

MOBILE, Ala., April 4.—The South and West grain trade congress met here today in second annual sessions for the promotion of the commercial relations and for the encouragement of the export trade via Southern ports. Seventy delegates were present, representing Kansas, Illinois, Missouri, Indiana, Tennessee, Louisiana, Florida, Georgia and Alabama.

The convention was called to order at 3:15 o'clock this afternoon by H. R. Grass, of Mobile, who nominated Hon. J. C. Ritch, of Mobile, temporary chairman.

Mr. Ritch made a brief speech on the object of the meeting and introduced H. L. Lavette, Mayor of Mobile, who extended to the delegates a welcome in the city.

Response in the name of the West was made by Capt. N. B. Thistlewood, of Cairo, Illinois.

Response in the name of the South was made by Hon. Patrick Walsh, of Augusta, Georgia.

All were appropriate and received with great applause. Senator Walsh spoke at some length, detailing the trade conditions that exist in the South and the West and the need behind the South and the West have all the best days soon to come.

He forecast in the building up of the trade routes, the South and the West and in the movement Southward of the cotton mills of New England, the approach of an era of prosperity, which will surpass the dream of the enthusiasts.

Committees on credentials and permanent organization were appointed and the convention adjourned until to-morrow morning.

North Carolina Kind of Legislation in New Jersey.

NEWARK, N. J., April 3.—Greater construction could not have been created among the Republican leaders of Newark than was caused by the discovery that the Governor's supplement to the election laws has already gone into effect and would be operative on July 1.

It is not yet operative on July 1. Taking effect now, it wipes out the county board of registry and elections, and possibly the district election officers, takes away from the Court of Common Pleas the right to elect the members of the board of registry and elections, makes possibly null and void the registration of yesterday, and may throw doubt on the election of next Tuesday.

The Voorhes bill signed by the Governor, became a law on Monday.

Who is the Guilty One?

The Raleigh Correspondent of the Wilmington Messenger under date of the 4th says:

The talk here is still of the Mortgage bill. Smith and the two members of the House who were most decidedly concerned in the matter, have been several days, yesterday evening Smith returned home, having given up his resignation completely. Senator H. L. Grant, of Wayne, one of the Republican leaders, is the latest fusion arrival. He came, like the others, to see what would be done to pry the bill out of the hands of the fusionists. Satterfield, chief clerk of the House, had been charged with aiding in smuggling the bill out in a long package, and threw all the responsibility for the act on his brother Republicans.

PRIZE FIGHTS AND LOTTERIES. Florida's Governor Wants Laws to Prevent Them.

FLORIDA, Fla., April 2.—The Florida Legislature convened at 12 o'clock today for its biennial session. The Governor's message to the Legislature was brief and related almost entirely to matters of only local interest. Under the heading of "Prize Fights and Lotteries," the Governor said: "During the last year a most disgraceful and brutal fight of this character took place in the city of Jacksonville, and parties who resort to this kind of an occupation as a means of making a living without honest labor are boasting that they are to law in this State to prevent such disgraceful contests and openly 'pull' off the Jacksonville net September, but, gentlemen, you have it in your power to prevent this by legislation."
