denny delivers at the opening of each daily session. This morning the words to which Bishop Denny called special attention and upon which he based his remarks were the words found in the first epistle of John. Beloved, believe not every spirit, but try the spirits, whether they be of God.

He called attention in this connection to the attempt that is sometimes made and hold other than the regular services in the church, and said: "Now and then we see an attempt made to turn a church service into a minstrel show," and said that years ago he decided that he did not want a man around him in time of trouble who cannot hold the services of the church correctly. He said further that upon one occasion when he was asked to give the reason why he is not a Christian scientist his answer was, "I am not a Christian scientist because I am a Christian."

Bishop Denny stated that the tests to be applied to determine whether the spirits are of God are the following: 1. Testimony to God. 2. Concensus of the church. 3. Apostolic doctrine.

Greetings from M. P. Conference. Greetings were received from the Methodist Protestant Conference, now in session in Burlington, in reply to the greeting sent by this conference on yesterday.

The report of the trustees of the Children's Home was submitted. One item of special interest in this report was the announcement that W. O. Good, pastor of Brevard Street church, Charlotte, had been elected field

J. W. Harriss chairman reception committee.

agent of the Children's Home, succeeding J. F. Kirk, who has resigned that position and will return to the pastorate. Mr. Goode has been pastor of Brevard Street church the past two years, and there is much guess work being indulged regarding his successor at Brevard Street.

Question 1 was called again, "Who are admitted on trial," and Luke F. Brothers, from the Shelby district, and R. L. Ferguson, from the Asheville district, were admitted on trial in the Conference, in addition to those admitted on Thursday.

Answering question 3 "Who are discontinued?" G. W. Everett, and J. H. Sellers were discontinued at their own request.

Answering question "Who are located this year?" A. P. Foster was granted a location at his own request.

Answering question 2 "Who remain on trial?" a class of thirteen admitted on trial a year ago were advanced to the class of the second year, each member having passed the examination of char-

acter and the committee on examination.

Answering question 10, "What travelling preachers are elected deacons?" and question 12 "What local preachers are elected deacons?" the following named were elected to deacons orders: C. R. Allison, H. V. Clarke, T. A. Grose, G. A. B. Holderby, R. S. Kyle, G. P. Smith, G. W. Vick, Elmer Simpson, P. L. Shore and A. P. Ratledge, J. A. Holmes, L. F. Brothers, J. I. Hickerson.

Answering question 14, "What travelling preachers are elected elders?" the following named were elected to elders orders: D. C. Ballard, G. C. Brinkman, P. H. Brittain, J. O. Ervin, T. J. Houck, G. A. Stamper, J. E. Womack, E. E. Yates, W. O. Davis, J. A. Fry and P. W. Tucker.

Bishop Denny called question 48, "Where shall the next session

V. A. J. Idol, superintendent Washington Street Sunday school.

of the Conference be held?" T. F. Marr placed in nomination Trinity church, Charlotte; and J. H. Weaver placed in nomination Central church, Monroe; G. T. Rowe seconded the nomination of Trinity church and stated that Tryon Street church, the Greater Charlotte Club and all Charlotte will extend cordial welcome to the Conference. The vote was taken and the majority of the members of the Conference favored Trinity church. On motion the choice of Trinity church was made unanimous. The last time the Conference was held in Monroe was in 1902 and the last time it was held in Charlotte was in 1904. Trinity church, however, never has been the host of the Conference.

The Board of Missions has commended the work of H. K. Boyles as missionary secretary, and the cabinet has done the same, and Dr. Boyer is being urged to continue in the position of Conference Missionary Secretary, but he has not yet consented to do so. A resolution was offered recommending an assessment of \$200 on each district for district parsonage repairs, but after discussion the resolution was not adopted.

J. L. Cunningham, director of the Correspondence School of the church, gave some interesting statistics in the course of his address to the conference. He stated that at the present time in the Methodist Episcopal church, South, there are 800 more charges than there are pastors to fill them, emphasizing the need for more young men to enter the ministry of this church. He then showed that the number of candidates for the ministry has decreased steadily for the past several years, only 292 having signified the intention of making the ministry their life work during the year 1911, and that indications are the

Ground is Broken for Winona Cotton Mill

D. H. Hall has a large force of men excavating for the new Winona Cotton Mill, which is to be built along the new Southern Railway Belt Line. The excavation and cement footing will be finished preparatory for the brick work to commence in early spring. Mr. Hall has fifteen teams and a large force of men on the ground and the work will be pushed to completion.

The "Murphy"

Since our townsman, Mr. W. T. Parker has presented us with a fine growth of the Guilford county Irish potato, we are reminded that at present in this year—when the high cost of living is making a very immodest assault upon the pocketbook that the humble Irish potato is the most important product of the vegetable kingdom after bread-stuffs and cereals. The Irish potato was not looked upon with favor when it was first brought to Europe from Chile by the Spaniards, indeed it became an article of general use as food only when a famine threatened. In this country, however, the agricultural board of every state has promoted its growth until last year we raised something more than 273,000,000 bushels which we figure is a trifle over 40 per cent of the whole vegetable crop in the United States, being valued at nearly \$100,000,000 (we take these figures from the government report.) The Irish potato can be grown almost anywhere, and it is not only one of the most nourishing, but one of the healthiest and cheapest articles of food. The agricultural department can do no better work than in educating our people along the lines of food producing.

FUNERAL SERVICES.

The funeral services over the remains of Mary Walton, the infant daughter of Mr. and Mrs. Joseph D. Cox were held this morning from the home on South Main street, conducted by Rev. J. F. McFarland, pastor of the Friends church. A large number of the friends of the family were present giving an expression of sympathy to the bereaved in their affliction.

After the services the remains were taken to Guilford College, where they were laid to rest in the family burying ground.

Happy Children

About 25 little children with bright and happy faces from the Methodist Home in Winston arrived today noon and will take part in the anniversary service this afternoon at 3 o'clock when Dr. Marr will address the Conference. There is no more commendable institution in the plan of Methodism than the Children's Home.

number will be smaller this year. He said further that young men in many instances are kept out of the ministry because of the lack of money with which to secure education, and that the church should rally to the loan fund which has been established to aid those who need this fund in securing educational advantages.

The anniversary of the Conference Sunday School Board will be held this evening and C. W. Byrd and Marvin Culbrette, the latter of Nashville, being assistant secretary of the Epworth League Board, will be the speakers.

T. F. Marr will deliver the address at the meeting to be held in the interest of the Children's Home this afternoon.

The management of the Rose begs to announce that they will present to its patrons Saturday, November 23, the Selig masterpiece "Kings of the Forest." This picture is conceded to be the finest animal picture ever made, it is in two reels, and a greater feature of its kind we don't believe has ever come to the attention of the public in securing this picture the Rose management has shown good judgment inasmuch as it will be of great benefit to the school children, as an educational medium it is invaluable.

We will only be able to keep this picture one day so don't forget the date, Saturday, Nov. 23, (tomorrow.)

Never will you hear such choruses as are sung in Slumberland

The furniture men, who are in session here today have come from the various cities throughout North Carolina and Virginia. They are an aggressive, militant representative class of business men who are creating new wealth for their respective states—all of them being live wide awake manufacturers.

For years lumber and other supplies going into the manufacture of furniture have risen in price, and from year to year sees the cost of the finished goods increased. On the other hand the tendency of the furniture market has been to show a decrease in prices. The meeting today is to reconcile the price of goods with the cost of production.

Local Auto Industry

There is much of the magic in the growth of the automobile sales in High Point—there are already 210 in our midst and the growth is with that 20th century stride which is interesting to watch. And my, how the styles do change! Indeed there are already a large number of the 1913 models here—those who have not bought, are all talking about the handsome 1913 style of cars—how they will look and run—how they will behave and endure, and last but not least, how much they will cost. The auto is almost as fickle as madame in her style appearance, the only difference being that madame changes her style twice a year while the auto makes but an annual change. In co'or effect, however, they vie with each other in a riotous manner. It is truly interesting and profitable to read about the auto of 1913. High Point at the end of 1913 will have fully 300 cars.

M. P. CONFERENCE

On November 21, 1912, at 10 a. m. in the Burlington Methodist Protestant church, the North Carolina annual Conference of the Methodist Protestant church convened in regular session, Rev. W. E. Swain, D. D., president of Conference, occupying the chair. Hymns were sung and prayer conducted by Rev. C. H. Whitaker. The second chapter of Colossians was read. The hour of the day having arrived, the Rev. D. A. Highfil, of Liberty, N. C., preached the conference sermon.

A part of the fourth chapter of (Continued to page 4)
