J. M. Harrell, President

The Third Series of
PIEDMONT BUILDING & LOAN ASSOCIATION

Will Begin on April 15th

All the money you pay in is invested in real estate first mortgages—the safest investment you can find. A few dollars a month will soon amount to a few hundred. Try it. If you want to pay for a home in the easiest possible manner, take stock now and let your dollars work for you. The books are now open for subscriptions. Come in and learn more about it.
W. C. IDOL, Sec. & Treas.

DR. A. P. STALEY
OPTOMETRIST and SPECIALIST

Treating the nerves and muscles of the eyes. Also fitting glasses when needed, after a thorough examination.

106 N. Main St.
HIGH POINT, N. C.

Learn Shorthand in eighteen lessons—Edwards Business College.

CO. M. ATTENTION
Remember that next Saturday, March 15th, is the time for our annual inspection. Three are ordered for this week, Tuesday, Thursday and Friday nights—every member should be present at all these drills.
E. P. Carpenter, Capt.

Wilson Face to Face With the Greatest Political Peril

PRESIDENT WILSON WILL MASTER THE MOST INTRICATE OF ALL GOVERNMENT PROBLEMS THE TARIFF

Low Tariff It Is Claimed Will Wipe Out New England Industries Crippling New England.

The New England Democrats are certain to demand free raw materials for themselves without stopping to think that their raw materials are the finished products of other sections of the country. The plea is made in behalf of New England that, inasmuch as she produces no raw materials, she would be wiped off the map by too radical a downward revision, because all she can do is to produce finished factory products.

Is The Tariff Section.
Representative Peters of Massachusetts, one of the members of the Ways and Means Committee that is voting for free sugar, is at the head of a combination of New England and other factory district Democrats organized for the purpose of preventing any drastic action on articles produced in New England.

Those who disagree with what the New Englanders are trying to do contend that what they are really trying for is to bring about a situation that has so long been fought for by New England Republicans, that is to say, protective duties for the products of New England and free trade or exceptionally low duties for the products of the other sections.

New England Seeks Alliance
One section of the New England group is seeking an alliance with representatives from the cotton mill sections of the South to prevent drastic action with regard to the duty on coarse cottons, the idea being that New England, as a manufacturer of fine grades of cotton goods, must now concede something to the Southern mill interest.

Twenty-eight Democratic Representatives from the Middle West are reported to be landed together to prevent deep cuts on farm products—for instance, mules, hay, corn, potatoes and such things, which the cane growers of Louisiana have to buy.

Drastic Motor Law

Our readers will be vitally interested in the new automobile law ratified by the present legislature.

In brief, it may be stated that the new law includes motor cycles but exempts fire wagons, police patrols and ambulances.

The old law did not provide for uniform display numbers, officers could not tell whether an owner's license had been cancelled. Under the new act the numbers are furnished by the Secretary of State, and changed annually in style and color, so that it may be seen at a glance whether or not a machine is properly registered.

Licensed Tax

The fees fixed by the new act will be a source of no little revenue for the use of the various counties, and at the present rate of increase in the use of motor vehicles, should within a few years provide an amount sufficient to aid materially in the upkeep of the roads. The use of this money is left to the discretion of the county authorities. Under the old law \$3 from each registration is returned to the county, which \$3 is all that the county gets from one machine, as the law does not require that the present renewal fee, or any part of it, be turned back to the

county. Under the new law the registration fees are collected each year and no renewal fee is provided for. The fees of \$5, \$7.50 and \$10 will be divided between the county and State, the latter getting 20 per cent and the county 80 per cent.

The old law does not provide for a dealer's license, and to comply with the law the dealer had to register each machine handled and go through the process.
(Continued to page 4.)

The friends of Mr. John Nicol, of the Public Service Company, regret to learn that he is confined to his home on Johnson street on account of illness.

Dr. Eugenia Whitehead, of New Jersey, is here visiting her sister, Mrs. Benjamin E. Moore. Dr. Whitehead came on from Washington, where she went with a New Jersey party, to see their Governor made President, also as one of the representatives of her Alma Mater, the Women's Medical College of Philadelphia.

Mr. Farlow, of Randolph, who underwent a very difficult operation at the High Point Hospital by Dr. J. W. Austin, left this morning for his home, having fully recovered.

Millinery opening Thursday and Friday—see ad on last page.—Moffitt Furn. Co.

B. Robinson of "The Fair" left last night to buy more spring goods for his Easter opening.

The "Jello" Demonstration is now on at Idol Grocery. It would pay you to make a special visit to our store to see the "Jello" Demonstration.—V. W. Idol & Co.

Mr. and Mrs. A. V. Sapp, of Greensboro, are spending the day here.

WILL YOU BE ONE

Will you be one to make 125 at the High Point Choral Society which meets at Baptist church at 7:30 tonight. Our concert is only two months off and every rehearsal is important. We hope to have fifty visitors tonight who will become members next time.

Squire Sutenfield was elected yesterday afternoon to fill out the unexpired term of clerk of the city court.

Our store will be closed tomorrow getting ready for opening Thursday.—Miss Venetia Smith.

Everybody invited to Miss Venetia Smith's millinery opening on Thursday.

PIEDMONT BUILDING & LOAN ASSOCIATION

Subscriptions for shares in the Third Series are coming in. Take a few shares for your boy. It will help to educate him, or give him a few hundred dollars for investment.

The first payment will be due on April 15th, but make your subscription now.
W. C. Idol, Sec. & Treas.

Extension of Car Service TWO THOUSAND FEET TRACK

The Public Service Company will break ground this week for 2000 feet of car track—beginning at the end of the North Main street car line extending through Mechanicsville. We understand that this extension is in lieu of the line around the park on the Johnson property.

STOP AND LOOK INTO IT

If you will stop and think for one minute you can readily see what it means to trade at home—it not only helps your merchant—it helps you. Hundreds of thousands of dollars go away from High Point every year—such an amount is worthy of consideration. Look what it would do if kept here. It would help the merchant directly, help the one who spends it, and swell the bank clearings of High Point enormously to trade at home.

RE-APPOINTED BY GOV. CRAIG

Among the list of memberships of boards of directors of the various state institutions sent to the Senate yesterday by Gov. Craig we note the re-appointment of Mr. A. E. Tate, director of the State Hospital at Morganton for the term of six years, ending 1913; and Mr. W. H. Ragan, director of the A. & M. College at Raleigh for the term of six years ending 1919.

CALLED HOME

Miss Gertrude Adams, milliner at Moffitt Furn. Co. received a telegram yesterday announcing the sudden illness of her mother in Baltimore. She left last night on No. 38 and will probably return the latter part of the week.

"THE CHIEF CORNER STONE"

The topic as indicated above was the subject of consideration at the Friends meeting last evening. The meeting opened with a beautiful spirit of prayer. The message was given with earnestness and clearness. We are either believers or unbelievers. Scripture gives no middle ground of faith, neither should we.

To the believer Jesus is precious—first of all for his rare beauty of character. He is in fact the chief corner stone of character. Then Jesus is precious for his usefulness to man—Christianity is a workable thing. His preciousness is also manifested by his strict faithfulness for He is the friend of man. Rest all He is our great liberator, freeing us from the fetters of sin and giving us the opportunity to develop full rounded manhood and womanhood. Will you let Him be precious to your soul! The meetings will continue this week and Friday afternoon there will be a special meeting for school children which will be conducted in a way suitable to their comprehension.

Among those who have purchased cars from D. N. Wilborn recently are Messrs. D. H. Hall, John Armstrong, John Stephenson, Virgil Horney, Mr. Koonce, Tom Gilliam, and E. P. Carpenter.

TILLEY'S DRY GOODS EMPORIUM

Mr. A. P. Tilley will open temporarily his store in the Clark building next Saturday preparatory to moving into the store now occupied by Allen Bros., who are to occupy the big Department Store. He offers to the buying public a brand new up-to-date line of goods, just from northern markets at prices that will attract you.

Badly Needed-Council Should Establish "City Ward" at Hospital

SOCIAL
(By I. I. P.)
Woman's Club

The general Woman's Club meeting will be Wednesday afternoon at the Manufacturers Club at 3 o'clock with the president presiding. All chairmen of departments and committees are requested to bring reports. The main business feature of the meeting will be the election of a nominating committee to bring in a suggestive slate for next year's officers. The election of this committee will be both interesting and important as according to the constitution there must be a change in many of the officers. The annual election of officers will take place in May. The officers who cannot serve another year in the same capacity are Miss I. Irvin Paylor, president; Mrs. Rufus King, recording secretary; Miss Mary Alexander, auditor; Miss Clara Cox, chairman of social service; Mrs. Henry White, chairman Home Economics; Mrs. James Farris, chairman literature.

Another feature of the meeting will be to perfect plans for our Reciprocity meeting of next Saturday.

Invited to Greensboro.

The Greensboro Woman's Club with Mrs. Al Fairbrother president, has extended an invitation to the High Point Woman's Club to spend Friday, March 14, with them and help to celebrate Guilford County Reciprocity Day. The Woman's Club of Charlotte and other clubs will also be guests of the Greensboro club on that day. Many special features have been planned, Mrs. Cotton, state president, and other prominent workers will be there. The school children of High Point have been asked to take part in the parade. Some of High Point's club women are down on the program for short talks. Fifty members have given in their names as intending to accept the invitation. If any one finds out they must decline be sure and notify the secretary by Wednesday's meeting.

High Point Reciprocity.

Saturday afternoon at 3 o'clock promptly High Point Woman's Club will celebrate Reciprocity Day. The meeting will be held at the Manufacturers Club rooms. The special guests will be Mrs. Robert Cotton, state president; Mrs. Eugene Reiley, national correspondence secretary; Mrs. Willard Rogers, president Charlotte Woman's Club, Mrs. Al Fairbrother, president Greensboro Woman's Club, and other state workers, including several Greensboro ladies. Short talks will be made by several of the visitors after which there will be a reception. If the weather permits there will be a drive to Old Trinity immediately after the meeting. Committees are being appointed to attend to the details of the meeting, and every thing bids fair for a pleasant and profitable meeting. The refreshments will be in charge of the social committee and this means this feature is not to be neglected. Let every club woman fit town be present.

Board Meeting

The executive board of the Woman's Club will meet Wednesday afternoon at 2:15 at the Manufacturers Club.

CARNATIONS

Red, white and pink at greatly reduced price at Hart Drug Co.—at 65c per dozen.

NEW ADS

Moffitt Furnishing Co. Miss Venetia Smith. Leonard-Beavens-Stamey Co.

Making the rounds with one of our ablest physicians day before yesterday, we came in contact with several cases, and one specific case in special—which showed the urgent need of a city department to our present well equipped home institution—the High Point Hospital. We have a large growing population here—and perhaps no town in North Carolina needs a "city ward"—providing medical assistance to the needy to the same extent that High Point does. The city cares for many distinct cases, but it falls to burden of the physicians to contribute largely of their time and means on cases every week, that should come within the scope and care of a well regulated city department. The question is a serious one—and a humane one—to conserve the life of those who through accident on the one hand, or misfortune upon the other—need medical care and attention and have no way of getting it except through the mercy and charity of some noble hearted physician.

The City Council ought not to be long in taking this matter up on its merits.

LAST DAY LEGISLATURE.

Women of School Boards.

The Senate last night passed the bill to make women eligible to membership on school committees, boards of trustees of graded schools, colleges for girls, as well as the State Text Book Commission, by declaring such places, not offices but positions of honor and trust.

Tax Commission Killed

The House spent most of a four-hour session last night considering the machinery act, which came from the finance committee last night. The most important difference between this and former machinery acts was that this provided for the creation of a State Tax Commission, composed of three members to be appointed by the governor, to have entire supervision of the entire tax system of the State. This provision was eliminated by a vote of fifty to thirty-four. Other amendments were adopted and the bill passed its second reading and went over until today for some other amendments on third reading.

To Amend the Search and Seizure Law.

"Section 1. That the act passed at this session of the General Assembly, entitled 'An act to secure the enforcement of the laws against the sale and manufacture of intoxicating liquors,' which was ratified on the third day of March, 1913, shall not be so construed as to make it unlawful for any transportation company from other states to, any person in this State spirituous, vinous and malt liquors intended for private use and not for sale, and the presumption raised by said act against the person receiving or having in possession the said liquors in excess of the quantities therein stated that the same is intended for sale, shall not apply to any transportation company so as to make the shipment presumptively for an unlawful purpose or use.

"Sec. 2. That it shall be lawful for any express or transportation company to transport spirituous, vinous or malt liquors from other states to any person in this State, when the same is for private use and not for sale.

"Sec. 3. That all laws in conflict with this act are hereby repealed in so far as they conflict herewith and no further."

Don't forget to call at Idol's Grocery to see the "Jello" girl.

Let me have your measure this week and we will have a Suit in High Point for you by Easter, 23rd.
