The county commissioners have granted a license for the sale of wine and beer. This, we understand, is for the purpose of testing the local option law so far as it applies to spirituous liquors.

MESSRS. W. C. MUNROE and C. B. AYCOCK have purchased an interest in the Goldsboro Argus and together with Jos. E. Robinson, the founder of the paper, will soon enlarge it. These gentlemen have the ability to get up a first class paper, and they possess the energy and pluck to supply the place of the Messenger which goes to Wilmington.

NEW HANOVER county having failed to vote one hundred thousand dollars subscription to the Wilmington and Onslow railroad, steps are being taken for a vote by the city of Wilmington for the proposition. If our Onslow friends wish to hasten the day when they will have a railroad they must take hold themselves and aid in the enterprise.

The citizens of Hot Springs, North Carolina, have complained to the Interstate Commerce Commission against the Western S. C. Division of the R. & D. railroad and its connecting line, the East Tennessee, Virginia and Georgia railroad, for discriminating against them. They want the commission to arm them with such swords of defence as will enable them to successfully attack the "hydra-headed monster."

THE CITIZENS OF North Carolina and Auditor Roberts came up before the Circuit Court at Raleigh last week. Judges Bond and Seymour presiding, and was argued on demurrer. The judges differed in opinion and the case will be certified to the Supreme Court of the United States.

BLAISE AHEAD. SENATOR SHERMAN recently made a speech before the Illinois Legislature which was quite different in tenor from his rather conciliatory speech at Nashville. Immediately after the delivery of the speech a representative of the St. Louis Globe-Democrat interviewed the members as to their presidential preferences and they stood 46 for BLAISE and 19 for SHERMAN.

THE C. F. & Y. V. RAILROAD EXTEND IT TO DEEP WATER. The News & Observer in a notice of the proceedings of the last annual meeting of the stockholders of the C. F. & Y. V. Railroad, says:

Now this is just the thing we want. The road from Goldsboro to Morehead City is already distinctly North Carolinian. Build the connecting link from Goldsboro to the C. F. & Y. V. and then we will have the line from the southeast to the northwest, and a bright future for our North Carolina ports.

CARE OF THE TEETH.—There should be brushed twice a day. The proper time is on rising in the morning and on retiring at night. In the morning a wash may be used. Brush gently over the crowns of the teeth. This removes any mucus that has collected during the night and leaves the mouth in a refreshing condition. Just before retiring a tooth powder should be employed and particles of food lodged between the teeth removed, which, when left for several hours, results in the fermentation of an acid, which causes softening of the tooth structure, and thus promotes decay.

THE SUMMER REPORTS.—The heated term is now upon us, however fierce the weather may seem. This is probably the last cool spell we shall have until later in the fall. The sun will soon pass the meridian and while retiring from it will shine with increased force for sixty or ninety days. Flannels, overcoats and winter apparel may as well be laid aside and the possessor of them buckle down to the sweating task of trying to keep cool. The next great question is, where shall we go to obtain the necessary comfort and recreation? Morehead City is always before us and easy of access while Beaufort from the days of the long past stands without a rival as to comforts, health and pleasure.

On the morning of June 15th, a gloom of sadness was cast over our town on account of the death of Mr. P. H. Luncke, who was shot and killed while in bed and supposed to be asleep. A coroner's jury was summoned and tried the case. The verdict of the jury that Mr. Luncke was killed by a pistol shot in the back of the head, and that he lived on the farm of Col. Shaffer, of Raleigh, and was a hard working farmer, a German by birth, an educated man, and to be thus brutally murdered in the still hours of the night is enough to arouse the shame and indignation of our whole community.

STATE NEWS.

Revenue Raid.—Dr. Blackall makes a haul. On Wednesday evening a party of revenue officers, with Dr. G. W. Blackall at the head of them, left this city to make a raid upon the illicit distilleries in Johnston county, and it was quite late in the night when they arrived in the neighborhood. They found one distillery in operation, but could find no owner for it. They went to work, however, and destroyed the still and all that could be found appertaining to it. The owner must have "gotten wind" of the Doctor's intended visit, or else he might have been at home to receive him.
