

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO. illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

THE JOURNAL.

New Bern, N. C., May 30 1899.

A DAY IN THE CITY.

The Ladies Aid Society of the Christian Church have postponed their next church festival until Wednesday night June 7th.

Royal's Fruit Store on Broad street was broken into Sunday night, and a box of candy, box of cigars and fruit stolen. The thief effected an entrance through a window.

W. F. Foy, a tobacco farmer who lives between this city and Polkoxville was in the city yesterday and reports his tobacco as looking fine, and from three to six inches high.

Mary Isler was reported as the colored woman in yesterday's JOURNAL, as having received Mosley's stolen goods. It should have been Mary Ellison, in stead of Mary Isler.

The colored woman, Mrs. George Reddick (James City, who was severely burned several weeks ago from falling in the fire, while in a bit, died yesterday from the burns received.

Superior court convened yesterday, Judge Hoke, presiding. The case of Deppie vs Stinson Lumber Co. judgment was in favor of the plaintiff. Court will meet again this morning.

The A. C. L. has been running a Jim Crow car on its train between here and Wilmington for several days. As yet the color line has not been enforced on this car, but it goes into effect Thursday.

Deputy Marshal R. B. Blackledge passed through here yesterday from Beaufort, with C. A. Claussen, who is to appear before the United States court on charge of selling spirituous liquors without a license.

The Infant Class of Mrs. Carrie Cole will give an entertainment tonight, in the Epworth League rooms, next to Centenary church. Admission ten cents. Refreshments will be served and the Orchestra will play during the evening.

At 10:45 a. m. yesterday, an alarm of fire quickly brought the department to Ellis' shingle mill, where the fire was found to be in a pile of bark. The fire was easily extinguished. The origin is supposed to be from sparks from the mill.

The colored man Robert Mosely, Jr., who was arrested for stealing goods from E. B. Cox's grocery store, was examined yesterday by Dr. Jones, and pronounced of unsound mind. Mosely was put in jail and will be sent to the asylum at first opportunity.

The Electric Light Company has put up incandescent lights in front of St. Paul's church and the parsonage next to the church. These lights were very kindly contributed, and their presentation is highly appreciated by those receiving the benefits from them.

Remember the New Bern Reel Team Festival, tonight, at the Planters Warehouse. Let every one turn out and give the Buttons a big success. New Bern wants that Belt, so encourage the boys who are to fight for it next August. Help them with money and they will do the rest. So go to the festival tonight. Music by City Band.

School Closing.
The closing exercises of Miss Leah Jones' school will take place this week on Tuesday, Wednesday and Thursday mornings between 9:30 and 10 o'clock. Tuesday's examinations will be on Arithmetic and Reading; Wednesday's, History and Physiology, and Thursday Geography and Literature.

Parents and all interested persons are cordially invited to attend.

WHEN NATURE
Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

FROM NAVAL RESERVES.

Boys Having good Time. New Bern town crew do best shooting.

The JOURNAL received the following dispatch yesterday from Lieut. Tom C. Daniels, which explains itself. It was written on board the U. S. Auxiliary Cruiser Prairie, which now has the North Carolina Naval Reserves on a practice cruise.

POINT LOOKOUT, Md., May 25—(Via Baltimore, Md., May 27)—Arrived here yesterday, rough weather, but pleasant trip. Some of the crew seasick.

Sub calibre practice on the guns today. Very fine target work has been done by the boys.

There was a boat race today between the Boys and the Regulars.

All are having a fine time, only one in the brig for insubordination. To sea and northward tomorrow for target work with the crew.

The crew are very much pleased with the Reserves.

Our officers had to pull themselves shore for this communication, a pull of five miles and plenty of bilsters to show for it.

We are now anchored at the mouth of the Potomac river.

Hargett's gun crew have done the best of the shooting.

The Catholic Lectures.

The lectures opened at the Catholic church on Sunday night by Father Burke are exciting much attention just now. Large and interested audiences assembled to hear the lectures on the Bible Sunday night, and that on the Confessional last night.

The lecture on the Bible was extremely forcible and interesting and excited much comment among those who heard it.

The lecturer held that the reading of the Bible was not and could not be the means established by Christ to enable each individual to know his religion with certainty, that for a number of years the vast majority of men for 1500 years could not read and could not get Bibles, that today the most learned and best cannot agree as to the inspiration of the Bible, nor the true books, nor the proper translation, nor the true inspiration, that God established a church to teach his religion to decide all questions concerning the Bible, the true interpretation of it and that our duty in life consists in finding out which that church is and in following out its teaching.

The lecture on the Confessional was in a very explanatory and proved of the highest interest.

The Question Box furnishes a variety of subjects which call forth much information and pleasant instructions, and never fail to interest. What is the difference between Catholic and Protestant Bibles? Why don't Priests get married? What do Catholics believe about the change in the sacrament of the Last Supper—do they believe that a physical material change takes place? These are samples of the questions all of which seem to be answered fully and fully.

The interesting subject of tonight's lecture will be Purgatory, and those who wish to know what a large number of christians hold of many souls of the just after death, can find out by attending the lecture. In what the belief of Purgatory consists, why it is held, what are its practical duties, the condition of souls in Purgatory, how prayer may alleviate their sufferings. These are the chief points upon which the lecture will touch.

THE JUNE MAGAZINE.
LADIES HOME JOURNAL.

The June Ladies' Home Journal reaches the top notch of excellence in both its pictorial and literary features. It opens with a page drawing of Long-fellow's "Evangeline," and gives a group of pictures showing some "Fetes of College Girls." An interesting description is given of "The Creole Girl of New Orleans," and "Housekeeping on an Ocean Steamship" is graphically portrayed "How a Young Man Can Work His Way Through College" has a practical value for every poor boy ambitious for higher education, and "Telling the Character from Handwriting" is interesting and entertaining. Bishop, priest, rabbi and minister contribute to a symposium on "What is the Good of Going to Church?" and the Rev. Newell Dwight Hillis, D. D., discusses "Pains that Polish Perfection."

FRANK LESLIE'S.
Hon. John D. Long, Secretary of the Navy, is the author of a very notable contribution to the forthcoming (June) number of Frank Leslie's Popular Monthly, now a giant among the ten-cent magazines. It is entitled "The Building of the New Navy," and is illustrated with nearly forty elaborate pictures and official plans, showing types of all the classes of United States war vessels, from the torpedo boats and destroyers to the most formidable first-class battleship, such as the new Maine, the Keokuk and the Kentucky. In the course of this elaborate and comprehensive paper, Secretary Long reviews, in a most appreciative manner, the work of his distinguished predecessors in office—Secretaries Hunt, Chandler, Whitney Tracy and Herbert—whose efficient and patriotic energy in the building of the new navy led up to the glorious results consummated under the present administration.

McClure's Magazine for June will give the untold story of the negotiations between Admiral Dewey and the Spanish commanders that resulted in the final surrender of Manila without anything more than the mere show of a fight on the part of the Spanish land forces. The story is told by Oscar King Davis, the Manila correspondent of the New York Sun, from the diary of M. Edouard Andre, the Belgian consul who conducted the negotiations.

Outing Magazine for June.
Outing for June is the next best thing to an actual holiday. The freshness of June foliage seems to pervade the leaves of this popular magazine, which also carries many beautiful illustrations. The contents are "Golf" (played with iron clubs), by Amateur Champion Findlay S. Douglas; "Black Bass," by Percy Sandford; "Where the Quansanche is Waiting," by Ed. W. Sandys; "Canoeing from Snowline to Sea," by Geo. Hyde; "Frogging in Maine Waters," by H. J. Craig; "The New Yachts of the Year," by Capt. A. J. Kenaley; "Five Weeks Aboard in France," by Norman Cross; "Practical Camping Near Home," by T. C. Yard; "The Last Jump," an interesting piece of fiction, by Caroline Shelley; "Up to the Hills in India," by P. E. Stevenson, and the usual editorials, poems and records.

You get up in the morning tired, a bad taste in the mouth and a headache. Know what's the matter? Biliousness! Take Dewitt's Little Early Risers. They regulate the liver and cure constipation pleasantly and promptly. Never gripe. F. S. Duffy & Co.

The best headache remedy is Colery Headache Powders, made and sold at Davis Prescription Pharmacy.

JONES COUNTY'S CAPITAL.

News From Trenton and Vicinity. Crops, Personal and Mappings.

TRENTON, May 27.
The exercises of the Trenton High school commencement will be held Tuesday and Wednesday, the 6th and 7th of June. The address will be delivered by Rev. W. S. Bone on the 7th.

We are having quite cool weather for the season. Fires are a necessity in our homes while last winter's overcoats are pulled on and spring straw hats are left home hanging on the racks, while caps and our old winter hats are considered very comfortable.

Mr. Henry McDaniel, our miller is building a new kitchen.

The Trenton Drug Company is placing a new awning in front of their place of business.

Crops are looking well, notwithstanding it is so very cold. Gardens are extremely high. Several of our citizens are feasting on beans, beets are in the near future, while others are telling of their fine vegetables. Doc Cox says he in a few days will have a square meal of squashes.

Can any one divine why the fishes within two miles of Trenton won't bite, while others who fish farther from the place can bring such large bunches of fish in? Can it be that fishermen around here have looked and fished over this space so much that the fishes months are or may be a little sore?

I have received from the North Carolina Agricultural Experiment Station Bulletin No. 162 of March 22nd 1899.

Being some hints as to the more profitable use of the soil and crops of the State. I have read it with interest and desire every owner of land and crops in Jones county to procure a postal card and write to some of the directors to send them a copy. The department will cheerfully send it to all that apply for it free of charge, and when you get it, you will certainly be pleased, for it shows you how to improve your lands at small cost and a much better system of making crops than you are now pursuing.

An ice company has been formed here which has erected an ice house and will ship and keep ice here by the large quantity to supply the wants of Trenton and all others that may favor them with their orders.

Farmers report that the crops are getting grassy.

Died at Trenton on the 24th of May, the little baby girl, daughter of Mr. and Mrs. William Banks, age 5 months. The parents have the sympathy of the entire community in their sad bereavement.

The town ordinances have been revised and posted up here admonishing us not to violate them. The Mayor, Commissioners and the Policeman, say that they are determined to execute them.

We would like for some moneyed man to start a cannery here to can the strawberry and whortleberry crop, and truck crops that are canned in other places. Why is that some enterprising man of New Bern don't start one there as it would cause the truckers to dispose of all their surplus crops, help the laboring class and not only help New Bern but the whole surrounding country?

Trenton is almost depopulated today, nearly every one gone a fishing. Some were inquiring of the fishermen if they were to go with them could they spare them a little bait. Our clever attorney, T. D. Warren, was anxious to join them but was too busy professionally to leave. Our tempter spent two days last week fishing and only caught one little robin and the smallest kind of an eel, a little larger than a shoe string, and he tied my line up in innumerable knots, so I suppose I had better wait until the large fish get to biting before I try my luck again.

The ladies of Trenton, we learn, will have a basket party tonight at the Court house for the benefit of the Methodist parsonage.

The sound of the carpenter's saw and hammer is sounding in our village mostly in repair work. Lumber is being sawed to erect a new store house in Trenton near the Harrell bar, on Jones street.

The Core Creek road has been almost impassable for the last four months which has caused Trenton to lose a large amount of trade. Core creek cars and wagons before the road got so bad were coming here daily bringing produce, the very kind that we needed and would return home with many articles purchased of our merchants in dry goods, and groceries. Will the people of Trenton sit quietly down and let our village on account of bad roads?

Our good citizen T. C. Whitaker has been suffering with chills for the last few days. Not much sickness of any kind around here now only few cases of chills caused by the damp, cool weather.

"To Err is Human."
People like to talk about attractive things in advertising. In a company recently the proverb above quoted, and which appeared at the head of a well constructed series of advertisements of Hood's Sarsaparilla, was so much discussed that we doubt if any one there will ever forget the source whence it came. Messrs Hood & Co. are using these proverb advertisements on a very broad scale, and they are attracting discussion and favorable comment everywhere.

Some people take many chances to save money, a great many times at expense of health. Your physician aims to put all his knowledge, experience and skill, into the prescription he writes and you may depend upon it that we will fill them with best drugs money can buy, and you take no chances of "something just as good." Prescription filling is a specialty with us—not a side issue—and you may be assured of good results if yours are filled here. Bradham's Pharmacy.

J. N. TREWEEY MURDERED.

Shot From Ambush Near Bell Logging Co's Camp. Inquest Begun Sunday and Continued TH Tuesday.

Mr. J. H. Trewedy, one of the foremen of the Bell Logging company, was murdered near the company's camp, about twelve miles from Kinston, Saturday night about 11 o'clock. He was shot from ambush with a shot gun.

He was going from camp with Mr. T. Castello, another employ of the logging company. There was only one report, but some think the murderer fired both barrels at the same time as 23 buckshot and 29 smaller shot were found in his body by Dr. J. M. Parrott, who made the post mortem examination. His left hand was shot to pieces, most of the load entering his right thigh and groin, severing an artery and causing him to bleed to death.

Mr. Trewedy was taken to the Bell Logging company's railroad as soon as possible and brought to Kinston on a log train. He died ten minutes after 2 o'clock, just before reaching town.

The jury met Sunday morning at 9 o'clock, but adjourned to 1 p. m. to wait until witnesses could be obtained.

In the afternoon five witnesses were examined and the jury adjourned about 5 o'clock until next Tuesday morning at 10 o'clock.

Mr. J. Q. Jackson, county attorney, was present and conducted the examination—Kinston Free Press, 29th.

News From Trinity College.
Since the invitations to commencement have been issued, a change has been made in the program by which Bishop W. W. Dunson will preach Tuesday at 11 a. m., instead of Monday evening, as announced. The Alumni Address by Dr. E. T. White will be at 4 p. m. Tuesday instead of 11 a. m., as given on the program card. After the address, the Craven Memorial Hall will be formally presented to the Trustees by Rev. N. M. Journey, and accepted by Hon. James H. Southgate, President of the Board. At the conclusion of these exercises the Alumni Association will hold its annual meeting.

In order to provide for the entertainment of visitors to Commencement, the Board of Trade of Durham has provided a Bureau of Information at the Book store of W. J. Ramsey & Bro., where visitors may obtain information in regard to hotels, boarding houses, and private residences where accommodations may be secured at low rates.

The local Alumni held a meeting and appointed Committees to look after the affairs of the Alumni during the approaching Commencement.

Monday night a Gymnastic exhibition will be given in the Angler Gymnasium. Wednesday afternoon will be the first annual field meeting on the College Athletic Grounds. This and the Gymnasium Exhibition will be held under the auspices of the Athletic Association and under the direction of the Gymnasium Director.

Some very helpful lady friends of the College in Durham have recently interested themselves in fitting up the College Parlor. The walls have been painted and the ceiling beautifully decorated. Handsome shades and curtains have been provided for the windows and new carpet for the floor.

1036 opera chairs have been placed in the Craven Memorial Hall. There are a hundred chairs for the stage, and there is space in the aisles and vestibule for some two or three hundred additional chairs.

Dr. N. L. Crawford delivered the last of the course of Faculty Lectures for this year on Saturday evening. The subject was "Idealism."

Dr. J. S. Bassett returned yesterday from a short visit to the Wake Forest Commencement.

Mr. and Mrs. W. M. Hendren of Winston, with Mr. Hendren's mother, are on a visit to Miss Mary Hendren and Mr. L. L. Hendren of the College.

Rev. N. R. Richardson of the Western North Carolina Conference, paid the College a brief visit on Tuesday of this week.
