What has Admiral Cervera and the other Spaniards done that they should be sent to Raleigh for confinement? This was supposed to be a war for humanity's sake, yet it is suggested that the above Spanish officials be sent to Raleigh while in this country.

WILL MEET THE ISSUES.

It must truly be a poor kind of an American who can seriously question the ability of his country and his people to meet and successfully cope with the issues which shall arise from the war with Spain.

The masses of the American people, depressed, going into the war, returned, entered upon a united people, shoulder to shoulder, from East to West, South to North, presented solid ranks to the enemy.

The war has and is being fought as only Americans can fight, and its result has never been in doubt.

But in addition to this war, the more physical and financial problems which a necessarily governed war, the American people are not content to leave that far more serious and arising as results of the war with Spain.

These serious and far more reaching and of greater length in time than any war, but they will continue as long as a united front for all time.

What shall be done with the Philippines, what with Cuba, Porto Rico, or any other Spanish possession, which America will control after the war?

Very serious problems, then, will we be met, yet they will meet, and it will be met successfully.

In regarding the question which arises in opening the war was commenced, the very highest qualities which the American people possess are shown in service, courage, skill, patriotism, and when the war is over, and peace comes, then shall those other great attributes of the American people be brought out - civilization, education, Christianity, and these shall subvert the Cuban, the Philippine and other issues, as did the courage, skill and patriotism, the issues of battle.

As American soldiers today before the world, magnificent in their achievements, shall be admitted to the world, what after the war, a robe of peace that crosses oceans and christians to those people now groping in ignorance and superstition.

The American people can and will meet the issues, and successfully solve them, which shall grow out of this war with Spain.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist recommended Electric Bitters, and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering with this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by F. B. Duffy, Druggist.

BOTH WILL BE PRESENT.

The near approach of the State Republican Convention which has been called to meet in Raleigh on the 20th inst., provokes the question whether Marion Butler will be present in person or by proxy.

Mr. Butler's absence from Raleigh is a failure, which he himself has admitted, and the Senator has attempted to cover it up by various excuses.

Of course Senator Butler will be present at the Republican Convention in Raleigh, but he will not be present at the State Democratic Convention in Raleigh.

It is a pity that the American people are not more united in their support of the Republican party.
