Ned Smith, Bill Wynne, Wile Marino, Billy Montfort, John Mil and others, where are you ?

is a poor chance for others.

ught to advertise their business.

Unknown Tongues-The Bird. The best known of animal tougues are, of course, the most serfect among them-those of ards. It would be a long list, were ve to mention but half of the cuious literature that of old and o

ate has been written on this subect. Pallas Athene herself gave he knowledge of the language ords to Tosias, to console him for he loss of his eyes. Helenus, of

Troy, Thales and Melampus claimed to possess it. Solomon, who had wisdom exceeding much, and pake of beasts, and of fowls, and f creeping things, and of fishes, is eported to have understood the leaning of every bird's song. l'inveven gives, in his Natural listory, an unfailing receipt for he of annug of such wonderit enowledgement King Dag, who was a muster of the science, kept sparrows, which brought him the news of the world from every count-

ry on earth. Gerbert, of Sevile. the great Christian master of the dack art, learned to explain the light and notes of birds, and Ben-
