THE JOURNAL.

NEW BERNE, N C., OCT. 11, 1888

MR. J. T. EATON is our Regular authorized Agent. Any subscriptions can be paid him and receipts given in full.

JOHN L. HARTSFIELD, in Hotel Tull Building, Kinston, will receive for subscription to the JOURNAL.

PLEASE REMEMBER that I need money as well as the rest of mankind, and if you owe me please pay me. J. C. WHITTY.

Kinston Items.

Rev. H. C. Bowen will preach at Woodin, on next Sunday, the 14th.

The mercantile were busy on Saturday last. The effects of cotton coming in.

Cotton has been coming in right brisk during the last week. About one hundred and fifty bales were in last Saturday, the ruling price being nine cents.

The farmers of this section look forward with interest to the coming of Capt. S. B. Alexander to address them on the current issues before the country. They will give him a rousing turnout.

The political fight is now fully on. The Republicans are confident because they have their strongest men in the field. The Democrats are more confident because they feel that their cause is just. May the right prevail.

Mr. B. W. Canady is a model barber and was a merchant. A few friends including an editor of a newspaper called to see him last Saturday, whereupon he took them to the back room and proceeded to cut a fine waterline on. After this he secured a subscriber for the editor.

The nomination of Col. N. B. Whitfield for the Senate insures Democratic success in this county. He is a strong farmer of the Banner Democratic township of the county and has the confidence of the entire people. The Republicans have cut their biggest guns and will make a desperate fight to again get control of the county.

The Democrats of the 11th senatorial district, composed of the counties of Greene and Lenoir, held their convention in this town on Saturday last. J. W. Grainger, Esq., called the convention to order, stated the object and called C. S. Wooten, Esq., to the chair. Mr. Wooten on assuming the duties of chairman made a short and appropriate speech on the duty of Democrats in the present campaign. Other short and pointed speeches were made by Messrs. N. J. Rouse, John F. Wooten, J. C. Kennedy and Dr. J. A. Pollock. Dr. Pollock moved to nominate Col. N. B. Whitfield by acclamation as the Democratic candidate for the Senate in this district. The motion was unanimously adopted. Messrs. J. W. Grainger, Dr. J. A. Pollock and J. C. Kennedy were appointed a committee to inform Col. Whitfield of his nomination. In a few minutes Col. Whitfield appeared in the convention and made a strong and patriotic speech, accepting the nomination. John F. Wooten, Jr., gave notice that a grand rally would be held in Kinston on or about the 20th inst at which Senator Vance Capt. S. B. Alexander and other prominent speakers would be present.

Onslow County Items.

Fish are scarce and sell pretty high, 4 cents per lb. (mullets) being the price generally paid for them.

Crops are being rapidly housed, and are better than years past. Cotton is not turning out so well as expected.

Mrs. Lilly Bell, wife of J. H. Bell of Pollocksville, is very sick at her fathers, Dr. E. W. Ward. Mr. J. J. Simmons is very sick, also Rev. Benj. Ward.

Messrs McChammy and Robinson, Congressional candidates for this district (3d), will speak at Jacksonville, so we hear, on the first day of November next. We hope it will be thoroughly advertised.

A young man named P. Parker accidently shot himself dead while out hunting one night last week near here. The load entered his head, killing him almost instantly. He was a son of Mr. Wm. Parker and was a promising young man.

Mr. Jas. O. Franklin killed the largest alligator seen in these waters for years. He was 12 feet 2 inches long and measured 5 feet 8 inches around the body. He had just caught several dogs and hogs from Jacksonville, and J. wanted to pay him for it and did so.

Our county candidates are canvassing now. We have no Republican nominations, and only one independent as we know of in our county. Wm. Groves is their Independent against Thos. R. Gilman, Esq., for the Legislature, but Tommy will have an easy walk over with Billy we think.

Mr Lewis Fonville killed a rattler last week with 16 rattles. Mr. E. W. O. Riggs killed one with 13 rattles that came very near biting him and his whole family. They all got after the snake which turned on them and ran them all in the house, and if they had not shut the door it is supposed no one would have known what became of the family.

Our church building at Swansboro is going on finely. The frame is up and looks well. It is 48x30 feet, two story, upstairs for lodge and school room. The ladies continue their work, trying to get us money for the same. On Friday and Saturday, the 19th and 20th inste., a grand entertainment, tableaux, &c., will be given here by the ladies for the benefit of the church and we hope a large turnout will be made by all who are interested and are well wishers of a good cause. The admission fee will be small.

STATE NEWS CONDENSED.

Henderson News: More tobacco in town Friday than was ever seen on the floors here in the month of September. Most of it new.

Statesville Landmark: Everybody boom the cotton and tobacco markets and the sincere light. —— There is going to be a graded school in Statesville before long. —— Mr. E. B. Watts bought 600 chickens Tuesday. —— The Farmers' Alliance will probably put a cotton buyer on the market this season. —— There was a killing frost Sunday morning and one equally heavy Wednesday.

Winston Sentinel: The revenue collections at the Winston branch office for the month of September footed up $31,390 55. —— Mr. Joseph Haynes died at his home in Bryan township at the age of 108 years. —— Battle Ground is the name of a new postoffice just established at the old Guilford Court House battle field. —— Mr. E. F. Tatum, of Davie county, has been accepted as a missionary to China. He will leave for his distant field of labor some time during the present month. —— Jack Frost made his first visit in the Piedmont section last Friday morning.

Wilmington Messenger: White Jack visited the Cape Fear section Thursday. —— Mr. C. P. Lockey addressed a crowd of seventy-five to eighty people at Rockingham Tuesday night. Poor fellow. He is wasting his time and talents. Col. Rowland will have a complete "walk over." Even the Republicans of Robeson county speak of voting for Rowland. —— The board of health of New Hanover county met at the office of Dr. T. F. Wood, Thursday morning, and it was decided that so far as the passage of passengers through the city or through trains from the infected districts was concerned, there would be no obstruction on and after the 15th.

The Verdict Unanimous.

W. D. Suit, Druggist, Bippus Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of ten years' standing." Abraham Hare, druggist, Sellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at R. N. Duffy's drug store.

CITY AND VICINITY.

NEW ADVERTISEMENTS.

J. F. TAYLOR—Tobacco.

C. E. FOY—Plantation for rent.

J. C. WHITTY—Notice to pay up.

J. F. TAYLOR—Boots and shoes.

O. MARKS—Low prices still lead.

F. T. PATTERSON—To the voters of Craven county.

The schooner Mattie E. Hiles is on Howard's ways.

Thirteen prisoners are rusticating in Craven county jail.

The cool nights have damaged the rice crops in some sections.

Large quantities of flooring and ceiling are being shipped North from our lumber mills.

Messrs D. Congdon & Son are building a dry house at their mill in the upper part of the city.

Sam Radcliff has opened a restaurant on Middle street next door to the New Berne engine house.

The young men of Willis Neck near Vanceboro are getting up a foot tournament to be held October 26th.

The shipments of fish over the A. & N. C. R. are using gas so to necessitate the running of an additional fish car.

The Mitchell residence recently purchased by the Methodist to be used as a parsonage is being thoroughly repaired and painted.

Ground has been broken for the new brick store of Dr. Frank Hughes to be erected on Middle street. It will further ornament what is a real handsome brick block.

The management of the theatre here has closed an engagement with the celebrated actress Madame Janauschek, to appear here sometime during this month.

J. F. Taylor on Middle street, lights his store now with an educated lamp. It makes a brilliant light and will cease burning of its own accord whenever it is so desired.

Col. J. N. Whitford was at the Exchange Tuesday, and as usual obtained figures well above the average price of the day. His cotton sold for 9 3/16 because of the superior quality.

A large number of farmers from the adjoining counties were in the city Friday. They bought cotton and carried out goods which can be obtained here cheaper than in any market in the State.

We are in receipt of an invitation to attend the Exposition tournament at Durham on the 12th. Our former townsman Chas. S. Bryan, Esq., is chief marshal, which fact gives assurance of success.

Oysters are not very plentiful in market just at this time, but are reported to be quite promising at the grounds, in consequence of which Messrs. Moore & Brady speak of starting their cannery earlier than last year.

The flour market is excited and advancing. Pork has also taken a sudden jump. Some monopolists have made corners on these necessaries of life. Why don't the Farmers' Alliance take hold of the matter? If they would resolve to eat no more Western meat and bread, but raise it on their own lands, they would at once put themselves on the road to prosperity and happiness.

We have recieved an invitation to be present and participate in the varied festivities of the Exposition to be held at Durham, N. C., Wednesday, Thursday and Friday, October 10th, 11th and 12th, and we hope to attend. We are gratified to learn that our highly esteemed townsman Mr. Charles I. Ives, has been appointed one of the assistant marshals. He will grace the occasion and honor the city he represents.

Chatham was in the city on Wednesday night while Mr. Cook of Warren was trying to persuade men. But few of his followers knew that he was here. It is said that the burden of his song now is that all who do not vote for him are Democrats. We think he has been denounced by Republicans in Vance county for voting a Democratic ticket, yet he is the Republican nominee. So to vote a Democratic ticket seems to make a Republican more prominent with his party.

The Atlantic Road has purchased the steel rails for the track between New Berne and Morehead and will soon begin to tear up the old rails and replace them with the new steel rails. It is also about to begin the erection of a handsome ticket office and waiting rooms at the terminus at Morehead. This has been a long felt want, but the demands upon the company for the absolutely needed repairs to track, &c., have been such that it has not heretofore been able to erect such a building at Morehead as was desirable.

The game laws of our State make it a misdemeanor to shoot partridges until after the 15th of October. The Craven County Gun Club has made every effort to improve shooting in our section, and it is reported that there are more birds this season than for many seasons heretofore. It is to be hoped that those who enjoy gaming will not let their ardor for the sport put them within the reach of the law by shooting birds before the time allowed by statute. On general principles it is better to allow the young birds to obtain their growth before commencing the winter's shooting. The Gun Club will prosecute every violation of the law that is brought to their notice.

Waddell and Sanderlin.

Hon. A. M. Waddell and Geo. W. Sanderlin, candidate for Auditor, will address the people at Pollocksville, Jones county, on Monday, Oct. 15.

Senatorial Nomination.

The Democrats of the 11th senatorial district, Lenoir and Greene counties held their convention at Kinston Saturday and nominated that genial, clever and wholesouled gentleman and farmer, Col. N. B. Whitfield for the Senate.

New Berne High School.

We are pleased to note that there has been a decided increase in pupils at the High School during the past week. Our people ought to rally to the support of this school. It is nonsense and useless expense to send children off to college for three or four years when they can be prepared for the senior class or obtain a good practical education at home.

The Cemetery Road.

It is gratifying to announce that the right of way, through the indefatigable efforts of O. H. Guion, Esq., for the road to the National Cemetery has been secured and the city council has made the necessary appropriation to pay the damages. This will furnish a splendid drive to one of the most beautiful spots in this community. The outlook for a boom for New Berne is indeed gratifying. Let the ball keep moving.

Officers Elected.

At the annual election held at the Cotton Exchange Wednesday the following officers were elected for the ensuing year: President, S. W. Small-wood; Vice President, Frank Myer; Secretary, James Redmond; Treasurer, Thos. A. Green; Directors, M. Manly, Geo. Allen, G. F. M. Dail, C. E. Foy and K. R. Jones; Board of Appeals, J. C. Smith, F. G. Simmons, Hill Humphrey, A. R. Dennison and C. H. Slank; Superintendent, D. T. Carraway.

The Board of Trade.

The Board of Trade of New Berne is a growing organization, and we are pleased to say that it is not a mushroom growth, but a steady, healthy growth that promises much good fruit. The roll now contains seventy-six active members. New constitution and by-laws have been adopted which provide for the appointment of important committees. If the proper care is taken in the appointment of committees the Board of Trade will show itself a power for good in the community. The meetings are held for the present every Friday night and every member should attend.

This Way, You Sportsmen.

As evidence that New Berne is a place for winter sportsmen we note that Mr. James Hensley of the Craven County Gun Club, went out early Tuesday morning up Trent river and returned about 9 o'clock a. m. with thirty ducks and he says it was not a good day for ducks either. Among those killed were the Paddle, Blue Peater and Teal.

Parties arriving on steamers report that Pamlico sound is swarming with duck in great varieties. The winter tourist to New Berne this season will not lack for sport.

The Speaking at Vanceboro.

Our friends at Vanceboro will remember that the county candidates on the Coalition ticket will be at Vanceboro on Saturday next. The canvas will then begin in earnest. Let the people turn out and hear what they have to say, and if they do not tell a straight story let each precinct send a committee to examine the records and learn the truth. It is the truth that makes us free, and the truth is what the people want. If the Coalition Republicans can not show satisfactory results from their administration, turn 'em out and put others in.

Our Advertisers.

Our merchants are rather backward in bringing in their Fall advertisements. This is a mistake. They should direct the customers' minds to their stock before the Fall trade begins. It is only judicious advertising that pays, and this pays in many ways. The newspaper of a town or city is an index to to the business done there. People who want to buy goods like to go where there is plenty of goods for sale, and the newspaper being the index tells the story. Now we say to our merchants that our WEEKLY JOURNAL permeates every neighborhood in the surroun ing counties and is read by at least ten thousand people every week, and if you have any pride for the business interests of your city you should keep your business before them, and show that New Berne is a city with live and enterprising merchants and business men.

Of the many dry goods and clothing establishments in this city the JOURNAL carries three, viz: O. Marks who carries a very large stock and commands a good wholesale as well as retail trade, his prices will compete with those in Northern markets. F. T. Patterson with a large and well selected stock of clothing, shoes and dry goods, and Wm. Cohen with a large stock of clothing, dry goods, ladies and gents furnishing goods. We commend these gentlemen to our readers and ask them to watch the columns of the JOURNAL for others, notice of which will always appear under the head of "New Advertisements."

Manufacturing.

New Berne is much more of a manufacturing town than many of its own people are aware of. Who would believe, without stopping to count them that there are about forty manufactories in and around New Berne employing about five hundred hands? But few would believe it, yet such is the fact.

But there is room for more and there is good opportunity for doubling and and trebling the capacity of many of the establishments already in operation. The furniture factory, for instance, is one of our infant industries and ought to receive the encouragement of every citizen. Why don't some of our monied men come to its assistance with their capital and help them to put in machinery and employ a large number of laborers? We must rely upon such industries to stimulate the growth and commercial importance of the city. Men who own large property in the city and have money to invest should remember, when they are casting about for investment, that nothing will enhance the value of their property more than the building up of manufacturing industries.

Investigate for Yourself.

Has not the Coalition Sheriff collected more taxes than his predecessor? Have not his settlements with the commissioners been more in accord with the law? Has not his custody of prisoners been equally as good? Go see for yourselves, freemen. Don't take the statement of either side. Search the records, they will tell, and are open to every VOTER.

Public Speaking.

The Coalition candidates of Craven county will address the people at the following times and places:

Vanceboro Saturday, October 13.
Hill's Neck, W. J. Morris' Store, Monday, October 15.
Dover, Wednesday, October 17.
Core Creek, Thursday, October 18.
Jasper, Friday, October 19.
Fort Barnwell, Saturday, October 20.
Conner's, Monday, October 22.
Havelock, Wednesday 24.
Temple's Motion's Store, Thursday, October 25.
Speaking will begin at 12 m.

A Joint Agency.

We are informed that Mr. Purdie, the efficient agent of the A. & N. R. at Goldsboro, has been appointed to resign his position on account of ill health, and that Mr. F. H. Pierce has been appointed in his place. Upon appointment contrary to that agency as Mr. Piedmont is already the agent of the Piedmont Air Line at Goldsboro. Whether this is intended to bring about closer relations between the two roads and consequently a more equitable traffic arrangement or whether it is simply one of those strokes for economy which are now the order of the present administration of the road, we are not prepared to say. But one thing we do know, and that is that many truck ought to be and would be routed in North Carolina towns if the Piedmont Air Line was disposed to encourage shipments. We believe it the desire of the A. & N. R. R. to use many markets for our truck as possible in order to stimulate the industry, and if the numerous lines leading the Piedmont Air Line in North Carolina can be made to look to our section for their early vegetables it will put many an extra dollar into the pockets of our truckers. The fast time between the Atlantic coast has been much appreciated by our farmers, and the opening up of new markets will soon be appreciated.

What has been said in regard to trucking is equally applicable to our grain and other products. It is a burning shame and an outrage upon the people of North Carolina that such a railroad system has been fastened upon them that the East and West can have no business relations or exchange of products, no community of interest. Whenever the mind of a true North Carolinian recurs to this fact he can but be aroused with feelings of indignation. Recently a gentleman living in Hyde county informed us that he intended to move to Greenville for the purpose of educating his children and wanted to have his cotton, &c., etc., shipped to him from his farm. It cost the same to get it to New Berne that it did to Norfolk but the 75 eight charges from Goldsboro to its destination were a consideration that he could not stop this way. The R. & D. demonstrates that it is only Norfolk, Richmond and Danville.

Let us hope that the joint agency is the beginning of better and more equitable rates for truck, but for every other product that Eastern Carolina has to ship to the West.

Literary.

The greatest novelty since the introduction of the flexible sleeve is the wearing of collar and cuffs. Table Talk. As is usual with such extreme fashions, it is said to have arisen through a mistake. A lady, a leader of the ton, was in a hurry to meet an appointment. Going up hastily a pair of gloves which chanced to be of different colors. With the courage born of surety of position, she donned the odd pair, and set a fashion that all Paris is following greedily.

There are many pretty pieces of poetry in Harper's Magazine for October and they are highly illustrated. "Old English Songs" prettily illustrated by E. A. Abbey and Alice Parsons. It is useless to dwell on the merits of this artistic work, it must be seen to be appreciated. Those who have looked at other drawings from these pencils will be equally delighted by this last bit. There are also some pleasant lines on "Flax Flowers" by Margaret Deland, and "Where summer Abides" is contributed by R. Scott Burns. Wilson Both these poems are marked by delicacy and refinement.

The peculiar characteristic of Christ's teaching made by Count Tolstoi and his example in renouncing his former military, social and literary life, should stand for the life of a Russian peasant have made as deep an impression in other lands at the time as the great novels. It is the proper interpretation of Christ's teaching and is the Christian world in error? Canon Farrar has answered this inquiry in a review of Tolstoi's writing and religious faith and manner of life in an essay, which has both a literary and a deep religious interest. It has been prepared for the Forum and appears in the number for October.—Edmund Gosse, the British critic, in answer to the question "Has America Produced a Poet?" reviews American poetical production in an article taking up only the dead poets and he finds four worthy of praise in the order named:—Longfellow, Bryant, Emerson and Poe. To Emerson and Poe he pays eloquent tributes. Every English poet since Poe, he declares, has shown traces of his influence on the poetic art.

MR. A. K. HAWKES, Dear Sir: I have thoroughly tested the glasses you adjusted to my eyes some time ago, and find them to be unsurpassed in clearness and brilliancy. In fact they are the best glasses I have ever used.

Has Coalition Proved a Success?

EDITOR JOURNAL: — The question for each voter who feels an interest in this county to ask is, has coalition succeeded as was hoped it would?

Coalition promised us not a better set of county officers than the Republican party had given us, offered to give us promised to give better representatives in the Legislature than was offered by the Democrats. The question now is, has it kept the promises? As to the county officers no one can deny that they have come fully up to these promises and even beyond expectation. And as to representation it can be fairly said the same. I everybody does not know that Jack and Tom were sent to the Legislature by the votes of the good people of New County than those voted for by Democrats.

The material interests of the county have improved wonderfully in the past year. They had never been in a more prosperous condition. Everybody was willing to push forward and demand it. But it was said by some of them that it was, and that such confident results cause the precinct at which such practices were indulged in to be thrown out by the returning board and it had better cease.

Coalition then has been a success and fully awards the triumph it will achieve in November to bestow still greater benefits upon the good old county. Let every well wisher of the county vote for COALITION.

ARE YOU SKEPTICAL?

If so we will furnish you with Dr. Acker's English Remedy for a less money, superior to a positive cure for all Throat and Lung troubles, Coughs, whooping cough and colds. We guarantee the 1st package and will give you a sample bottle free. Sold by R. Berry, druggist, New Berne.

Republican Senatorial Convention of 9th District.

At a convention held at Pollocksville on the 24th of September, 1888, the county of Carteret, represented by Stephen Turner, Esq., the county of Jones by Hon. E. R. Page, and the county of Onslow by Jno. Pearce, Esq., by proxy.

On motion Hon. E. R. Page was elected Chairman and John Pearce, Esq., Secretary.

On motion Hon. E. R. Page was declared the Republican nominee for a seat in the Senate to represent the 9th senatorial district. Mr. Page declined to be a candidate, after which the following resolution was introduced and unanimously passed:

Resolved, That the 9th senatorial district of North Carolina, by the act of the Legislature "gerrymandering" the State for political purposes has a large Democratic majority, and Col. John N. Whitford, a Democrat, having declared himself an independent Democrat and a candidate for said seat in the Senate, and as delegates representing the Republican party, do hereby endorse Col. John N. Whitford as the proper person for the Republican electors in said district to cast their ballot for and we do advise all good Republicans to give him their hearty support as against his competitor.

Simmons and Coalition.

VANCEBORO, Oct. 8th.

EDITOR JOURNAL: — Hussey, the stumping eater, was up Saturday and made a very loud talk to four or five persons, all colored, and he had plenty of time to eat groundpeas. I forgot, Mr. Steve Smith, white, went upon the stand with a corn cob in his mouth and then came Mr. Hann and he Mr. Smith, started to change the cob for what I don't know.

Isaac Sutton and Alex Henderson, colored, says put them down for Simmons and Coalition, and a plenty of others too numerous to mention.

SIMMONS AND COALITION.
By SAMUEL WILLIS, (Col.

[For the JOURNAL.]

"Worthy and Well Qualified."

Having caught the senior editor away from home, and knowing his excessive modesty, I take advantage of his absence to say what many others as well as I think of him.

His candidacy for senatorial honors is exceedingly appropriate—that is to say, he is just the man for the place.

Personally, socially, politically, mentally, he is well qualified to take his seat among the Senators in the next General Assembly. As a journalist, he has shown rare gifts—and this is a place that will soon bring to the front a man's faults as well as good points. In the conduct of his paper, he has ever been on a keen lookout for the best interests, not only of his immediate section, but also for those of his State. Unswerving in his attachment to principle, he cannot be bought or lured from his fealty to right.

Men of Craven, show your love of patriotism by sending Henry S. Nunn, the true patriot, to the next Senate.

THE YELLOW FEVER

MEMPHIS Oct. 5.—The following has been received by the Associated Press:

DECATUR, Ala., Oct. 5.—Three new cases in 24 hours. In spite of the appeals of certain Decatur officials, the Relief Committee assure me they have abundant means for all present wants.

[Signed] JEROME COCHRAN, M. D.
State Health Officer.

JACKSONVILLE, Oct. 5.—The weather continues warm. The situation remains unchanged, except perhaps that cases of fever are generally of a milder type.

Dr. S. C. Nuez Villavicencio, an expounder of the inoculation theory, is somewhat piqued that the Board of Health will not permit him to perform an autopsy on a yellow fever victim, in order to secure virus for inoculation.

Dr. Neal Mitchell, President of the Board of Health, issues the following official bulletin for the twenty four hours ending at 6 p. m. New cases 52, total cases 6,104, total deaths, 3,022; total deaths 277. Of the new cases fifteen are white and thirty-seven are colored.

WASHINGTON, Oct. 6.—Surgeon Ross has telegraphed to Surgeon General Hamilton, from Fernandina as follows:

Much more sickness here, principally among negroes, than is thought or reported. The Howard Association has no more means than necessary for the care of the sick and needy. The number of letters are large and increasing. Many infected houses and much infected bedding are here which should be fumigated, disinfected, and some destroyed. Will you furnish means for fumigation, infection and compensation for articles destroyed, thereby greatly diminishing the danger of trouble in the future, especially next year.

DECATUR, October 6.—Three new cases since last report.

JACKSONVILLE, October 6.—The official bulletin gives new cases 81; deaths 5. Total cases, 8 103, total deaths 282. Of the new cases 39 are white and 42 colored.

JACKSONVILLE Oct. 7.—Edwin Martin, one of the Times Union, died at 4 o'clock this morning. He had rested quietly until about 4 a. m., when he became delirious and restless until death relieved him. He stood heroically at his post through the entire epidemic, and the conservative and cheerful tone of his editorial opinions had done not a little to allay fear and keep up the courage of the people.

JACKSONVILLE, Oct. 8. The weather was clear and cool today, except at midday, when the mercury rose above 80 degrees.

The funeral of Edwin Martin, late editor of the Times Union, took place this morning and was largely attended. A beautiful floral cross, sent by the employes of the Times Union, lay upon the casket. Right Rev. Edwin G. Weed, Bishop of the Episcopal Diocese of Florida, read the service of that church. All of the attaches of the Times Union establishment, some sixty in number, representing the editorial, business and mechanical departments, attended in a body, wearing badges of mourning.

Official bulletin: New cases 50; deaths 4. Total cases to date (corrected) 8,208; total deaths, 295.

Frank Marvin, cashier of the banking firm of Ambler, Marvin & Stockton, died tonight after the official bulletin was filed. He was the last of a large household to contract the fever, all the former cases having recovered. He leaves a wife and an infant child.

Joint Canvass.

The Democratic and Republican candidates for the county offices and the Legislature will address the citizens of Jones county at the following times and places:

Maysville, Oct. 18
Pollocksville, Oct. 19
Piney Grove, Parker & Simmons, Oct. 20.
Beaver Creek, Heath's Mill, Oct. 22
Chinquapin, Phillip's Mill, Oct. 23
Tuckahoe, Oct. 24
Dog Wood, Oct. 25
Cypress Creek, Oct. 26
Trenton, Oct. 27

The voters of both political parties are respectfully requested at these meetings and hear the issues discussed. The candidates for the Legislature will discuss the tariff and other issues of importance to the people.

DIED.

At Pamlico, Sept. 22d, Ambrose Jones, son of T. C. and Mary J. Jones.

On Tuesday, October 9th, at her residence on Pollock street, Mrs. Nancy Roberson, wife of J. J. Roberson, in the 70th year of her age.

Wrap her in the cold, white shroud,
Fold her hands across her breast,
Lay her gently in the casket,
Darling wife has gone to rest.

Plantation For Rent.

To a good Farmer who owns his team, and can run his Farm without going in debt to any one, I will rent my Farm, known as W. Sanders' home place, on very easy terms. This property is situated on the Trent river in Jones county, about two miles below Pollocksville, where the river is one mile in width, and is navigable for steamers and sailing vessels. The land is in a high state of cultivation, and is well adapted to truck farming. It is also in easy access to churches and schools. For A. deScisciolo, Esq., of New Berne, is living on it, and is attorney for the owner, which is being sufficient to the public. Jones and adjoining counties. Parties desiring to rent will please state how many mules they own, and if they can run their crop free from debt. Apply to

HONEST OPINIONS,

Candor compels us to admit that some one has long known the ingredients of B. B. B. But since it has never been put before the public, and since one of the present proprietors originated the prescription and used it for years in his practice, it is original.

NOTHING TO GO AT IT.

ZEBULA FEE, June 27, 1885.

N. E. sensible of what I have been using B. B. B. for, for 25 years, and pursuing, have never used anything like it. Recommend it highly.

MRS. R. M. LOVE.

MAKES AN OLD MAN YOUNG.

FT. S——, Tenn., June 20, 1887.

Gentlemen: Before I took your B. B. B. I had rheumatism in my right hip, in the joint and muscles. I had been using it but a few days when I felt the pain leaving, and now I am entirely free. I feel like a young man, and cheerfully recommend Botanic Blood Balm.

THE BEST PURIFIER MADE.

PALMETTO, GA., June 20, 1887.

I have suffered with catarrh for about four years, and after using four bottles of Botanic Blood Balm (B. B. B.) my health generally improved, and it would keep out of the cold weather I would not need it. I believe it to be the best purifier made.

Very respectfully,
T. W. THOMPSON.

TWELVE YEARS AFFLICTED.

HILLSTON, Ind., February 1887.

I have been afflicted with Blood poison for twelve years. Have used prescription from the best physicians, and have taken more through the druggists. Was advised to try B. B. B. and have taken three bottles and will say it has done me more good than anything I ever used. I am almost well. Can recommend it to all afflicted with Blood poison.
