MERE FIGURE HEAD.

That of Captain Smith at the Penitentiary.

Bad Weather For State Fair. Local Happenings at Capital. Killed by Trolley Car. State Must Pay Costs.

JOURNAL BUREAU,
RALEIGH, N. C., October 20.
The directors of the penitentiary met yesterday for a short session, but will meet again today and transact some important business. The Republican and Populist members of the Ward held a caucus last night and decided to name a time today for a thorough investigation of the scandal regarding Dr. Kirby Smith. Many are opposed to the idea of leasing the penitentiary so that will not be discussed now. An executive committee of three are to be appointed and Superintendent Smith is to be allowed to do nothing except this committee advise and consent to it. This practically takes all power from Capt. Smith and makes him a mere figure head.

The State Fair which promised to be such a success in every way is meeting with bad luck in the matter of weather. A slight drizzle began to fall yesterday about 10 o'clock, and by night a heavy rain had set in, and a perfect deluge has followed. The weather was so fearful that the circus was a failure. The rain still continues with no prospect of its clearing.

The Electrical Engineering and Supply company of Charlotte was yesterday incorporated for 3 years with a capital stock of \$3,000.

The Capital club gave a delightful german last night. There will be another Thursday night, and the big Marshall's Ball Friday night. The Euphrosyne club gave a lovely dance Monday night, another tonight and one Thursday night.

The Wilbur Opera company at the Academy of Music here is winning the highest praise. Seldom have the lovers of opera had such a treat here. The company plays a week's engagement.

Several of the stores here have put in special electric light decorations for this week which makes not only the stores brilliant, but adds to the beauty of the streets near them.

The beautiful lights around the Confederate monument are kept burning during this week and they make the monument look grander and handsomer than ever.

The Watonga club Banquet last night was one of the most brilliant affairs ever had here. The menu was prepared by Messrs. Conroy and Cook of the Yarnborough House. Covers were laid for 40. President E. A. Alderman of the University was toast master.

The cotton seed oil mills here are now working up 70 tons of seed daily. A 250 horse power engine has been put in, and other improvements made.

There was a sad accident out near the Fair grounds yesterday morning, when a negro man failed to notice the ringing of the street car gong, which was on a down grade, and before the car could be brought to a stop it had struck the man and killed him. This is the second accident that has ended fatally here since the street cars have been in use.

The Supreme court decides that the State must pay the costs in the Pamlico oyster cases involving about \$6,000. The auditor says he does not see how he can issue the warrant, and that he will advise the claimants, the sheriff and clerk of the county to appeal to the legislature for relief.

The R. R. commission again took up the matter of reducing freight rates on cotton, and decided that the rate should stand.

The two cases of the State Treasurer against Stewart Iron, will come up in the coming term of Wake county Superior court.

There is also a case against Robert M. Douglas for \$10,000 as bondsman for Samuel F. Phillips.

Senator Butler came here today. In his paper he calls on all the State Judges to charge the Grand Jury against free passes.

It is said that the fire insurance premiums in the State yearly are about \$1,000,000.

There were 77 in attendance at the young men Republican League club meeting last night. Warren V. Hall was made chairman. A negro named Howe from New Hanover was made Secretary.

State Government Files.

PIEDMONT, Ala., October 20.—Owing to the prevalence of yellow fever in Montgomery, and the fact that all of the towns and cities of the State have quarantined against that place, the State government has been temporarily removed to Birmingham.

The Governor and all the State officers have located here and are transacting business from this point.

The attitude of Birmingham is such that yellow fever cannot live here and it was selected by the Governor as the temporary seat of government because of this fact.

NO CURE—SO PAY.

This is the way all druggists sell GROVES TASTELESS CHILL TONIC for Chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating Tonics. Price—75c.

BECOMING NATIONAL.

Interest in the New York Election Spreading Fast.

Mayor Harrison of Chicago will Help Van Wyck. The President Wants Tracy to win. Henry George the Fly of Heavy Betting.

NEW YORK, Oct. 20.—Mayor Harrison of Chicago, will speak in New York city the evening of October 28th, in the interest of Judge Van Wyck, the Tammany candidate for Mayor. Mayor Harrison will be accompanied by nearly every member of his cabinet. About 150 members of the Cook county Democracy headed by the redoubtable Captain Farrell, will act as an escort.

A sensation was caused today by the publication of a remark made by Ben Butterworth, of Ohio, United States Commissioner of Patents, in a speech at the Union League Club, in Brooklyn. He said:

"On the evening of the second of November a telegram message will be anxiously awaited in the White House. President McKinley said to me night before last: 'Ben, you know how earnestly I feel regard to the triumph of the Republican party in Greater New York.'"

This is regarded as a definite announcement that President McKinley is for Tracy. A dispatch was at once sent to Washington, but McKinley refused to say anything.

The result of the Greater New York election appears today to depend upon Henry George's campaign. With George out of the race, the normal Democratic vote would certainly be greater than the anti-Tammany vote divided between Low and Tracy. This is the basis of Richard Croker's confidence in the result.

In view of this situation George's candidacy becomes important. When he ran for Mayor in 1886 the Tammany leaders were equally certain that his vote would be small. Their estimates ranged from fifteen hundred to ten thousand. George polled sixty eight thousand votes.

George has plenty of speakers for small meetings, including the Philadelphia Single Taxers, James R. Brown, head of the oratorical department of the George campaign, today listened to a sermon from a Philadelphia spell binder that 1000 George orators be turned loose every evening in the crowded houses. Brown said that he would submit the matter to the Campaign Committee, and if the members thought well of it he would institute the street car and anti-slavery oratory at once. He did not think there was any law which prevented a man from talking at the rate of eight miles an hour.

Edward Bell, on the Stock Exchange today would bet \$1000 to \$500 that Tracy would beat Low. Mr. Bell also offered to bet \$50,000 to \$20,000 that Van Wyck would win.

VETERANS ASSOCIATION

To Enlarge Soldiers Home. Weather Against the Fair.

JOURNAL BUREAU,
RALEIGH, N. C., Oct. 21.

The Confederate Veterans' Association of the State has elected T. M. Barker of Halifax county president; G. T. Leigh, vice president; G. B. Benson of Raleigh secretary, the latter for the third term. The legislature will be memorialized to make the annual appropriation for the Soldiers Home greater, as accommodations are needed for 200. Many veterans, unable to get in, are now in county homes.

The evidence taken by the penitentiary board yesterday in the investigation of the charges against Dr. Kirby Smith, who is charged with improper relations with criminal insane women was extremely damaging to him. The only offset was the utterly bad character of the woman, Mrs. Hampton, the leading witness against him.

The State Horticultural society, elects J. Van Landuy, president, T. L. Brown, secretary, C. B. Edwards, Treasurer.

The State horticultural association elected Dr. D. Reid Parker president, F. E. Emery Secretary, Bennet Hamilton vice-president.

Fire here early this morning burned the wagon and carriage repair shops of T. A. Bowen & Son, causing \$2,000 loss with no insurance.

Today was the great day at the Fair, but the attendance was small compared with what it would have been with fine weather. The bicycle races were abandoned. The horse races were slow, as heavy was the track.

The State Road Congress was presided over by S. B. Alexander of Mecklenburg and some good speeches were made.

THE PENITENTIARY CASE.

Evidence Being Heard Against a Kirby Smith. Had Charge of a Woman.

Special to Journal.

HALEIGH, N. C., October 20.—The Penitentiary directors devoted the afternoon to hearing the evidence against Kirby Smith. Miss Hampton testified he had had improper relations with her. Evidence of her bad character was given.

Dr. G. L. Kirby says she is not insane, and has no business in the penitentiary and that she will be discharged.

ENGLAND DECLINES.

Nor Will She Open Indian Mints to Silver.

Reply to the American Bimetallist Commission. Claims Equal Interest in the Use of Silver. Germany's Action Will Depend upon England's.

LONDON, Oct. 20.—Lord Salisbury might send to Ambassador Hay the copy of the British government to the proposals for the American Bimetallist special commission, headed by Senator Wolcott. It is a diplomatic ally worded note.

His lordship says that the government of Great Britain is not able to reopen the Indian mints at present. He regrets the inability to accede to the proposals of the American commission. Great Britain having as great an interest in the United States and France in securing a stable par-exchange for gold and silver and an enlarged use of silver.

Under these circumstances, continues Lord Salisbury, the British government does not see the desirability of an international monetary conference, but will be pleased to consider any other practical suggestions from the United States.

Lord Salisbury encloses with the note a copy of the statement of Sir J. Westland, head of the financial department of India, which was under discussion with the meeting of the Cabinet Council last Saturday and which takes strong grounds against the reopening of the Indian mints.

Senator Wolcott was not in London this evening.

Ambassador Andrew White came from Berlin last Saturday. He has avoided publicity, but has had several conferences with Senator Wolcott.

In the course of an interview with the correspondent of the Associated Press, Mr. White said that Germany's action as to bimetallism will depend upon England.

TWO EXPEDITIONS FOR CUBA.

A Lot of Supplies Forwarded. Insurgents on the Offensive.

ST. LOUIS, Mo., October 19.—Three Cuban patriots direct from the scene of the Cuban struggle on the island have been in St. Louis the last fourteen days promoting and shipping ammunition for their compatriots. One of them is an authority for the statement that during their stay they have purchased and forwarded to Cuba by express \$25,000 worth of cartridges, dynamite, rifles, pistols and saddlery, intended for the insurgent army. Two expeditions conveyed these supplies will sail tonight from a Texas port between the city of Bogalva and Port Galveston, and in the Caribbean sea will meet two other expeditions that Sunday night sail from New York.

Colonel Johnson, the Cuban agent on the subject of Cuba said:

"Autonomy—Nothing but absolute freedom. We have sixty thousand men under arms in Cuba. Virtually the whole island, except Havana, Matanzas and Cienfuegos is in our hands. We could take Havana by means of a blockade, but we would have to notify the foreign consuls who, of course, would notify the enemy. We would like to occupy our friends. Withelligent (25th) the island would be free before December 31st of this year. Without recognition we shall still be free before March 31st of next year."

George's Hot Campaign.

NEW YORK, October 19.—The Henry George managers gave out from their headquarters today what purport to be an interview with William J. Ryan in the Evansville-Ind. Courier. Mr. Ryan is made to say: "I think Henry George has a splendid chance of being the next Mayor of New York. The masses believe in him and will support him at the polls. He will make an excellent Mayor and will inaugurate many reforms in New York city." Tammany denies that the interview is authentic.

The George-men will protest to Mayor Carter Harrison of Chicago, against his taking part in the campaign in favor of Van Wyck, on the ground that he was elected by river men.

WILL NOT LEASE.

Board of Commissioners Decide Against Leasing Penitentiary

Kirby Smith Found Guilty of Immorality. Executive Committee Put in Charge of Institution.

RALEIGH, N. C., October 20.—The board of Penitentiary Commissioners has decided not to lease the penitentiary. The settlement in the State was found to be overwhelmingly in favor of leaving the institution to be managed by private parties.

The penitentiary board unanimously finds Dr. Kirby Smith guilty of gross immorality with female criminals and recommends Dr. Kirby and his father for discharging him.

The board places the entire control of the penitentiary in the hands of its executive committee thus taking it from Capt. Smith.

Latest News Items.

There were 53 new cases of yellow fever and four deaths at New Orleans on Tuesday.

In connection with the increase in the strength of the British army, the defense of the colonies of Great Britain is receiving unusual attention.

An outbreak of disease, supposed to be bubonic plague, occurred in the village of Jalandhar, in the Punjab district, of India, and twenty-three deaths have been reported.

On Wednesday George Young, a farmer, of Minnesota shot and killed his wife, his two boys, aged two and four, and himself.

The regimental flag of the old flag-ship Hartford, presented to the City of Hartford, Conn., by the United States Navy Department, was placed in the Capitol of Conn. after a public parade and other ceremonies.

Benjamin F. Hunt of Bridgeport, aged eighty-seven and Mrs. Julia Anne Sherman of Waterbury, N. Y., aged ninety years were married Wednesday. The wedding was an event in Waterbury's social circles. After the ceremony the venerable couple received congratulations and an elaborate collation was served to about 200 friends.

The most serious railway accident that ever occurred in Japan happened October 20th on the Tokaido Railroad between Okazaki and Yokohama. The road had been damaged in the flood and a train was precipitated into the river valley. Of forty passengers only five escaped without injury, and seven were killed.

The Earl and the Grand Duke of Hesse attended Wednesday afternoon at the visit to Emperor William. The two Emperors cordially embraced and kissed each other. After the usual presentations, their Majesties drove to the beach warmly cheered by the crowds lining the shore.

A Washington special says that President McKinley will issue an order prohibiting a large district in Alaska, of which St. Michael is the center, under the control of the military armed the government.

Three attempts made by the Republicans to prevent the printing of the names of Seth Low and other anti-Tammy candidates upon the official list in New York through the intervention of the courts have been defeated.

Announcement is made of an offer from the Bethlehem Iron company to sell its vast plant to the government at a price which the directors say is less than the figures at which the government could build a plant of its own.

Colonel Henry L. Swords, Sergeant at Arms to the Republican National committee, visited Wall street and offered to let any part of \$75,000 of campaign money that General Tracy would if some more than \$25,000 in the assembly of Van Wyck, the Tammany candidate, all it gets in the betting on the Stock Exchange. Odds are good to believe that he will win it.

Bank of Louisburg Closes.

LOUISBURG, N. C., October 19.—The following notes was this morning posted on the doors of the Bank of Louisburg:

"This bank has assigned to W. H. Ruff for benefit of its creditors."

The liabilities are about thirty five thousand dollars with assets about forty thousand, no reserve is given for the future.

The bank at Nashville, Nash. county, also stopped payment on account of the bank at Louisburg.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but is especially generally needed when the long, exhausted, feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious attacks. No medicine will act more surely in counteracting and breaking the system from the malarial poison. Headache, indigestion, Constipation, Dropsy, Biliousness, Bile, 50c and \$1.00 per bottle at R. S. Duff's Drug Store.

ISSUED IN
SEMI-WEEKLY SECTIONS
Each Tuesday and Friday.
