the ion band for down dition which was very interesting. In a village a mile and a half below Hall, columbia, the the present site of Oxford two squaws gave birth to twins, and the little pappeoses were all as hear spotted as leopards. The squaws were tried and all condemned to death at the stake. On the day the entire population gathered at the scene of execution, more than seventeen hundred in number. When all had been bound at the he thunder of the tide, rolled stake and torches applied, there was a sound as of thunder, the earth opened and every soul, with the exception of two young braves, were swallowed in its depths. These young braves went off to the Cherokee nation, got them squaws. guty shout then cent the air and came and settled down near the scene of the great accident and re-

into this section, and was often rethe Union band began to play the lated to the family, A large pond of beautiful water now covers the spot. It is called "Blue Pond," and soundings on different occasions have failed to pond. Alternately it would raise a and mellow, horn and bass its trunk high above the surface of the waters, then as regularly would ched its roots be usued upward and project above the water in the same way. This is not tradition, but
