Miss Lucy Moore Retires in Perfect Health and Is Found Dead Next Morning.

Sunday morning this whole community was startled and shocked by the news that Miss Lucy Moore, eldest daughter of L. J. Moore, Esq., was found dead in her room with the curtains at the early opening of the day. She had retired the night before without the slightest indication of anything being amiss with her; she was the picture of health and had her life been remarkably healthy girl. This makes the circumstances of her death not only sad, but impressive and thrilling.

The family home has been crowded with friends and visitors every one of whom feels and appreciates the touching situation.

To her parents and the other members of the family her death is a sad and irremediable loss, but in the midst of their grief rises the thought of the "Savior, who had to have united at once with the Presbyterian church. Her young life going so suddenly at the close of this great religious meeting which had been so much for her full of unutterable meaning to the young people of the community. In the midst of their grief with friends.

Mr. Elson, who had been attending the revival meetings of Rev. P. G. Elson at the Baptist church and the night before her death she had given herself to the Savior, and was to have united at once with the Presbyterian church. Interest Held to the Last—Two Hundred Conventions Sunday—One Hundred During the Meetings—Sunday's Services

Rev. P. G. Elson held his last meeting in the Baptist church Sunday night. Every person who attended the meetings used as seats while chairs filled the aisle and people were standing in the space that was left. There were five conventions at this meeting and seven at the one held during the day, making the number twelve that were added on Sunday. The record of those who have made a profession, since the meetings have been in progress shows that the number is slightly over one hundred.

The best presentation of Senator Ransom's claims on the democratic party in North Carolina appears in a recent issue of the "Charlotte Observer" and was prepared for that able and progressive paper by its Washington Correspondent, George W. H. Hall, Esq., who was one of Senator Ransom's earliest supporters for the U. S. Senate and who, having been prominently connected with the press of North Carolina for more than twenty-five years, knows whereof he speaks. He says:

No Further Trouble Anticipated Unless the Spies are Taken there to Testify at the Coroner's Inquest.

WASHINGTON, April 2.—The following dispatch was received from Gov. Tillman in relation to a statement sent out that the dead bodies of two constables had been found in the woods near Timmonsville:

The first thing to happen since the arrival of the troops which was possible significance can be attached was the postponement of the hearing of the testimony before the coroner's jury, under orders from Gov. Tillman today. Since that time the troops have been ordered to be brought here under military escort to testify at the inquest. If this occurs there will most probably be further trouble.

THE SOUTH CAROLINA AFFAIR.  
THE DISPENSARY LAW—TILLMAN RIGHT IN ENFORCING IT.

All it is a nefarious law where Private Home are recklessly and wantonly flaunting their winch-spirits in the faces of Citizens.

Recent reliable information from South Carolina puts a somewhat different phase upon the conflict of Gov. Tillman. In common with the balance of the great and the general public we have heretofore regarded him as the author of the Dispensary Law, and a fanatical executive abusing his position to exceed the statute in arbitrary oppression of the people.
