## Extra Session Incoming Democratic Congress May Last a Year

Washington, D. C., Dec. 6.—It will be more than the next few months—it may be a continuous session for a year—according to the general belief of members. It was conceded that President Wilson would call the extra session about April 1, and no one was willing even to hazard a guess as to when the Democratic House and Senate would be willing to sop their tariff work.

The "short session," which will begin Monday, and which must terminate by March 4, under the constitutional requirement, will be a busy one in a routine way. There are nearly a score of the big "budget" or general appropriation bills which have the right of way over other legislative business, and leaders predict that not more than one or two other bills would ever get on the statute books—particularly since a goodly part of the Senate's time for a few weeks at least, will be consumed in the impeachment trial of Judge Robert W. Archbald, but it was generally believed that he Adamson bill for physical valuation of railroads, the Clayton bill limiting Presidents to one term of six years, purchase of "Monticello," the home of Jefferson, and possibly the Department of Labor bills, might be passed.

The general plan of leaders tonight was to recess for the Christmas holidays about December 21, reconvening again about January 5 or 6.

### DOLLS! DOLLS!! DOLLS!!!

Santa Claus will be here with a special lot of dolls on Saturday the fourteenth and display them in the windows of Peoples House Furnishing Company.

There will be big dolls, little dolls, girl dolls, and boy dolls, light haired and dark haired dolls in fact every kind of dolls. They will be beautifully dressed, too. The Young Women's Missionary Society of Washington street church will have them in charge so if you are planning to purchase a doll for some little tot, please call on them.

J. C. Siscoff } Directors.  
J. H. Adams }

### A CARD OF THANKS

I wish to thank our many friends and physicians for their faithful attention to my husband during his sickness and death. Every act of kindness and expression of sympathy will ever be gratefully remembered.

Mrs. J. C. Shelton.

Are you interested in long coats, if so, go to Allen's today.

### The Doctors Meet

Guilford County Medical Society had a splendid meeting last night at the Manufacturers Club, which lasted until 10.30 o'clock. There were a number of visiting physicians present. The discussions were varied and highly interesting. At the conclusion of the meeting the doctors repaired to the Elwood hotel where a magnificent spread awaited them.

Dr. J. W. Long was toastmaster and presided in his inimitable way. The toasts at the banquet were highly interesting as well as timely and everyone present had a most delightful evening. The banquet broke up in time for the doctors to catch the 12.30 northbound train.

The Enterprise takes this occasion to congratulate the society as well as the High Point Academy of Medicine for their progressiveness and the voluntary aid the members are rendering to ease of emergency and would render to humanity.

### A Favored Section

"The frost is on the pumpkin, and the corn is in the shock" and plenty of the word. The cool nights and the refreshing rains recently signify that the summer is long ago past and winter is at hand. Through the country turkey and quail are plentiful.

Around the poultry-yard the young turkeys are grown so lusty they almost equal their parents in size—same way with all the other denizens of this domain. The farmers have worked hard, and the results in the many instances have been satisfactory, no doubt, for do not the tillers of the soil from year to year give both their own families, along with those of the city dweller, cause for thanksgiving by raising a generous supply of good things to eat for all?

Take a spin over our improved country roads in an automobile and the trip will probably provoke an exclamation of thankfulness when you contrast them with the country roads of a decade ago. One little journey of this nature will satisfy you of the glories of old Piedmont. Better farm buildings, fences and the general appearance of the country side all go to show that with each succeeding year changes are taking place which will stand for future prosperity in the rural districts and those of us who live in the prescribed area of Aycock county, live in the most favored section of this grand old state.

### FAMOUS ANIMAL ARTIST

Mr. G. Muss Arnolt, who is stopping at the Bellevue, and who is here for the field trials, is America's famous animal artist.

### BOTH GLADLY RECEIVED.

The Enterprise is pleased to receive the many communications and the kind endorsement of much of its work. We are also glad to get communications from our readers who may differ with us, and these communications we are always glad to publish.

### BASKET BALL

Trinity High School and James-town High School play a match game this afternoon at James-town. The young ladies from Trinity went down on the noon train and say they expected to win.

Don't buy a long coat until you see the \$10 ones at Allens.

## The Next Municipal Acquisition

In the rapid march of progress here which is noticeable in every line of business, it might be well for us to look to the future and even at our present needs.

One of the most important matters that confronts the town always is a safe-guard against fire. This requires plenty of water and fire apparatus. With so much at stake here, it would be wise to erect a reservoir with a capacity of 2,500,000 gallons which would be ever ready in case of emergency and would relieve the pumping situation at the station.

Then we need a motor steam fire engine. This would be the pride of the town, and operated by a paid force would not only save expense in the matter of insurance but would throw a safe-guard around all of our property.

These suggestions have been thrown out by some of our wide-awake business men and it might be well to think over them. The truth of the matter is our town is growing rapidly and we need more money for schools and city improvements.

### Attend Tonight

#### IMPORTANT MEETING TONIGHT INDUSTRIAL CLUB

Do not forget the annual meeting tonight at 7 o'clock. It is very important that there be a full attendance of all the live citizens of the town. Please be on time.

### Opening New Street

Mr. Editor: What do you think about opening up the strip of land back of the Bank of Commerce, connecting Rankin and Second streets.

Citizen.  
Preliminary estimates are under way to obtain the cost of the opening up of this street. Every one realizes it is very much needed and would develop another nice business block, and also an enhancement of values to all abutting property. It would also open up new property for store sites, which is greatly needed. The plan of the Enterprise has always been for this extension by connecting Rankin and Second street and continuing Second street to the Johnson property on the north, and Rankin street to the extreme south end of town, as to make a thorough roadway for access to many existing business houses, providing suitable sites for additional enterprises of the same character.

### NEXT LYCEUM ATTRACTION

The International Operatic Company will appear here next Friday, December 13th. This is the strongest number on the series costing twice as much as most attractions. The organization is composed of professional performers, and musicians of wide experience and reputation. Their program will include vocal solos, duets, quartets, piano solos and an operatic production in costume. These thoroughly trained artists are costumed in a rich, beautiful manner for their character songs and the selections from grand opera and popular opera show great good taste in recognizing the limitations of lyceum requirements.

### BECOMING VERY POPULAR

The inauguration of the six o'clock evening dinner by Mr. Lewis Woodson of the Elwood struck a popular chord here. Henry Easley and his superb orchestra has been furnishing a fine musical program. The menu served may be seen in Saturday's issue.

## Steady and Growing Real Estate Sales-Mark City's Progress

### AMBASSADOR TO U. S. THE NEW BRITISH

Sir Cecil Arthur Springrice succeeds James Bryce as British ambassador to the United States. He is fifty-three years of age, a K. C. M. G., and has been minister at Stockholm since 1908. In 1886 he was acting third secretary at Washington; later acting second secretary and served as Brussels and Tokio. He was transferred back to Washington in 1893, was charge d'affaires at Teheran in 1900, and minister to Persia, 1906-1908.

C. L. Stafford, of Greensboro, is now with the J. M. Harrell Agency.

Mr. and Mrs. John E. Stone, of Grafton, W. Va., are visiting at the homes of their daughters, Mrs. Frank Wineskie and Mrs. Geo. A. Stephens, both on Hamilton street. They expect to spend the winter South.

Betsy, the sweet little daughter of Mr. and Mrs. Oscar Durland, has been very ill for a week or more.

Phone us any news item, and we will be pleased to publish it for you.

Miss Dale Alexander of Swananoa, is visiting Mrs. W. C. Jones.

### THE EMPTY STOCKING FUND.

Many of our estimable ladies are getting up an subscription for the empty stocking fund. Let everybody help them.

### WHY TRAINS ARE LATE

Mr. Editor: Why are so many of the trains late nowadays, and what is the railroad ruling in regard to it.

Citizen.  
On November 16 last, the Interstate Commerce Commission made a ruling (the railroads had nothing to do with the ruling) limiting all passenger trains on all lines to 48 miles an hour, and all freight trains on all lines to 25 miles an hour. It is our understanding that the demand for this rule was due to the recent wrecks caused by engineers trying to make up lost time. Under the recent ruling if a train is late, it cannot run over the prescribed rate of 48 miles an hour. It is our understanding that the public from train wrecks. Many of the engineers throughout the country have requested that speedometers be attached to their engines, to exonerate them in case of accident where otherwise they might be charged with exceeding the speed limit.

The past two weeks in the real estate realm was not a dull one by any means, and the aggregate of business closed up was much larger than usual, and then too, there was a holiday in the meantime. Being the last of the year many closed deals knowing that next year's prices will certainly show a rise. In the Roland Park property, out of the score of prospective buyers many have closed, while the Barbee property that residential and charming thoroughfare looms up large in the popular eye.

### Another Beautiful Residential Section.

We understand that the sales in sections of the Barbee property have been going steadily along. The owners of this fine residential section are spending from \$12,000 to \$15,000 in development. This particular section so favorably located on the road between High Point and Greensboro has over 450 building lots and some day it will be a veritable little city by itself.

We understand that in a short while the fight for the extension of the city limits in both directions is bound to come because they are the coming sites of many of the largest and richest homes. The city fathers themselves can but see that this is to be a mighty attractive residential section, and street improvement and extension must mark the improvements in this section in the coming spring. Throughout this section many lots have already been bought by those who will build most beautiful homes.

### Real Estate Will Advance.

Next spring will show an unprecedented building boom in residential property—and with the boom real estate prices are going to advance.

### BOY SCOUTS

Boy Scouts of Washington Street M. E. church will meet at the Industrial Club rooms tonight at 7 o'clock. Dr. McAnally will lecture on First Aid. Let every scout be present.

### THE TRAFFIC LAW.

There was more gasoline on the Recorder's docket this morning than ever before. There were 18 cases against automobile drivers for breaking the new traffic law and all were fined \$10. The authorities have given out that this new traffic law will be strictly enforced. Copies of it have been printed and sent out to hundreds of citizens and every one should be familiar with it. It is highly necessary that such a law be in operation. There are now over 200 automobiles here and in the vicinity and more coming. It is utterly impossible to operate in safety on the streets unless the maximum speed is very low and care is given to turning corners. It is hard to pay a fine, but we had rather pay a hundred than kill or hurt a child or any one else.

### REVIVAL MEETINGS PRESBYTERIAN CHURCH.

Evangelist Norman H. Camp, of Chicago, who is conducting special meetings at the Presbyterian church, spoke last night on "The New Birth." His sermon was illustrated by the blackboard, on which he wrote fifty words showing the condition of the natural man. Pride, deceit, envy, strife, lying, stealing, temper, impatience, criticism, boasting and forty other words were a successful impeachment of every man, however moral or respected in the eyes of other men. Service tonight at 7.30.

# The Word STEIFF

Is all the recommendation you need in the purchase of a piano, whether it be a Steiff, a Shaw, manufactured by ourselves, or any piano handled by this great firm.

We won't deceive any customers as to the grade of the piano or the price. We charge what it is worth and you get value received.

## CHAS. M. STIEFF
