Million Dollar Bond Issue for State—Passed Senate

JUDICIAL DISTRICTS NOW
ARRANGED—OTHER
BILLS.

Raleigh, N. C., March 6.—Sen-
ator Long's bill providing for a
State bond issue of a million dol-
lars to meet the deficit in the
treasury and to provide for per-
manent improvements at the
State institutions passed its final
reading in the Senate yesterday
and was sent to the House.

Several of the most important
bills that have been before the
General Assembly of 1913 were
disposed of during the morning
session of the Senate yesterday,
which lasted over five hours,
breaking the Senate's record in
this respect.

Judicial District.
The bill fixing the twenty ju-
dicial districts of the State under
the new scheme was disposed of
and ordered enrolled for ratifica-
tion. After a lively scrimmage,
the Senate concurred in the House
amendments, changing districts in
which the counties of Onslow,
Davidson and Randolph are to be
located, and no further amend-
ments were adopted.

The House child labor bill
passed its final reading in the
Senate after amendments had
been adopted eliminating the pro-
hibition of women working in the
mills at night. As amended it
was sent back to the House for
concurrence. The only real ad-
vance made in this matter is the
prohibition of children working in
the mills at night, and it is up to
the county superintendents of
education to enforce this provi-
sion.

**DEATH MRS. MARY JOHN-
SON**

Brief mention was made yester-
day of the death of Mrs. Mary
Johnson which occurred at the
home of her son, Mr. J. A. John-
son on Centennial avenue. Mrs.
Johnson has been a patient suf-
ferer for about a year, but very
few even of her most intimate
friends realized that the end was
so near. She was the wife of the
late Prof. L. Johnson, who was
teacher of mathematics in Trin-
ity College for many years prior
to the removal of that institution
to Durham. Mrs. Johnson was a
consecrated Christian woman
who was universally loved and
appreciated by those who knew
her.

The funeral will be con-
ducted from Washington Street M.
E. church, of which she was a
member, tomorrow morning at
ten o'clock, conducted by her
pastor, Rev. J. H. Barnhardt, as-
sisted by Rev. A. S. Caldwell.
The interment will occur at
Trinity.

**DEATH OF MRS. R. L. AUS-
TIN**

Mrs. R. L. Austin, of New
London, N. C., who has been un-
der treatment here for several
days, died at 7 o'clock this morn-
ing. She leaves a husband and
five children.

The remains will be taken to
New London today for inter-
ment, accompanied by her
brothers-in-law, Dr. Austin and
J. Allen Austin.

NOTICE ELKS.

Election of officers of local
lodge will be held tonight. Be
on hand without fail.
R. H. Schreest, Sec.

The funeral of Henry Medlin
was conducted at the home on
Smith street this morning by
Rev. Moton. Deceased was 77
years old at his death, having
fought through the Civil war,
and has a number of friends who
will regret to learn of his death.

**TONIGHT'S MEETING AT
FRIENDS CHURCH AT 7:30**

Every service strictly on sched-
ule time. The gospel hymns by
the competent choir will alone re-
pay your effort to come. The ser-
mons are short, clear cut and ap-
plicable to present day needs as
real Christian religion always is.

Last night was the best of the
series so far. The gospel message
of God's wonderful power to save
from the evil that grips and mars
mens lives was strongly present-
ed and four souls responded to the
simple invitation to strike out for
salvation.

Don't forget the meeting to-
morrow afternoon at 3 o'clock and
the fireside prayer circle with the
pastor at 7:10.

**DEATH OF FRANK H. REY-
NOLDS.**

The remains of Mr. Frank
H. Reynolds were brought
here through the country from
Greensboro this morning for in-
terment at Springfield.

Deceased was a brother of
the late L. M. H. Reynolds, and
had a number of acquaintances
throughout this section, who will
regret to learn of his death. He
had been a sufferer for more
than a year with Bright's disease.
Mr. Reynolds was 55 years of
age and is survived by several
children and six brothers and sis-
ters.

**DEATH OF MRS. JANE
TEAGUE NEAR
KERNERSVILLE**

The death of Mrs. Jane Tea-
gue occurred at her daughter's,
Mrs. W. H. Hester's near Kern-
ersville Tuesday evening about
ten thirty o'clock, March 4th.
She will be buried at Walkers-
town, Loves church, Thursday
afternoon at 2 o'clock.

The funeral will be conducted
by Dr. Brown, of Winston-Sale-
m.

Mrs. Teague is the mother of
Mr. J. C. Teague of High Point.

**AS TO FURNITURE SALES
SEASON**

Editor of Enterprise:

Why not have the first furni-
ture "season" this coming June?
In my opinion, the time is ripe for
it. This opinion is based on
months of consideration of the
project from many view points,
and consultation with several of
our leading manufacturers devel-
oped the fact that the opinion is
shared by many others.

While it would be ideal to have
one large exhibition building, I
do not think it is necessary to
wait for it to be completed. If, in
June, we could show the visitors
a magnificent building in the
course of construction, so much
the better. If we cannot, the suc-
cess of the first "season" would
make it much easier to interest
the necessary capital for the erec-
tion of a building of sufficient size
to accommodate all available
lines.

There is much to be done, and
if a spring "show" is to be at-
tempted, immediate action should
be taken.

I would respectfully suggest
that you arrange for a meeting of
all the manufacturers, to be held
one evening next week at either
the Manufacturers or Industrial
Club, for the purpose of learning
the existing sentiment toward the
plan. If it is approved, arrange-
ments could be made at the same
time for proceeding with the work.

Yours respectfully,
M. W. Lloyd.

A WORTHY MOVE

Mr. A. E. Tate has been ap-
pointed a delegate to visit Europe
under the auspices of the South-
ern Commercial Congress for the
purpose of studying the rural
credit system. The object in
sending a commission to Europe
is to concentrate public inter-
est upon agricultural credit,
with the expectation that a gen-
eral discussion may crystallize
into practical legislation. By
carefully selecting the commis-
sion and restricting its member-
ship to those who are sincerely
interested, it is hoped that the
representatives from the different
Southern States will render valu-
able work upon their return as
propagandists for the movement.
Such conception of the advantages
which may be derived from such
a commission is sound, and the
trip abroad is a worthy one if it
results in focusing public opinion
upon the many advantages to be
derived from the establishment of
better agricultural credit facilities.

WIFE-BEATER GETS TERM

Recorder Edmonds sentenced
Will Rankin to 30 days on the
county roads this morning for
beating his wife.

FINE STAGE SCENERY

The curtain will rise at 8 p. m.
sharp on the most beautiful stage
setting in this part of the coun-
try. This scenery was built by
the Boy Scouts themselves and
will do your heart good to view
these two fine sets, including two
large curtains, one a street scene,
the other a landscape, all built
here at home by these young men.

THE MONTH OF FIRES.

March is with us today—look
out for fires—this is the month
that exceeds all others for disas-
trous fires.

AT THE SKATING RINK.

See "Happy Jack Darling," the
man who sets himself on fire while
skating. Box contest free. Fancy

come out. Friday and Saturday
afternoons, 3 to 5 o'clock. And
Friday and Saturday nights from
7 to 10:30.

Don't fail to get a guess at the
pennies.

Extension of the Car Service to Archdale A Live Proposition

**Protection in Moving
Picture Shows**

Being a citizen of High Point
and uninterested in any laws
that the city might have in the
regulation of the moving picture
shows. Having been to New
York and other large cities of
the country and seeing and
knowing the large crowds that
gathered around the moving
picture shows and of all classes
of people from the baby to the
old man. And as all diseases exist
among the different classes of
the people I believe that every
moving picture show that is
erected in High Point or in fact
in any other town in North
Carolina should be made as near
sanitary as possible. And my bet-
ter judgment tells me that no
moving picture with a ceiling less
than twenty feet in height could
possibly be sanitary and then
twenty of ventilation in the front
and back, and suction fans con-
nected with the building to carry
off the impure air. All foul
air arises, and reverses and
comes back unless there is some
method to carry this air from the
building.

Now I give this as my experi-
ence on the moving picture
show and hearing what has been
said in regard to the different
matters arising in this business.
Another thing that no office
should be allowed over a moving
picture show or anyone to live
over a moving picture show un-
less the building is built from
concrete and made strictly fire-
proof. I mention this because if
fire should break out overhead in
rooms or offices and the moving
picture show would be crowded
at the time and someone should
cry fire it would cause a serious
panic and would possibly cause
many lives to be lost. I further
think that every moving picture
show should have a machine
room strictly fire-proof, with
open doors so in the event of
fire that the operator would have
an equal chance to escape from
the place without serious injury.
Furthermore I don't believe any
operator running a motion pic-
ture machine should be allowed
to run one until he is past the
age of twenty-one. I further be-
lieve and think that it should be
a law in the city of High Point
that no operator should be al-
lowed to operate a moving pic-
ture machine in this city who
has not had as much as two
years experience in that busi-
ness, and the one should be thor-
oughly examined by the city
electrician in regard to the elec-
trical knowledge that is required
to run said machine and if he
fails to pass the examination let
him serve six months before he
will be eligible to another ex-
amination and give him an ex-
amination every six months
thereafter until he is able to
pass.

Now it is a well known fact
by all moving picture manufac-
turers and exhibitors that these
reels are made of celluloid and
are very much in danger of fire
in the hands of an inexperienced
man. For this reason every op-
erator should be made to stand
an examination before he is al-
lowed to run within the corpor-
ate limits of any city any owner
or manager of a moving picture
show who employs an operator
to run his machine unless the
said operator has a license from
the city of High Point, then his

**MASS MEETING FRIDAY
NIGHT.**

The citizens of Archdale will
meet in public mass meeting next
Friday night for the purpose of
promoting the extension of a car
line to that place.

Among those from High Point
who will address the meeting are
Mayor Tate, J. J. Farriss, Dred
Peacock, Esq., and Postmaster
W. P. Ragan.

The Enterprise would indeed
be pleased to see the extension of
the car line to Archdale. All
along the line, intervening and
the town of Archdale furnishes
one of the best residential sections
for suburban homes to be found
anywhere in this immediate sec-
tion.

Fred Hull, national bank exam-
iner, is here for an official visit.

Dr. Jackson, of Trinity, we un-
derstand, will take up his resi-
dence in High Point for the prac-
tice of his profession.

The Overland touring car, for
which Mr. D. N. Welborn is
agent, is having a ready sale.

There will not be a meeting of
the Boy Scouts of Washington
Street M. E. church on Friday
night, as the Scout Master is
away, attending the funeral of his
sister-in-law.

**CRAIG TURNS DOWN PAR-
DON**

Governor Craig yesterday de-
clined the application for the par-
don of E. E. Powell, Sr., the
Scotland Neck septuagenarian who
shot and killed Deputy Sheriff C.
W. Dunn, dangerously wounded
Corporation Commissioner E. L.
Travis and severely hurt Paul
Kitchin, brother of the ex-gov-
ernor.

Powell is now serving a term of
thirty years. He was tried and
sentenced by Judge G. W. Ward
at Warrenton June 29, 1910. He
has since been at work, though
more than 70 years old, and no
previous effort had been made to
secure his release.

spite until March 28 to Floyd Al-
len and his son, Claude Swanson
Allen, under sentence to die in the
electric chair at the State peni-
tentiary on Friday next for their
part in the Hillsville court murder
on March 14, 1912. The gov-
ernor announced that he would
issue a formal statement tomor-
row, although he did not indicate
what action he would take on the
pending petition for a commuta-
tion.
