FIFTY MAJORITY AGAINST IT

Almost on Strictly Party Lines - Reed
Cast His Vote.

Washington, Jan. 30. - The House of Representatives today turned the Teller resolution, denouncing the bonds of the United States payable in silver, under fire, after adverse vote by fifty votes.

The Republicans were solidly aligned, voting with two exceptions. Mr. James H. of North Carolina, who voted for the resolution, and Populists, and White Sox of West Virginia, who associated themselves with the name called.

Speaker Cleveland, although it was not necessary for him to do so, had his name called, and most others of his followers, went on record in opposition to the resolution.

The vote was reached after five hours of debate and a special order adopted at the opening of the session today.

The galleries were crowded all day long and the combatants on the floor were cheered by their respective sympathizers. Many of the senators from the other end of the Capitol were also present to listen to the arguments.

Japan Preparing for War.

He confesses that he has improperly loaned him hundred thousand dollars of the bank's funds. This confession was made after his resignation as cashier took effect.

Ten Per Cent Increase in Wages.

ASHLAND, Wisc., Feb. 1. - The Carnegie Oliver Mining Company, operating four of the largest iron mines on the Geogianay range and employing 2,500 men, today announced an increase of ten per cent. in the wages of all their employees. From expression of other mine owners it is probable an increase in wages will shortly be made by other companies.

BLOCKED BY SNOW.

Railroads Buried, Storms at Sea, Much Damage to Marine Traffic Has Occurred.

Special to Journal

N.Y., Feb. 2. - The great snow has brought a complete snow blockade. Although North England, the storm has proved to be the most severe in many years.

The suspension of the railroad at York, Lancashire, England, the passengers have to take the cars and then being driven east of the Pennines to the Lancashire and Cheshire.

Vessels have been shut to pieces on the coast and a number of lives are lost.

Telegraphic communication between Boston and Montreal is still entirely cut off. Wires are twisted in all directions and the electric light service on our streets is crippled. The intense wet snow which followed the blizzard has piled up against the poles and wires.

In Maine the severity of the blizzard was felt to the utmost. The entire State is blocked and all travel is stopped.

It is now estimated that the storm has cost Boston two million dollars. The loss in the New England States is put at ten millions.

ABREXIONISTS Gain Hope.

Washington, Feb. 2. - The condition in the Senate respecting the Hawaiian annexation treaty has greatly improved and the friends of the treaty, including Senator Davis, chairman of the Foreign Relations Committee, are confident that sixty Senators, whose votes are necessary for a two-thirds majority, will vote for ratification. Confidence in the changed condition is found in the determination of the friends of ratification to press forward the treaty to a final vote.

THE LION ROARS.

The Naval Strength of Britain
Concentrating in the East.

No Backdown by Salisbury As
Reported, England Aroused by the

Apparent Timidity of the
Government. No Surrender
to Russia.

Special to Journal

New York, February 3. - It is reported from London that the British fleet are bound to concentrate in the East.

The Indian, Australian and Pacific
squadrons are directed to reinforce the British warships now in Chinese waters.

LONDON, February 2. - The announcement by the Peking correspondent of the London Times that Great Britain has definitely withdrawn her demand for the opening of the Chinese port of Ta-Lien-Wan has created much surprise and excitement among politicians, and was eagerly discussed at the clubs.

The liberals vigorously denounced the reported backdown of the British government, while the conservative members of the House of Commons did not conceal their bitter disappointment.

Many declined to credit the report until it should be officially confirmed, and a prominent conservative this afternoon offered liberal opponent to pay a substantial sum to a public charity if the reported backdown should be confirmed.

The liberals declared it would be a humiliating surrender to Russia and a severe blow to British interest and prestige.

The press throughout the country is extremely indignant at Lord Salisbury's alleged backdown at Ta-Lien-Wan. Conservatives, less than liberals, bewailed the supposed retreat from an impossible position on the ground that Great Britain, supported by the United States and Japan, might safely have defied Russia.

It is understood that the government is angry with the Times for revealing the position.

SAN FRANCISCO, February 2. - The steamer Ryukyu Maru, which arrived today from Hong Kong and Yokohama, brought the following Oriental ad- vices:

The Japanese standing squadron has been ordered to leave Yokohama for Chinese waters on January 20th shortly before the Rio de Janeiro.

A Tokio paper states that there are

some sixty thousand troops in Manchuria ready to take the field at a moment's notice.

Fortified For Money.

Special to Journal
DETROIT, Mich., Feb. 3. - Mrs. Nancy Fox, a wealthy woman of this town, was taken by robbers and tortured to obtain money from her. They succeeded in robbing her of a very considerable sum.

Our Fruits Shut Out.

BOSTON, February 2. - The Pressman minister of finance, Dr. Miguel, issued a decree yesterday which goes into effect immediately prohibiting the importation of every kind of American fresh fruit. The decree has been sent to all the custom ports and frontier stations, keeping Bayamon, Sajonia and Wartabon. The United States embassy was not present to witness, and the United States minister, Mr. Andrew D. White, who forwarded a letter to the foreign office, told upon what authority the minister had taken.

The pressman, however, accepted and Dr. Miguel, too, has reluctantly yielded. While it is a stated idea of a statesman to make a nation strong, why should he not do it?
