METHODS OF BALLOT REFORM.

We have read with pleasure...

Judge Hoody's article, in...

the Forum, on the subject...

of the "Methods of Ballot...

Reform." Much that he...

says meets our unqualified...

approval, and from much...

of his article we respectfully...

dissent.

We may as well say now...

before proceeding further...

that we are opposed to...

the regulation of elections...

of the State, or, in any...

way, interferes with...

State authority in the...

matter of suffrage.

Judge Hoody mentions...

special evils, to remove...

or diminish which is the...

object of patriotic...

citizens. First, intimidation...

especially of wage workers...

by employers.

Secondly, fraudulent...

interference accompanied...

by violence. Thirdly, the...

direct bribery of voters...

and, lastly, the demand...

of the voter for pay for...

voting.

Without entering into...

minute detail, we desire in...

favor of the American...

system over the much...

vaunted Australian system...

The first gives the greatest...

freedom to the elector.

The chief distinguishing...

characteristic of the Australian...

system is the preparation...

and supplying of the ticket...

by the government, and the...

requirement that a private...

vote be provided in which...

each voter is required to...

prepare his ballot before...

going to the polls. Judge...

Hoody says:

"The Australian system...

It is true, it is enough...

to banish it from free...
