NO TELEPHONE RATE

Decided Upon as Yet by The Railway Commissioners.

New Charters Granted, Penitentiary Funds, More Counsel for Russell, Pleasure Party Injured, The Mormons, Very Dry Weather.

JOURNAL BUREAU, RALEIGH, N. C., Oct. 2.

The railway commission did not today decide as to the telephone rate. It announced that it would take the voluminous evidence under consideration at the next meeting. Senator Danfel addressed a powerful argument in favor of the Bell company, against the low rate and ridiculing the Inter-State company left for home today.

The State charters the Railway and Street Car Indicator company of Edenton, for 30 years, H. A. Benson, W. S. Summerhill and B. E. Byrd in corporations, to make the indicators and sell patent rights.

The Superintendent of the penitentiary today turned over to the treasury \$90,721 of penitentiary earnings. He says that next Monday there will be a regular exodus from the penitentiary to the cotton lands, leaving there only those persons who are sick. It is as he says, "the first cleaning out the penitentiary has ever had."

Gov. Russell appoints W. C. Douglas and John W. Hindsale his counsel in the injunction case of the Western Union Telegraph company to prevent the State from enforcing the 15 cent message rate. This is the case which is to come up before Judge Simonon at Wilmington.

The September revenue collections in this district were the largest, with one exception, during Collector Simonon's term of office. They were, whiskey \$13,898; cigars and cigarettes \$25,898; tobacco \$80,830; total \$120,626.

Last night a party of ladies and gentlemen from this city went to the insane asylum to attend one of the semi-weekly dances given the patients. On the return the driver drove over an embankment and as a result the carriage was wrecked and all hurt, two of the ladies badly.

The "Rolling Exposition," or "North Carolina on wheels," the \$10,000 car which contains North Carolina's resources in miniature will be here in view during the State Fair. Then it will begin its long tour through 25 States.

Counterfeiters are giving the public and the officials much trouble in the Charlotte and Salisbury sections. Two Mormon preachers or elders arrived here today and will preach tomorrow in the city hall. They were specially interviewed and said: "Our number now at work in this State has been increased to 40. Ezra C. Robinson is our president or presiding elder. He has no headquarters, but spends his time visiting the elders. He is president of what we know as the North Carolina Conference. We have about 400 members in the State. During the past 2 years none have been going to Utah. Of late most of our special work has been done in Moore and Montgomery counties. We have a church building and quite a congregation at Cameron. We are doing a good deal of work in Wayne county. In Wake we have two congregations, one at Vartina with 23 members and one at Eagle Rock with 20. As a rule we elders stay in a State from 2 years to 30 months."

The George Manufacturing company of Greensboro sells its honey mills to W. E. Stone & Co.

North Carolina will this year be the Mecca of the partridge hunter. Never were the birds more abundant. It seems that the movement to put a monument at Raleigh to the memory of Z. B. Vance has died a natural death. Not a dollar has been subscribed in months.

It seems to be pretty clearly the purpose of the "administration" not to pay J. W. Wilson and Ohio Wilson their salaries pending the law suit. Governor Russell and the Treasurer and Auditor read together yesterday the opinion of the Attorney General. Of course the Governor's views dominate them.

There is no sign of rain. The woods are simply withering and the leaves are as dry as dust. The statement was made that the Southern railway was not selling tickets to Atlanta. It is an error. They are being regularly sold here.

The Raleigh saloons have to close at 11 p. m., but the Aldermen allow them to be kept open all night during Fair week. The September weather summary says the mean temperature this month was 73 degrees, which is 2 degrees above the average. The highest was 95, the lowest 45. The rainfall was only 70 hundredths of an inch, while the September average for the past 11 years is 8.15 inches. The deficiency in rainfall this year is 10.76 inches. There were no frosts. Thunderstorms occurred on the 1st and 2nd, and 21 days were clear.

The burglars George and William Cody who re-captured in Montana is announced broke out of jail at Marshall the night before the day of their execution. Friends aided them.

Mrs. Anderson, young of Durham leads so far as a North Carolina grand mother, having 100 grand children.

TO BORROW CONVICTS.

State Will Take Wake County Convicts For Work on Roanoke Farms.

Special to Journal. RALEIGH, N. C., October 2.—The State will borrow fifty convicts from Wake county to pick cotton on the Roanoke Farms and later will give the county the use of that many or more of the State convicts for road work.

FOR TEMPLE CUP.

Boston Takes the First Game of the Series.

Special to Journal. BOSTON, October 4.—In the first game of the series between Boston and Baltimore for the Temple Cup, the following was the score: Boston, 13; Baltimore, 12.

COTTON.

Liverpool stock is only 397,000 bales, of which 207,000 is American. Last year it was 412,000 and 300,000 bales American. Their market and ours continues dull and sluggish and unsatisfactory and holders are compelled to exhibit patience under circumstances of unusual apparent difficulties and their only comfort is the strongest statistical statement of foreign and domestic features that was ever known. Doubtless the bulk of cotton crop will be picked by October 15th, now only a fortnight ahead, and the date of frosts in the cotton belt varies from October 8th forward. The investor in cotton therefore has comparatively a short time to wait for improved conditions. The property in the meantime is as good as a corner lot in a growing town.—Maey & Penhilton Letter, New York.

RALEIGH.

Convicts in the Cotton Fields, Negro Desperado at Large, Fertilizer Tax Case.

JOURNAL BUREAU, RALEIGH, N. C., Oct. 4. The penitentiary was literally "cleaned" today, for all the convicts even the guards were sent to the farms on the Roanoke. Even free labor is being hired to pick the cotton in the State farms. The superintendent claims he will have a \$90,000 crop, that the debt of the penitentiary is only \$56,000, and that all will be paid by January 1.

Judge Sifton of the Criminal court was held in Court at Halifax a few days ago for not allowing a case to go to the jury.

Robert Lawrence, colored, a desperate man, who is heavily armed, is being searched for by the authorities. He shot his wife in the back, probably fatally and then fled, swearing he would kill any one who attempted to arrest him.

Judge Parnell enters U. S. Commissioner in this district to take no action in appearance bonds unless they can and do justly in writing. He also orders that in all criminal cases save capital ones defendants be turned over to the district and not to the circuit courts.

It is now said that negroes may attend the young men's Republican club State convention here on the 19th instant. Tom Robertson who seduced a worthy young woman near here, is also convicted of perjury in regard to statements as to his character and gets a long sentence on the roads. He is a young farmer and is married.

The case involving the validity of the tonnage tax on fertilizers comes up in the U. S. Supreme court on the 12th instant. It is the case of the Palapasco guano company against the State.

There are to be examinations at Atlanta and New York in Gov. Russell's case of alleged fraud against the ex-directors of the N. C. railway. At the examinations three presidents are to be examined. Judge Parnell left today for Greensboro to hold the U. S. district court for Judge Dick.

The first meeting of the Cabinet since the return of the President from Massachusetts was held Friday and was attended by every member save Secretary Gage who is not in Washington. The meeting lasted longer than usual, in explanation of which fact it was said that several of the Cabinet members were present for the first time in many weeks and naturally they sought the opportunity to inform themselves fully upon the condition of affairs.

MERELY MERCENARY.

Diplomatic Opinion That Such is Our Interest in Cuba

Meetings Held in Washington Demanding Action by This Government, Senator Forsaker Visits the President and Goes Home Pacified.

JOURNAL BUREAU, WASHINGTON, D. C., Oct. 4.

Members of the diplomatic corps, under special instructions from their Governments, are keeping a close watch upon the relations between the United States and Spain concerning Cuba, and one of them consented to express his views, provided his name was not used. He said: "I don't think that either the American people or the press, with all their shrewdness, understand the moves that are being made in this Cuban business. The general impression is that this country is working to bring about the independence of Cuba, with a view to its ultimate annexation. In my opinion, and in the opinion of many of my fellow diplomats, that is entirely wrong. I have reason to believe that the proposition made by the United States to Spain, which I believe to have the moral support, if not the material support of Great Britain, does not go further than bringing peace to Cuba, in order that the commerce of this country and England with the island may be restored to its former size. In other words, it is a question of dollars and cents and not of favoritism or sentiment. I believe further, that the new Spanish Cabinet will be favorably inclined to this proposition, but that doesn't mean that it will be, or can be carried out.

There are two obstacles, serious ones. First, the Cubans have lost no opportunity of proclaiming to the world that they will listen to no offer that does not grant them absolute independence, and lastly, the strength of public opinion in this country in favor of independence for Cuba, if Spain offers Cuba peace and home rule with a government something like England gives its colonies, and the Cubans refuse it, what will this country do? A majority of your people appear to be with the Cubans, but I am satisfied that your government is not, and your government is right. Cuba could not maintain its independence if it had it. I consider its native population unfitted for self government, and equally unfitted to become a part of the United States, even if your government wished to annex the island, which I do not believe. From a diplomatic point of view, it is an interesting problem, but I confess that I see no solution in sight."

The other side of the Cuban question might have been heard at a public meeting held in a Washington church, Sunday afternoon, which was the first of a series to be held in Washington and elsewhere during the fall and winter, under the management of the Woman's National Cuban League. Among the speakers were a number of prominent men and women and several Washington preachers, and the text from which they all spoke and demanded action on the part of this government was "Free Cuba."

The star among President McKinley's numerous political visitors since his return to Washington was Senator Forsaker of Ohio. He was preceded by the story that he had left Ohio in a huff because of some disagreement with Senator Hanna and his Lieutenant, Col. Dick, over the management of the campaign, and did not intend to return. This may or may not have been, but after several conferences with President McKinley, Senator Forsaker left Washington today for Ohio and said he would at once resume his campaign work, which he had only left temporarily on account of pressing private business. The politicians believe that there was foundation for the disagreeing story, and that President McKinley, who has a record as a peace-maker among Ohio Republican factions, in some way brought about a truce and persuaded Senator Forsaker to again enter the campaign. Any way he is going into the campaign again this week.

HENRY GEORGE NOMINATED.

The Fourth Ticket Put in the Field, Tammany Secured Heavily.

New York, October 1.—At the city nominating convention of the Democratic Alliance of Greater New York, held tonight Henry George was unanimously nominated for Mayor.

The nominating speech was made by Charles Francis Adams and the nomination was greeted with enthusiastic applause.

The platform is a strong condemnation of Tammany, and endorses the Chicago platform in full and calls for municipal ownership of franchises and other reforms.
