**JOURNAL HERALD.**  
**RAVENHURST, N. C., Nov. 20, 1897.**

Mr. Pace of Richmond, who desires  
the penitentiary to furnish him with  
sugar beets, wished 1,000 acres to be put  
in the crop, but the penitentiary offi-  
cials think that too great a quantity. If  
he finds that 500 acres will answer they  
will put in that quantity.  
Superintendent Branch of the Sol-  
dier's home says that over 100 applica-  
tions for admission are on file. To each  
one the answer is given that there is no  
room and that the appropriation of \$5,000  
is so small that no more can possibly be  
admitted. While there are 100 on the  
roll yet only 30 are present at any one  
time, the railways giving free transpor-  
tation so that about 70 are always away  
on furlough. But for this there would  
be great trouble, Mr. Branch says.  
Miss Mamie Robbins of this city has  
typoid fever. It was at first thought she  
had grippe.

An effort is being made to have the  
new daily paper make its holiday  
celebration Thanksgiving day.  
The amount of swamp lands held by  
the State board of education does not  
appear to be so precisely known. Some  
say 1,000,000 acres, some only 600,000.  
Accurate surveys are needed.

Salisbury is to have an electric rail-  
way, which it is said will also be ex-  
tended to the new railway shops and town  
of Spencer, two miles away.

The positive assertion is made that  
the wife of a judge, who has recently had  
much to say about passes, travels on  
one.

Senator Patchard made a notable  
speech at Marshall in defence of James  
Payne, who early in the year shot and  
killed Sarah Anderson. Payne was ac-  
quitted. It is difficult indeed to convict  
any one of murder in the first degree in  
Madison or Mitchell counties.

It is asserted by some people who  
ought to know, Republicans, that Super-  
intendent Smith of the penitentiary will  
not be re-elected next March. Smith  
says he will make a great showing by  
Thanksgiving day, paying off every cent  
of the penitentiary's indebtedness. He  
appears to be in great spirits. The gen-  
eral public certainly has very little faith in  
the present management of the peniten-  
tiary.

The matter of lower railway freight  
rates being a good deal talked about  
in parts of the Piedmont section, and  
very long hauls of cotton by wagon are  
being made, shippers claiming that this  
is a charge.

The assertion is made that P. H. Ly-  
brook who was chief of the State Fair  
will be postmaster at Winston.

The telephone officials say they want  
to make very extensive and costly im-  
provements all over the State.

Judges are allowed \$250 a year to  
cover railway and other expenses. The  
Judge says \$500 ought to be allowed. He  
must include board and every possible  
expense to make the figure so high.

John D. Shaw of Rockingham says  
there is no doubt whatever of the guilt  
of John Evans, convicted of rape. The  
Maxton paper asserts its belief in Evans  
innocence, and says many Richmond  
county people so believe. This whole  
matter will be regularly placed before the  
grand jury on a day or two, it seems.

The publication of affidavits one after  
another in the Raleigh Herald, that in a  
speech at Rocky Mount Senator Butler  
said the Democratic party sought to in-  
flict outrages upon women, has aroused  
a fresh outburst of anger, privately and  
in the papers, which may take a very  
serious turn. The Senator makes denial  
of the statement.

Mr. George T. Beach, who is now in  
Raleigh, was arranging to occupy the  
Park hotel at High Point, but it was  
burned night before last. The loss is  
some \$5,500, with \$2,500 insurance.

Miss McDaniel, the Finnish lady who  
is teaching the blind pupils here "sloyd"  
or handicraft, has arrived. The number of  
blind in the institution is now the largest  
in its 40 years existence.

A Republican official of prominence  
admits that "the Democrats in North  
Carolina are getting together." Rapid  
progress has certainly been made in that  
direction during the past 90 days.

Ex-State chemist H. B. Battle will  
make his home at Winston. He has sold  
his handsome house here. His new enter-  
prise in phosphate works at Winston will  
have an output of 20,000 tons annually.  
Improvements of the mill works at the  
Caraleigh phosphate works here have just  
been completed as will permit double the  
quantity to be made.

Within seven days two doctors com-  
mitted suicide in this State, one at Shelby  
and one, Dr. John Blackland, at Green-  
ville, by taking laudanum. After the  
latter had taken the poison he laughed  
and held up the bottle.

Congressman Buford appears to be  
quite out in the cold in the 7th district.

His audience the other day after much  
announcement of his speaking consisted  
of only twelve people. He will go to the  
"scrap pile" in next year's campaign.

Any effort to get all the cotton growers  
in this State to ship acreage will fail,  
because they simply will not act in con-  
cert.

John M. Walker of the State bar has  
by last but term has broken his con-  
tract and gone home to cover.

The Governor has ordered a special  
term of court for civil and criminal cases  
for Pasquotank county to begin January  
2nd and continue until the docket is  
cleared. A special term of civil court for  
Hertford will begin January 10th, 1898.

Counterfeit silver dollars are in circu-  
lation in Asheville. It is supposed they  
were made in the city. They are very  
good counterfeits and hard to spot.

Sanford in Moore county has applied  
for incorporation papers for water works  
and an electric light plant with a capital  
stock of \$5,000.

A farmers institute is being held in  
Carrington this week. Dr. R. D. Parker,  
the institute leader is assisted by Com-  
missioner McWhorter and Prof. Massey.

An Anti-Saloon League is to be formed  
here tomorrow. A fight will be made  
against the saloons. It is a herculean  
task for some when it is against the law  
drinks are always being gotten and now  
that the law is for license it will be an  
all work.

Tucker & Co's. Trunkers sold at auction  
stock in the Farm Roller Mills Co.,  
Raleigh Electric Co.; News and Observer  
Co.; and North Carolina Car. Co. Soon  
after Christmas the store will be opened  
under splendid management.

**Weekly Cotton Letter.**  
NEW YORK, Nov. 19.

For the past two weeks the cotton  
market has remained remarkably steady.  
Prices have ranged within 10 points of  
5.75 for January delivery. The steadiness  
is remarkable in view of the heavy  
movement. Last week the in sight  
movement as made by Mr. Hester was  
537,000 bales and this week it is 541,000  
bales. The absorption of all this cotton  
required a large demand, and spinners  
and speculators together supplied this.  
There has been a large amount of buying  
on the sentiment at price as the only  
argument.

We cannot however pass over the more  
practical reasons why cotton should not  
now advance.

1st. The large crop which people are  
talking more confidently of each week.

2nd. The low price of cotton manufac-  
tures and what is worse, a poor demand  
for them.

People now talk freely of 100 to 105  
and not a few refer to even larger figures.  
This means a large movement for weeks  
to come.

There is now a large and promising  
long interest in the market and we shall  
watch with interest how they bear the  
ever increasing burden of accumulating  
supplies. Some are sure to grow dis-  
couraged from time to time, which will  
produce periods of depression as support  
is removed.

**Readstreet's Report.**  
NEW YORK, Nov. 19. Readstreet's to-  
morrow will say:

There is a moderate improvement in  
cotton prices and in distribution of  
woolens, goods, shoes, and hardware in  
the region tributary to Chicago, St.  
Louis, Kansas City and Omaha. In  
South Carolina, Tennessee, and Louisi-  
ana, jobbers report a moderate revival  
in demand from interior merchants  
which represents some of the business  
delayed by yellow fever quarantine.  
Trade reports from Georgia and Texas  
are quite irregular.

Some cotton planters are compelled to  
sell cotton at a loss to meet advances  
made early in the season and have little  
or no surplus to buy merchandise. Others  
notably in Texas, continue to hold cotton  
which declines in market value, and  
assume serious losses in the process.

the street this evening at 5 o'clock. W.  
A. Harris was shot dead. J. W. Harris  
wounded fatally, and Gerald shot in the  
side. They may die.

Willson, president of the recent cotton  
growers' convention held in this city, has  
issued a call for a convention of cotton  
growers in Atlanta, Ga., December 14,  
for the purpose of securing unity of

**A Chance for Senators to Redeem**  
**Themselves. Financial Recom-**

**JOURNAL HERALD.**  
**WASHINGTON, D. C., Nov. 22.**

Those Senators who asserted while the  
debate was under way which resulted in  
the rejection of the arbitration treaty  
negotiated by the Cleveland adminis-  
tration and endorsed by the present admin-  
istration, with Great Britain, that they  
favored arbitration, but opposed that  
particular treaty because of objections  
they specified, will shortly be given an  
opportunity to show whether they meant  
what they said or were merely talking  
for their effect upon their influential con-  
stituents who favored arbitration and  
opposed their votes against the ratifica-  
tion of the treaty. Another arbitration  
treaty has been negotiated, and especial  
pains have been taken in drawing its pro-  
visions to meet the objections raised by  
Senators in executive session, to the old  
one. It will be sent to the Senate as  
early in the session as may be deemed  
advisable by President McKinley, proba-  
bly as soon as the treaty for the annexa-  
tion of Hawaii is disposed of.

There is much doubt about what finan-  
cial recommendations will be made in  
the President's message to Congress.  
It will probably depend largely upon the  
advice given the President by prominent  
members of his party in Congress. This  
doubt does not arise from any clash of  
financial views between the President  
and members of the Cabinet. They are  
all practically of one mind as to what  
financial legislation they would like to  
see passed through Congress, but there are  
grave differences of opinion among them  
as to the advisability of making  
recommendations which haven't even a  
remote chance of being enacted. The  
weight of sentiment among republican  
Senators and Representatives will proba-  
bly determine just how far Presidential  
recommendations will go.

The new Spanish Ministry may not  
succeed in whipping the Cubans into  
submission any better than the old Min-  
istry did, and it may not really be any  
more friendly to the U. S. but it has  
become apparent in Washington that its  
repeated concessions to the U. S. are  
having a very decided effect in lessening  
the sentiment for interference by this  
government. Men may question the su-  
periority of the concessions as much as they  
please, but so long as Spain concedes  
everything, or even makes a pretense of  
conceding everything asked by this gov-  
ernment for interference by this gov-  
ernment, it will be difficult for this gov-  
ernment to justify itself, in the eyes of  
other governments, in any hostilities  
towards Spain. In diplomacy, the new  
Spanish Ministry has shown itself to be  
vastly superior to the Ministry it suc-  
ceeded, but the trouble in Cuba is hardly  
likely to be settled by diplomacy, unless  
preceded by some decisive Spanish vic-  
tories in battle.

**Latest News Items.**  
Washington, Nov. 21. A new counter-  
feit ten-dollar national bank note has  
been discovered on the Los Angeles Na-  
tional Bank of Los Angeles, Cal. It is a  
photographic production, printed on two  
pieces of paper pasted together, contain-  
ing no ink or imitation of it. On the  
whole the note has a good appearance.

**Orange, N. C., Nov. 21.** Preparations  
are well under way for the next great  
American fair. This will be the Trans-  
Mississippi and International Exposition  
which will open its gates here June 1,  
1898, and continue five months.

**Minot, N. D., Nov. 21.** A great fire  
broke out here at 2 o'clock this morning  
and in a very short space of time did  
enormous damage. It is estimated that  
the loss will reach \$5,000,000. Hundreds  
of employees of all sorts have been  
sent down town out of employment.

**San Francisco, November 19.** A car-  
rier pigeon, fanned of this city has given  
the United States government eight pairs  
of its best birds before the nucleus of a  
pigeon service in the remote parts of  
Alaska. The pigeons will be taken north  
on the revenue cutter Bear and sent to  
St. Michael, Point Barrow, Herschel, Ed-  
mo and other places.

**New York, November 19.** A Washing-  
ton dispatch to the Herald says: An  
Anglo-American general arbitration treaty  
will be proclaimed by the present ad-  
ministration if it is within the power of  
President McKinley to bring it about.  
He has promised the executive commit-  
tee of the Malakoff conference that he  
will work unceasingly to accomplish this.

**New York, November 21.** In a dis-  
patch to the Herald from Washington  
Senator Morgan, of Alabama, says of the  
attitude of Congress on the Cuban ques-  
tion: "The duty of Congress is plain  
enough and I hope the House will unite  
with the Senate in enacting the joint  
resolution passed by the Senate at the  
extra session of 1897 declaring that a  
state of public war exists in Cuba. That  
declaration is all that is needed to secure  
to the people of the United States and to  
the King of Spain and the republic of  
Cuba the rights of war as they are de-  
fined by the laws of nations."

**RAVENHURST, N. C., Nov. 21.**

To A. J. True, the director of the Ex-  
periment Station in Washington has been  
here and examined the North Carolina  
Station. He will make an official report  
to the Agricultural Department in Wash-  
ington and say that he found this Station  
all right.

Dr. H. B. Battle, ex-State chemist,  
will this week move his household furni-  
ture to Winston where he will make his  
home.

Mr. David G. Worth of Wilmington  
died last night. His two sisters from  
here, Mrs. W. H. Bagley and Mrs. E. F.  
Muller were with him.

Chairman Dickey of the penitentiary  
board comes back at Mr. L. S. Butler in  
regard to the figures given about the  
penitentiary finances. There are so  
many charges and so many denials and  
counter charges that the people will  
probably never know the right of the  
thing.

Superintendent of Public Instruction  
has issued a circular letter to the public  
school teachers in the State urging them  
to come together in each county and or-  
ganize themselves into Teachers' Associa-  
tions. He uses strong arguments for the  
formation of these associations.

George Johnson the New Hanover  
county rapist whose death sentence was  
commuted to life imprisonment has been  
brought to the penitentiary.

The promoters of the big Charity  
Masked Ball to be given here on the 30th  
will make every effort to have it a per-  
fect success. The proceeds will go to  
the use of two specially worthy objects

here and with the aid of a subscription

stated.

There is some comment on the fact  
that Barnes Bros. got in the fat of  
printing the report of the Raleigh Herald  
mission and that some one else had a  
chance at it. The work was done  
under the head of pamphlet for sale print-  
ing.

The weather for the last few days has  
been more like May than the end of  
November. There are nevertheless  
many old time signs that point to a cold  
winter.

There seems to be but little hard  
cholla in the State this fall. That of  
course means an increase in the amount  
of pork that will be put up. There is a  
large crop of acorns that means much to  
the flocks of pork.

Many hunting parties have planned  
for sport this fall but so far the weather  
has been too warm for good hunting. A  
party from the Shocco Gun club of  
New York have gone down to their game  
preserves near Warren.

There is to be a series of sermons  
preached at the church of the Good  
Shepherd on "The Apostolic and anti-  
Apostolic Fathers." These sermons which  
began last night are under the auspices  
of the Brotherhood of St. Andrew.

The ministers to take part are Bishop Ches-  
bure, Rev. Mr. Hunter, Rev. M. Plummer,  
Rev. Mr. Horner, Rev. Mr. Weston, Dr.  
Murdock and the rector Dr. Pittenger.

The subjects, "Elements of Rome," "Igu-  
tus," "Justin, Martyr," "Polycarpus,"  
"Irenaeus," "Origen," and "Cyprianus."

Messrs. G. E. and J. M. Leach will  
soon open a new business here known as  
the Acme Wine company. They will  
have control for this territory of the  
wines of the famous Moser Vineyard of  
Hildesheim, Germany.

They will also control several leading mineral  
waters.

The Governor has been appealed to for  
respite for John Evans who was to be  
hung at Rockingham next Friday.

Gov. Elbert asks that a delegate from  
each district and two at large be ap-  
pointed to attend the cotton growers con-  
vention at Atlanta, Ga., Dec. 11. There  
will be many plans expressed for con-  
trolling the crop and price of cotton.

Sells Bros. of Philadelphia, the big  
soap manufacturers are here to see the  
tale from this State. They go from here  
to the mines to secure a shipment of it.  
They say it is second only to the Italian  
tale. They use 20,000 pounds of it  
monthly.

There are many who think Senator  
Butler ought to resign after his shabby  
speech at Rocky Mount. But last reason-  
able to expect a man who is so low as  
to make such a speech to give up such a  
nice fat job as U. S. Senator. So there  
will be no resignation unless it can be  
forced from him.

Victor Holden, Esq., of this city has  
qualified as administrator of the estate of  
Dr. G. W. Blackman.

U. S. Marshall Carroll has paid the  
judgment of \$25 as obtained against him  
by John H. Husey of Washington.

A special train on Thanksgiving Day  
will bring the students here from Trinity  
and Wake Forest colleges for the big de-  
bate.
