LAW TO TEXTRANCHISES.

The law just passed by the New York Legislature, taxing the tranchises of stant intercourse with Europeans adopt corporations, is really the most importhat work in financial legislate it, which has been passed in sometime by any

It is a legislative measure which marks a turn in State and municipal policies, of relation in dealing with corporations holding valuable public tranchises.

In every State there exists, what may be termed intangible, and invisible so far as paying taxes are concerned, privileges, of enormous value to the posses sors of them, but which yield nothing in way of revenue in support of manua-

The discovery that this hitherto in rangible and invisible species of property can be needed a violal revenue, is of the mendous importance to The people, for it will be a source of increased revenue. and one which will go to the relief of the post. He concentrates his critice muscular

dollars to the public revenues.

That there is pistice in this new law, cannot be doubted, for surely valuable porations which primarily belong to the public, and therefore should be made to bead and let them lodge firmly on his

New that New York has shown the action, and public franchises should be made to bear their share in furnishing municipal and State revenues

TUESDAY'S SATISFACTORY VOTE.

The vote cast in this city on Tuesday is on the whole, a satisfactory one to

but then it is large enough to indicate that New Bern and her peple, intend to be in the progressive column

Naturally propositions involving additional taxes rause opposition, but no inx can be appressive, when the tax pay ing receives directly or indirectly full value in returns for the tax paid.

So it is with the tax for Graded

Its returns are not merely today and temorrow, but they continue forever as each succeeding generation comes, blessed by the educational spirit bequeathed

That municipal ownership of such properties as Water Works Sewerage and Electric Lights, is strictly in accordance with every idea of the advanced spirit of progress of today, needs no argument.

Such ownership is good, both to the tax payer, so far as his pocket is concerned, and also to his health, a most

In this connection, it must be said that the colored citizens of New Bern showed wisdom in voting for these public improvements, and it is just such sense at the ballot box which argues well for the good citizenship of the colored people.

Altogether, Tuesday's vote in New Hern is a hopeful one for its future. Let the same go-ahead-feeling continue, as it should, and this city and its people will rejoice in their city and their

own prosperous conditions.

Hard Lock An Irish tenant lately observed that it as a "hard thing for a man to be turned of the house which his father bufft bis grandfather was born in."

EWEY SAYS THE ARE SAVE Beved To Be At the Pilipino Hea

cablegram has been received here from A imiral Dewey:

MANUA, April 30, Secretary of the Navy, Washington: Apparently reliable information ten of the Yorktown boat crew, including Gilmore, are prisoners at insurgent head quarters. Am continuing investigation

As there were lifteen membe orklown party captured by the Pilipines at Baler, and Admiral Deway acthat the other five may have been killed in the original assault upon the landing party at Baler. The identity of the members of the party still unaccounted for is not known

A tologram was sent to Admiral Dewey today asking him to inform the Navy Department, if possible, of the names of the men known to be in the hands of the Filipinos. It is accepted at the depart ment that the reason he has not already furnished these names, with the exception of Lieutenant Gilmore's, is that he did not have the information.

The Filipino headquarters, where Admiral Dawey says the men are held prisoners, are supposed to be San Fernando. but there is no assurance on that point.

The Weekly Crop Rulletin

RALLION, May 2 .- The Weekly Crop L. 1899, is as fullows.

During the ending Monday, 1st, 1899, the progress in farm work and the growth of crops was rapid and satisfactwere received from the eastern section of the State. The week opened cloudy with showers from the 25th to 27th. which were needed, as the ground was beginning to get dry and hard. The radictall averaged over half an inch and proved to be beneficial everywhere, exprover the coast counties, where too mach than fell last week. The ground was nicely softened and placed in excelabundant moisture refreshed vegetation, will assist materially to secure good stands of cotton and corn. In Bruns wick, New Hamover, Duplin and neighboring counties over an inch of rain fell which was more than needed; a local Catawba counties, Patterson reporting 2.85 inches on the 26th. Some half or curred without doing much damage any hope he will say the seashore. That will where. The mean temperature continmake mamma take to the mountains, and und slightly above the normal the entire week, but the nights were rather cool, the influence of which was chiefly felt in the east, owing to the prevailing northeast winds. An increasing and

> the latter part of the week. Plowing continued actively during the week; It is to be feared, however, that planting in many cases has been burried without sufficiently thorough preparation of the soil.

The corn crop is about half planted, excluding bottom lands. It has come up to a gool stand in many counties, except in the southeastern section, and is growing nicely. Planting cotton is proceeding more slowly, lest large areas are now ready to receive the seeds, and the bulk of the crops will be put in during the next two weeks. A little cotton is up in the extreme south. Tobacco plants in beds look well, and plants already set thing else. They are the "famous little out are making a good start. In the pills" for toroid liver and at inegularnorthwest plants are small and late, and transplanting has not yet began, though the work is proceeding rapidly elsewhere. Spring cats have been sown and are growing well. Other grains continue tery for two long years. I heard of to improve; wheat and tall oats are be-Lemon Elixir; got it; taken seven bottles ginning to head in southern counties. ginning to head in southern counties. Rice is coming up nicely in the north, but low land and river rice lands. Cape Fear district, are still too wet to work. Irish potatoes are growing rapidly; only a few reports of rotting and of poor years with large ulcers on his leg and stand have been received. Truck farms are very fine. Early peas are being shipped from the extreme south, and are blooming nicely turther north. Strawberries are blooming from east to west while shipment of early fruit to the north continue from the W. & W. District Melons are coming up nicely. The prospects for apples and cherries seem to be especially good. I'astures look fresh and green, and clover is very fine.

His Life Was Saved. Mr. J. E. Li'ly, a prominent citizen of Hannibal, Mo., lately had a wonderful, deliverence from a frightful death. In telling of it he says: "I was taken with Typhold Fever, that ran into Pucumonia. My lungs became hardened, I was so weak I couldn't even sit up in bed-Nothing helped me, I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and, now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickes cure in the world for all Threat and Lung Trouble.
