BALTIMORE, MD., U. S. A.

COMMERCIAL COLLEGE OF ARTS AND CRAFTS, NEW BERNE, N. C.

ABSOLUTE DENIALS

Made by Commissioners to Russell's Charges.

The Governor in Awkward Position. Commissioners Arguments Presented. Governor Will Announce His Decision Later.

Special to Journal.
RALEIGH, N. C., September 1.—Replies to the charges made by Governor Russell against chairman J. W. Wilson and Otto Wilson of the Railway Commission were read to the Governor this afternoon.
They are absolute denials of all the charges and certainly place the Governor in an awkward situation.
The counsel for the commissioners argued that they are a court inferior only to the supreme court, and that they cannot be removed save by impeachment.
The act supplemented to an act creating the commission makes it a court of record.
The Governor took the answers and said he would later announce his decision.

HAWAII TO ACT.

It Will Ratify the Annexation Treaty Before the United States Congress Meets.

SAN FRANCISCO, Cal., Sept. 1.—The steamer Australia, which arrived from Honolulu today, brought the news that Francis M. Hatch, minister to the United States, had returned there August 29 with special information which will require the attention of both government and Senate, and a secret notice has already been issued to the members of the latter body calling upon them to meet in extra session September 6. Meanwhile Minister Hatch is in almost constant consultation with President Dole and his cabinet.
The lawmakers will be asked to ratify the annexation treaty recently signed in Washington, and as a majority of the members favor annexation, the matter will be rushed.

FINANCIALS OF INDIA.

LONDON, September 1.—The following notice was posted in the Bank of England today:
"The secretary of state for India, in council, gives notice that the sale of bills of exchange on Calcutta, Bombay and Madras has been suspended for a period of not less than ten weeks."
The action of the Indian council has attracted but the slightest notice in the afternoon newspapers, and has not affected the rate of exchange, which is normal.

SETH LOW NOMINATED FOR MAYOR.

NEW YORK, September 1.—Seth Low was formally nominated for mayor of the Greater New York today at a convention called by the Citizen's Union of this city, in which the independent reform movement in four of the five boroughs of the consolidated municipality participated. Senator Platt's efforts to prevent Mr. Low's nomination as an independent candidate succeeded in creating a division among the reformers, which may prevent Mr. Low from accepting the nomination. The delegates from Brooklyn, representing the committee of fifty there, refused to take part in the proceeding, urging that it was advisable to heed the plea of Senator Platt's organization for a delay until a union of all anti-Tammany forces could be effected.

MONEY FOR HARVEST.

NEW YORK, September 1.—Shipment of silver dollars and small bills to pay harvest laborers in the West and South continue undiminished here. A financial authority estimates the daily average shipments of currency at \$1,300,000. The sub-treasury shipped \$150,000 in notes of minor denomination today to be used in paying wages of Southern cotton pickers.

The Ocean Steamship Company, which plies between Savannah and New York, has announced that it will give special rates to merchants coming here from Georgia and Alabama between September 1 and 4 inclusive, and September 10 to 14 inclusive.

DR. ANDREWS URGED TO STAY.

PROVIDENCE, R. I., Sept. 1.—The corporation of Brown University voted today, after a long meeting, to request President Andrews that he withdraw his resignation as president of the institution.
In a lengthy letter sent to Dr. Andrews the corporation says that it believes his resignation was written without a full knowledge of the corporation's position. It states that the committee appointed by a vote of the corporation in June was merely to confer with him, and not to discipline him.

NO CURE-FOR-FEAR.

This is the way all druggists sell GROVE'S TARTARIC ACID CHILL TONIC for Chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating Tonics. Price, 50c.

ASSIGNING THE LEASE.

The Southern Railroad Registers Deeds to a Trust Company.

The Two Commissioners Defy the Governor. Bad Usage of Government Property. Inquiries for Southern Land. Exchange of Courts.

JOURNAL BUREAU.
RALEIGH, N. C., September 2.
The Southern R. R. is having a deed registered (in all the counties through which the N. C. R. R. passes) to the Central Trust Company of New York assigning the Southern lease of the N. C. R. R. as security for bonds held by the Trust company.
The overcoats that have been issued to the State Guard are found in many cases to be literally useless because of moth. The blankets and camp equipments are kept in the arsenal here, but the overcoats are kept by the companies. They have all been called in. The carelessness with this property, which is government property is outrageous.

KILLED BY MOONSHINERS.

Six Men Probably Dead. Posses of Marshals Led by a Brave Man.

LITTLE ROCK, Ark., August 30.—Six men were probably massacred in the wilds of the mountains of Pope county yesterday afternoon. Two were killed outright, two were fatally wounded, and left for dead, and two have mysteriously disappeared and are either dead or being held as captives by bandits.
The victims were all Deputy United States Marshals and Deputy Sheriff, and the men who did the work are moonshiners of the boldest and most desperate class. The scene of the crime was a gulch or ravine in the mountains of Pope county.

TRANSFERS OF CURRENCY.

Large Sums Being Distributed by the United States Treasury.

NEW YORK, August 30.—The sub-treasury here today transferred for local banks through the Treasury at Washington \$200,000 in currency to Kansas City, and \$25,000 in silver dollars to Texas through the sub-treasury at New Orleans. Shipments of currency to the South and West today by banks direct were very large, all banks reporting the receipts of orders for remittances.
The United States Treasury is doing all it can to facilitate the transfer of currency, especially small bills and silver dollars to places where the money is needed for moving the crops, and to that end has placed supplies at the several sub-treasuries, New Orleans, Chicago, St. Louis and Cincinnati, that the transfers may be made as quickly as possible.

ATEST NEWS ITEMS.

The latest advices by steamer from Manila state that the rebellion in the Philippines is still far from being crushed.
The most severe electrical and wind storm that has visited the place for years passed over Hampton, Va. Trees were uprooted and blown in every direction.
A telegram from Montevideo, Uruguay, states that it is feared the widow of President Bordaberry will become insane as the result of grief caused by her husband's assassination.
A strong force of Afridis has closed the Gohat Pass, and therefore the proposed advance of a column of British troops through that pass has been countermanded. With the Khyber and Kohat Passes in the hands of the enemy, the gravity of the situation has increased.
A Japanese steamer has brought news verifying the reports of severe earthquakes in Japan August 5, followed by a tidal wave and floods. A thousand houses were inundated and 200 persons were killed or injured.
The first sod in the work of construction of the Chinese Eastern Railroad was cut in Chinese territory, on August 30th. A number of Chinese authorities were present.
Eighty-five steamers carried over 9,000,000 bushels of grain out of Baltimore during August to foreign countries, and over not one of the vessels did the United States flag wave.
A heavy frost visited the Northern part of Michigan Tuesday night. At East Tawas a great deal of damage was done to vegetation, and the remainder of the standing crops was ruined.
The gunboat Wilmington returned to Jacksonville, Fla., having been absent several days at Savannah watching the steamer Dauntless, which is under suspicion of being about to engage in filibustering.
The Bureau of American Republics will issue a bulletin on the Nicaragua canal in a few days. Director Smith, the author of the bulletin, in reply to a question, said that he believed the present administration would prosecute the Nicaragua canal enterprise.

IDENTITY DISCOVERED.

The Young Woman Outside of Chicago Is Revealed by Note Left.

CHICAGO, September 1.—The young woman who registered at the Victoria Hotel, as "Blanche Wilson, New York," and found dead yesterday, having killed herself, has been identified as Blanche Herbert, of Louisville, Ky.
Remorse over her past life is believed to have caused the tragedy.
The unsigned note which she left, begging that nobody make an effort to find out who she was proved the means of making the identification.

MORE REVEREND CALLED OUT.

MADRID, August 30.—At a Cabinet council, held tonight, it was decided to summon the next class of 80,000 reserves, 27,000 of whom will be sent to Cuba, and 15,000 to the Philippine Islands.
The ministers when questioned, denied that the council was occupied with the subject of colonial reforms, or with political questions.

ANOTHER BOMB.

A Second Attempt Against the President of France.

President Faure Upon His Return from Russia Encounters a Bomb Explosion in Front of the Madeline. Two Arrests are Made.

SPECIAL TO JOURNAL.
PARIS, August 31.—A bomb was exploded in front of the Madeline church which the N. C. R. R. passes, to the Central Trust Company of New York assigning the Southern lease of the N. C. R. R. as security for bonds held by the Trust company.
President Faure reached Paris at 6 o'clock this evening by train. The room from the station to the palace was magnificently decorated and the President was received with the wildest enthusiasm by the crowds which lined the way to welcome him on his return from Russia. Just after the President's carriage passed the Madeline Church on the way to the palace the bomb exploded.
The point where the explosion occurred was inside the railing of the church yard, several feet from the driveway. The yard was immediately closed by the gendarme. Two men who were within the gates were placed under arrest, and they were hurried to the office of the Prefect of Police. Detectives are now investigating the explosion.

INDIGNATION CONTINUES.

Regardless of Party Against Governor Russell.

BUTLER'S ACTIONS BEING CONDEMNED. Public Feeling Rising. Order Red Men. Sunday Laws at Raleigh. Southern Railroad Cotton Business Increases.
JOURNAL BUREAU.
RALEIGH, N. C., August 31.
A perfect storm of indignation is raging over the State against Governor Russell. His own party, the Republicans, denounce him. It is suggested that the Republican State Executive Committee be called to meet at once to declare officially that they do not consider the Governor a Republican, nor is that party in any way responsible for his high-handed acts. Some demand immediate impeachment.
Nor is the discontent confined to the Republican party. Senator Butler is called "traitor, traitor and traitor" by the Populists, and there is a growing discontent with his ruling among his most prominent friends. The editorial in the New Berne JOURNAL within the last week—both Russell and Butler are very much in accord with the feelings of the people of the State, including all three parties.
The outfit of "The Caucasian" office, Senator Butler's paper, is being moved today to the printing house of Barnes Bros., the State printers. There will be no issue of the paper this week.
Last week at the Academy of Music during the A. G. Fields performance the behavior in the gallery was terrible so the Mayor determined to make an example of the offenders and yesterday fined two men \$15.00 and costs.
Hon. Eben Alexander who had a leave of absence for four years from his chair of Greek at the State University, to become U. S. Minister to Greece has returned to this country and resumed his position at the University.
An order of Red Men was organized here Saturday night. There were forty 40 names enrolled. The Council will be known as the Osceola Tribe, No. 1, I. O. R. M.
The difference of constraining the law to the sub on Sunday of anything but medicines, between the Mayor and chief of police caused a shut down on the sale of beer, and with a temperature way up the suffering was a little more than could be patiently borne.
The cotton business of the Southern R. R. has so increased here that the cotton platform at their freight depot here is being doubled in capacity. Fifty men went to work on the site yesterday.
The weather predictions give much cooler weather from today. It is earnestly hoped that we will have no such September weather as we had two years ago.
Mr. E. B. Barber has returned from Houston Texas where he went with Mr. George Kuchner to establish a big cotton business there under the firm name of Kuchner & Co.
The fight of the Governor against the two R. R. commissioners, J. W. and S. Otto Wilson is on in earnest. It is said they will deny in their answers tomorrow the right of the governor to turn them out. They will hold on, and when the new men are appointed the other commissioner Dr. Abbott and clerk Brown will refuse to recognize them. That means appeal to the court where the matter will lay up for months possibly. The State Treasurer is said will refuse to pay either the old or the new commissioners until the thing is settled.
There is general faith that the election on September 7th, for the bond issue here will be carried in favor of bonds.
The execution at Henderson tomorrow of George Brodie will be in the jail enclosure. But elevated places outside will give those who care to see the execution an opportunity.
Judge Walter Clark is out in a letter to the Charlotte Observer trying to obliterate the Raleigh correspondent of that paper, for chronicling the fact that he was interviewed by Senator Butler the evening before the letters to the R. R. commissioners appeared. He gets rather "huffy." His charges against the Raleigh correspondent and ex-Democratic State chairman E. C. Smith ought to call for an explanation. Such men should be shown up on all occasions and a little more back bone in newspaper men would soon obliterate such as he.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.
