Make me no cross of constancy, my friend,  
I have me thought I die, thy whole  
And love throughout thy days shall  
be true.

Nay, it were rash and wrong  
If thou shouldst ever leave me,  
I would not touch one of thy feet  
If thou shouldst ever leave me,  
I would not touch one of thy feet  
If thou shouldst ever leave me,

### REMARKABLE INDUSTRIAL ACTIVITY THROUGHOUT THE SOUTH.

Throughout the entire South the activity in industrial developments is increasing and a summary of the principal new enterprises reported during one week only, as gathered from the last issue of the "Manufacturers' Record," shows that the South is rapidly becoming the seat of vast manufacturing interests. Taking up the list by States, Alabama makes a remarkable showing. At Mobile, arrangements have been made to build the English stockholders of the United States Rolling Stock Company, for building a immense freight and passenger automobile works to cost \$10,000,000, and to employ not less than 1,000 skilled mechanics, and \$20,000,000 for a new plant with capacity to build less than \$5,000,000 cars each year. The plant will be built on the site of the old Alabama Iron Works, and will be one of the largest in the South. In Birmingham, the Alabama Iron Works will build a new plant, costing \$10,000,000, for the manufacture of iron and steel. In Montgomery, the Alabama Iron Works will build a new plant, costing \$10,000,000, for the manufacture of iron and steel.
