Paris, Oct. 18 .- Lille, Doual and Ostend, three great cities, have be in delivered from the enemy. This is the most glorious day for the allied mms since the battle of the Marne and it fittingly terminates a wonderful battle of three months which was opened by General Mangin's victoylous counter offensive on July 18. Many cities have been liberated and hundreds of square miles of territory have been retaken. Results have been splendid.

But the victory in Belgium is not all. The British south of Le Cateau have broken into the German positions and now threaten the Hunding line. The whole German defense system eastward to the Meuse is in

The way back to Germany lies through two bottle-necks separated live down. by Ardennes-the one between Liege and Dinant and the other between Montmedy and Verdun. The latter is already partly blocked.

While it may be admitted that the Germans are fighting well and are conducting their retreat with great skill, sober military opinion here is that the great German military machine is in danger of collapse at no aires for men of 37 to 46 and 18 very distant date.

Physicians Are Requested to Report All Influenza Cases to Police

All physicians of the city are requested by City Manager Murphy to report all influenza cases under their care and observation to the police department as early as possible, giving names and street numbers in order that the city may have definite knowledge of the extent of the disease and its increase or decrease from day to day. All houses wherein there are cases of Spanish influenza will be placarded for the knowledge, benefit and protection of the public.

The zealous and unanimous cooperation of the physicians is urged in this matter so that more intensive cmobatant work may be immediately launched aginst a further spread of the epidemic. All physicians reporting cases are asked to do so over telephone 71. The gathering of the statistics is placed in the hands of the police because of the continued illness of the city physician.

Secretary McAdoo Calls Upon People of Nation to Put Liberty Loan Over

(By WILLIAM G. McADOO.)

WASHINGTON, OCT. 18.—Subscriptions reported and estimated up to noon Thursday amount to four billion dollars. leaving at least two billion dollars to complete the fourth Liberty loan. Only two days are left within which to raise this vast sum. No country on earth but America could raise so vast a sum in so short a time. America can do it and MUST DO IT. The destinies of the world and the hopes of civilization are centered voon America. We shall fail in everything we have fought for and hope to gain in this war if the fourth Liberty loan is defeated.

Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligation of duty and patriotism command every true American to go imme_ diately to his bank and to his Liberty loan committee and subscribe to the limit of his ability to the fourth Liberty bonds.

DON'T DELAY; DON'T WAIT TO BE URGED. . Be as quick to do your part in this fourth Liberty loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty bonds on the instalment plan if you cannot buy them for cash; every patriotic bank will help you.

If every patriotic citizen will do his duty today, victory for the fourth Liberty loan is certain. The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of liberty depend upon what the American people do in the remaining two days of the fourth Liberty loan campaign.
