## LICENSE TAX MUST BE PAID.

The State and County License Taxes  
on corporations, according to Section 87,  
of the Revenue Act of 1897, past due, and  
if not paid, parties having not paid will  
be reported at next term of Criminal  
Court, as required by law.

prompt Payment will save trouble  
to everyone.

Parties not having paid their Schedule  
"B" Tax, are also liable to be reported,  
as above.

The law on these taxes is imperative  
and I am compelled to act promptly in  
settling with the State.

## RALEIGH VOTED BONDS.

Over 300 Majority Cast for the  
Measure.

Press Excursion to Nashville. Mor-  
mons in Salisbury. Drought  
Ruining State Farms. Circuit  
Court Term Continued.  
False Fire Alarm.

JOURNAL BUREAU,  
RALEIGH, N. C., September 9.

There is genuine gladness that bonds  
were voted yesterday. A suggestion is  
made by a thorough business man that  
these bonds be sold only as they are  
needed to be turned into cash. The rock  
quarry out near the city and owned by  
the city will be worked for the curbing  
stones and for the rock to be crushed for  
the streets. This will be a saving and  
will put wages in the hands of home  
people. A new registration was necessary  
for this election, and 1,415 voters regis-  
tered. A majority of voters was required  
and 901 votes for the bonds were cast,  
every ward sending in a majority.

Late yesterday afternoon at the home  
of her sister, Mrs. Trappier, Miss Bettie  
Haywood died. She had been sick for a  
long time. She was a daughter of the  
late Hon. Wm. H. Haywood, and was 21  
years of age. She was well known in  
New Berne.

On the night of the 29th of the  
North Carolina Press Association leave  
for the Nashville exposition. They will  
spend a day at Lookout Mountain near  
Glennsboro.

The annual inspection of the Govern-  
ment's Guard here yesterday elected only  
the highest praise from the Inspector  
General. The armory was also found in  
excellent condition.

Two Mormon elders have appeared in  
Salisbury distributing their doctrine.  
For several years these Mormons have  
been permitted in the State, but here-  
fore they have been a very ordinary class  
of people. The ones in Salisbury are  
said to be men of intelligence and there-  
fore more capable of doing harm. With  
Mormons and Sanctificationists in the  
State, there is a poor outlook for the  
more uneducated class who are so apt to  
become converts to all substantial doc-  
trines.

Mayor Caldwell of Statesville is here  
asking the Governor to grant a pardon  
to a man named Miller who is serving a  
10 years sentence for manslaughter.  
Three years of this has already been  
served.

Mrs. Chaudin Dockery, chairman of the  
board of penitentiary directors says that  
the drought is playing havoc with the  
crops on the State farms.

The University football team for this  
season has Mr. Warren Klutz of Salis-  
bury for Manager and Mr. Joel Whitaker  
of Raleigh, Captain. A game will be  
played between the University team  
and the A. & M. College team October  
2nd.

The United States Circuit court, which  
was to have been held in Wilmington  
this week to hear the writ of injunction  
sent out by the Western Union Telegraph  
Company in regard to cutting of its rates  
has been continued until the November  
term of court.

Last night the lovely home of ex-Judge  
Spier Whitaker about 2 1/2 miles south of  
the city was burned. He had just moved  
into the city. The house was unoccupied.  
It had cost him over \$5,000.

Over 200 bales of cotton came in  
yesterday by wagon.

The county board of education decided  
that the public schools can be opened in  
November instead of waiting until Jan-  
uary.

Everything was in a stir for awhile  
this morning when an alarm of fire was  
sent in from the Insane Asylum. It  
proved fortunately to be a false alarm  
but the fire department and a great many  
people went out there. The horror of  
such a thing makes one shudder.

Rev. Mr. James B. Averett delivered an  
address on the life and character of the  
late B. Rev. Bishop Atkinson at  
Scotland Neck on Monday night.

Not Distinguished Enough.  
Special to Journal.  
WASHINGTON, September 8.—The War  
Department decided to refuse the exec-  
utors of the late George E. Lemon the  
right to erect a mausoleum to his memory  
in Arlington Cemetery.

Lemon was a millionaire who at his  
death left ten thousand dollars to be ex-  
pended in constructing a mausoleum at  
Arlington. It is said that the War De-  
partment refuses on the ground that  
Lemon's services to the country were not  
of a sufficiently distinguished nature to  
grant him this honor.

## DESIRABLE ACQUISITIONS

Many Northern Farmers Coming  
Into This State.

Russell Getting Populist Support.  
More Convicts. Butler and Rus-  
sell are Thick. Use the Same  
Summer Cottage. Cotton  
Not so Good.

JOURNAL BUREAU,  
RALEIGH, N. C., Sept. 8.

Mr. John T. Patrick of Southern Pines  
who has been instrumental in bringing  
emigrants to this State, says he has  
brought here and settled this year about  
400 persons. That they are from the  
Northern States and all have some prop-  
erty. These new comers have settled in  
Moore county. There are a good many  
persons from Pennsylvania settled in  
Warren county and about 500 more will  
come there shortly. Southern Pines so  
widely known owes its existence to Mr.  
Patrick.

The Progressive Farmer is backing up  
Governor Russell in his action toward  
Commissioners J. W. and S. O. Wilson,  
and some claim that that paper is his  
weekly organ, but fails to give the name  
of his daily organ.

The county commissioners have given  
the Agricultural and Mechanical College  
scholarships for Wake county to J. S.  
Welch, Holly Springs, and Wright Ep-  
church of Swift creek.

In the report of the authorities it is  
given that there are 77 county convicts  
in the work house, and 54 inmates in the  
poor house.

The penitentiary received an addition  
of six convicts yesterday. Chairman  
Dockery of the Board of directors has  
called a meeting for next week to oust  
the few remaining Democrats who are  
there in small offices.

Many applications are still coming in  
to the State Auditor for pension banks.

The object of Governor Russell's visit  
to Wilmington at this particular time  
is said to be to consult Senator Butler on  
what disposition shall be made of the  
two R. R. commissioners who have  
dared not to plead guilty of any charge  
his governorship may have charged them  
with. Senator Butler is departing Sep-  
tember with his family in Governor Russell's  
cotage down on Wrightsville beach.

The election yesterday resulted in a  
majority vote, for the issue of the bonds,  
of 257. This means much for Raleigh.

The revenue collections in this district  
during August were \$81,786.26. Of this  
\$70,148 was on whiskey; \$17,232 on cigars  
and cigarettes; and \$41,367 on tobacco.

The cotton crop is falling off rapidly.  
A month ago it promised to be a great  
crop, a wonderful chance has taken place  
within the last 30 days. Rust, the result  
of the drought. The corn crop report is  
not very good either.

The inquiry blanks were sent out for  
September, so no State crop report for  
this month will be issued.

It will be the first of October before  
the exhibits in the new and old portions  
of the State museum will be fully ar-  
ranged. But every thing will be in beau-  
tiful order before the Fair.

Mr. Hyams the now botanist of the  
Agricultural and Mechanical College  
came today. The College opens tomor-  
row.

Inspector general, H. S. Royster this  
morning inspected the Governor's Guards  
here. The regulations require that the  
inspection be made in full marching  
order in full campaign equipment.

Miss Katie K. Waite, Secretary of  
the Cannonock coal mining company de-  
clines the charge that she is a married  
woman, as made by S. P. Langdon. She  
says she only made the charge to humil-  
iate her. She did go through a marriage  
ceremony believing it legal to find in a  
few days the man had a wife living.  
Therefore she has never been other than  
Miss Katie K. Waite.

Bank Association Falls.  
Special to Journal.  
BRIDGEPORT, Ohio, September 8.—  
Doors of the Ohio State Saving Loan As-  
sociation remained closed today. Con-  
siderable excitement is created here in  
consequence. The bank made an assign-  
ment for benefit creditors and a state-  
ment was filed by the officers showing  
liabilities amounting to fifty-two thou-  
sand dollars and assets of fifty-nine  
thousand dollars.

## THE STATE CAPITAL.

Testimony Being Taken at Salis-  
bury on the Lease Matter.

A. & M. College Election. Green-  
boro Normal School. Type Set-  
ting Machines in Raleigh.  
Valuations of Railroads  
and Telegraphs.

JOURNAL BUREAU,  
RALEIGH, N. C., Sept. 7.

There were a good many left here yester-  
day for Salisbury where Special Master  
Orange, according to Judge Simon-  
ton's order, is to take testimony as to the  
lease of the North Carolina R. R. to see  
if there was any fraud in the transac-  
tion.

The stockholders of the Atlantic and  
North Carolina R. R. will hold their an-  
nual meeting on September 23rd.

Quite a number of students for the  
University passed here yesterday and to-  
day to enter for the fall term.

The Executive Board of the Agricul-  
tural and Mechanical College yesterday  
afternoon elected Mr. T. J. Wright of  
Stumpson county assistant professor of  
mathematics at a salary of \$200. He suc-  
ceeds Prof. J. J. Hart resigned.

An agricultural department is to be  
added to the State Normal School at  
Greensboro, and an advisory farm. Presi-  
dent Chas. McVey is here looking into  
the workings of both these departments  
at the A. & M. College.

The big printing house of Edwards &  
Broughton will put in their establishment  
type setting machines. When this is  
done there will be no necessity to send  
work out of the State to be done for the  
State printers. As it is the outside  
houses can do the work so much cheaper  
than it could be done here.

Mr. J. C. L. Harris has succeeded in  
getting the Agricultural Bulletin car-  
ried through the mail free and in getting  
the quarantine laws so changed that cat-  
tle can be now shipped from Wilkesboro  
where an inspector will be stationed.

The tax books turned over to the com-  
missioners show the total State  
general and specific taxes of the county,  
not including the 18 property tax to be  
\$26,138.06, the total tax levy for schools,  
poll and county commissioners is \$34,925.  
Total county tax is \$39,428, non-tax  
special tax for graded schools \$15,953,  
special road tax \$8.59, with a total for  
taxes \$111,061.

The city yesterday had an excitement  
over a large number of Gypsies who are  
camping on the outskirts. There are  
about 75 in the band. They are of the  
same order as is usually seen dirty and  
disreputable. They are moving South.

The interest here today is on the vote  
for the \$50,000 bonds for street improve-  
ments. It will go largely for the is-  
sue.

The total valuation of property in the  
State exclusive of telegraph railroad and  
steamboat property as reported by the  
board of equalization is \$232,396,213  
against \$29,861,531 last year. Watauga  
county has not yet sent in her report so  
of course that cannot be included.

The Kingston Naval Reserves give a  
reception and ball on Thursday and  
some of the State Guard officers will at-  
tend. The band of the 1st Va. regiment  
will furnish the music.

At the Halifax farm there are 140  
acres of corn all ready for fodder, pulling  
and convicts will go there to do the  
work.

Gold Seekers in Trouble.  
JUNEAU, August 29.—The strikers  
City of Kingston, Farrallon, Rosie and  
Queen have brought upward of 300 peo-  
ple from the sound ports and San Fran-  
cisco, together with horses, cattle, sheep,  
etc., during the past few days, waiting  
about the entire cargo in each instance  
to Dyer or Skagway. Those landed at  
Dyer are getting over the Chilkoot Pass  
all right, but none as yet have got over  
the White Pass via Skagway. Many  
horses have been ruined by the mire and  
the men know they cannot get through,  
so that many have had their goods car-  
ried around to Dyer, but it is expensive,  
and a large portion of the army of trav-  
elers have no money for such purposes,  
and just what such outfits are going to  
do is a mystery.

They are now eating supplies which  
they expected to use in the Yukon coun-  
try. Juneau merchants have sent up a  
stock of goods to sell at Skagway, and  
a small amount of lumber has gone  
up, so that a few shacks can be er-  
ected.

Quite a number have turned back  
without allowing their outfits to be  
taken off the boat which brought them  
up.

Wealthy Bostonian Ruin.  
Special to Journal.  
BOSTON, September 8.—W. H. Bates, a  
wealthy dry goods dealer of Lowell, Mass.,  
is being sued for eighty thousand dollars  
by Miss Tilly Wetmore of Boston.

Miss Wetmore makes grave accusa-  
tions against Bates and she says he prom-  
ised her ten thousand dollars. She ac-  
cuses him of having her sent to prison  
when she asked him for money. Bates  
is married and has seven children.

LIGHT BOAT FOR HATTERAS.  
The New Vessel will be in Place  
Within a Month.  
WASHINGTON, September 8.—Before  
September has passed, the Light House  
Board expects to have in position on the  
Dismal shoal, on Cape Hatteras, the  
new light vessel, which has just been  
fitted out at Staten Land, N. Y. In-  
mond Shoals is considered to be the most  
dangerous point off the coast of the  
United States, and it has long been known  
as the "Graveyard of American ship-  
ping."  
The new vessel was constructed by  
the Bath Iron Works, Maine, at the con-  
tract price of \$30,000, but was fitted out  
by the Board with anchors, boats, elec-  
tric lights, and other devices which ex-  
perience has demonstrated were neces-  
sary to a vessel of this kind. The Board  
has spent \$30,000 in building and equip-  
ping the vessel, the full amount appro-  
priated by Congress, and it is hoped that  
the ship will withstand the severest  
weather that is encountered off Hatteras.  
Instead of being secured by an ordinary  
anchor, it will be moored to a mooring  
buoy, which it is thought will make  
the ship absolutely secure in its posi-  
tion.  
The light vessel will be towed from  
Staten Land on the 15th inst, and it is  
expected that it will be placed in its  
permanent position on the 20th, the  
anchorage ground being twenty-seven  
miles off Hatteras. It will show a series  
of one hundred candle-power, incandes-  
cent lights at each of the two main  
masts, which will be visible at least 10  
miles.

Driven Out by the Frost.  
Special to Journal.  
DUNN, September 8.—The tobacco  
tract has driven the oldest tobacco manu-  
facturing in this county out of business  
and to the wall.  
The American Eagle Tobacco Company  
assigned to the Union Trust Co. today.  
Its business commenced to decrease the  
year the trust was formed. Indebted-  
ness, one hundred and fifteen thousand dollars,  
assets, one hundred and sixty nine thou-  
sand dollars.

Christian Science Failed.  
Special to Journal.  
WYOMINGVILLE, N. H., September 8.—  
The small village of Woodsville is suffer-  
ing from so-called Christian Science.  
Mrs. Seth Shockey, twenty two years of  
age, died last week, and today her child  
Ruth, aged three years old, died from  
diphtheria.  
In both cases Christian Science was ex-  
pected to effect a cure and doctors were  
not called. The State authorities will  
order them to break up the practice.
