Statements are not conflicting as to the existence of the gold in the Klondike district, but they vary immensely as to its availability. It seems to be unquestioned that in the vicinity of Dawson and as all of what might be termed the central places in the region there is not a promising spot that has not been already "claimed."

A POLITICAL SURPRISE.

Charles A. Cook Appointed U. S. District Attorney.

Summary Board Equalization Returns. Arm Torn Off. Cotton Fine Quality. Farmers Feel Blue. Governor Russell's Reports State Farm.

JOURNAL BUREAU, RALEIGH, N. C., Sept. 18.

News reached here today direct from Senator Pritchard that Charles A. Cook of Warrenton is to be U. S. district attorney. This will be quite a surprise. There has been no more than coolness between the Senator and Gov. Russell and Cook is one of the Governor's chief supporters.

The authorities of the Tennessee General Assembly are urging Gov. Russell to name October 7 as "North Carolina Day."

The State board of tax equalization today completed the summary of the returns of property values as follows:

No. acres land 27,763,854; value \$110,463,977; town lots 82,998; \$44,886,585; horses 172,708; \$5,547,920; mules 125,052; \$4,788,970; cattle 594,332; \$4,175,556; hogs 1,280,140; \$1,582,876; sheep 234,290; \$277,396; bicycles 5,821; \$128,561; unenumerated property \$54,755,100; bank stock \$2,729,846; foreign B. & L. stock \$146,201; State B. & L. stock \$134,808; dogs \$3,184; total \$241,142,594. There turns out to be no increase in the total over last year. The falling off is in bank stock \$480,000. Mechanics' county failed to report any, while last year it reported \$49,000.

Senator Butler says Gov. Russell is the greatest governor since Vance and that in a few days he will remove the two Wilsons, railway commissioners.

Nine convicts have arrived at the penitentiary this week.

A charter is granted by the State to the Tyrrell county telephone company.

It is ascertained that people at Elizabeth City believe Lieut. W. J. Griffin who was drowned was alive and clinging to his capsized boat from Thursday to Sunday.

W. D. Moore's arm was today torn off in his cotton gin near here. He was removing notes from the gin. The arm was amputated near the shoulder.

Cotton here is of the finest quality ever known. Practically every bale is strict good middling. The crop is all open in this section. The farmers are very blue. Many of them were extravagant this year. They planned for a big crop and but for the drought would have made the greatest.

As yet no rain has fallen here. Last night it fell quite near.

There are only 80 convicts now in the penitentiary. Half of them will be sent to the farms next Monday to pick cotton.

Gov. Russell returned yesterday from a visit to the State farm in Anson and says he found its condition much better than he expected.

Gen. Thomas J. Clingman was yesterday taken from Mt. Airy to the Morganton hospital for the insane.

Never Fighting in India.

CAMP ANSAT, September 17.—Severe fighting has taken place between the Second brigade of General Sir Bindon Blood's division and the Mohmuds. The British loss was 140 killed and wounded. The brigade had moved out to attack the Mohmuds, to punish them for the assault Tuesday night upon the force of General Jeffreys, at the foot of Pawat Pass. The Bengal Lancers found the enemy entrenched on the hills, about eight miles distant.

The Thirty-fifth Sikhs was ordered to make the attack. The regiment was supported by four guns of a mountain battery and by six companies of Buffs. The Sikhs drove the enemy into the hills, but eventually fell back upon the Buffs before superior numbers.

Green One-Cent Stamps.

WASHINGTON, September 17.—On account of the agreement made by the international postal congress, there will be no change in the color of the two-cent postage stamps, but the colors of stamps of some other denominations will be altered.

The postal congress provided for uniform colors for stamps of certain denominations or their equivalent in the money of each country, applicable to all the administrations of the postal union. This will require a change in the five-cent stamp, which represents the single rate of foreign letter postage. It is now a light brown, but it will become a dark blue. The one-cent stamp, now a blue, will be changed to green.

President McKinley Will Keep His Hands Off the New York Majority Fight, and will not endeavor to induce Secretary of the Interior Bliss to accept the Platt nomination. The Citizens' Union wanted to nominate Mr. Bliss several months ago, but he positively refused to enter the fight. Low was taken up.

SUDDEN VENGEANCE.

The Assailant of President Diaz Lynched by the People.

Twenty of the Lynchers Arrested. Conflicting Statements. One Account States that He was a Drunken Admirer. Excitement at Capitol.

SPECIAL TO JOURNAL.

NEW YORK, September 17th.—Cito Arroyo, the traitor, who yesterday assaulted Diaz, the President of Mexico, while the latter was walking from the palace to the Alameda in the civil parade held in honor of Mexico's independence, was lynched last night in the City of Mexico.

The Government has arrested the leaders of the mob, twenty of the lynchers being taken.

The accounts of the attack on Diaz are conflicting, one being that Arroyo, was a great admirer of President Diaz, and had been drinking heavily in honor of the day and broke through the line of soldiers and rushed toward the President, and threw his arms around the Chief Executive, knocking off the latter's hat. Don Mena, secretary of communications and public works, who was walking beside the President, struck Arroyo, knocking him down, and held the fallen man to the ground.

In an instant soldiers crowded about the President, believing that Arroyo was an anarchist and had attacked him. The man was quickly handcuffed and carried to the central police station. There, thoroughly sobered, he explained that his only object had been to embrace the President, whom he greatly admired.

According to a second account, the President was near the Alameda when there was a disturbance in the crowd on the sidewalk, and a well built muscular man with flowing black hair and mustache, forced his way past the gendarmes and jumped between the president and General Pradillo and the chief of staff, Monte-reo and dealt a blow at the back of the president's neck. The violence of the blow was diminished by the fact that he was crowded between the president and officers immediately following him.

The man was taken to the palace and stripped, but no weapon was found on his person.

Various stories are told regarding his design on the president, one theory being that he was armed with a dagger, which was lost in the disturbance that followed the assault.

CRAVEN'S TRUCKING.

Report of the Labor Bureau Office on This Section.

Elizabeth City Fair. Cotton All Opened. Penitentiary Barbaree. Chattanooga Quarantine. Miss Tucker to be Married.

JOURNAL BUREAU, RALEIGH, N. C., September 20.

The Labor Bureau office has a report of trucking interests in Craven county. During the busy season of 60 days, 2,000 men and 10,000 women and children were employed. The crop this year is 25,000 barrels Irish potatoes, 5,000 barrels sweet potatoes, 100,000 barrels cabbage, 2,000 bushels tomatoes, 50,000 bushels snap beans, 70,000 bushels peas, 10,000 crates strawberries.

NORTH CAROLINA'S DEAD.

A Great Day in Winchester. The Parade and March to the Cemetery. Laying of the Corner Stone.

WINCHESTER, Va., September 17.—This has been the day for the corner stone laying of a monument to the North Carolina Confederate dead, who sleep in Stonewall cemetery. After the usual hot weather for September for the past two weeks, today was good and delightful. A delegation from North Carolina arrived last night. Their presence added much to the interest of the day. Mr. Charles Broadway House, who delayed his usual annual visit to the fair from Thursday because of the ceremonies at Stonewall cemetery, arrived at 9:30 o'clock via the Cumberland Valley Railroad. He was accompanied by Messrs. Erastus Wiman, Thos. D. Beal, and Mr. A. J. Smith, Mr. House, private secretary. The party traveled in the special car Hyderabad, of the Pennsylvania Railroad. They were met at the depot by friends of Mr. House, and were driven to the residence of Judge Wm. M. Atkinson, where the Judge received the party with a neat and appropriate speech.

The party was then driven to ex-Governor Holliday's for lunch, and where they remained until the parade formed for its march to the cemetery.

At the cemetery the services were opened with prayer by Rev. S. K. Cox, D. D., pastor of the Methodist Episcopal church, South, this city. The ceremonies of the laying of the corner stone were presided over by Rev. Dr. John P. Hyde, chaplain of Turner Ashby Camp, Confederate Veterans. The ceremonies were beautiful and impressive, and upon closing Dr. Hyde read the following documents, which were carefully laid in the

box of the corner stone. A complete roster of the North Carolina troops furnished the late Confederacy; life of Hon. Z. B. Vance, with the speech vindicatory of the South delivered in Boston, and that delivered in Baltimore on the last year of the war in North Carolina. General Lee's farewell address; Baltimore Sun and other papers.

The ceremonies of the corner stone laying were closed by prayer by Rev. Nelson P. Dame. Then began the speech making. Capt. J. J. Williams in a pleasing way welcomed the North Carolinian and the New York guests to the city, after which Colonel Street of North Carolina, made a short, but deeply interesting talk. He then introduced the order of the day, Rev. James B. Avirett. At the conclusion of the address Rev. Dr. Hyde pronounced the benediction.

LEE GOES BACK.

The Virginian Will Return as Consul General to Cuba.

Senator Elkins no Dodger. Pensions Exceed Estimates. Relatives Get Appointments to Office. Action of Administration in N. Y. Election.

JOURNAL BUREAU, RALEIGH, N. C., Sept. 20.

Senator Elkins is rather proud than otherwise of his connection with the much discussed section 22 of the Dingley tariff, the provisions of which are about the same as those contained in a separate bill introduced in the Senate by Mr. Elkins. He says the section was intended to take away business heretofore held by the Canadian Pacific Railroad, and thus emphasize his own position. "I am opposed to the Canadian Pacific Railroad securing business that ought to go to American railways. I think the business which the Canadian Pacific is now doing ought to be broken up and San Francisco become the port of entry of the goods now going to Vancouver. I am in favor of American shipping against foreign shipping." The candor of Mr. Elkins is decidedly refreshing when compared with the dodging which has been done by some of the other gentlemen who are supposed to have had a hand in fixing up section 22.

President McKinley has personally requested Consul General Lee to return to Cuba and resume his duties at the expiration of the present leave of absence and General Lee has agreed to do so. This is authentic and official and it factually disposes of much gossip. It also indicates that President McKinley expects matters in Cuba to reach a crisis at a date not far in the future. General Lee does not expect to return to Havana until about the middle of October, unless something occurs to make an earlier return advisable.

Commissioner H. C. Evans, of the Pension Bureau, estimates that the present fiscal year will exceed the appropriation by more than \$9,000,000. The appropriation for the year is \$41,850,980. The deficit will, the commissioner says, be created by the old claims for pensions, some 200,000 in number, which will be acted upon during the year.

In the big batch of appointments to office, made by President McKinley while he was in Washington was a cousin of his own, Frederick E. McKinley, to be Receiver of Public Moneys at Guthrie, Oklahoma, and a cousin of Vice President Hobart, Edward F. Hobart, to be Receiver of Public Moneys at Santa Fe, New Mexico.

All the politicians are deeply interested in the efforts of Senator Platt and his followers to get President McKinley to commit himself and the administration against the Independent Municipal ticket in greater New York headed by Hon. Seth Low, ex-Mayor of Brooklyn, and President of Columbia College. While nobody can state positively that President McKinley will do so, Senator Platt wishes him to do, there are several very good reasons for believing that the outcome will be very near to being what Mr. Platt wants it to be.

While it is not probable that Mr. McKinley will support any candidate not endorsed by the Platt Republicans, a condition may arise that will cause him to remain neutral as far as it may be possible. He knows how closely his actions are being watched in this matter, both by friends and opponents, and will exercise all the care for which he has a reputation in Ohio politics not to take a step that he may afterwards regret.

The Cold Weather at New Orleans. Fever Not Liable to Spread. Special to Journal.

NEW ORLEANS, September 20.—There was a heavy fall in the temperature here. The weather is cool and clear. If the low temperature continues it will probably prevent the rapid incubation of fever germs.

The situation is otherwise unchanged. The yellow fever death rate is fourteen out of a hundred.

The health authorities still view the situation with complacency. They do not anticipate an epidemic as they say it is too late in the season.

NORFOLK QUARANTINES.

PITTSBURGH, Pa., September 20.—The necessity for keeping the State troops at Hazelton, Pa., seems to be removed by the return to work today of the striking miners.

It is regarded as probable that the militia will be sent home in a few days. The only movements for the last day or two have been the practice rides of squadrons and the afternoon dress parade.

Meetings of English, German and Polish speaking socialists were held at Buffalo and the shooting of the striking miners near Lattimer, Pa., was denounced. "Dollar wheat" was also denounced, the speakers saying that the high price meant only dearer flour for the work- ingmen.
