REPORT OF DOCKERY.

Claims The Condition of The Penitentiary is Satisfactory.

Na B Bros. Get A Contract. Case of Mrs. James. Cotton Growing Fresh Big Planting of Wheat. Democratic Committee Meeting.

Journal Herald, Raleigh, N. C., November 17.—The Chairman Dockery of the penitentiary, David after giving the financial report of the institution, stated that the institution will make money, that all this year's indebtedness will be paid, put a supply of corn aside for next year, and deposit a large sum of money in the State Treasury. He says that this year will be the first since the State and took farming that the institution has been upon a paying basis. Mr. Thos. Evans an expert accountant from Wilmington, who has been going over the books of the last four years, shows that the State during that time lost by the penitentiary \$261,148.51. It was said that the institution was self-sustaining in 1890 but Evans' report shows that the loss in 1890, \$16,541.53 and in 1896 it was \$11,992.06.

General F. H. Cameron is confined to his bed from shipping on the post office steps and badly hurting himself. One of the most elegant "At Homes" ever given here was given last evening at the lovely home of Mrs. J. M. Turner to Mrs. Woodruff of Atlanta and the Misses Ravenel of Charleston.

Nash Bros., Printers of Goldsboro, got the contract for printing the 121st Supreme court reports. There were only four bidders. The Fouts Davies Co., of Atlanta; Wm. J. C. Dillmy Co., of Baltimore; Edwards & Brongton, of Raleigh and Nash Bros., of Goldsboro.

Governor Russell got "his Irish up" yesterday because of the statement that Judge Robinson had "free passes." He had best look to his own affairs and give the Judge credit of being able to fight his own battles.

There is a tremendous acreage of what is being put in this fall all around this part of the country.

The fourth annual convention of the Sons of the Revolution was held here this week. Dr. P. E. Hines was elected president.

Lee S. Overman, Esq., of Salisbury is here to argue before the Supreme court today the case of Mrs. James vs. W. N. C. R. R., for \$15,000 for the killing of her husband. The jury gave her that amount, but Judge Starbuck ruled against it.

There has been \$200 appropriated for the removal of the remains of General Clingman from Concord to Asheville. He was only taken to the Asylum at Morganton for safety for his mind was so impaired.

Cotton has put out fresh leaves on the top and the stalks look really strange. Many young plants have put up from the fallen seed.

Mr. Randall, the artist, has sent to Wake Forest College, a handsome portrait of the late Mr. W. W. Vass, that was ordered for the college.

The meeting of the State Democratic Committee on the 30th, is being discussed eagerly by the populists. They are anxious to know what is the outcome of it.

The first number of the "N. C. Old Fellows" published here has made its appearance. It is a neat magazine devoted to the work of the N. C. O. F. in this State.

It is stated that boarders have actually been taken at the penitentiary by some of the families living in the prison during this year. It seems to be a perfect hot bed for venereal, scurfy and fraud.

Government Armor Plant.

Washington, D. C., Nov. 16. Secretary Long will ask for bids for the construction of an armor plant complete upon plans to be furnished by the special board now considering the subject. This board has orders to report its findings to the Navy Department by December 1 and immediately on the report being received advertisements will be issued calling for bids. Firms like the Carnegie and Bethlehem Companies may put in bids for the disposition of their establishments complete.

The Department, however, is not bound to accept any bid, nor has it any authority to do so, until granted by Congress. Under the resolution by which the Board was appointed the Secretary is called upon to furnish Congress the cost of building an armor plant, together with the proposals submitted by outside parties for carrying out the work.

The recommendation of the board, if asked, will be against the Government undertaking the manufacture of its armor.

PARIS, November 16.—M. Scheurer-Kestner, one of the vice presidents of the Senate, who has been agitating for a reopening of the case of Alfred Dreyfus the former captain of artillery, now undergoing banishment for life for selling important French military plans to Germany, has written a letter to the newspaper in which he asserts that on October 18 he presented to the French Ministers for War, General Billot, documents proving the prisoner innocent and another officer guilty. The French Cabinet will take the matter up.

THE CREW RELEASED.

The Competitor's Men Out of Prison. Senator Morgan Working For Hawaii.

HAWAII, Cuba Nov. 17.—The competitor prisoners have at last been released from Cabana Fortress by order of Captain General Blanco acting in accordance with orders from Spain. They will sail for New York tomorrow on the steamer Yamuro.

Washington, November 17.—By the release of the competitor prisoners Spain has given another substantial proof of her desire to maintain friendly relations with the United States. Thus, on the eve of the assembling of Congress, will be removed from the Cuban situation a dangerous phase which otherwise would have been used as a strong lever by congressional jingoes to secure interference by this government in Cuba.

Senator Morgan has returned to Washington in very ill health, and is confined to his residence, on Fourth and a half street. In spite of his illness, however, the Senator is endeavoring to get in shape for presentation to the Senate the mass of information he collected in Hawaii, and which he will use in support of his arguments in advocacy of Hawaiian annexation.

It is the expectation of the friends of the annexation treaty that it will be taken up by the Senate very early in the session and consideration pushed to a conclusion at as early a date as possible. All the warm supporters of the administration, it is expected, will not be carrying out this scheme, and some of the Democrats who agree with Senator Morgan are counted among those who will support the measure.

It is thought probable that the President in his message will again recommend favorable action upon the treaty. The Pacific coast people, who would naturally be most directly affected by the changed relations of the islands to this country, do not want annexation, and the two Senators from California, although differing upon nearly every other public question, will act together in opposing the treaty.

DEATH AVERTED.

Governor Russell Has Commuted the Negro Johnson's Sentence.

Latest News Items.

NEW YORK, November 16. It is asserted that Spanish spies are known to be inspecting our fortifications.

GRAND FORKS, N. D., November 16.—An innocent man was hanged by Lynchers last Saturday night at Williamsport. It was the startling statement made today by Chief Justice Corliss, of the North Dakota Supreme court.

BIRMINGHAM, November 16.—Dr. Carl Peters, former German High Commissioner in Africa, the well known African explorer, charged with extreme cruelty to natives in Africa, has been dismissed from the German service and been ordered to pay the entire costs of the prosecution.

PARIS, November 16.—Comtesse Baudouin de Castellane, formerly Anna Gould, has paid \$250,000 for a large site in the Rue Pierre-Charron, which is to be given by the Countess for the erection of a permanent building for the annual charity bazaar, whose last bazaar cost 100 lives by fire.

MEMPHIS, Tenn., November 16.—The memorial exercises which were originally to have been held in Memphis October 5th in commemoration of the life and services of the late Senator Isham Harris, but which were postponed on account of the presence of yellow fever, will be held in this city on Sunday night next.

LONDON, Nov. 15.—The new biped destroyer Crane had her official trial in Stokesley today. She made 32.40 knots per hour. This is about 32 miles per hour.

WASHINGTON, November 17.—The subject of an increase of the navy will not be overlooked by Secretary Long in his annual report. He will recommend a liberal increase of the establishment, and so large, perhaps, as was urged by Secretary Herlihy three years ago, but which, approved by Congress, will lead to the building of two more battle-ships and six torpedo boats. He will not ask for the building of further cruisers.

SAN FRANCISCO, November 17.—After news for Theodore Durrant have made a new move. The condemned man now stands convicted of the murder of Blanche Loxton. No disposition has been made of the additional charge of the murder of Minnie Williams. A document filed with the district attorney gives notice that on Friday next, the attorney for the accused will appear before Judge Balaban and demand the trial of the Williams case.

PHILADELPHIA, November 18.—The advance sale of seats for the University of Pennsylvania Harvard foot ball game, which takes place at Franklin Field on Saturday, has been unprecedented. The indications are that over 25,000 persons will witness the great struggle.

State Board of Education.

Raleigh, N. C., November 18.—John A. Hamann of Salisbury is elected agent of the State Board of Education; vice W. G. Lewis. He will search for charts and maps of State swamp lands and will make surveys.

State geologist Holmes has made an examination of the State lands in Bladen county to a certain their adaptability to farming.

NO CURE—NO PAY.

This is the way all druggists sell GROVER TASTELESS CHILL TONIC for Chills and Malaria. It is simply Iron and Quinine in a tasteless form, children love it. Adults prefer it to bitter, nauseating Tonics. Price, 50c.

AN OCEAN RESCUE.

A Steamer Saves a Crew of Ten and Five Men Adrift in a Small Boat.

PHILADELPHIA, Nov. 16.—The crew of the steamer Belgenland, which arrived here today from Liverpool, was rescued by two rowers at sea. The man who eyed the lookout can be credited with the saving of a number of lives.

The waterlogged and sailless schooner Willie L. Maxwell was sighted on Sunday, and she was taken on tow with her crew of ten men, the vessel having become helpless.

Monday morning a small boat was sighted, drifting helplessly with five men aboard. When the men were taken on the steamer it was found that they were the crew of the abandoned schooner Theodore Deas, Capt. James F. Hodgson of the Deas, has been washed from the small boat and lost.

The Dean left South Amboy last Friday for Norfolk, with a cargo of coal. When off Absecon light she lost her masted, and on Saturday at noon, when forty-five miles from Barnegat she sprang a leak, a plank having been torn from her side.

The vessel filled rapidly, and with four feet of water in her hold the captain ordered the small boat lowered, and the crew of six men left the schooner. An hour later the schooner sank.

The boat drifted until 9 o'clock Monday morning, when it was sighted by the Belgenland and the men were rescued from their perilous situation 145 miles from the Delaware capes.

The shipwrecked men suffered greatly from cold and hunger. They had with them in the boat only a small quantity of biscuit and a gallon jug of water. This they touched sparingly, as they feared that even should their boat not be swamped, it might be many days before they would be saved.

A DIFFERENT VIEW.

Plain Statement that Dockery has Juggled Penitentiary Returns.

A Shift Factory to be Established. Asheville Sanatorium Incorporated. Trucking Figures, Penitentiary Statement.

RALEIGH, N. C., Nov. 18.—Still the penitentiary statements as to the financial condition of the institution are conflicting. It will be remembered that this year is the first since the farm was started that the institution was on a paying basis and that this administration took hold with only two weeks' supplies of food. Ex-deputy warden Dockery is out in a very plain statement and says Dockery is talking through his hat and has been juggling with figures. Mr. Eckelberry says that his board found on the Anson farm 290 bales of cotton which Superintendent Smith sold for \$3,500, and that on the Rounoke farm there was about 700 bales, there was also \$3,000 worth of brick ready for sale and which Dockery admits \$8,391.91, collectible bills, based all that show only supplies for two weeks. Mr. Eckelberry says the penitentiary was self-supporting in 1890, and that Superintendent Leazer's report on January 1st, 1897, showed cash and products ready to be converted into cash \$63,341.62 and had not included grain and forage necessary for consumption. Come again chairman Dockery and see if you equal this.

The board of directors yesterday decided to establish a shirt factory at the penitentiary. A New York man named Hildebrandt will have charge of it. He puts in his own machinery and pays 21 cts. for each shirt made. The women and feeble men will do the work.

The Secretary of State yesterday incorporated the Asheville Sanatorium with capital stock of \$5,000. It will be situated on Oakland Heights.

The governor's guards who, 21 strong, now on duty at Rockingham 3 days received \$125, and the Maxton Company, 41 men on duty 4 days got \$290.

Labor commissioner Hamrick has gone to the Eastern part of the State to collect statistics in regard to the fishing and trucking interests of that section.

Superintendent Smith says that there has been no more cases under his rule than before and that the traffic is there has been a decline.

This morning there was the heaviest frost of the season, and the weather is quite cold.

The legislature appropriated \$500 to the negro Normal school at Elizabeth City for 1897. Conditional upon its raising \$1500. This has been done and the \$500 has been sent.

From the Auditor's office the statement is made that there are 122 first class passengers, a decrease of 45 as with last year, 242 2nd class, 167 3rd class, 1927 fourth class, 2579 tickets, total 5327. The amount of receipts is not known as the tax value is not yet in.

It is said that E. W. Farnum is to be the editor of the new morning paper here. The large press for the daily is now being put up.

Certain rules have been formulated in regard to John Evans, the most inflexible application for pardon can be made, but the governor cannot get his communication and require a writ.

There are 42 cards at the State Normal and Industrial school.

December 23 is the day set for the removal of General Lee's body from Concord to Asheville.

German Invade China.

BERLIN, Nov. 18.—A special dispatch from Hongkong stated that a commander of the German navy, Admiral Almiral von Diederichs, had been ordered to leave the German fleet for the coast of China. The three forts were held by the British and the German fleet was ordered to leave the coast of China.

Several hundred German troops and six guns were then landed and began to march forward. The Chinese retreated for a few moments, and then the whole fifteen hundred, behind better shelter, across the hills behind the forts. The Germans quickly entered the fortifications, hauled down the Chinese flag and hoisted the German standard, which the warships saluted immediately.

The fort was now held by the Germans, who it is believed at Shanghai, intend to remain permanently.

In official Chinese circles Germany is considered to have committed an act of war, but it is regarded as improbable that China, on account of her weakness, will take action upon it as such.

It is now asserted that the murder of the two German missionaries was not the work of bandits, as originally understood, but was deliberately planned by Li Pung Hing, governor of the province.

ISSUED IN SEMI-WEEKLY SECTIONS Each Tuesday and Friday.

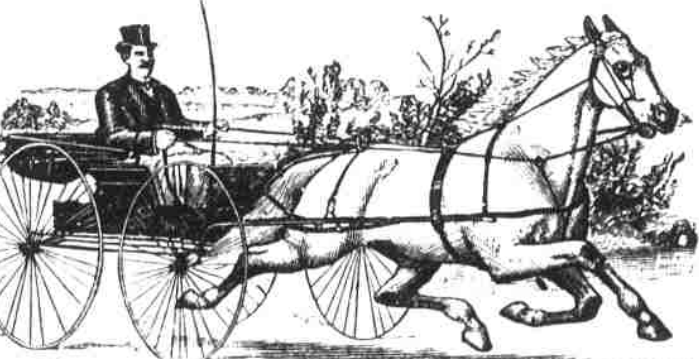

A LOT OF CORNED MULLETS

JUST RECEIVED.
