NEW BERNE ADVERTISEMENTS.

MACHINERY.

(From the New Orleans Times-Democrat.)

The Gullett Magnolia Cotton Gin.

In our paper to-day will be found the advertisement of that justly celon gin-the "Gullett Magnolia." - We have traversed withat aix months the entire cotton belt from Texas to Virginia, of imparting instruction in the ont the States combined in that district the reputation of branches embraced in the common his noted gm is beyond cavil or question. It stands first and foremost school course, and of developing, with all, in mechanism, durability and perfection. And, indeed, no ensm, durability and perfection. And, indeed, no, en-systematically the child mind, with given such hearty encouragement could fail of success, conducted as is the business of this com- the hope of awakening a renewed and support. Originally under the control of Benjamin D. Gullett, a man interest in the new methods of inat the South, at his death its management devolved struction, and thus perfecting ultiwhose name is in itself a tower of strength-Albert Baldwin, mately the system of common school To his side this gentleman has called, as general manager, Mr. A. Peete, than whom, in executive ability, none abler can be State. Truly is this establishment a home institution, everything used ing made at their own factory; while the majestic magnolia and long leaf yellow pine, of which their gins are manufactured, grow thick on their own immediately adiacent lands. In fine, the "Gullett Magnolia," as a gin, cannot be excelled, and all who use it sound its praises ever afterward.

J. C. WHITTY.

I carry a full line of the following goods, and solicit a share of your patronage.

Send in your orders for Engines, Cotton Gins, Presses, Rice Treshers, &c., as early as possible, and thereby avoid delays and dis
ance with the standard decided upon, many whom I expected to ance. Though my visit here is one and adopt the old lake furnishes it in abundance. Though my visit here is one telegram from Dr. Robert Mainegra and may wrangle over and adopt new tariff regulations, but the Sentence of the announcing his arrival at Vera announcing appointments.

a wild cat, catamount, or panther cat, that measured 4; feet. We would be glad to know the difference between

the three, if there is any. Jake Jones, col., is playing havon 71 with the coons. Young and inexperi-3 enced hunters would do well to take a few lessons under Jake, as he can take 68 a coon from a hollow without cutting George Smith, col., lost a fine ox. 2,319 He found the hide and head. The ears 1,915 had been taken from the head so that the owner should not know him We hope the thief may be soon brought to

Capt. C. D. Foy attempted to kill a beef the other day and after being shot \$3,652.09 26 times he jumped a ten rail fence, run three miles and then the ax was necessary to affect a fall, requiring many blows. Some time since Mr. W. P. Weeks while riding along, his horse stumbled and fell, and falling on him, broke his collar bone and it was feared other

oones of his shoulder. Mr. Weeks is an energetic, hard-working man and be has the sympathy of all who knew him. Glad to learn that he is improving. Catharine Lake Items.
