Huerta, Defiant, Asserts His Sway Will Be Continued -- Ultimatum

Challenge Arouses Washington and Is Regarded as Putting Next Move Squarely Up to President Wilson.

Mexico City, Nov. 10.—Provisional President Victoriano Huerta announced to the diplomats at midnight last night that the elections recently held in Mexico are void.

He also informed them that he will continue in office until new elections are held.

He did not refer to the representations made to him by the United States demanding his immediate withdrawal, but his statement is accepted as his answer to President Wilson's ultimatum.

It is looked upon as being an absolute defiance, and in effect, an invitation to the United States to do its worst.

In his formal statement to the diplomats the Dictator said it is now foreseen that the elections are null and void on account of too few precincts having taken part in the voting.

He asserts that on this account Congress when it convenes naturally will annul the expression of the voters at the polls.

Troops Move to Texas

The first squadron, four troops of 5th Cavalry, commanded by Col. Joseph Garrard, left Fort Myer, Va., today by train for Fort Bliss, Texas, to relieve the third squadron of the Fifth Cavalry, patrolling the Mexican border. The movement is in accordance with orders issued a month ago.

The squadrons of the Fifteenth Cavalry at Fort Sheridan, Ill., and Fort Leavenworth, Kans., are to relieve the other two squadrons of the Fifth Cavalry on the border and the Second Cavalry, now at Fort Ethan Allen, Vt.

Orders have not yet been issued for the transfer of the Second and Fifth Cavalry to their northern and eastern stations.

MR. HOLTON TELLS M'REYNOLDS HE WILL NOT RESIGN

Washington, D. C., Nov. 10.—Senator Overman was today advised by the department of justice that a letter has been received from District Attorney Holton refusing the request of the department that he resign. Denials have now been received from both district attorneys and marshals.

Over-the-Tea-Cups Club

Over-the-Tea-Cups Club will meet with Mrs. Joe Weaver at her residence 134 Steele street, Thursday afternoon at 3 o'clock.

A fine set kitchen ware free with the Range Eternal today and tomorrow only.—Siceoff Hdw. Co.

M'Adoo Abandons Differential Rule

Tariff Law Gave 5 Per Cent. Discount—Importers May Appeal—Foreign Nations Protested Favoring Clause.

Washington, D. C., Nov. 10.—Secretary William G. M'Adoo issued orders today to collectors of customs to continue to disregard the sub-section of the new tariff law authorizing a discount of five per cent on all goods imported in American vessels.

Entries held up pending a decision on the question by Attorney General McReynolds now will be liquidated, leaving importers who desire to insist on getting the five per cent discount to protest, with the right of finally carrying the question to the court of customs appeals.

The Attorney General gave his opinion ten days ago, since which time it has been under consideration by Treasury officials. He held:

"The five per centum discount to American vessels only, which was the primary object of the sub-section, cannot be given without impairing the stipulations of existing treaties between the United States and various other Powers, and consequently the sub-section, by the expressed terms of the proviso, is inoperative."

Twenty-three nations have treaties with the United States under which they asserted their ships had a right to the differential in common with American ships.

These included Great Britain, Germany, France, Austria-Hungary, Italy, Japan, Belgium, Denmark, Greece, the Netherlands, Spain, Norway and Sweden.

Several foreign governments, including Germany, France and Spain, made strong protests to the State Department against the proposed discrimination, and there were some indirect threats of a trade war if the preference duty was enforced.

Railroad Employees Get Higher Wages

Large Increase of Six Million Dollars Allowed.

New York, Nov. 10.—A six million dollars annual wage increase was granted a hundred thousand conductors and trainmen on the Eastern roads by the board of arbitration under the Erdman law. The average increase is seven per cent. The men had threatened to strike.

BUMPER CROP

Nearly Two Billion and a Half Bushels of Corn Raised.

Washington, D. C., Nov. 10.—The crop report issued by the department of agriculture today shows that the total yield of corn this year is 2,463,017,000. The average yield per acre was 23 bushels. The price is 70-7-10, the quality is 95-8-10 per cent.

There was 137,972,000 bushels of wheat raised. Teh price is 77 and weight is 58-6-10.

The price of oats is 37-9-10 and the weight 32-1-10.

Entre Nous.

The Entre Nous Club will meet Thursday afternoon at 3 o'clock with Mrs. F. N. Tate.

World's championship base ball series and a well Lubin detective picture in two reels at the Rose Wednesday, benefit of Young Ladies Missionary Society Washington St. Methodist church.

Confesses Accessory

Negro in Phagan Case Will Plead Guilty Today.

Special to Enterprise.

Atlanta, Nov. 10.—Jim Conley, the negro factory sweeper, tomorrow will plead guilty on two counts as accessory in the murder of Mary Phagan. The maximum penalty is three years. The Supreme Court today denied the postponement of arguments on the appeal of Leo M. Frank, sentenced to hang mainly on Conley's story. The hearing is set for December 15.

THE NEW ELWOOD

Improvements are still being made by a large force of workmen at the Elwood Hotel. The interior woodwork is being done over in white enamel and new furniture and equipment being placed. Over \$30,000 will be expended making the interior practically new. Mr. Cox will also construct an annex for trunk room, and for display of samples, utilizing the several sample rooms in the hotel for bed rooms with private bath and running water. When completed, the hotel will be modern and up-to-date in every way.

The John Cecil Case.

The judgment of the court in the case of John Cecil was guilty and sentence will be pronounced Thursday morning at the opening of the court.

MEETING CITY COUNCIL

At a meeting of the City Council yesterday, the regular monthly reports were submitted and received. It was instructed that the Mayor and Committee on Finance be instructed to confer relative to a loan from the city sinking fund.

The question of letting the contract for the new reservoir came up, and after a lively tilt the city engineer was instructed to make fuller specifications to report at a later meeting, when other bids will further be received.

Street Matter Deferred.

The afternoon was consumed and upon request of all parties interested the question of street opening was continued till the first meeting in December.

EXCURSION TO RICHMOND

On account of the big Carolina-Virginia football meet in Richmond, November 27, the Southern will give very low round trip rates between \$3 and \$4 to Richmond and return.

Thousands see this great game every year, and it has become to be the social athletic event of the season.

Choral Society.

The Choral Society will meet tonight in the First Baptist church at 7:30 o'clock. It is very important that every member be present tonight because Prof. Brown is going to start a new chorus that he expects to use in three weeks.

The society is going to give the Rose Maiden as part of their work this year.

Dr. Raper Here.

Dr. Chas. Raper, of the University faculty and special agent of the government for North and South Carolina, Virginia and Maryland was here today. Dr. Raper is investigating loans to farmers and also to what extent the farmers are depositors in the banks. He found the conditions here very satisfactory indeed.

The state and the government are making these investigations in order to devise some plan for the establishment of banks which would aid in the development of the farming interests and the simplifying of land abstracts.

Not Less Than \$2,000,000 Now Said Cost to Collect Income Tax

Law Found to "Dock" Absentees of House

"Joke" Disappears Through Discovery Made in United States Statutes.

Washington, Nov. 10.—From more or less of a "joke" the absence of 75 or 80 per cent. of the membership of the House today became an important subject through the discovery for the "docking" of absences, even to the extent of cutting down their "mileage."

In sections 41 and 42 of the Revised Statutes of the United States it is written:

"The Secretary of the Senate and the Sergeant-at-Arms of the House respectively shall deduct from the monthly payments of each member or delegate the amount of his salary for each he has been absent from the Senate or House respectively, unless excused because of his own illness or sickness in his family."

That Is Estimate Made By Officials of Treasury Department

Washington, D. C., Nov. 10.—That the cost of collecting the income tax will amount to \$2,000,000 a year, or 2 per cent. on \$100,000,000 which that tax is expected to yield, was an estimate today ventured by the Treasury Department. The estimate was given in refutation of assertions that the cost would be almost \$50,000,000.

For the collection of the tax during what was left of the current fiscal year from November 1 to June 30, 1914, \$800,000 has been appropriated by Congress. Although it may be difficult to make this sum go all the way, the income tax division will expend it with care, and it is hoped it will meet the necessities of the situation.

One of the questions involved in the interpretation of the income tax law is the status of a man who marries during the course of any year. The problem presented is whether he is entitled to exemption at \$3,000 as a single man, or \$1,000 as a married man—whether his exemption will be prorated according to his status when single and when married. Although this question has not yet come up for consideration by the Income Tax Division, it appears likely the exemption of \$4,000 for the entire year will be granted to a married man, whether his marriage took place during the year or before.

Rear End Collision

A freight train ran into a work train, causing a rear end collision on the Southern yesterday between Rudd and Brown Summit.

The engine of the freight train was badly damaged and it was derailed, together with a number of cars of both the freight and work trains.

The track was torn up for a considerable distance and the wrecking crew put in all the afternoon hard at work clearing the debris. It was several hours before the trains could clear through. Fireman Shields, of the freight train, and Brakeman Gibbs, of the work train, were both painfully, though not seriously injured. The injured men were taken to their homes in Spencer.

Northbound freight train No. 72 ran into a work train that was standing a few hundred yards from Reedy Fork creek between Brown Summit and dRudd. The accident is believed to have been due to some misunderstanding about flagging orders, though the real cause will possibly not be determined till a thorough investigation is made.
