BLESSED ARE THE PEACE MAKERS.

The moral sense of the age is opposed to war. The disposition to leave to arbitration questions...

It is evident that Democracy is gaining ground in the North and West.

Mr. ROBERT LINCOLN has formally notified the President of his acceptance of the British Mission.

From the Wilmington Messenger: Democratic Chicago is jubilant, the Republican ring is smashed.

SECRETARY NOBLE is receiving praise from Democrats. Correct. Merit ought to be recognized where it is found.

PRAYER fires have caused wide spread desolation in Dakota and Minnesota. Towns have been wiped out by the flames, and many families left homeless and shelterless.

At Hannibal, Mo., April 3d, ten million feet of lumber in the yards of the Empire Lumber Company and several small residences were destroyed by a fire started by sparks from a locomotive. The losses aggregate \$100,000.

HON. C. B. BRACKENRIDGE, who was charged by base partisans with complicity in the murder of Clayton, is using all possible means to bring the guilty to justice. When he ascertained that the Governor was without funds, necessary to follow up the case, he promptly advanced the needed amount.

THE disasters, by fire and flood, that befell the cities of Norfolk and Savannah on Saturday and Sunday have awakened very general sympathy. It is estimated that the loss at Savannah by fire is not less than \$1,500,000 and that the loss at Norfolk by fire and flood will reach \$150,000.

THE Cincinnati Commercial Gazette is after Senator Freestone B. Plumb, who is a Colonel of a band of Missouri marauders during the war. The paper convicts him of the robbery and attempted murder of a Union man at Independence, Missouri, during the war.—Wilmington Messenger.

HON. F. M. SIMMONS and H. S. Nunn, editor of the JOURNAL, have been commissioned by Governor Fowle to be representatives of North Carolina at the centennial celebration of the inauguration of George Washington as President of the United States, April 30th is the date.

THE administration does not regard Southern Republicans as of any account. The President informed Congressman Cheatham that he must pay his campaign obligations out of his pocket, that he could not have the disposal of the patronage of his district to pay off his election scales.

THE Georgia State Farmers' Alliance have resolved that every bale of cotton made by the Alliance in Georgia shall be covered by cotton cloth instead of jute bagging. This action affects nearly 100,000 farmers and will probably result in the establishment of many new cotton factories in the State.

REV. H. M. WHARTON, the great evangelist, says: "I have never been out with but two persons since I have been a Christian. They did me a great wrong, and it was hard to go up and shake their hands—but I did it. It will not do for you or me to cherish ill will towards any human being, if we dream of heaven."

THE recent Democratic victories and increased Democratic vote in the North and West only add to the irrefragable proof that had been adduced before, of the fact that the cause of the National Democratic defeat last fall was a lack, not of Democrats, but of the enthusiasm requisite to make Democrats vote.—Alexandria Gazette.

WE note with pleasure that Clement Manly, Esq. of New Berne, has been appointed by Governor Fowle, a delegate to the Centennial Celebration of the Inauguration of George Washington President of the United States, which takes place on the 30th inst. in the City of New York. The honor is most worthily bestowed.

HON. JOHN A. J. CRESSWELL, of Maryland, having been mentioned as probable successor of Justice Matthews on the Supreme Court Bench, the Washington Post says: "Among the great legal luminaries of the country Mr. Cresswell occupies a foremost place, and there is none among them, perhaps, better equipped than he for the duties of a Supreme Court Justice in all the requisite mental, personal and judicial fitting that position."

PRINCIPLES, precepts, forms of truth—if they be true principles, true precepts, good forms of truth—whether they belong to the past, the present or the future; whether they have arisen in heathen or Christian, in spiritual or secular thought—Christian life includes them all within the wide circles of which the Lord is King.—Alex. Macleod.

THE TWO DOGS WERE HERES.

By REV. A. C. HAYDEN, D. D. In the woods, in a remote part of the Territory, Bishop Pateron, a few years ago, found a graduate of Yale University, a student of the law, who had been a member of the faculty of the law school of the University of the South. He had been a member of the faculty of the law school of the University of the South. He had been a member of the faculty of the law school of the University of the South.

It is too evident that Mr. Harrison went to Washington jealous of Mr. Blaine. "It was noticeable in almost every remark dropped by the Harrison family. The paragraphs in the press to the effect that Blaine was going to 'run things' made Harrison very angry. It wounded his vanity severely. Had he been a bigger or broader man he would not have noticed them. As it was, however, he started in with the grim determination to be 'boss' himself, and to give the country an early knowledge of the fact.

Without partiality, with nothing to extenuate and nothing to set down in malice," we commend to all the cultivation of charity, so that we may realize that "blessed are the peace makers, for they shall be called the children of God."

HARRISON VS. QUAY. Benjamin Harrison is now President of the United States, and is charged with an administration embracing the whole Union. To him party can make no appeal in opposition to the equality of the States. He is the guardian of the rights and liberties of every citizen, and when these are involved, the voice of party must be silent.
