EVERYBODY COME!

Major Guthrie Will Preside at the Great Goldsboro Meeting.

Guthrie is for White Rule. Letter from Chairman Simmons. Russell's Proclamation. Negroism on the run Everywhere.

DURHAM, N. C., October 23th. Hon. F. M. Simmons, Chairman, Raleigh, N. C.

Dear Sir—Your invitation tendering to me the honor of presiding over the White Man's Convention at Goldsboro on the 28th inst. has been received, and under the circumstances, I accept the same with pleasure.

Up to the present time I have not taken any active part in this campaign, and my intention was to refrain from doing so, until I read today's dispatches from Washington to the effect that the President and his cabinet are being impugned by men in high official position to send federal soldiers to North Carolina to interfere with our local affairs, and to uphold by the aid of Federal bayonets those who would perpetrate, if they could, the present disgraceful condition of our local State Government.

The time was, thirty years ago, at the end of the civil war, when such things had to be tolerated, but no true-hearted Southern man, who lived through the reconstruction period, can wish to see a repetition of those dark and stormy days, when civil law was dominated by military strength to uphold partisan local government.

It is high time now for all true North Carolinians to arouse themselves from their lethargy, and come together as one man, with one mind, determined that our Anglo-Saxon civilization shall be preserved.

The true white man of North Carolina, who love our State, should come together regardless of past party affiliations, and go to the polls on the 28th day of November, with the fixed resolution that the present condition of public affairs in our State shall be changed, so that men whose chief business in life has been demonstrated to be that of trading on party fealty as the means of getting for themselves personal gain, shall be driven from power and place, and that those who succeed them shall be worthy and competent to guide the future destiny of our goodly State.

Yours Truly,
Wm. A. GIBBON.

Maj. W. H. Bernard, member of the State Democratic Executive Committee, received the following telegram from Chairman Simmons:

Raleigh, N. C., October 23.
Wm. H. Bernard, Wilmington, N. C.

Nothing has happened or is likely to happen in North Carolina to justify calling for Federal troops. If they are asked it will be for the purpose of intimidating the whites, emboldening the negroes, and killing and protecting the desperate and panic-stricken fugitives in carrying out the schemes they are known to be hatching for stealing the election. These politicians, the wretch of the people when their desperate methods of fraud are exposed, and they cry out for the army to save them into submission. We are going to carry this election by peaceful methods, and we are not going to be intimidated by the threat of the bayonet. Ask nothing of McKinley. Send no committee to Washington. We need have no fears. The aroused and organized manhood of the State will carry the vote, under a majority of 20,000 votes, by a vote of no bayonets.

F. M. SIMMONS, Chairman.

Raleigh, N. C., October 23.—Governor Russell issues a proclamation reciting that "whereas, the Federal constitution secures to the States a republican form of government, protection from invasion and freedom from domestic violence, and the State constitution guarantees the inherent right to regulate internal affairs, to hold peaceful elections, and forbids that citizens be deprived or restrained of liberty, except upon indictment, and, whereas, it has been made known by the public press, by numerous letters, and by oral statements, that the political canvass has been made the occasion for bringing about lawlessness in certain counties, such, for example, as Richmond and Robeson, and, whereas, it has been made known to me, that certain counties lying along the southern border of the State have been invaded by certain lawless men from another State, that several political meetings in Richmond and Hall counties have been broken up by armed men using intimidation, and in some cases actual violence, and citizens fired on from ambush, that several citizens have been taken from their homes at night and whipped, peaceful citizens have been intimidated and terrorized by threats of violence to their persons and their property, until they are afraid to register themselves, preparatory to exercising that highest duty of a free man, the casting of one free vote at the ballot box for the men of their own choice in the coming election."

Russell issues this proclamation commanding all ill disposed persons to

immediately desist from all unlawful practices, and use lawful efforts to preserve the peace, maintain law and order, and obey the officers of the law, to use their best efforts to apprehend and bring to trial all persons guilty of any of the above offenses, and to report to the political authorities the names of all persons who are guilty of any of the above offenses.

THE STATE CAPITAL.

Damages For an Accident. Scheming For Election. Negro Will Hang. News Items.

JOURNAL BUREAU. Raleigh, N. C., October 23.

It will be recalled that some time ago a Miss Dillon was thrown from a buggy here, and struck a post that stood in the street to support a bridge. She sued the city for \$5,000 damages, and on yesterday the court gave her a verdict of \$1,000. The city will appeal.

There are many Republican and Populist leaders gathering here, to scheme for securing the election. They are evidently rather worked up on the outlook for Democratic success on the 28th of November.

This morning a heavy rain has set in that considerably effects the fair. The weather promised to be perfect, which meant much. The lady marshals were quite a feature yesterday in the parade.

The news of Pritchard's letter to the President regarding the sending of federal troops here in North Carolina to control the election was the general topic of conversation here on yesterday.

Booker T. Washington, who two years ago mortgaged a negro woman's land, has been tried and the verdict was guilty. He appealed to the Supreme Court, but a new trial was ordered. He is confined to jail.

Governor Russell has issued his proclamation to the people, who state for and against an improved method of coming election.

Today the U. S. District Attorney met, and they will discuss the biggest part of the March 15th case.

Major Guthrie, the Populist member for Governor, two years ago, has accepted the honor of presiding over the White Man's convention at Goldsboro on the 28th. He comes out in a card a card, the need of any military interference during the election.

The Morning Post here has out an extra with a flattering history of the Second Regiment.

PARIS IS WILD.

Troops Clear the Streets. The Dreyfus Matter Breaks Loose.

PARIS, October 23. Few persons here have thought of the day today. There has been a more immediately exciting affair on hand.

As the result of an adverse vote in the Chamber of Deputies the entire cabinet resigned. The vote was 242 for the Government to 296 against it. The session was the opening one of the Chamber and was marked by wild disorder.

This crisis, coming at the time of the dispute with Great Britain about Fashoda is regarded as particularly grave.

All the afternoon the centre of the city was in ferment. It is computed that more than ten thousand persons were massed in the Rue Royale alone from the Madeleine to the Place de la Concorde. Favorite deputies were wildly cheered, unpopular ones were frantically howled down. About 40 arrests were made.

It is not yet clear how many persons have been injured. Among them are three police agents, several charges of cavalry were made. The crowd as far as possible was kept on the move or broken up by flank movements of the police, cuirassiers and mounted municipal guards.

Hundreds of copies of Parisian papers were piled up and burnt in an expression of disapproval. In short, the violence upon which Paris has been standing for some time seems to have begun to grow into a riot.

CRIMINAL DEMOCRATS

So Holton and Thompson Allege in Joint Address.

Russell too Indisposed to Speak at Wilmington. Fair News Items. No Federal Troops for Raleigh. Insurance Agents Meet.

JOURNAL BUREAU. Raleigh, N. C., October 27.

The State Association of Insurance Agents was formed last night, and Mr. Alex. Webb of Asheville, was elected president. The North Carolina Home Insurance company's officers gave an elegant banquet to the different insurance men here. Covers were laid for 15. Mr. W. S. Primrose, president of the company, presided, and acted as toast master.

The reception tendered the Visits of Honor, by Col. and Mrs. J. S. Cunningham last night was the social event of the week. The reception, and supper were at the Yarbros, and hundreds of friends of the host and hostess were there, everything was all that could be asked. Mrs. Cunningham was beautifully dressed in a Parisian gown of white silk, and her ornaments were pearls and diamonds.

Governor Russell on yesterday was visited by a delegation from Wilmington requesting him to cancel his engagement to speak in Wilmington, with Senators Butler and Pritchard on Saturday.

They had the matter before him showing that if he did speak, there would undoubtedly be trouble. Today he telegraphed that it would be impossible for him to come.

The street car company is being severely criticized because they have doubled their rates to ride from the Fair grounds. 10 cents is too much especially when it is remembered how the people have to be crowded because of low fare, and then to sit so often, happens that the cars break down under the heavy loads on them. The Railroad Commission say they will look into this rate question, and hereafter regulate it.

At the Confederate Veterans meeting last night a committee was appointed to present the needs of the Soldiers' Home to the next legislature, and ask for a larger appropriation. Colonel Orr of Durham was elected president, and Capt. Ramsey of Salisbury vice president.

Pick pockets are at work among the numerous crowd that is here to see the Fair.

Today evening Capt. C. B. Denson delivered an address before the State Agricultural Society and many others on the life of the late Governor Thos. M. Holt.

Holton and Thompson, Republican and Populist chairmen have issued a joint address to the people of the State. It is the first joint address issued this campaign. It is on the order of the proclamation of Governor Russell and charges all crimes committed to the Democrats.

The names of the fusion Judges are today given out. A. W. Moore, 1st district, Charles A. Cook, 2nd, W. P. Brann, 3rd, A. J. Loftin, 4th, H. F. Sewell, 5th, John Eaves, 11th. The 12 Solicitors are as follows: J. M. Meekins, Wheeler Martin, R. W. Williamson, O. H. Dockery, Jr., W. D. Merritt, W. C. Richardson, David J. Lewis, John C. Holton, Marshal E. Mott, Moss M. Denslow, E. B. Wilson, Charles B. Matshorn.

There will be no federal troops sent here for the North Carolina election and no special deputies will be appointed.

Peace Jubilee.

PROCESSIONS, Oct. 23.—The big peace celebration began officially at 6:23 this morning, when the war ships anchored in the harbor, dressed ship and saluted the flag with guns.

There was a heavy fog at sunrise, which soon cleared, and the day was an ideal one.

Multitudes of people lined the river at 9 o'clock. Secretary Long arrived soon after noon.

The city wears carnival garb. On the downtown streets, which are jammed with surging crowds of sight-seers from this and other cities, there is scarcely a building which does not flaunt a display of bunting, while many of the larger edifices are ablaze with electric illumination.

Issue of War Bonds Completed.

WASHINGTON, October 26.—The Treasury Department has practically completed the issue of the \$200,000,000 of 3 per cent. bonds authorized at the last session of Congress, and the last of the temporary force of clerks appointed for duty in that connection will be dismissed next Saturday. Whatever else remains to be done will be handled by the permanent treasury force. The highest allotment of bond to any one subscriber will be \$4,490. Subscribers for \$4,500 will receive \$1,000 each, and possibly a few hundred dollars in addition. The amount will depend upon the result of a suit, now pending, to compel the Secretary to issue to subscribers about \$300,000 on subscriptions rejected by the department on the ground that they were irregular.

PHILIPPINES NEXT

Peace Commissioners Nearly Conclude With Cubans and Porto Rico. Dewey's Views.

WASHINGTON, October 26. There are indications that the Peace Commissioners in Paris are approaching the conclusion of the subject of the Philippines, and that the subject of Porto Rico, and finally, here, will not be suppressed at today's session of the commission, concluded those who are taking the most important matter as the subject of the day.

The Spanish case has been presented with an ability and address that commands the attention of diplomats without regard to nationality, and even our own officials have been compelled to yield a tribute of respect to the arguments produced, notwithstanding they have been of no avail in effecting any substantial change in the first attitude of the American commissioners, who are holding firmly to the line of procedure nominally outlined. It is expected here that henceforth, after the cautious intimation that has been conveyed to the Spanish commissioners that it is time to regard the Cuban and Porto Rican matters as settled, better progress will be made toward the final conclusion of a treaty of peace.

No one knows officially just what the extent of the United States claim will be as to the Philippines. Admiral Dewey has a much higher opinion of the Philippine people and their capacity for self-government than is generally supposed. He has represented to the American commissioners that the Philippines of the northern group, meaning by that first the people on the island of Luzon, and after that, in order, Cebu, Panay, Iloilo, Mindanao, and Samar, are as a rule intelligent, practical, and (as most surprising statement) far better qualified for self-government than the inhabitants of Cuba.

Admiral Dewey is as familiar with the qualifications of the Cubans in this respect as almost any naval officer, having had personal experience with the people so that his statement is bound to have weight with the American commissioners. But with all this he has made no recommendation as to what should constitute the maximum or minimum demand of the Americans, and their demands are consequently likely to be based upon their original instructions, qualified by any changes of opinion the President may have experienced as a result of his western trip.

Some apprehension has been manifested in certain quarters as to the possible adverse effect upon the peace commission of an upheaval in France. It has suggested that the Spanish cause is in such shape that the Spanish government has nothing to lose and everything to gain by any change that can be brought about. However, it may be stated that, in the opinion of the State Department officials here, there is little danger of the situation in France becoming so acute as to justify the abandonment of the work of the commission on the ground that the commissioners themselves are in physical danger.

PARIS CALM AGAIN

Police and Municipal Councils Present Crowds From Assembling.

PARIS, October 26. This city was calm all day. Although there was evidence of suppressed excitement on the streets, there was no new disturbance of public order. The police and municipal guards were out in strong force, and they would not permit large crowds to assemble. But they were eagerly discussed by excited groups in the main streets.

It is the intention of M. Faure to form a new cabinet as rapidly as possible, and the names of M. Ribot and M. Dejean are the most prominently mentioned in connection with the prospect.

M. Faure also consulted M. Leger, Vice-President of the Chamber of Deputies, who advised the formation of a concentration cabinet, to include among its members M. Ribot and M. Dejean as the principal ministers.

In the lobby of the Chamber Deputies of all shades of opinion expressed the conviction that M. Dejean should remain at the head of the foreign office, in order to assure the continuity of the Pashola negotiations.

The Petit Journal publishes and interviews with the former minister of war, General Chanleix, who says he resigned on account of his difference of opinion with Premier Brisson about the Pashola case.

The radical and revisionist organs express belief in the existence of a military plot. They urge a union of all republicans as the only means of giving stability to the future ministry.
