Excellent Closing Exercises at La Grange's Female Seminary. A Good Attendance. Great Interest Expressed.

The Annual Commencement exercises of Kinsey Seminary began at 3 p. m. Wednesday, the graduating exercises in chapel following at 8 p. m. These exercises were chiefly of a musical nature, every number rendered showing skill on the part of the performer and painstaking work on the part of the instructors.

The musical tonight was most enjoyable, evincing that care and pains had been expended both by pupil and teacher. The attendance at these exercises is very good, considerable interest being manifested by each visitor.

The exercises will be continued tomorrow at 11 o'clock, a. m.

Tonight there will be a reception by the pupils.

Kinsey Seminary is the only school of its kind in this State east of Raleigh. The past scholastic year has been the most successful one in the history of the school. The school was founded by Mr. Joseph Kinsey of Jones county in 1850. Its history begins with a roll list of ten boarding pupils and twenty local pupils, but ever since its inception has the school advanced rapidly and soundly—more so than any other school in the State, there being ample buildings and spacious, well shaded grounds. The total number of pupils for the first year was ninety-eight. Kinsey prepares the student for the junior or the senior class in college. Its graduates cover the whole State.

LA GRANGE, May 28.—This morning at 11 o'clock another fine audience of citizens of La Grange, and visitors from several near by counties, gathered in the chapel of Kinsey Seminary to hear the continuation of the commencement exercises which were, like those of yesterday, of high excellence throughout. The part allotted to the young ladies, closed with the valedictory address by Miss Donie Rich, of Duplin county. There was merit not only in the composition of the address, but in its delivery. Miss Rich spoke with distinctness, and with an ease of manner that was impressive.

The presentation of diplomas to the ten graduating young ladies followed. Prof. Kinsey made the presentations himself in a happy little speech full of sound advice, spiced with humor.

Rev. D. H. Petree, pastor of the Disciple church, of Kingston, and Rev. J. O. Guthrie, pastor of the Methodist church of the same town, made addresses. They both exalted education in their addresses; the power of intelligence and truth for good, and for the highest enjoyment, was contrasted with the power of ignorance and error for evil. Parents were exhorted to make great sacrifices, if necessary, to educate their children, and co-operate with their parents and teachers in the efforts after an education which was shown to be of more value for a successful and happy life than riches.

One of the loveliest recitations was by Miss Mabel Koonce, who when quite small lived in New Berne. She rendered a monologue, "Jack's Kisses" in a style that drew warm compliments and expressions of pleasure.

Miss Effie Hodges' recitation of "Grandma's visit to the Grand Mask Ball" will not soon be forgotten by anyone who heard it. Her essay on "Education: the Uses and Abuses" taken with the recitation, showed that she understood the subject both in theory and practice.

Miss Louise May Kinsey in her admirable essay on "Opportunities for Self-Education" rightly gave considerable prominence to the newspapers of the present day, which bring their readers into contact not only with familiar affairs but with foreign countries, and the most prominent people of the world.

"She beats a bird" was the comment we overheard when Miss Petronella Pate, was rendering the song "Villanelle."

Miss Carrie Taylor's "Class Prophecy" was very good.

The Scarf Fantastics, by nine of the young ladies, all in pink, was a remarkable pretty drill.

SALEM FEMALE ACADEMY.

CLOSING OF ITS 94TH ANNUAL COMMENCEMENT.

A Large Audience in Attendance at the Closing Exercises. Five Hundred Persons Connected with the School During Year.

WASHINGTON, N. C.—Another happy and successful commencement has just closed at the Salem Female Academy. Persons from all parts of the South and South West were present.

On Saturday evening last the Moravian Church was closely packed with a refined and appreciative audience on the occasion of the opening concert. On this evening the Vocal and Elocution Departments presented their work to the public. The concert was a grand success.

On Sunday morning the Rev. W. S. Creasy, D. D., of Centenary Methodist Church, Winston, N. C., delivered an exceedingly earnest and eloquent sermon. The music in this service was very fine.

On Monday and Tuesday nights the large class of 43 Seniors gave their essays to the public. Subjects on art, science, history, literature, &c., were briefly treated. These essays were really intended to gracefully introduce the Seniors to the public before Commencement Day.

The readings were interspersed with music, which added much to the enjoyment of the evening.

The Art Department displayed its work on Tuesday afternoon. In addition to a large exhibit of paintings, drawing, &c., an interest display of beautiful china was also shown to many interested persons. Recognizing the great value of training in art as well as in purely practical lines, the Academy takes special pains to offer great advantages to those desirous of it.

Wednesday was Alumnae Day, especially enjoyable to the old students who came from far and near to meet once more amid the scenes of their school days in old Salem.

Remnants of the classes covering a period of 64 years were held during the day. The general business meeting of the Alumnae Association took place, and it was ascertained that the Scholarship Fund exceeded the gratifying sum of \$3,000.

Other pleasant features of the day were the formal presentation of the beautiful Memorial organ given by the classes '95, also the Alumnae banquet, to which 200 to 300 members sat down in the Academy dining-room.

The Grand Concert came off on Wednesday night and was a grand success. The fine musical talent of the school was well displayed.

Thursday was commencement day proper. At 9 o'clock a. m. a large and appreciative audience gathered in the old Moravian church to witness the presentation of hard earned diplomas.

The Rev. J. Max Hark, D. D., from Pennsylvania, and delivered the oration, and Bishop Edward Pindlicher, D. D., presented the diplomas.

During the year some 500 persons have been connected with the institution. The school is near the completion of the century of its history. Never was it in a more prosperous condition.

Among the graduates in the commercial department we notice the name of Miss Adelle Chappell of New Berne.

That Cuban Revolution.
WASHINGTON, D. C.—Since the introduction of his joint resolution providing for the recognition of the belligerency of the Cuban insurgents, Senator Morgan has been persistent in his efforts to have the Committee on Foreign Relations make a favorable report to the Senate. The testimony given before the committee by Dr. Alberto Diaz and Correspondent Lawrence has only a lead to his zeal for action on the subject. At the last meeting of the committee a sub-committee, consisting of Senators Sherman, Lodge, and Gray, was appointed to wait upon the President and have a conference with him on the subject. That committee visited the President this morning, and were in conference with him half an hour. No member of the committee will talk about the visit, but it is understood that the President expressed the wish that the matter be left just where it is—in the hands of the Executive—believing that through the diplomatic channels better and more effective results can be secured than through the introduction of resolutions in either house. It is understood that the committee will so report to a special meeting of the full committee, that has been called for tomorrow morning, to consider the question, and if such a report is made, it is said that the full committee will not favor reporting Mr. Morgan's resolutions.

To South America.
PHILADELPHIA.—Since it was announced a month ago that the National Association of Manufacturers had undertaken the organization of a party of representative business men for the purpose of visiting South America this summer, an extraordinary amount of interest in the project has been manifested throughout the country.

In South America the projected visit has aroused the interest of those countries not concerned in the tour to such an extent that efforts have been made to secure changes in the itinerary for an extension of the trip so as to include several countries not embraced in the present plans.

There has been some talk of crossing the Andes to Chile from the province of Mendoza, in Argentina, and now the Peruvian government is anxious to have the party include Peru in its tour.

Spain is Active.
NEW YORK, June 2.—A Spanish force of twenty-five thousand men has been sent after Maceo, in Cuba. The Spanish gunboats are reported as patrolling the American coast off Atlantic City, New Jersey.

IT COMES EAST.

The Cyclone Reaches Washington. D. C. Working Buildings. Damage in Pennsylvania.

WASHINGTON, D. C.—A heavy storm of wind, rain, and hail struck Washington unroofing the Lutheran Memorial church, at Vermont avenue and Fourteenth street, and five houses on Eleventh street between O and P; demolished the African Zion Methodist church in the northeast section, and uprooted, broke off, or damaged hundreds of the beautiful hick-trees that adorn the streets of Washington. Only one fatality is reported—a little boy returning from school was struck by a brick blown from a chimney, receiving fatal injuries.

In Pennsylvania over a dozen lives were lost by this storm, one and two at a place, and four fatalities occurred in New Jersey.

The money loss in the sections named was very heavy.

The summer resorts on the New Jersey coast also suffered heavily.

LANCASTER, Pa.—A tornado that came from the York-county shore swept across the Susquehanna river and did a vast amount of damage in Columbia, about ten miles from here. It first struck the planing-mill of John Forey, unroofing the structure, and doing a great deal of damage to houses in the vicinity of Front street.

The black cloud then struck the Columbia Rolling Mills, hit the roof bodily and buried fifteen men in the ruins. Two of them were fatally injured. The rolling-mill is completely demolished, and the machinery ruined. Five men who were working inside were blown forty feet into Shawnee creek, and nearly drowned.

The storm next struck the electric-light station, and badly injured the building. John Hughes, the engineer, was instantly killed, in trying to close the window. He was blown into the fly-wheel of the engine, and torn to fragments.

Key West Fla.—Private advices received in this city state that small-pox is raging at the Moro Castle, Havana.

WILMINGTON NEWS.

A SUCCESSFUL YEAR IN PUBLIC SCHOOLS.

Excursion Down the Cape Fear River. Amateur Opera. Oil Steamer in Port. Politics Quiet. Commander of Naval Reserves.

WILMINGTON, N. C., May 30, 1896.—This has been a happy week for the school children. Between the pleasures of coming vacation and the school entertainments, it is hard to find a boy or girl without a smiling face. It has been a very successful year in the public schools of this city. The attendance has been greatly increased during the past year and has probably never been equalled before.

The steamer Wilmington, running between here and Carolina Beach and Southport, has carried several large excursions down the river this week. A trip down the Cape Fear river is a thing to be enjoyed these hot days. Any one going down the Wilmington need not supply himself with a fan.

The Presbyterians of Fayetteville came down Thursday on an excursion, and went right through to Ocean View, to enjoy the pleasures of the surf. There were about two hundred in the party.

The social event of the week was the opera, Pirates of Penzance, which was played by an amateur troupe. Notwithstanding the very hot weather and the fact that it was given two nights, the opera house was filled at both performances. With rich and appropriate costumes and good voices in the principal parts, it was a great success. The opera was presented under the direction of the Daughters of the Confederacy.

Shipping on the river is very quiet. The Standard Oil Company's steamer Maverick has arrived, making her second trip to this port. She brought ten thousand barrels of kerosene oil for the distributing station here. This is a big business for Wilmington as she is the distributing point of the Standard Oil Company for three States.

There is very little excitement in political circles just now, although the Democrats had a misunderstanding which has been settled satisfactorily before this.

Postmaster Geo. L. Morton has been appointed commander of the North Carolina Division of Naval Reserves by Governor Carr.

Today being Decoration Day the Government offices were closed, and it was observed by the colored people marching to the National cemetery, there decorating the graves.

The East Carolina Convention of Christian Endeavor Societies held its session here on Friday, with a good attendance of delegates. The meetings are held in Immanuel Presbyterian church, of which Rev. B. E. Wallace is pastor. Mr. Wallace was elected chairman, and Mr. W. B. Clark secretary. Many interesting articles were read yesterday at the session.

Those who have been attending college are beginning to return for the summer holidays. Many of our friends have been welcomed back this week.

NO FUSION IN VANCE.
Disagreement Between Republicans and Populists.

RALEIGH, N. C., June 1.—Reports from Vance county state that the Republicans and Populists have failed to fuse, including the legislature. The Republicans denounce the Populists for their action.

Hartford Going to Wisconsin.
HARTFORD, Wis.—Green Lake is to be graded this season with the presence of ex-President Harrison and his bride.

It is said they will spend most of the summer there and they are to be the guests of Gen. John C. New, who has had a summer cottage here for many years. They are expected to arrive next week and the news of the St. Louis convention will reach the ex-President here.

Call it Un-American.
PHILADELPHIA.—Ballington Booth, head of the Volunteers, made addresses here yesterday afternoon and evening and on both occasions spoke to large and sympathetic audiences.

In the course of his address he said: "Mis. Booth and myself had intended to retire into private life for a much needed rest twelve weeks ago, but backed by assurances from all over the country we started the movement to-day."

"It has been asserted that the Volunteers had but five posts, and that two of these posts had intended to go back to the Salvation Army. The Volunteers have not lost two posts. On the contrary the posts at Napanaville, Ill., and Cedar Rapids, Mich., are stronger than ever. We have sixty-eight officers, organized posts and a number more waiting for staff officers in order to organize. In our office forty-eight officers are employed and we have a paper with a paid circulation of 19,000 per week."

"I am not out of the Salvation Army of my own seeking. I loved the old movement, and both Mrs. Booth and myself worked for it with unflinching devotion. It was driven from the old movement for expressing an opinion as to its government in this country. I have come to the conclusion that any organization that is to benefit this nation must be separated from the jurisdiction of a foreign government. I should have been in the Salvation Army to-day if the Salvation Army were American. We must have rules and organizations framed by those who recognize the laws and institutions of our country."

CZAR AND CZARINA.

Gala Performances and Ceremonies at St. Petersburg.

MOSCOW.—A gala performance was given at the Grand Theater or Opera House, just without the walls of the City Guard.

The theater is a very large one, with built a dozen tiers of spacious galleries, but it was filled to its utmost capacity by what is believed to have been the most distinguished audience that ever gathered in a place of amusement.

All those who attended the reception given on Wednesday by the Czar and Czarina in the hall of St. Andrew, in the palace of the Kremlin, were present. The whole lot use from door to roof seemed to blaze with diamonds and the precious jewels, and no representation that could have been given upon any stage could equal in magnificence the scene displayed before the curtain.

The Czar and Czarina arrived at 8 o'clock, having driven through the illuminated streets, followed by their court. With their appearance the whole house rose to cheer them as they entered the royal box and, by the orchestra, the emperors sang the national anthem. The Emperor was dressed in the scarlet uniform of the Chevalier Guards, while her majesty wore a beautiful though simple robe, which seemed to be covered with diamonds.

The open presents I was Glinka's "A Life for the Czar," a work that is well known in Russia, it being generally performed on public occasions. This was followed by an elaborate ballet called "The Pearl of the Sea."

Upon the conclusion of the performance those present enthusiastically cheered the czar and czarina.

This morning the imperial regalia which were used in the coronation ceremonies in the Cathedral of the Assumption last Tuesday, were transferred from the throne room in the Kremlin Palace to their repository in the treasury.

The ceremony attending the transfer was similar to that employed last Monday when the regalia were taken to the throne room.

The regalia will later be taken to St. Petersburg to be used in the ceremonies which will take place after the return of the emperor and empress to the capital.

A reception was given to the distinguished ladies attending the coronation festivities by the emperor and empress in the palace of the Kremlin. The weather continued to be bright and clear and the streets were still filled with visitors.

EYES ON CRETE.

GERMANY WOULD LIKE THE ISLAND.

The Situation is Said to Threaten the Peace. Greece desires to see the rebels, Union Advocated.

BERLIN.—The situation in Crete is engaging the most serious attention of the German government and greatly absorbing public interest as involving manifold dangers to the peace of Europe.

It is an open secret that the government, in the event of any radical change taking place in the relations between the islands of Crete and the Porte, will support a proposal for the union of the island with the kingdom of Greece.

In the meantime the question of the annexation of the Island of Crete to Greece is not one in which the Dreibund is vitally interested, though communications have passed between the governments at Berlin, Rome, and Vienna, tending toward concerted action on the part of the Dreibund powers in behalf of Crete, and the Greek government has asked the government of Germany to join Greece in exerting pressure upon Turkey against the latter's throwing large reinforcements of Turkish troops into the island with a view of wiping out the Cretan revolt by sheer force of numbers.

What Greece most desires at present is that a sort of truce shall be established between the Turks and the Cretan rebels while the European powers confer as to means of a final settlement of the Cretan question.

At present the force of Turkish regular troops on the island is 7,200 men, and 1,800 additional troops are about leaving Salonica and an equal number are on the eve of departure from Smyrna to reinforce them.

Opposing this force there are now over 20,000 Cretans under arms and they are being rapidly strengthened by Greek volunteers, who are well armed and possess ample supplies of provisions and ammunition. This force is able to hold the entire island against the Turks with the exception of the fortified towns.

In an article discussing the immediate outcome of the Cretan trouble the Vossische Zeitung recommends the appointment of a Christian governor for Crete who shall administer the public affairs of the island under the supervision of a commissioner, who shall be a European.

The Hamburg Nachrichten, the organ of Prince Bismarck, blames England for inciting the rising of the people of Crete and suggests that the European powers settle the Cretan question concurrently with the Egyptian question in a way which will defeat the aims of the English government.

Among the officially inspired Austrian-Hungarian newspapers the Pesther Lloyd expresses the same opinion as that advanced by the Vossische Zeitung, and declares that there must be a root and branch reform of the public administration in Crete without delay.

A POLITICAL MECCA.

OTHERWISE KNOWN AS THE STATE CAPITOL.

What Kind of Fusion will Prevail. Defeat of Judge Russell. Big Cotton Acreage Increase. The Cruiser Raleigh.

JOURNAL BUREAU, PARK HOTEL.
RALEIGH, N. C., May 30, 1896.—The assertion is made that more sorts of politics are talked about here than anywhere else in the State. It is true. It is also true that a number of men who cut a figure in politics are here to see how things go from time to time which make very interesting reading. This is the case at all capitals, and it is also the case that the "interview" is the usual way of getting news at capitals.

The point just now more discussed than other is that of fusion. Who will fuse—Populists and Republicans or Populists and Democrats? It is as well to state the fact, which is that the Populists hold the balance of power. They know it perfectly well. So do the Democrats and Republicans. It is equally true that there is an active movement by each of the two last named parties to get the Populist vote. The Republican bid is a direct one—of office division; nothing else. The Democrats who want the Populists to cooperate with them offer endorsement of office. Some of them are ready to offer division of offices. There are many unalterably opposed they declare to any such thing as a division of offices. These demand a straight ticket. The secretary of the Populist State committee declares his party will put up a straight ticket.

The fact is not even the chairman of any one of the three political parties can say today what will be done, nor can any of them utter a prophecy as to what may occur in 60 days.

State Chairman Potts regards the defeating of Russell as the supreme issue in the coming campaign and says "the must be defeated to save the State." It was rumored that he would not canvass the State if free silver won in the convention. He says this is untrue; that he proposes to do his part, not less than he has done for 12 years past. He is writing to "sound money" men in different parts of the State urging them to make no fight against silver in the State convention but to let the latter unanimously instruct for it.

National decoration day was quietly observed here this afternoon at the beautifully and admirably kept cemetery. Gen. Meade post G. A. R., was in charge of the ceremonies. Most of the veterans from the Confederate Soldier's Home were present. The crops in this section are as a rule the finest in some years. The rains have been copious.

There is little doubt that a change in election in the State is 50 per cent greater than last year.

The railway commission reports that there are 77 railways and branch lines in the State.

The amount of life insurance business done in the State in 1895 was \$52,000,000 and of life business \$13,000,000. The profits in both were large. It was a successful year.

June 10th, the commencement exercises at the State Agricultural and Mechanical college will be held. There are 13 graduates.

The State Treasurer today issued 4 per cent bonds in place of \$28,000 of bonds of the Atlantic & North Carolina railway, issued in 1857. These old bonds are worth 40 cents on the dollar. They are signed by Thomas Bragg, governor, and D. W. Courts, comptroller, and matured in 1885.

This city's five public schools closed yesterday. They had over 2,000 pupils.

Governor Carr will make an effort to have the Raleigh and north for use by the Naval Reserves.

Judge Seymour says the term of Federal court here will end Tuesday or Wednesday. No civil cases will be tried.

Will not take it.
RALEIGH, N. C., June 1.—N. C. Engineers refuse to accept the Republican nomination for Congress from the fourth district, claiming that he is a Populist, and not a Republican.

State Crop News.
RALEIGH, N. C., June 1.—Crop reports today say outlook is excellent, particularly as to cotton and corn. The exception to the good reports is now in limited areas in the State, where the drought continues unbroken.

Gets One Year.
RALEIGH, N. C., June 1.—Charles Winstead, convicted in the Federal court in this city of robbing the post office at Kooly, N. C., has been sentenced to one year in the penitentiary.

Socialists Nominate a Ticket.
CHICAGO.—The socialistic labor party of Illinois held its State convention at Noble's hall. An entire State ticket was nominated. The platform of the socialistic labor party of the United States was readopted and the convention pledged its support to the national ticket which is to be nominated in New York on the 4th of July.

A Disastrous Flood.
MOUNT CRYST, Mo.—A most disastrous flood visited Mount City shortly after daylight. About 4 o'clock rain began falling in torrents; in fact, it was almost a water spout. The rain fell for three hours, when persons living west of Davis Creek, in the part of the city called Jimtown, began to move out, as did some thirty

TO BE EXECUTED.

Murderer Henry Dowd to Hang July 2nd.

RALEIGH, N. C., June 1.—Governor Carr has issued the warrant for the execution of Henry Dowd, colored, who killed Engineer Matt Dowd, of the Seaboard Air Line. The execution will take place at Halifax, July 2nd.

W. C. T. U. Convention.
RALEIGH, N. C., June 2.—The fourteenth annual convention of the Woman's Christian Temperance Union will meet in this city on next Thursday.

Oregon Elections.
PORTLAND, ORE.—Owing to an exceedingly slow count, it is very difficult to forecast the result of yesterday's election, but returns up to this hour indicate that ex-Governor Penney will be elected Mayor of Portland.

Congressman Ellis (Republican), the free-silver candidate, leads Northrup (sound money), by about 5,000 in the second Congressional District.

In the first Congressional District, Vandenberg (free-silver Populist), holds a plurality of 500 over Long (Republican). The indications are that the free silver candidate will triumph, and that Senator Mitchell will succeed himself in the United States Senate.

Over the President's Veto.
WASHINGTON, D. C., June 2.—The House of Representatives has passed the River and Harbor over President Cleveland's veto.

Rebels at Work.
HAVANA.—The entire town of Jamaica, near Havana, has been burned by a rebel band under command of insurgent leader Castillo.

A party of rebels placed dynamite bombs upon the railway track near Sabinal, in Matanzas province, which were exploded by a train containing a number of workmen. The train was completely wrecked. The engineer was killed and several workmen were injured.

A band of rebels made an attack upon the town of Santiago Los Yezas, in the province of Havana, but were repulsed.

The rebel bands under Anselmo and Rodriguez entered the town of Puerto de La Quira, south of the place, and burned every building in the town.

Want Old Text Books.
RALEIGH, N. C., June 2.—Reports from eighty-five counties in North Carolina, state that the old school text books will be adopted.

Lavigne Wins.
LENDON, ENO.—The prize-fight between Kid Lavigne, the American, and Dick Burge, the British pugilist, resulted in favor of Lavigne, in the seventeenth round. The prevailing odds were 2 to 3 on Burge.

This battle was for the light-weight championship of the world, a purse of \$700 and a side-bet of \$500. It was limited to twenty rounds.
