Come and see us.

FURMAN'S FORMULA.

We publish today Furman's Formula with an extract from his address before the State Agricultural Society of Georgia in 1882. After giving the results of his practical experience on the farm, Mr. Furman said:

Now to give you the formula upon which my compost is made. Take three or four bushels of stable manure or well-rotted organic matter, as leaves, muck, etc., and scatter it about three inches thick upon a piece of ground so situated that water will not stand on it, but shall in every direction. The thirty bushels will weigh about nine hundred pounds; take two hundred pounds of good acid phosphate, which cost me \$2.20 per ton delivered, making the two hundred pounds cost \$2.25, and one hundred pounds kainit, which cost me by the ton \$14.00, delivered, or seventy cents for one hundred pounds, and mix them thoroughly. Then scatter evenly on the manure. Take next thirty bushels green cotton seed and distribute evenly over the pile, and next ten bushels of clover or alfalfa hay, and scatter it evenly on the manure. Take next thirty bushels green cotton seed and distribute evenly over the pile, and next ten bushels of clover or alfalfa hay, and scatter it evenly on the manure. Take next thirty bushels green cotton seed and distribute evenly over the pile, and next ten bushels of clover or alfalfa hay, and scatter it evenly on the manure.

How to Secure Physical Training.

How shall the millions of children now at our public schools, and with no attention paid to their physical education, be any competent teacher, be prepared for in this important matter? Dr. Sargent, in his book, "Physical Training," has the best advice to offer. He says that the teacher should be physically fit, and should be so at all times. He should be able to do the work of a day laborer, and should be able to do the work of a day laborer.

The health of the nation is a matter of national importance. It is the duty of every citizen to do his part to maintain it. Physical training is a necessary part of this duty. It is the duty of every citizen to do his part to maintain it.

NEWS FROM THE OLD WORLD.

CAIRO, Feb. 3.—Advices from Khartoum state that unconfirmed rumors are current there that El Mahdi is falling back to southern Kordofan and Darfur, and that he is preparing to take a stand at the Great Nile. Dr. Sargent, in his book, "Physical Training," has the best advice to offer. He says that the teacher should be physically fit, and should be so at all times.

STAMBUL, Feb. 3.—The Queen's speech, which has been drafted for submission to the Cabinet Council, affirms the intention of England to withdraw her troops from Egypt as soon as the conditions of peace and prosperity will admit of their withdrawal. The Turkish Ambassador to Great Britain has informed Earl Russell that the Porte is preparing a note to the Powers insisting upon the retention of the Sudan as an integral part of Egypt under the Sultan's suzerainty, and stating that the Porte desires that the Sudan question be referred to a conference of foreign ambassadors in London.

NEWSPAPER MEETING.

The regular meeting of the stockholders of the Midland North Carolina Railway Company was held at the office of W. G. Brisson, Esq., in the city of New Bern, on Wednesday, the 6th day of February, 1884, at 3 p. m., pursuant to the by-laws and resolutions of last meeting.

Wm. F. Rountree, Esq., was called to the chair and W. G. Brisson was appointed secretary. On motion, W. W. Clark and A. Oaksmith were appointed a committee to verify the accounts of the company and to present a report thereon at the next meeting. The committee retired and reported that there were 1482 shares of stock represented at the meeting in person and by proxy by seven stockholders personally present, which being a quorum the report was adopted and the meeting declared duly organized.

A MARVELOUS STORY.

FROM THE SON. "28 Cedar St., New York, Oct. 29, 1882."
"Dear Mother: My father resides at Grove, N. C. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous cure has been effected by Ayer's Sarsaparilla."

AYER'S SARSAPARILLA
has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was severely afflicted, and an object of pity, when he began using your medicine. Now he has a few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the benefit of Ayer's Sarsaparilla. Yours truly, W. M. PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Eczema, Itch, Eruptions, Scurvy, Swelling, Rheumatism, Gout, Gravel, Dropsy, Pimples, and all Skin Diseases. It cleans the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
