 Prefers Negro Supremacy to Rule by the White Men of the State.

Several prominent Democrats, when reviewing here this evening in the presence of "Governor" E. M. Ross, the good done in the State under the past and present Democratic administration and the danger that threatens us in the event of Harrison's election, which undoubtedly means a force bill and negro supremacy, received the following response from the Weaver candidate: "I would rather prefer negro rule or anything to the rule we have had heretofore. There are the exact words uttered by the editor of the Goldsboro Herald, C. J. Rivenbark of Goldsboro, Jas. M. Oliver of Princeton, W. E. Ingram of Petersburg, Va., and others. Since the utterance the doctor is sick—politically sick."
