WILL BE A VOTE.
**Question on Financial Legislation
Will Come up in Senate.**

Hawaii Matter to Come up To-mor-
row. CIVIL Service Agitation.
New Postage Stamps for In-
ternational Mail, Evils
of Convict Labor.

There will be a financial vote in the
Senate of this session. That was made
practically certain when Senator Teller
offered the old Stanley Matthews resolution,
declaring that all U. S. bonds are
payable in silver dollars, at the option of
the government, which was adopted by the
Senate nearly twenty years ago. The
resolution was referred to the Finance
committee, which is controlled by the
silver men. Mr. Teller says the resolution
was not offered for a bill, but that he
intends to have it voted upon, regardless
of its chances of getting adopted by the
House. Inasmuch as it is impossible to
get favorable action on this resolution
from the House, it is believed that the
object of Senator Teller in offering it is
to convince the advocates of gold bond
legislation that they are wasting their
time.

As it is known that Senator Davis,
chairman of the committee on Foreign
Relations, has been making a careful
study of Senators, his action in giving
notice that the treaty for the annexation
of Hawaii would be called up Monday
and kept before the Senate until disposed
of is taken to mean that he feels some
of the needed votes for ratification.

Civil Service matters are very much
in evidence in Congress this week. In
the House a lively debate on the subject
is on, and a bill, which is the work of the
committee appointed at the recent con-
gress of Republicans, opposed to the present
status, providing that the civil ser-
vice law shall only apply to the govern-
ment departments in Washington, and
to other localities where the number of
employees exceed 25, and even in those
places only to those with salaries from
\$900 to \$1800, inclusive, and in the Senate
the reports of members of the Com-
mission, in reply to the Senate resolution
asking their opinions of the workings of
the civil service law and rules, were
read. Three of these Secretaries, Sher-
man, Gage and Wilson favor modifica-
tion of present rules.

This week the Bureau of Engraving
and Printing made the changes in the
color of postage stamps that were de-
cided upon by the International Postage
Congress last year, but the new stamps
will not get into use for a month or so.
It will be remembered that the Congress
decided that the one, two and five cent
stamps of the United States should con-
form in color with the stamps of the same
value of all countries belonging to the
postal union. This will make the one
cent stamp green, the three cent stamp
yellow, and the five cent stamp blue.
These changes were made to expedite the handling of
international mail.

Representative Shnyder, of Texas, who
at the extra session introduced a bill
giving States the authority to control the
introduction of goods made by convict
labor, is trying to get members interested
in the subject. He says that when he
made a personal investigation of convict
competition with honest labor he was
horror-stricken at the extent of it. Of
his bill Mr. Shnyder said: "Some states
have been raised as to the constitutionality
of the measure. Of course I think it con-
stitutional, and if it is, the only objection
likely to be raised will come from gen-
tlemen who think the privilege of con-
trolling any part of interstate commerce
should not be given to the States, and
from employers who grow rich on the
convict market labor."

What it Means.
When we describe that we will give
you the Dr. King's New Discovery, Elix-
ir Bitters, Bucklen's Arnica Salve, or
Dr. King's New Life Pills, it means that
we are authorized by the proprietors to
sell these remedies on a positive guaran-
tee, that if purchaser is not satisfied with
results, we will refund the purchase price.
These medicines have been sold on this
guarantee for many years and there is not
a more reliable evidence to their
great merit. Ask about them and give
them a trial. Sold at E. S. Duffy's Drug
Store.

HANNA CLAIMS VICTORY.
Two of the Bolters at Columbus Are
Converted.

COLUMBUS, Ohio, Jan. 7. - Marcus A.
Hanna seems to be breaking the back of
his enemies. The two leading Republi-
cans on whom Charles E. Kurtz has been
banking must have forsaken him and
gone over to Hanna.
James Mannell, of Montgomery county,
gave a written pledge to Hanna's man-
ager, Major Dick, at 4 o'clock this morn-
ing and has gone home to Dayton to
denounce Kurtz at a Hanna mass meet-
ing there.
John P. Jones, of Stark county, has
sent a telegram to President McKinley
promising to vote for Hanna when the
time comes.
Jones' aged mother, at Canton, and
President McKinley himself are responsi-
ble for his desertion from the bolters. His
mother coaxed Jones away from Kurtz's
headquarters back to Canton, and Presi-
dent McKinley, who while he was gov-
ernor gave Jones an office, personally ap-
pealed to him yesterday by telegram.
The Hanna men move as they are sure
to win on the first ballot.

THE STATE CAPITAL.
Has Railroad Commission Complete
Jurisdiction Over Passes.

Death of Mrs. Rosa Hall Ashe. Davis
Goes to Washington. Guarding
The Office. Keep Lynchites
Moving. Cost of Con-
victs.

JOHN S. BUREAU,
Editor, N. C., Jan. 10.
Only five of the convicts will just yet
be employed in the shirt factory to be
established at the penitentiary. The
shapel is to be used for the present as the
big west wing is not fitted up, and it
would cost so much to equip it. There
are only about 175 convicts in the peni-
tentiary proper, the rest being out on the
farms. In the big penitentiary garden
25,000 cabbage plants have been set out.
On Saturday the Railroad Commission
met. Col. A. B. Andrews, and his
chief clerk, Henry Miller before them to
answer as to the issuing of passes, and
also had J. B. Munson and Mr. Pitts ap-
pear to tell about reduced freight rates on
furniture for Mrs. Wilson, a widow lady,
for the Grand Knott Hotel. The ques-
tions were not answered, and so these
gentlemen were given until Thursday to
either answer or else show why they
should not hold for contempt.

Early this morning at the home of
Capt. S. A. Ashe, Mrs. Rosa Hall Ashe
died. She was in her 82nd year. She was
the aunt of Gen. Ashe and had lived
here with him for many years. She only
child, Dr. Alexander died in 1866. She leaves
two sisters, Mrs. Fannie Waddell, of
Tartows and Mrs. Jessie Hill, of Peter-
burg, Va.
John D. Davis, the man who so won-
dered the people of Wilmington, and
raised the Methodist church there, and
who was adjudged insane in 1892, has
been dismissed from the Asylum. The
court in Wilmington last week passed
his case, when Dr. Kirby informed the
authorities that he was ready to be dis-
missed. He will go to Washington city
and there begin his new life.

The Rogers-Gillis Company will be
the next attention in the state courts
that will appear before the Supreme
Court.
Rev. Dr. J. A. Weaver last night
preached a sermon at the Methodist
Church on Holy Love the Master.
Senator Barlow's latest bill, particularly
for the Supreme Court Judges, and the
judges of the lower courts, will be con-
sidered by the people and for several years
has been going into effect in 1898.

The Bill Pointe to be given at the
Park Hotel by the "Mourning Circle of
King's Daughters" will be on the night
of the 11th instead of the 10th.
It is said that a Federal court Judge
says that the R. R. Commission has no
jurisdiction over railroads for issuing
passes when these railroads run into
other States. That the interstate com-
mon law comes in in that case. The
commission has evidently begun to see
that its position is rather tenuous.
The railroad commission office is
strictly guarded day and night by James
Mott, a son of Dr. J. J. Mott. It is by
order of the Governor that such is the
case.
It is noted with much pleasure, that
the people of Wilmington have found
sufficient grounds to justify the arrest of
any of the "Lynchites" who try to preach
their doctrine in that city. If such is the
case can they not be driven out of the
State? What are the State authorities
doing to allow such a band of immoral
people to practice openly their vile
beliefs and not expel them from the
State?

Ex-Judge T. B. Womack chief clerk to
collector Simmons is appointed assistant
general counsel of the American Tobacco
Company with headquarters in New
York. He will assist W. W. Fuller who
is the general counsel and will go to
points where suits are to be brought.
It is given out that the cost of county
convicts on the road here is only \$1.00 a
day each. This includes food, clothing,
medical attendance and quartering.
Wake Superior Court suits here today
with 102 cases on the docket.

ON THE STAND.
Col. Andrews Examined Before
The Railroad Commission.

Other Witnesses Also Questioned.
Decline to Answer Some Lead-
ing Inquiries. Given Until
Next Thursday to Escape
Contempt of Court.

Special to Journal.
RICHMOND, Jan. 8. - The Railway Com-
mission had before it today on a subpe-
na, Col. Andrews, Vice President of the
Southern Railway Company, Henry Mil-
ler, John Munson and R. L. Pitts.
The two latter declined to answer lead-
ing questions because an answer might
lead to their arrest and they did not
produce their books.
The Commission desired to get evidence
of special rates of freight alleged to have
been given to Otto Wilson.
Col. Andrews said he had given some
passes this year, but none in violation of
laws and that his company did not in-
tend to violate it. He was asked if he
had not tendered a special car free to
Judge Smooton, but declined to answer
the question. A majority of the Com-
mission, Abbott dissenting, decided that
all the questions must be answered or the
Commission should hold all four wit-
nesses for contempt. They were finally
given until next Thursday to show cause
why they should not be attached for con-
tempt.

PLUCKY ISLANDERS.
England and Japan Against the
World. China Refuses Russian
Aid.

Special to Journal.
NEW YORK, January, 8th. - China has
rejected the offer of Russia to make the
loan. The British Cabinet met in Lon-
don today to decide the question of the
proposed English loan to China of eighty
million dollars.
Japan seems determined to unite with
England in opposition to the over-
reaches of Russia and Continental powers
in China. The large Japanese fleet is
placed at the disposal of the British ad-
miral Sir Alexander Duffin on the China
station. The fleet consists of three bat-
tle-ships, ten first class cruisers and a
number of smaller vessels.
According to the latest developments
the movement of Germany at Korea has
been done by a secret agreement with
Russia. China now throws herself upon
the protection of England, backed by the
Japanese.

in its praise." Dr. King's New Discovery
is for Consumption, Coughs and Colds,

AMERICAN SPHINX.
Speaker Reed Can be Exceeding-
ly Sly at Times.
He Has Taken no Side on the Civil
Service Fight. Many Members
Pledged to a Bill Cabinet
Favors Modification of
Rules.

REEDING, N. C., Jan. 10, 1898.
Speaker Reed, when it suits his pur-
pose to do so, can play the role of the
sphinx in a manner that has never been
surpassed by any man in public life. He
has been playing it during the term of
the House over the question of modi-
fying or repealing the civil service law,
and up to this time all attempts to ascer-
tain where he stands have failed. During
the warm debate, which began the day
Congress re-assembled and which still
continues, he has not said or done any-
thing to indicate which side, if either,
he sympathizes with. The statement that
the anti-repealists among their constitu-
ents has made them more determined
than ever to do something. They have
openly told their Republican colleagues
that if they would not help them to pass
a bill modifying the civil service law,
they would unite with the Democrats for
the purpose of passing a bill for the
repeal of the law. More than one hundred
Republicans are said to have promised to
vote for the bill modifying the civil ser-
vice law that is to be reported to the
House from the committee on civil ser-
vice, provided that the bill is not more
radical than the one introduced last
year, which would eliminate the operation
of the civil service law to offices with salaries
from \$900 to \$1,800 a year and to local-
ties where there are more than 25 em-
ployees.

"Every time the Senate delays from
its deliberative session," said a Senator
noted for his conservatism, "it does
something that it would better have left
undone. It is to be hoped especially to
the resolution adopted without consider-
ation by the Senate put previous to the
present calling upon the members of the
Cabinet for their opinions of the civil
service law and rules. Nobody seems to
have paid any attention to the somewhat
extraordinary nature of that resolution
and the answer he gets comes in and
is read to the Senate. Then it is decided
upon many Senators, especially those
who are sticklers for precedent and pro-
cedure, that the resolution asking mem-
bers of the cabinet to send their opinions
to the Senate is something that the
President had full authority to regulate
without additional legislation was a
violation of both.

Senator G. K. Bill of Missouri is said
to have been in this city and gave notice
that he would introduce a bill to amend
the President's authority in the appoint-
ment of the President, where they report
before and Senator Hays and other
Democrats. It is said to be a most extra-
ordinary proceeding for the Senate to
interfere in the field of Departments to give
their opinions as to the wisdom of the
President's action. Had a bill to have
this made a matter of duty. Had not
the President been drawn out I should have
been glad to see the bill. With all
the talk about the President's authority
and the President's authority, it is not
clear to me why all these bills are
being introduced.

Hanna Stark Strong.
COLUMBUS, Ohio, Jan. 9. - The Hanna
message says tonight that they have the
necessary 23 votes to re-elect the Senator.
Representative Griffith of Union, who
was recently converted to Hanna, is
said to be in the city with the Senator,
but he is not trying to win him over to
the other side.
The air is full of charges and counter-
charges of bribery. These are vigorously
denied.

The opposition to Hanna has no bet-
ting yet in its favor. Bets ranging from
\$500 to \$5,000 for even money on Han-
na's election have remained posted at the
New House two days without takers, and
there are other bets offered, among them
being one of \$50 by General Croswell on
Hanna's election. None of the wagers is
on the result of the first or any
other ballot, but all are offered on the
final result.

Don't Change New York Address.
WASHINGTON, Jan. 9. - The Postoffice
Department has found it necessary to is-
sue a notice that the recent consolidation
of the cities and towns, comprising
Greater New York, did not change the
postal arrangements affecting the
several localities. This notice was
found necessary because of the
many mistakes made by persons
addressing mail matter to friends
in various parts of the metropolis and
designating the city location simply as
"Greater New York." There are said to
be over 200 streets and avenues in Brook-
lyn similar in name to those in New York
city proper, so that mail containing the
names of any of them as the street ad-
dress for delivery would not be definitely
enough indicated to insure its delivery
unless the city as formerly known were
indicated.
