### Prohibition Party Working to End to Make Effective the Federal Laws

CHICAGO, Sept. 6.—Maintenance of the federal prohibition laws is the keynote of the prohibition party's presidential campaign. W. G. Calderwood, prohibition campaign manager, said here today, discussing the issue as viewed by his party.

"Next to prohibition, our candidates will discuss the League of Nations. I think we take the best stand of any on this question. We urge immediate ratification of the

# WINNIPEG MAN HAS GAINED 25 POUNDS

"I have gained twenty-five pounds by taking Tanlac and never felt better," said E. J. Coleman, well-known painter and decorator, of 195 Michigan Ave., Winnipeg, Man. "About a year ago I had double pneumonia," said Mr. Coleman, "and it left me a wreck. I was too weak to walk by myself and my stomach was in such bad shape I could hardly eat enough to keep a bird alive. My nerves were so shattered I almost collapsed when a friend one day unexpectedly slapped me on the back. It was out of the question for me to sleep at night—I was even afraid to be alone in the room with me all day. My kidneys were so out of order that I had a pain across my back nearly all the time and I lost so much weight I actually looked like a frame.

"I had taken so much medicine without getting better that I was discouraged and when my folks brought me a bottle of Tanlac I didn't want to take it; but finally I tried it and, much to my surprise, I began to improve right away. Now I am on my fourth bottle and am so well I can do as hard a day's work as any man. I eat heartily of anything I want and never have the slightest pain or trouble of any sort whatever now. As long as I live I'll never be able to praise Tanlac enough for what it has done for me."

Tanlac is sold in High Point by S. H. Hardin Co. in Salisbury, N. C. O. P. Lenoir, in Pomona by Pomona Mercantile Company.

# ARCHDALE TOBACCO BUILDING IS LOST

A tobacco barn belonging to Eugene Marsh, located a few miles south of High Point, was burned to the ground about 9 o'clock last night. The highly inflammable tobacco caused a blaze which lighted up the country for miles around and which could be easily seen from this city.

The tobacco in the barn was the property of Lynn Marsh and was valued at \$500, and the barn was recently built at a cost of \$250 making a total loss of \$750, none of which was covered by insurance. The origin of the fire is not known.

## Labor Day September 6th, 1920.

It is just and right and altogether fair that we should pay tribute today to the Cause of Labor, a cause which is justly entitled to our earnest thought and thanks.

For the things which Labor has accomplished in the past, we are grateful for the herculean tasks which have been undertaken and so speedily accomplished by the brain and brawn and sinew of the workmen of America, we are rendering this tribute today.

Now, there are new tasks to accomplish—tasks which call for added strength and fortitude. After destruction, reconstruction—moral and physical reconstruction, demanding much of the citizenship of America during the years to come.

With renewed spirit we must take up the work before us; looking always upward and onward, remembering that the well-being of our nation and the world itself depends upon the way in which we serve. Let us rejoice in our nation; in its principles, its freedom, its ideals, and in the blessed privilege presented to each of us—high and low—young and old—to serve and to toil, for the glory and the honor of our land, with all the strength of our bodies and the energy of our minds.

We have authority to act as Executor, Administrator, Trustee, receiver, etc.

Make us the Executor of your estate in your will.
