### EDITORIAL NOTES.

There is an immense crop of war tariff babies.

PARSONS' suit against the London Times is for \$1,500,000.

TALK about big meetings just wait until Thurman goes to New York.

MRS. LANGRISH recently lost \$200,000 in race-horses by a railroad accident.

MR. THURMAN says he had his letter of acceptance ready four days after he was nominated.

BUSINESS continues to boom. The Democratic engine is on the track and all the cars are loaded.

ENGLAND'S much more deeply interested in the fate of Stanley than she is in the result of the American election.

IT does not promote American interests to tax the people \$120,000,000 a year in excess of the needs of the government.

DR. PLATT SAYS: "The Senate of the United States has more dignity and less intelligence than any organized body on earth."

THE fever panic continues at Jacksonville and people are leaving the city in large numbers by the only route now open by way of Atlanta.

WORKMEN are preparing for a great Cleveland and Thurman meeting in New York City at Cooper Union on Monday evening, the 27th inst.

AUSTRIA-HUNGARY is the most highly protected of European nations, and the average wages of skilled laborers in that empire are forty-three cents a day.

THE Savannah Benevolent Association has contributed \$1,000 for the relief of the distressed at Jacksonville. This is the first subscription to the relief fund.

A NEW sign reads: "Women treated for ugliness." Only one female has been entered by it yet, and she was laboring under the impression that she would be treated to the ice cream.

THE yellow fever excitement has moderated in the South. The disease is of a mild type. Every precaution should be taken to guard against its introduction, but panics are always unwise.

DEMOCRATIC gains have been made in all the States where elections have been held during the last year. This is nothing more nor less than a vote of confidence in the national administration.

GREAT preparations are being made for the August 24th and Richmond, Va., expositions. The former opens October 10 and closes November 17th. The latter is open from October 31 to November 21.

THERE has been a letter box robbery in Chicago which is the most colossal mail robbery scheme ever known. Stealings amounting to over \$250,000 have already been discovered, and it is believed that the aggregate will be fully a million dollars.

ALL the Republican journals are printing in double-columned styles. Mr. Blaine's preposterous "key note" to the effect that laboring men need never have their wages reduced unless they order it done themselves.

JAMES G. BLAINE'S and CHARLES M. DEPEW'S friends say that these distinguished Americans received great attention in England. The truth is John L. Sullivan and Buffalo Bill drew better than they did, to ten cents.

GENERAL VON MOLTKE has been placed on the retired list of the German army. Gen. Von Walden succeeds him. Emperor William has written General Von Moltke a gracious and affectionate letter nominating him as President of County Defense.

Do you believe in succession? Well, that depends. When a young man finds himself envied by all associates, over which he has no control, he has the right to succeed. Indeed, it will be ruinous to him to remain in the Union.

THE State authorities of Indiana are moving against the White Caps. This order of organized outlaws ought to be exterminated. The White Caps have improved upon all the Satanic devices of the knicker, and they must be wiped out.

ON Tuesday a delegation of Paris workmen waited on Prime Minister Floquet. Mr. Floquet reminded the delegation that although the Republic allowed workmen to discuss the conditions of labor, it did not allow them the right to compel labor. It strikes us that this is the lowest position.

ALVIN S. BIRCH, Chairman of the National Democratic Executive Committee, visited the President last Monday and told him that the campaign text book was waiting for his letter of acceptance. It was decided, it is said, that the letter should be given out this week.

MR. BLAINE'S speech was cabled to London, and the London Daily News, commenting on the statement that all England is interested in the present campaign says:

### THE FARMERS

#### The Opening of the Alliance Yesterday.

THEY MET AT THE FIFTA-FIVE O'CLOCK COUNTY REPUBLICAN HOTEL. WHAT EARL ALEXANDER SAID.

The Farmers' Alliance of Craven County opened its annual convention yesterday afternoon at the County Republican Hotel. The convention was held in the afternoon and evening sessions. The opening of the convention was a grand affair, and the Farmers' Alliance of Craven County was well represented. The convention was held in the afternoon and evening sessions.
