A Gentleman's Club. There is an effort being made to organize a club for gentlemen in New Berne.

The project is to have suitable rooms, conveniently located and have there a reading and writing room, a pool and billiard room, and a cafe. This will be a place where gentlemen can entertain their visiting friends, and where distinguished guests of the city could be given a suitable reception.

An organization of this kind is greatly needed here, and the one now contemplated will prove an important factor in New Berne's social life and progress.

For Over 50 Years Mrs. Winslow's Soothing Syrup has been used by millions of Mothers for their Children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures whooping cough, and is the best remedy for Diarrhea. Twenty-five cents a bottle.

An Error Corrected. The Jasper items in the Weekly JOURNAL of two weeks ago, stated that Mrs. E. B. Moore had been "inspired," and left the impression that she had left her church to join the Baptists, giving as the reason that she was not satisfied with her baptism, all of which is decidedly wrong.

Mrs. Moore is a devout Methodist, and an earnest, sincere, Christian worker, devoted to her church and to all its interests. Her father, however, who is just as devout a Baptist, has been an invalid for some time, and his one desire has been to see his daughter immersed.

It had been such a source of distress to him in his feeble state, that she finally put aside her own feelings in the matter, and was baptised according to his faith, simply to please him, and he is just as firm a Methodist as ever.

Mrs. Moore has undoubtedly been wronged, and even though it may have been unintentional, in justice to both her and her church, the error should be corrected.

JAS. A. ERNUL

DIES WHILE GIVING HIS TESTIMONY.

Came to His Death, Indirectly by a Wound of the Right Ankle and Foot, Inflicted by a Gun in the Hands of Jas. R. Ernul.

The trial of Jas. R. Ernul, for shooting his uncle James A. Ernul, was begun yesterday at 12 o'clock m., before Mayor Ellis. A few minutes before noon Mr. Jas. A. Ernul was escorted to his seat in the witness box by his friend, Mr. W. R. Barrington, followed very soon after by his attorney Mr. Robt. B. Nixon. Mr. Ernul appeared to be very feeble and required a great deal of assistance in getting to his seat.

Shortly after taking his seat Mr. James R. Ernul was brought from the jail by officers detailed for that purpose, and was deposited in the prisoner's box. Quite a crowd had assembled when His Honor the Mayor entered and took his seat.

Mr. D. L. Ward, the attorney for the defendant, Mr. James R. Ernul, also entered and took his seat beside his client.

The Marshall called the Court to order: The Mayor read the warrant for the arrest of James R. Ernul for shooting James A. Ernul.

Mr. Ward called for the warrant, and after reading the same, told His Honor, the mayor, that he was ready for the case to be tried.

The first witness to be heard was James A. Ernul. Upon being informed that his evidence was to be taken he requested that the questions be put to him in a loud voice, as his hearing was very poor, and that he was feeling very feeble. The witness was then sworn.

His evidence. The witness gave his evidence in a very clear and concise way, repeating but very seldom.

He began by stating that he was shot on the evening of Wednesday, October 7th, near the hog pen at his home, and that he had been to New Berne on Monday and Tuesday.

Mr. James A. Ernul had gotten a bucket, which he had filled partially with corn, and carried it to the hogs, which were about fifty yards from his house and about twenty steps from the gate leading into the road. He had thrown the corn into the pen and leaned upon the fence to watch them eat it.

After watching the hogs for sometime, he turned from the hog pen and began walking towards his house, when he heard a voice call to him. Thinking that it was his daughter's voice, he called out to her. He then heard the voice a second time, and turning saw some one in the road, whom he supposed to be one of the neighbors, who probably wished to see him on business.

He then walked down to the fence but did not recognize his nephew, as he stood with his head down, and it was then quite dark. Upon the approach of James A. Ernul, James R. Ernul asked why James A. had gone to New Berne on the preceding Monday, at the same time declaring that he had been there to prevent his getting a divorce from his wife, and to make him live with a woman, with whom it was distasteful for him to live.

This Mr. James A. Ernul denied, and replied that he had been summoned before the grand jury in regard to the burning of his, James A. Ernul's, barn which he said that he believed was burned by James R. Ernul, twelve months previous.

This James R. Ernul denied. James A. Ernul continued: "When I said to him—"he threw up both hands, and fell helplessly back in the chair in which he was sitting. Several of the spectators crowded around him bathing his head with water and fanning him. He was then placed upon his back on the floor and after a few faint struggles all was over. Dr. Primrose, Frank and Leinster Duffy arrived within a few minutes of the collapse, but too late to be of any assistance.

At the request of attorneys D. L. Ward, and R. B. Nixon, the defendant was put on a bond of \$500.00 to insure his appearance at the next term of superior court.

The coroner was summoned to the spot, who selected a jury which heard the evidences of the witnesses.

It was decided that Dr. Primrose perform an autopsy and report the result to the jury, at the coroners office at 4 o'clock p. m.

After the coroner's jury had been sworn, the witnesses were called forward and examined. In every instance the testimony given by the witnesses corroborate that of Mr. Ernul, up to the time of his death.

Besides the testimony of Mr. Ernul, the witnesses gave the following as having been told them at different times and at different places:

While the deceased was conversing with his nephew, he noticed that he had something, which he supposed to be a walking stick, in his hand, but thought nothing of it. Mr. James A. Ernul after having been abused for some time by his nephew told him that he did not care to dis-
