## My Poor Back!

That poor back of mine! It is aching and aching, and I can't get any rest. I have tried everything, but nothing seems to do any good. I am so tired and so weak, and I don't know what to do. I have heard of this Oettinger's Backache Remedy, and I have bought it, and I have tried it, and I have found it to be just what I needed. It has done me more good than anything else I have ever tried. I can now get some rest, and I can do my work again. I am so glad that I have found this remedy. I will tell everyone I know about it, so that they may also find it to be what they need.

WELLS, RICHARDSON & COMPANY, BURLINGTON, N. C.

### EDITORIAL NOTES.

Mrs. Jay Gould died in New York on Sunday.

EMPEROR WILLIAM and Prince Demarec are sick.

AFTER the 4th of March the United States Senate will stand 39 Republicans and 37 Democrats.

LIKE TENANT CHARLES H. MILLER, U. S. Navy, died in New York Monday night of yellow fever contracted in Haiti.

We congratulate Senator Hanson upon his re-nomination. We congratulate North Carolina in having such a Senator.

WE are gratified at the success of Senator Hanson, but we deeply sympathize with Alexander, Waddell and Jarvis in their defeat.

THE owners of the steamer Haytian Republic are to have \$120,000 because of the seizure of the steamer by Haytian officials.

EMPEROR WILLIAM, in opening the German Landtag on last Monday, declared that all the foreign relations of the country were friendly.

It is highly probable that W. W. Padley, of Indiana, will be indicted by the United States grand jury on account of his famous "molesters" letter.

CONGRESSMAN BURTELLE, of Maine, says "there is nothing more certain than that James G. Blaine will be Secretary of State in Harrison's Cabinet."

THE Republican State Executive Committee of South Carolina have decided to recommend Gen. William Mahone, of Virginia, for a place in Harrison's Cabinet.

THE Senate has rejected every amendment proposed to its tariff bill, the purpose of which was to reduce the taxes on the food, fuel, clothing and shelter of the people.

ANOTHER letter has been received from Henry M. Stanley. It was dated at Boma, Aug. 17. In it he says: "I will stay here ten days and will then proceed south."

DELAWARE has elected a Republican United States Senator. So much for division in the ranks of the Democracy. The new Senator is Anthony Higgins of Wilmington.

THE present weather is remarkable. All through the North "the oldest inhabitants" cannot call to mind a corresponding period in any year when the weather was so exceptionally balmy.

THE London Times paid liberally for evidence to incriminate Patrick which it did not get. The Patrick case has assumed a number of phases but the weight of evidence is favorable to the Irish patriot.

A MAN who has learned that it is a duty to be tender to the weak, is rarely a coward, for the strength and courage of his nature are not repressed by teaching him to protect those who cannot defend themselves.

THE House Committee on Naval Affairs has completed the naval appropriation bill. It calls for twenty millions and provides for the construction of a dynamite cruiser on the pattern of the Vestal, and a cruising monitor.

"THE Republican Senators are no friends of the Bible. They are for taking them. That is because they are not acquainted with the teachings of the Word that demands that you should do unto others as you would be done by."

THE Democrats of the Massachusetts Legislature have nominated Gen. P. A. Collins for U. S. Senator, and the Republicans have nominated Senator George T. Hear. The result of the Republican nomination is expected to be a victory.

AN unusual two-cent postage stamp has appeared in this column that properly credited. The Wilmington Post-Message, of Wednesday, publishes, as from the 4th R. S. A. a paragraph that we should have credited to the Richmond Times. The omission, on our part, was not discovered until after our paper was published.

MISS EMMA ABBOTT, the popular singer, has recently lost her husband. The World says Miss Emma Abbott, though feeling keenly the bereavement which has fallen upon her, will not forgo her present tour in her opera company, the members of which are in hearty sympathy with her in her bereavement.

THE 14th of March is the anniversary of the day when the first of our Northern States were admitted to the Union. It is a day of national pride and glory, and it is a day when we should remember the sacrifices and struggles of our forefathers.

### ALL IS NOT GOLD THAT GLITTERS.

A Frenchman says he has discovered how to make pure gold by combining silver and copper under sunlight. With \$30 he can make \$720. The philosopher's stone has at last been discovered may be the Frenchman's name is Thierau.

A Frenchman? It has been said a Frenchman can do anything. If he can change silver and copper into pure gold who will presume to find bounds to his powers?

But this is a mistake. No, not a mistake, it is a palpable fraud. There have been many Thieraus in this world of ours. From the earliest periods of history there have been counterfeiters. The miser metals have been made to put on a semblance of the pure, but when brought to the test, they have shown that all is not gold that glitters.

Very often men are not what they seem to be. They move with elegance and show the polish of a gentleman. They have grace and refinement and genius, and they lead multitudes captive at their wills. But there is no charity in their hearts, no light in their homes and no benevolence in their lives. They glitter but they are not pure gold.

Sometimes women attract by their beauty, charm by their manners, and captivate by their unimpassioned magnetism, peculiarly their own—then fall, like Lucifer, never to rise again. Alas, all is not gold that glitters.

Towns and cities spring into existence and send out glittering placards, proclaiming a newly discovered El Dorado where gold sleeps in every stone and nectar distills from every shrub. Men venture fortunes on "the hazard of a die" and lose. The test of time dissolves the airy speculation, and, as it fades away, disappointed and ruined victims realize that "all is not gold that glitters."

It is a blessed truth that there is pure gold.

If there are men who have lost the image of their Maker and have become as "wilted speulchres," there are other men who, day by day, are growing more Christ like, and are filling the world with a heavenly aroma. If there are women who have forfeited fair renown and all the charms of innocence, there are other women who have ascended to the "upper sanctuary" and brought heaven to earth, so that fallen men have angels in their homes, to bless them and lead them to the high temple of the Lord in their eternal book of life.

It is the glittering lead habitations that prove to be quagmires, emitting phosphoreous vapors as deadly as the pestilential night shade, there are cities that have foundations that cannot be moved. The winds may blow, and the rains may fall, and beat upon them, but they are founded on a rock.

Men, women, cities, are "all gold with culture. There is a want of it may be, will be recognized, but the gold, whenever it is found, will shine brighter and brighter to the perfect day.

LEGISLATION.

The National and State Legislatures are in session.

The Congress is doing little, and that little is in favor of monopoly and plutocracy.

State Senators, men representing foreign States, boldly advocate and zealously defend, measures that are contrary to the spirit of our Constitution and oppressive to the interests of the people of these States.

The tariff barriers are established by the American Senate, and there is no power at present to do away from their strength.

But the contest cannot be abandoned. Whatever record other States may have made upon the supreme political question of the day, the honors of North Carolina have been carried to the front and waved defiantly in the face of the foe.

"All we conquer," said the Athenian commander on the morning of Marathon's great day, "if we conquer, we shall make Athens the greatest city of Greece." "All we conquer," we will make America the greatest nation on earth. The results of our commerce will reach every sea, and the products of our farms and workshops will go to the ends of the world. Our homes will be the habitations of independent freedom, and the blessed abodes of peace, plenty and happiness.

But it is not to be supposed that our homes are a hopeless venture. It is not to be supposed that our homes are a hopeless venture. It is not to be supposed that our homes are a hopeless venture.

It is not to be supposed that our homes are a hopeless venture. It is not to be supposed that our homes are a hopeless venture. It is not to be supposed that our homes are a hopeless venture.
