It is strange why people who recognize certain inherited disorders, in them run on under the name of hereditary, that they cannot be cured. Nine tenths of "hereditary" disease can be cured. Read how one who had blood poison...

HE KNOWS BETTER THAN TO FORM AN ALLIANCE WITH ANY CANDIDATE FOR GOVERNOR IN ORDER THAT HE MAY RETURN TO THE SENATE.

Governor Jarvis is in the race just as Judge Clark, Judge Gilmer and others are. He is not vacating the State nor has he got an army of Federal office holders or railroad corporations making his fight, but the spontaneous will of the people is for Jarvis, and the Democrats will learn a lesson...

FAIR PLAY.

The Journal is published in the Second Congressional District, but it has a large number of readers in the First. Two years ago when the canvass for the nomination for Congress in the First District was being warm, a cry was raised against Maj. Latham that he was not popular with the people and could certainly be defeated if nominated. The Journal, by a comparison showed that the vote in the district in the past told a different story, and notwithstanding Maj. Latham's overwhelming victory in this last contest, the same old cry is raised again that he is not popular with the people. Now his vote in the district has always shown to the contrary and it certainly looks a little unfair to raise the same objection unless he had deceived or disappointed the people in some way since his last election. It is better to have fair play.

THOS. J. JARVIS FOR GOVERNOR.

We copy elsewhere from the News & Observer extracts from the article on Thos. J. Jarvis as a possible candidate for Governor. The writer of that article states that it is not known that the name of Thos. J. Jarvis will be presented to the State Convention in connection with the nomination for Governor. There has been some talk about this thing here, but it is now no longer a question of doubt. His name will be presented, unless an announcement in positive terms that he will not accept the nomination, and will be pushed with vigor and earnestness by his friends who want him to be the best Governor. There is perhaps no paper in the State that more severely criticised some of the acts of Governor Jarvis during his administration than the Journal. And while we have no apology to make for the course of this paper at that time, we still recognize the fact that his administration in the man was one of the best ever given the State, and that he can be the candidate for Governor arouse the people as no other candidate can. The people in this immediate section have a grievance with the Democratic party and they want it corrected within the party. They believe Jarvis is the man for the hour; that is more than a match on the stump for any man the Republicans can put up; that he is more familiar with the affairs of the State and the wishes of the people than any man the Democrats can nominate, and that he will in his administration see that every section is treated fairly and squarely. With Jarvis as the candidate the East will give a full vote.
