WEATHER REPORT.

Cloudy tonight Saturday rain.

Turkey Declares War On Russia, France and England--German Submarine Sunk by French

REPORT BRITISH WARSHIPS TRAPPED GERMAN CRUISER KARLSRUHE--ALSO REPORTED THAT GEN. VON HUNDERBURG AND STAFF CAPTURED--RUSSIANS CLAIM VICTORY NEAR KALICZ.

A Rome dispatch says that Turkey has declared war on all countries of the Triple Entente.

Paris, Nov. 13.--German man attempts to cross Yser Canal, west of Dixmude, have been repulsed and the Allies' lines are unchanged. The Allies are now close to wire entanglements of the Germans and have captured Tracylevall. A French torpedo boat has sunk a German submarine off Last End.

London, Nov. 13.--It is reported that British warships have trapped the German cruiser Karlsruhe. There are rumors in Berlin that the Russians have captured Gen. Von Hunderburg and staff.

Berlin, Nov. 13.--German aviators today flew over the British towns of Sheerness and Harwich. It is reported from Constantinople that the Russians are retreating along the entire trans-Caucasian front.

Petrograd, Nov. 13.--An army messenger announces that the Russians gained another big victory over the Germans near Kalicz, and the Germans were forced to leave thousands of dead on the field.

Vienna, Nov. 13.--The Servians are in full retreat from the Austrians who captured many prisoners and much war ammunition.

THE BUICK.

The sale of Buick cars thus far this year has reached a volume approximating four times that of any like period in the history of the Buick Company. Prospects were never better than at present for the continued prosperity of the company.

These most interesting figures, particularly valuable in the light of many pessimistic statements, are brought out in a general bulletin just issued by R. H. Collins, general sales manager of the Buick Motor Company, Flint, Michigan.

Because of the immense demand for Buick cars this year, the Buick Company has been working an extraordinary number of men in their plant. As compared with the same months last year, there were practically six times as many cars built in the month of August, 1914, three times as many in the month of September and an equally large increase in the month of October just finished.

And despite this increase, the facilities of the plant made it necessary during these same months this year to discard in the neighborhood of 15 thousand actual orders which could not be filled.

It now looks as though even the ordinary dull months of November and December, when bad weather naturally lessens the sales of war, would see less curtailment than ever before in the Buick working forces.

THANKSGIVING PREPARATIONS.

Everybody is now looking forward to our annual Thanksgiving Day. Have you been saving your money and depositing it with Home Banking Company and do you feel thankful for your thrift and economy for the past twelve months?

Nothing gives you greater cause for thankfulness than a little savings account, which has been built up through your perseverance and denial. Try it.

Good dinner, Tea Room, 35c.

RUSSIAN GOVERNMENT ORDERS 30 LOCOMOTIVES FROM BALDWIN WORKS.

New York, Nov. 12.--The Russian government has ordered 30 locomotives from the Baldwin Locomotive Works.

The plants at Monessen, owned by the Pittsburgh Steel Company and the Pittsburgh Products Company, also have been ordered to operate at full speed.

AFFECTS B. & L. ASSOCIATIONS.

Washington, Nov. 12.--Under a ruling by Ellis C. Johnson, Solicitor of the Treasury, collections from the war tax may be several million dollars in excess of the estimates made by Congress.

The new ruling will require payment of the stamp tax on all transactions of building and loan associations throughout the United States. It is said to affect more than 6,400 associations, having almost 3,000,000 members and handling annually about \$1,750,000,000.

REVIVAL MEETING.

A revival meeting will begin at Oak Hill Friends Church Sunday morning at 11 o'clock. Services each day at 2:30 in the afternoon and 7:30 at night. The pastor, Rev. James White, will be assisted by Rev. Geo. J. Welker, of Archdale. The public is cordially invited to be with us in these services.

Island of Helgoland Noted for Bird Catching

The island of Helgoland, Germany's strong fortress in the North Sea, is noted for its bird catching industry.

In the southward flight of birds in the fall this island in the North Sea is the regular stopping place, and the inhabitants turn this to profit by catching the birds and selling them.

It is said that as many as 15,000 larks have been captured there in a single night. The keeper of a lighthouse stretches a net around the great lantern, and counts on making three hundred captures a night.

BOSTON NEGRO GIVES AFRONT TO PRESIDENT.

Washington, Nov. 12.--President Wilson, while receiving a delegation of negroes today who came to the White House to protest against segregating the races in government departments, objected to the tone adopted by the spokesman, W. M. Trotter, of Boston, and told the committee that if it called on him again it would have to get a new chairman. The President added he had not been addressed in such a manner since he entered the White House.

Mr. Wilson is understood to have told the committee the question was not a political one and that he would not take it up on political grounds.

NEW ADS.

People's Motor Car Co.--Speed in a Buick.
Wood's--Ladies tailored suits.
The Dixie Dept. Store--Big Special November sale.

THE DIFFERENCE.

Anybody can spend money if they have it, but it takes a genius to save. We all want to have, but we do not care to deny ourselves now that we may have in the future. However, that is the only way and you must face the proposition sooner or later. Think it over and resolve to open an account with Home Banking Co.

AT THE EAGLE.

The Candy Girls led under the capable management of Mr. Bonner will present a minstrel part tonight with plenty of good comedy. Musical numbers all bright and catchy. An unusually good bill of pictures, including an Edison comedy, a Kalem western, and Broncho Billy favorite by L. & A.

Made in High Point

It is time that High Point should increase her trade in the East. It can be done with systematic advertising and a little attention to the change in some lines of goods made to suit the territory.

We should have on exhibit in New York samples of all goods made in High Point. Such an exhibit would surprise the Northern buyers and be a big advertisement for our industries.

We need more breadth in our business methods if we are to become a great manufacturing center. Our present policy of crystallization, which takes care of only a few is devoid of progress and if let alone goes back to the milling town of 25 years ago when entire communities were owned and operated by a few with no future for those who operate.

High Point is known pretty well as a manufacturing town and we should take advantage of this. Let us exhibit our goods, hunt new territory and so arrange our financial policy that there may be an increase in the number of factories.

There was more hope for High Point when we had 40 factories than it is today under our present policy. The spirit was better and our general ambition was keener.

Mass Meeting

Attend the mass meeting at the Auditorium Sunday night.

The Associated Charities proposed at the meeting to be held Sunday night, will be a relief to those charitably inclined to their work, take care of the worthy poor and eliminate those who are not worthy. Attend the meeting.

WITH THE RAILROADS

Passenger travel and freight shipments this month have been exceedingly light here.

Circulars are out advertising the round trip to Richmond Thanksgiving for \$3.25 for the football game.

THE ASHEBORO ROAD.

The work of surveying the road to Asheboro by way of Carraway will begin soon. There is much interest in the road all along the line. Capt. T. J. Redding is busy on the lower end of it, while J. D. Brame is working in Trinity township and J. J. Farriss in High Point. The subscription in High Point is very encouraging and Mr. Farriss hopes to have at least \$1,000 ready when Capt. Redding is ready with the survey and has the route located.

It seems that almost every business man in High Point should contribute something to this road. But we are leaving it to them. Only voluntary subscriptions are asked for. If you expect to use the road of course you will give something without being begged.

APPROACHING MARRIAGE.

Friends in the city have received the following announcement:

"Rev. and Mrs. A. S. Caldwell announce the marriage of their sister, Mary Lorena Ballard to Mr. Basil Frank Brittain, Thursday, November twelfth, nineteen hundred and fourteen, Barium Springs, N. C."

"At home after December 1st, Asheboro, N. C." The bride is a daughter of Mr. John L. Ballard, of Mooresville, and for some time has been a nurse at the Hospital here. She is a young woman of education and culture and has many friends over the State who will wish her much happiness.

The groom is a son of Mr. John T. Bittain, of Asheboro, a promising young attorney.

THE VERY BEST.

From our viewpoint and experience, the North State Telephone Co., since adding the automatic system is giving one of the very best services that can be found anywhere.

A BEAUTIFUL HOME

The residence of Mr. O. A. Kirkman, on High street, is nearing completion. It is not only one of the best but one of the prettiest homes in the city.

Opening of the New York Cotton Exchange Next Monday is Announced

New York, Nov. 13.--The governing committee of the New York Cotton Exchange announced this morning that the cotton market will re-open Monday.

A Glimpse at the Eastern Furniture Trade

Representative of Exchange Finds Plants in Eastern Country in Full Time Operation--Fine Examples Sell--Antiques and Fine Reproductions in Demand and New Designs Being Developed.

New York, Nov. 12.--H. P. Cooper, manager of Furniture Exchange, who returned yesterday from a tour of the Eastern United States, reports that he found the factories busy.

Seen yesterday at his office in the Grand Central Palace, Mr. Cooper said that the manufacturers were hard at work and that the factories were working on full time.

"In Jamestown, N. Y.," said he, "I found thirty-eight furniture factories all at work, and the same conditions were seen throughout this State. In Buffalo and the larger cities there was plenty to do in the furniture line. The manufacturers have not as large orders ahead as they often have, but they are all working and doing very well. Individually they seem to have nothing to complain of. You ask one man how he is getting along. He will tell of his orders and you can actually see the goods being made. But one manufacturer does not like to tell another. He is afraid that he might not be believed."

"It has been in the air that the times are hard and yet there is no evidence of any great depression to be found as one travels about the country and watches what is actually being done in the furniture industry. There seems to be a steady

The Christmas Ship

ARRIVES SAFELY WITH TOY CARGO

Newport News, Va., Nov. 12.--Christmas toys for American children arrived here today on the Dutch steamship Wselderijk from Rotterdam.

Boxes containing the toys were marked "American property." Captain Dejong said he had taken precaution to protect the goods from possible confiscation.

The Westerwijk was stopped by British war vessels in the English Channel and forced to proceed to Southampton, where 800 pounds of copper was removed as contraband.

No Thanksgiving Fete for London American Society.

London, Nov. 12.--The American Society has voted almost unanimously to abandon its Thanksgiving dinner this year. The money which would have been spent for this will be devoted to the relief of the people in Belgium.

DR. MANN RETURNS.

Dr. Thurman Mann, who has been at the King County Hospital, Brooklyn, for the past two years, returned home yesterday. It has not decided yet where he will locate.

MARKED IMPROVEMENT IN KNITTING BUSINESS

Domestic Consumption and Export Trade Offset War Slump.

Philadelphia, Nov. 13.--The Philadelphia knitting trade is responding to the uplift in business generally. The improvement in conditions is in domestic consumption, furthered by export business growing out of the European war. The consumer is buying more freely.

Large establishments selling direct to consumers, it is shown in reports to Lloyd, rapidly are recovering from the slump caused by the outbreak of the war. Gains by such houses in October more than overcame the falling off in September.

South American Trip

At Disposal of Merchants and Manufacturers.

The Fidelity Trust Company of Baltimore, Md., has chartered the steamship Finland, a trans-Atlantic liner of American register, for a cruise around South America and through the Panama Canal. This steamship is being placed at the disposal of the merchant and manufacturing interests of the United States who may desire to extend their trade in South America. It is believed that action at this time, even in a preliminary way, will be more profitable than the discussion now taking place on the subject, and more fruitful of results.

Business men who look for this cruise will be put in direct touch with business interests in their respective lines at ports of call, as well as adjacent territory. Advance arrangements have been made, so that previous publicity of the coming of the Finland party will be given in the countries to be visited through United States consuls and the Pan-American Union.

Any additional information desired may be obtained by addressing the Fidelity Trust Company, Travelers' Department, Baltimore, Md.

PASSENGER ON STEAMSHIP GOES CRAZY.

Takes Life of Prominent Newspaper Man.

Charleston, S. C., Nov. 13.--The arrival here of the American steamship Mohawk revealed a tragedy of the high seas off the North Carolina coast resulting in one death and the serious injury of two other persons.

F. W. R. Hinman, business manager of the Florida Times Union, at Jacksonville, and president of the Southern Newspaper Publishers' Association, who was a Mohawk passenger, received bullet wounds which resulted in his death; B. H. Wright, of Utica, N. Y., another passenger, and Capt. A. D. Ingram, of the ship, are in a hospital here tonight suffering from similar wounds.

The shooting is alleged to have been done by a passenger, Latchloe Perkins, architect, of Boston. It is not believed that Perkins was mentally responsible at the time of the shooting.

City-Wide Mass Meeting at the Auditorium Sunday Night at 7:30 O'clock.

High Point is going to do a grand and noble act on next Sunday night if its people, regardless of rank, station or religion, will but come together in the proper spirit of brotherly love and Christian co-operation and form an organization to be known as the Associated Charities of the City of High Point.

We understand that every church in the city will call in its services for that night and urge all the people to attend this meeting, for it is realized by all that the time for prompt, intelligent and above all, business-like organization is at hand. There are already urgent calls for consideration and with the conditions as they now confront our people, we should give heed to the call to attend this mass meeting and do all in our power to fill the Auditorium to overflowing on Sunday night.

Regardless of church, lodge or other affiliation, let us come together on this night and prove our worth to the community and our claim on the kingdom of God by doing our plain duty in this most worthy cause.

A Friend of the Worthy Poor

AT ST. MARY'S CHURCH.

The Rev. Alfred S. Lawrence, of Hillsboro, will visit St. Mary's Episcopal Church here Sunday evening when at 8 o'clock services will be held and a sermon delivered by Dr. Lawrence.

Dr. Lawrence is a gifted speaker and should be greeted by a large congregation.

A prominent farmer of Randolph was here yesterday for the purpose of buying a home. He has sold his farm near Asheboro and will move his family here.

Right Now

We have the largest line of Forbush shoes we ever had. All of the latest style toes and leathers. The best style, the best quality and the best fitting shoe made for a \$5.00 bill.

"More Light for Less Money"

GUARANTEED FOR 1,000 HOURS

Sold by Comstock Electric Co. 131 S. Main St. Phone 720

WILL CARRY FRESH MEATS, FISH AND OYSTERS.

This to notify our customers that on and after the first of November we will handle a small, but complete line of Fresh Meats, Fish and Oysters, and game in season. We do this for the benefit of our customers so they can get all of their groceries and fresh meats at the same time, and save time by delivering both at once. We solicit your business in this line and guarantee to please you in every way possible.

TAYLOR GROCERY CO. FRANK ARMFIELD SUCCEEDS J. D. SMITH.

The High Point Savings and Trust Company have made arrangements with Mr. Frank Armfield, whereby Mr. Armfield turns over his insurance business to the Savings Bank and Trust Company and accepts employment with them.

Mr. Armfield will give the insurance department of the bank his individual attention. The insurance heretofore written by Mr. Armfield will have his careful attention as heretofore.

Mr. Jos. D. Smith, who has been with the Savings and Trust Co., resigns, to take effect December 1st, when he will return to Wilmington.
