Railroad Commission Still Furnishes News Items.

Purchase Tax Not Paid. In Ewart's Place. Senator Butler's Demands on Railroad Commission. What the University is Doing.

JOURNAL BUREAU.
Raleigh, N. C., Jan. 25, 1898.

The A. & M. college students petition Governor Russell to allow a squad of convicts to put in under once the athletic and parade grounds out at the college. The Governor refused them to the superintendent of the penitentiary.

The trustees of the University were in session here today.

Dr. Thos. S. Mott, 1st assistant physician at the Insane Asylum died there yesterday from consumption.

Oliver H. Duckery, Jr., who is to be Collector Duncan's chief clerk is here ready to take charge of the position Feb. 1st.

There are fully 30 merchants who have not as yet listed their purchase tax, and now they can only do so by courtesy of the Register of Deeds as the time designated has expired.

When Primrose and West Ministers were here last week three of Raleigh's young men contracted to sing with Wilson's troupe. George Wilson is to start out with a show of his own.

It is said that V. S. Lusk of Asheville will be offered Ewart's place as Judge of the Western Criminal court, when Ewart steps into Judge Dick's shoes. Many think Lusk will take pretty much anything in his reach.

The last-coming Presbyterian Sunday school in here was last night opened for the first time for use. It is a model of convenience as a Sunday school building.

It was believed that Wheeler Martin would decline to be the successor of Bernard as Solicitor for the eastern district, but he is here and a pretty sure to say, "Yes and thank you."

The Easter term of "St. Mary's" began this morning. There were quite a number of new pupils that entered.

The next term of court here will convene on March 7th instead of February 20th. The first week will be omitted, and the cases set for the second week.

The R. R. commission had to hold its session today in the State Library, there so many a large number of Railroad officials had to hear the commission on the reduction of passenger rates.

Senator Butler demands a freight rate reduction, and it is supposed the R. R. commission will soon make the reduction. He directed a reduction of passenger rates.

It is believed that Butler has found it to be impossible to form a new party out of Butler, Pop, Russell Republican and a few weak Democrats and has so told Russell.

There are many prominent men here today from all parts of the State. Some to answer the summons of the R. R. Commission and others to attend the University Trustees meeting.

Gilbert Ward, the Wayne county murderer who was carried to Goldboro yesterday for trial, was brought back here by the Wake county jail today for safekeeping, his trial being postponed until April.

President Alderman of the University submitted his annual report to the trustees today. The institution is more prosperous than ever before.

During the past year 653 persons secured instruction there, 185 of these attended the Summer school. Eighty-six out of the 96 counties are represented and nine other States besides, N. C. Georgia county leads in the number of students having 47. Forsyth 28 and Wake 27. Ninety per cent of the students are from North Carolina. The corner stone of the \$25,000 alumni building will be laid June 1st. Four ministers from different denominations are elected preachers to the University and will each spend a week there. This is a new feature. President Alderman was granted 13 months' leave of absence.

AT INDIANAPOLIS.

A Large Gathering Interested in the R. R. Form of the Currency.

SPECIAL TO JOURNAL.

INDIANAPOLIS, January 20.—The second day meeting of the monetary convention was held today in the Grand Opera House.

There are now 20 States represented in the convention and there is more than a hundred delegates increase over the first convention of a year ago.

ALWAYS THE GOVERNOR.

The Usual Daily Exhibition of His Doings.

Tucker is No More. Small Pox Attracts Attention. Convicts For Public Roads. Pensions Paid Confederate Veterans. More Passes.

JOURNAL BUREAU.
Raleigh, N. C., Jan. 26.

The Railroad Commissioners at their meeting yesterday had the pleasure of having quite an array of Southern officials before them. They also had the pleasure of hearing some pretty plain words. No decision in the contempt cases was rendered as Col. Andrews and the others ate their breakfast at their homes as morning instead of "behind the bars." Col. W. A. Henderson of Knoxville, Tenn., general counsel for the Southern made a brilliant argument for his clients.

Today sees the end of a firm that has been in existence here for over 60 years. W. H. & R. S. Tucker & Co. today closes its business and the two gentlemen T. H. Dabbin and J. E. Ferrall will open in the place of Tuckers will do so in their own names.

The appearance of small pox in Charlotte while it is in Wilmington and Rockingham naturally makes people here a little restless. It may be that the Board of Health will take the matter in hand and require vaccination.

One of the commissioners of Calmar county came yesterday to complete arrangements for the 40 convicts that are to be carried to that county for work on the public roads.

The lovers of comic opera will enjoy "Wang" here on January 31st.

The Raleigh Yacht club was elegantly entertained at the home Miss Lydia Hoke last night.

Dr. Eben Alexander of the State University, who has been invited to Greece, will on February 11th deliver an address on "Greece and its people" for the benefit of Good Shepherd church.

It will be remembered that Governor Russell was requested by the New York World to wire some cotton mill statistics a few days ago. Your correspondent gave an outline of the Governor's reply, but did not know that he had added as "extras" a fling at Dr. Abbott, the railroad commissioner that does not let Governor Russell think for him, nor who does not always think as the Governor. He intimates that Dr. Abbott can be bought by Porcupin Morgan, but that his two rivals Caldwell and Pearson cannot. Republicans here last night were indignant that the Governor should have so slandered Dr. Abbott.

The machinery for the shirt factory at the penitentiary arrived yesterday and will at once be put in position. The penitentiary is allowed to do the washing for residents of the city and many patronize it. Thus convict labor is brought in competition with free labor, and those who help convict labor would be found in their denunciations of one who had to steal to live after the means of living was taken from them and given to those who little needed it, rather than to the State.

There is little doubt but what Ewart will be the successor of Judge R. P. Dick. It is not known who will be Ewart's successor. The Governor has not given it out.

Tomorrow the passenger rate question comes up before the R. R. Commission and on Friday the Southern Express Company will be asked why it "Dead Headed" expressage to his honor the Governor.

Some time ago the plan to establish a library at the city graded school was started. There are now but 1,800 volumes. These were contributed to the pupils, mostly. Some books have been bought by money raised by different entertainments and some given by citizens. There 1,000 books are in the Central school, at the Murphy is another library of the same kind.

Since 1889, when the first pension law went into effect there has been paid to Confederate Veterans in pensions \$74,000, so says Auditor Ayer. This does not include the special appropriation to disabled soldiers.

It is not yet known whether the Bell Telephone will appeal from the R. R. Commissioners rate or not. If not the rate will go into effect Feb. 1st.

The penitentiary bought the Castle Hayne farm but never paid for it. It nevertheless did not hesitate to sell about \$5,000 worth of material. The penitentiary must be in straits. Even the directors not knowing its debts.

The Southern R. R. has issued a circular saying they will issue no more free passes to railroad employees families. This will be a hard blow if it is carried out.

Judge Robinson was yesterday a witness in Goldboro as to his "toting" a free pass.

PASSED BY SENATE.

Teller Resolution on Payment of Government Bonds.

To Pay Them at Option in Gold or Silver. Friends of Cuba Play off Against Hawaii. Ewart's Nomination Sent to Senate.

SPECIAL TO JOURNAL.

WASHINGTON, Jan. 27.—The Senate today passed the resolution introduced by Senator Teller of Colorado, making bonds of the United States payable in gold or silver at the option of the government.

The Teller resolution as passed is as follows:

RESOLVED, That all the bonds of the United States issued, or authorized to be issued, under the said acts of Congress heretofore recited, are payable, principal and interest, at the option of the Government of the United States in silver dollars of the coinage of the United States containing 423 grains each of standard silver; and that to restore to its coinage such silver coins as a legal tender in payment of said bonds, principal and interest, is not in violation of the public faith nor in derogation of the rights of the public creditor.

This resolution is the same as the Stanley Matthews resolution passed by both Houses of Congress in 1874.

The object of the silver men in pressing the resolution is thought to be that they desire to demonstrate that no currency reform bill can be passed this session in the Senate. The debate on the resolution has resulted in drawing the lines more closely between the two forces.

The vote on the treaty of annexation with Hawaii stands in a fair way to be considerably delayed. A fresh complication has arisen by the action of the friends of Cuban independence. They have determined to delay consideration of the treaty until, as they say, they can ascertain the intentions of President McKinley towards the Cuban cause.

This afternoon the President sent to the Senate the name of H. G. Ewart, Judge of the Western Criminal court of North Carolina, to be United States Judge of the Western District of North Carolina.

A Chinese Reception.

WASHINGTON, Jan. 25.—The Chinese minister and Madame Wu gave one of the most beautiful card receptions of the season this afternoon to celebrate the Chinese New Year. The white marble mansion occupied by the Chinese legation was filled in the late afternoon hours with a distinguished concourse of visitors. The Chinese minister and Madame Wu welcomed the guests in the yellow drawing room at the left of the main entrance.

The minister greeted the guests first in the Chinese fashion, while each of them wished him a happy New Year. The minister's "dress" was especially elaborate, composed of rich brocades, and he wore the buttons and jewels denoting his rank.

BLIZZARD STILL RAGING.

Over vast stretches of Country the Storm King Holds sway.

SPECIAL TO JOURNAL.

CHICAGO, January 26.—The great Northwest storm of wind and snow still rages over thousands of square miles of country.

In all the cities the streets are blocked and street car traffic has ceased. Telephone wires and poles are down in every direction.

The damage to the delay of trains and the loss of perishable goods is very great. In Chicago the suburbs are completely isolated from the city.

TREATED ALL RIGHT.

The Battleship Maine Relieved and Courtroom Extended.

WASHINGTON, Jan. 25.—A telegram was received from Consul General Lee by the State Department this afternoon and was taken by Assistant Secretary Day to the White House for the information of the President. General Lee said that the Maine had been received with every courtesy. The commanders of the German and Spanish ships of war in the harbor had called upon the commander of the Maine, who had returned their calls. The Spanish forts had fired salutes, and all the ceremonies demanded by naval etiquette had been observed. In addition the Consul General stated that everything was tranquil in Havana.

STEAMER LOST.

DURING THE STORM ON LAKE MICHIGAN, Crew Rescued.

SPECIAL TO JOURNAL.

CHICAGO, January 25.—The steamer City of Detroit has been wrecked on Lake Michigan during the blizzard that has prevailed for the last three days.

The disaster occurred near Benton City, Michigan, across the lake from this city. The crew of 25 men were rescued by the Life-Saving crew. Some of the men were badly frozen and suffered badly from exposure.

LEED ACTS AS HOST.

Spanish Officers Will Attend the Banquet. Security Felt by Americans.

SPECIAL TO JOURNAL.

HAVANA, January 27.—Consul General Lee gives a banquet to the naval officers of the warships of the various powers now in the harbor at Havana.

The Spanish officers will attend the banquet as the guests of Gen. Lee.

The presence of the battleship Maine has created great enthusiasm among Americans in Havana. They feel that their safety is made secure.

Tucker's Stock Sold.

SPECIAL TO JOURNAL.

RALEIGH, January 25.—The entire stock of dry goods of the house of W. H. & R. S. Tucker was sold today in a lump.

It was sold by the trustees and was bought by Theodore W. Polden and Joseph F. Ferrall of Raleigh.

Bills for Klondike.

SPECIAL TO JOURNAL.

PORTLAND, Oregon, Jan. 25.—The United expedition organized by the Government for the transportation of supplies to Dawson City for the relief of the Klondike gold miners, will start on the 1st of February.

MINERS ARE HAPPY.

200,000 Men Get an Advance in Wages.

CHICAGO, Jan. 26.—The International Convention of Independent Coal Operators and Miners ended at 10 o'clock tonight. The miners are jubilant over the result of the ten-day session, for it means to nearly two hundred thousand soft coal miners an advance of 10 cents a ton in wages and a half-day of eight hours at minimum wages. And the operators congratulate themselves on a victory over themselves.

BONDS REPUDIATED.

Honorable County Repudiates Its Obligations. Decision By Judge Norwood.

ASHEVILLE, N. C., January 26.—Superior Court Judge Norwood at Waynesville today decided that the Honorable bonds of the Asheville and Spartanburg Railroad are null and void.

A permanent injunction was issued against the county treasury. Debitants gave no dissent against the supreme court.

Judge Norwood based his decision on the grounds that as the construction of the railroad was not begun until after the election of 1892, the bonds are null and void.

The only dissent was the passage of which was signed by the majority of the court. It is reported that the county will not pay the bonds.

The Nashville Contest.

NASHVILLE, Tenn., Jan. 25.—A vote was taken in each branch of the Legislature today for United States Senator. As the Democrats are largely in the majority there was no election. Most of them did not vote.

The Democratic caucus met again at night and took eighteen ballots. The last and eighty fifth ballot stood.

McMillin, 37; Turley, 27; Taylor, 26.

The indications still point to a dead lock, and the feeling is growing that there may be no election of a Senator.
