NO. 83.

## ROTH STILL CLAIMS IT.

Chairman Manly and Holton Each Give Figures on North Carolina.

Raleigh, N. C., November 4.—In a bulletin at noon, Chairman Manly says, "Returns indicate Democratic gains in every county save two. So far as heard from, the gains, which if maintained are sure to give Watson a safe majority. I think it safe to say he is elected."

"Bryan's majority will not be less than twenty thousand."

"I think Kitchin and Doughton are elected. The Republican Chairman is looking his returns on the vote of 1892. When we had forty thousand plurality."

Chairman Holton says Settle's election is not certain. Thinks Bryan is elected.

Parson telegraphed he is safe. I have no figure on Watson and Russell.

McKinley carries the State if returns given in reports from 21 counties keep up. In these the gain is 20,000 on the vote of 1892.

Great Crowds of Sportsmen.

Haver de Grace, Md.—Hundreds of shooters participated in the onslaught on the royal canvas back and the too home redhead. One in ignorance of what was going on at daybreak would have thought it was the musketry of a couple of regiments of infantry in action. All sportsmen knew it was the opening of the duck shooting season of 1896 on the Suquamish lake.

Yachts of all sizes, with parties from New York, Philadelphia, Long Branch, Baltimore, and other cities, took up their berth alongside the local craft and vessels of the bay by enthusiasts on the shooting ground, and the owners and guests prepared to enjoy themselves for an indefinite period. The open season lasts until April. The growth of wild celery is as abundant as ever known, and the birds as plentiful, giving promise of excellent sport.

Crowds See the Healer.

BAYORSE.—Schneider the "Divine Healer," was visited at Salter's Hotel by fully 1,000 persons. Some were drawn by curiosity, but many sought his aid. Some declared after they had undergone the treatment that they felt better. Three ladies asked him to treat them—one for blindness, another for paralysis, and the third for deafness. Schneider blessed them and the woman who had suffered from paralysis said she felt better. The one troubled with deafness left her trumpet behind, saying she could hear without it.

China's Award to America.

WASHINGTON.—Minister Denby informed the Department of State that the Chinese Foreign office had awarded to the Baldwin Locomotive Works at Philadelphia the contract for building eight locomotives for the Imperial railways.

The Baldwin Locomotive Works were the lowest bidders.

The Latest Estimates.

New York, November 4.—States from the general election, The United Press has just issued a bulletin in which it gives McKinley 285 electoral votes, Bryan 166 doubtful 16. The doubtful States being California, Washington and North Dakota.

At 2 p. m. the following States are conceded to McKinley with plurality ranging from 10,000 in the case of West Virginia, to 250,000 in the State of New York. Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Kansas, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, North and South Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, West Virginia and Wisconsin. These States give McKinley an electoral vote of 278 or 54 more than necessary to elect him. Bryan carries the remainder of the States except California, Idaho, North Carolina, Tennessee and Texas, which are still in doubt. This practically is an end of the election and McKinley will be the next President of the United States.

The Discovery Saved His Life.

Mr. C. O. Calhoun, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but to no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and after using three bottles was up and about again. It is worth its weight in gold. We don't keep store or house without it." Get a free trial at F. S. Duffy's Drug Store.

## NORTH CAROLINA.

### VARIOUS POLITICAL STATE ITEMS OF INTEREST.

No News Obtainable From Jones. Butler Knows Nothing, Settle Defeated. Penafon Given, Russell's Plurality. From Both Sides.

Special. Raleigh, N. C., November 5.—A thing which puzzles many Democrats here, is, why no news as to National election can be had. Not a word has come from Chairman Jones today, although Chairman Manly has repeatedly wired him for news.

Senator Butler wired, today, that he did not know how the vote stood.

Thomas Settle is the only Congressional candidate defeated by Democrats, he is beaten by 310 votes.

Republican State Chairman Holton gives the above figures.

The anti-Democratic nominees are elected by majorities ranging from 1,400, for Richmond, Pearson, to 4,200 for Stroed.

Chairman Holton announces that Judge Russell's plurality is 12,000.

Democrats admit that Russell wins, but by much smaller figures, something like 5,000.

Tom Mason, for Lieutenant Governor, runs ahead of the Democratic ticket, and there is some talk that he may get in, though this seems unreasonable.

No Riot After All.

Special. Raleigh, N. C., November 5.—Governor Carr was notified this afternoon that a riot was threatened at Oxford, and was asked to order troops on duty.

He put the local Company on duty, but at 6 p. m. all was quiet there.

SULTAN MUST ACT.

Statement About Armenia Before French Deputies. Demand Made For Security.

PARIS.—In the Chamber of Deputies the minister of foreign affairs, M. Hanotaux made an important statement regarding Armenia, in the course of which he said:

"The powers have done their duty and accord has been established between the powers who recognized that isolated action must be avoided and that common action would not effect the integrity of Turkey. During the Czar's visit a precise exchange of views occurred on the points before Parliament. United Europe will be able to show the Sultan that he must give his subjects security and peace."

"United Europe will make the Sultan understand that not only the Armenians but the Catholics and the Moslems are suffering from the same evils and need the same ameliorations, and will show him that the source of these evils is a bad internal administration. It will indicate the means to establish order everywhere, without which the country cannot continue to exist. It will demand the execution of its promises and the enforcement and extension of the reforms already granted, will put an end to violent repression, will open the prisons, and will also bring home to him that the powers hold him responsible for the safety of Europeans."

M. Jaurès, the radical socialist deputy for Carnaux, attacked the government for shirking its duty, and denounced the covetous policy of England and Russia. He then submitted a motion blaming the government, which was rejected by a vote of 451 yeas to 54 nays.

Then the order of the day was adopted by a vote of 402 to 90, thus approving the government's statement.

Afterward the Chamber of Deputies voted a million francs for the relief of the sufferers by floods.

Bradstreet's Trade Review.

New York, October 30.—Bradstreet's in its weekly trade review says business in staple lines is confined to immediate wants. The interest in the election is absorbing all attention.

Advice from important and distributing centers report that the leading commercial industrial houses take a hopeful view of business, and expect an early revival in it.

Leather, wool, wheat, corn, iron and steel all show an increase in value.

## Countdown His Life.

NEW BRUNSWICK, N. J.—John Krause and Joseph Daniel were lodged in jail charged with atrocious assault and battery with intent to kill upon John Terhune, cashier of the First National Bank of Long Branch. The cashier was shot by one of the two men whom he caught poaching. His thick overcoat saved him from serious injury. The cashier has been annoyed a great deal by depredations of gunners, who shoot rabbits in open defiance of the law which says that the animals must not be killed until November 10th.

Mr. Terhune has done much towards securing the enforcement of game laws in this section. He went for a stroll with James Reed, a farmer. Hearing shots they concluded that poachers were at work and trespassing on Reed's property. Soon they came upon two men with guns. Terhune reminded them that they were shooting on Sunday and out of season, and he considered it his duty to turn them over to the law.

One of the gunners, and the other said, "If you don't mind your own business we will find a way to make you," and he pointed his gun at Reed and took aim.

Being unarmed, Reed took to his heels. The gunner pulled the trigger, but the cap did not explode. Then the other poacher fired at Terhune; the latter felt something strike him and thought that he was badly injured, but was able to run. Afterward he found that none of the shot had penetrated his overcoat. Reed and Terhune then returned to the village and alarmed the farmers.

The poachers were found at Brownstown four miles away. Constable Connors arrested them. They did not have their guns with them, but Reed and Terhune were positive that they were the right men. They refused to talk.

## NATIONAL ELECTION.

### REPORTS FROM ALL OVER THE COUNTRY.

Returns Point to McKinley and Hobart's Election. Will Take a Day to Give Definite Vote Figures.

(5 A. M.)

From all returns the election in the various States seems to have passed off quietly. An immense vote was polled everywhere, showing the interest taken in the election by the people.

The Australian ballot system seems to have caused some delay in getting in returns, and the delay was further helped by the number of tickets in the field, and the "scratching" of candidates.

The returns up to this time indicate the election of McKinley and Hobart, the Republican Presidential nominees, but no definite vote can be given them at this writing.

In North Carolina both Democrats and Republicans claim the State for their respective candidates, it will take a day, probably, to decide the question by a count of votes.

Raleigh, N. C., November 4, (1:16 a. m.)—To show the slowness in counting the vote, the result in Raleigh was not known at midnight.

The Democratic State Chairman still contends that returns from the State are better than his estimate, and that his estimate elects Watson Governor.

The Populist State Chairman says Bryan is safe so far as North Carolina is concerned.

National Committeeman Joseph Daniels says Bryan has carried the State, but that everything else is in doubt, though it seems Republican and Populist fusion has swept everything and that reports indicate that perhaps two Democratic Congressmen may be elected, though this is doubtful.

Raleigh, N. C., November 4, (1:18 a. m.)—At Democratic headquarters mid night, it was said Bryan had earned 100,000 by one thousand, Outson by 450, that Mecklenberg had gone 800 Bryan, Person 600 for Kitchin and that in later county where Democratic ticket is elected.

Rowan county 1,200 for Bryan, 1000 for Watson and that nearly all these show no gains. That Robinson and Columbus are Democratic and that there is not the slightest fear that Bryan has lost the State.

That reports so far in hand are better than estimates and that estimates elect Watson.

At Republican headquarters they claim Mecklenberg and say Democrats concede it, and say they have carried Guilford by 1500, Durham by 450 and claim Wake by 1500.

At Populist headquarters Cabarrus is claimed for Bryan by 400 and for fusion ticket by 300 and Wilson also.

Chairman Ayer says the Democrats concede Calhoun to fusionists by 500. Nine precincts in Raleigh and Wake give McKinley 314 majority.

At the various headquarters at ten thirty o'clock this news was gathered, Democratic Chairman said, "I have heard nothing from State save from few scattering counties. It takes a long time to count new ballots, indications are favorable to us and that Bryan will carry the State. We may elect part of our ticket in Bladen, Russell's majority there if any will be very small, and this a gain of 500; our majority in Johnston exceeds 800. Populists there voted the Republican ticket largely."

Republican State Chairman said, "We carry Mecklenberg and Madison by 850, Rockingham by 200, Runcombe by 400, Bertie 500, Halifax, Edgecombe, Lincoln and Davidson by 200."

I get not a word yet as to Congressmen. My calculations are holding well, based on my roll of State on registration returns and I stick to my figures, 15,000 majority for McKinley and over 40,000 for Russell."

Populist Chairman said, "I have no returns yet as to Congressmen or counties. Ohio Wilson says any man who says he voted for Russell and McKinley is an infamously liar."

Raleigh, N. C., November 3.—The election was perfectly quiet here. Returns came in very slowly. News at Democratic headquarters up to 11 p. m. they are very meager as to State ticket—no estimate possible. Scattered returns from some thirty counties show, Chairman Manly says, Democratic vote of State is safe for Bryan. Johnston, Johnson and McDowell are Democratic by increased majorities. Davidson, Forsythe and Bertie are Republican. Large Democratic gains are reported in Columbus and Warren.

This news is all from Democratic headquarters. Republican Chairman has many telegrams, but these are scattered. He says Lincoln is Republican by four hundred. Had Ayer has as yet no county returns.

Democratic township chairman J. N. Holding tells me Otto Wilson voted for McKinley and Russell and entire Republican outfit. News comes in that some money Democrats voted almost solidly for McKinley.
