24 U.S. ——

NEW BERNE, N. C.

It is announced that the Legislature will never again meet in session, and will end on a Pessimistic note. — "We must go up to the Legislature."

The additional or omnibus bill, introduced by Mayor GRACE, has been sent to the N. Y. State will pay the damages sued for by the courts, sustained by the Mayor.

A MORE SWELLING opposition is in Ulster. This will be given some support by the removal of \$10,000 to \$50,000 more.

HON. SAMUEL J. TILDER has written a letter to Senator CARLISLE on the dangerous condition of the harbors of the United States. The letter is said to be one of the best of his State papers and much discussed by Members of Congress.

MAJOR GRACE of New York City, has sued the editor of the *World*, Mr. PITTLER, for libel, placing damages at \$50,000. The *World's* comments on Mr. GRACE's connection with the swindling operations of FREDERICK WARD and others form the ground for libel.

It has been ascertained by a Washington correspondent of the N. Y. Sun that the President pro tempore of the Senate is the hardiest worked member of the body. But this fact nor the continued good health of GROVER CLEVELAND did not lessen the desire of Republicans to place one of their own members in the line of succession.

**THE N. Y. SUN** severely arraigns R. B. HAYES, the fraudulent ex-President, for attending the funeral of Vice-President HENDRICKS. The people of this country should never forget how HAYES was made President, but he is still a citizen of the United States and should be allowed to attend a funeral even of the distinguished men whom he deffrauded if he so desires.

**THE BOARD** of Agriculture of North Carolina has provided for the establishment of a State experimental farm to be located near Raleigh. We hope it will be the means of doing great good, but we are satisfied that a few good farmers in each county, such as FOXVILLE, SANDLIN, FRANCIS, HARGRETT and STEVENS of Onslow; SANDERS and KONCE of Carteret; COOK, KINSEY, DUNN and REED, of Cravens; ROUSE, WOOTEN, ASKEW, KENNEDY, WOOD and MEWBORN, of Lenoir; FOSCAR, BROWN, BROCK, FOY, STEVENSON, and ISLER of Jones; LINCKE, SPARROW and others of Beaufort; LANE, FERREE and others of Pamlico; WILLIAMS, SUGGS and others of Pitt; SYLLAVANT, HOOKE, DALE and others of Greene, can accomplish more good by planting experimental areas and reporting their modes of manuring, cultivation and results through their local papers, than any farm the Board of Agriculture can establish. The State can do something in the way of farming if it would do it on its own lands. An experimental farm in White Oak woods might result in selling a large body of swamp lands.

**NOTES FROM HYDE.**  
Rev. Mr. Barber preached for us on 4th Sunday.

Rev. Mr. Barber is attending con vocation at Bath.

There is some talk of another saw mill at Rose Bay.

Several days of bad weather have stopped housing crops.

The young men of our place are preparing for a tournament.

Mr. W. B. Tooley has just returned from taking prisoners to Raleigh.

One of our fair ones is to be married in January. May she be happy in her new home.

Mr. T. R. JONES' family have promised a second tune, but soon recovered.

It is reported that the hum of M. E. Chisholm's church to 200 and his machine will soon be heard in the Bay. Mr. S. C. Anderson, Our Methodist friends Bishop —— Knoblock — are to be married.

I have seen often in our papers in Eastern cities appeals for the support of some enterprising and able speculators of the same journals that were printed in New York, is this correct?

One person here in the place has a large amount of money and considerable business abilities and wants to get into the business of the State. He is a plausible hypocrite, whose election is to be feared, may mean the ruin of our State.

Mr. L. G. CARLISLE is chosen Speaker because of his remarkable qualifications as a leading officer. He has had a long and brilliant career, and entire familiarity with the rules and with the principles of the Parliamentary Law. His is the voice of the North and South, and he is a man of great influence. The significance of his selection is that it shows a determination on the part of the House to do all the work this session, and that it gives promise of a united Democracy in all important legislative issues.

## THE NEXT STATE OF THE UNION.

### THE COTTON MOVEMENT.

The market for options showed a decided tendency this week, the managers being greatly interested in buying back the rights of 500,000 bales of cotton, why the managers of the Southern supply said that it will show a loss of \$600,000,000. It is the opinion of the managers that the market will be very strong in the fall, and when the cotton is sold off, it will be at a high price.
